Secrets of the Millionaire Mind T. Harv Eker, 2007-01-02 *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money -- and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Using the principles he teaches, T. Harv Eker went from zero to millionaire in only two and a half years. Eker is president of Peak Potentials Training, one of the fastest growing success training companies in North America. With his unique brand of street smarts with heart, Eker's humorous, cut-to-the-chase style keeps his audience spellbound. People come from all over the world to attend his sold-out seminars, where crowds often exceed 2,000 people for a weekend program. So far, Eker's teachings have touched the lives of more than a quarter million people. Now, for the first time, he

shares his proven secrets of success in this revolutionary book. Read it and grow rich!
