Using Italian J. J. Kinder, V. M. Savini, 2004-07 This 2002 book is a guide to Italian usage for students who have already acquired the basics of the language and wish to extend their knowledge. Unlike conventional grammars, it gives special attention to those areas of vocabulary and grammar which cause most difficulty to English-speakers. Careful consideration is given throughout to questions of style, register, and politeness which are essential to achieving an appropriate level of formality or informality in writing and speech. It surveys the contemporary linguistic scene in Italy and gives ample space to the new varieties of Italian that are emerging in modern Italy. The influence of the dialects in shaping the development of Italian is also acknowledged. Clear, readable and easy to consult via its two indexes, this is an essential reference for learners seeking access to the finer nuances of the Italian language.

Today I Am a Woman Barbara Vinick, Shulamit Reinharz, 2011-11-07 "The amazing tales of Jewish girls on six different continents who celebrate the Jewish ritual of becoming a woman." —The Jewish Journal Winner, Spirituality Category, New England Festival Best Books of the Holiday Season Divided into nine regions—Africa; Asia; Australia and New Zealand; the Caribbean, Europe; the former Soviet Union, former Yugoslavia and Eastern Europe; Latin America; the Middle East and North Africa; and North America—this book tells the story of each girl's unique journey and introduction into womanhood. Gorgeously illustrated with more than 100 black and white family photographs, Today I Am a Woman also captures each area's unique customs and how they affect the lives of Jewish girls and the local Jewish community's traditions. "The editors scoured the globe to find powerful, varied, and moving depictions of bat mitzvah in the contemporary Jewish world. This is a rich resource for anyone interested in understanding religious diversity, folk practices, and cultural creativity through the lens of gender." —Deborah Dash Moore, former Director of the Frankel Center for Judaic Studies and a Frederick G.L. Huetwell Professor of History and Judaic Studies, University of Michigan "The stories speak for themselves, putting Jewish girls and women on the center of the stage, into the limelight, and at the pulpit. By showcasing ritual innovation, they make a point about Judaism's elasticity and women's agency." —Hasia R. Diner, coeditor of Remembering the Lower East Side

Painting as Business in Early Seventeenth-century Rome Patrizia Cavazzini, 2008 *Painting as Business in Early Seventeenth-Century Rome* offers a new perspective on the world of painting in Rome at the beginning of the Baroque, from both an artistic and a socioeconomic point of view. Biased by the accounts of seventeenth-century biographers, who were often academic painters concerned about elevating the status of their profession, art historians have long believed that in Italy, and in Rome in particular, paintings were largely produced by major artists working on commission for the most important patrons of the time. Patrizia Cavazzini's extensive archival research reveals a substantially different situation. Cavazzini presents lively and colorful accounts of Roman artists' daily lives and apprenticeships and investigates the vast popular art market that served the aesthetic, devotional, and economic needs of artisans and professionals and of the laboring class. *Painting as Business* reconstructs the complex universe of painters, collectors, and merchants and irrevocably alters our understanding of the production, collecting, and merchandising of painting during a key period in Italian art history.

Medicine and the Italian Universities Nancy G. Siraisi, 2001 This volume of collected essays deals with medicine in the university world of thirteenth to sixteenth century Italy, discussing both the internal academic milieu of teaching and learning and its relation to the surrounding culture of medieval and Renaissance Italian cities.

Bernini's Biographies Maarten Delbeke, Evonne Anita Levy, Steven F. Ostrow, 2006 Unique among early modern artists, the Baroque painter, sculptor, and architect Gianlorenzo Bernini was the subject of two monographic biographies published shortly after his death in 1680: one by the Florentine connoisseur and writer Filippo Baldinucci (1682), and the second by Bernini's son, Domenico (1713). This interdisciplinary collection of essays by historians of art and literature marks the first sustained examination of the two biographies, first and foremost as texts. A substantial introductory essay considers each biography's author, genesis, and foundational role in the study of Bernini. Nine essays combining art-historical research with insights from philology, literary history, and art and literary theory offer major new insights into the multifarious connections between biography, art history, and aesthetics, inviting readers to rethink Bernini's life, art, and milieu. Contributors are Eraldo Bellini, Heiko Damm, John D. Lyons, Sarah McPhee, Tomaso Montanari, Rudolf Preimesberger, Robert Williams, and the editors. Maarten Delbeke is Assistant Professor of architectural history and theory at the universities of Ghent and Leiden. Formerly the Scott Opler Fellow in Architectural History at Worcester College (Oxford), he is the author of several articles and a forthcoming book on Seicento art and theory. Evonne Levy is Associate Professor of the History of Art at the University of Toronto. She is also the author of *Propaganda and the Jesuit Baroque* (2004).

Art Without an Author Marco Ruffini, 2011 Why is the history of art so often construed as a history of artists, when its alleged focus is art? This book responds to this question by examining Giorgio Vasari's Lives and the artist it features most centrally, Michelangelo. More than any other artist in the Lives, Michelangelo exemplifies art as an expression of the individual. Yet at the same time, as this book aims to show, the Lives fashions Michelangelo as the founder of a new academic era in which art develops collectively as a discipline. Paradoxically, Vasari's celebration of Michelangelo mobilizes a conception of art as teachable and transmissible that is antithetical to Michelangelo's aesthetic ideals and unique style.--Page 4 of cover.
