Thriving in the Face of Mortality Daniel B. Hinshaw, 2023-01-27 Kenosis, a Greek word meaning depletion or emptying and a concept borrowed from Christian theology, has deeply profound implications for understanding and ordering life in a world marked by suffering and death. Whereas the divine kenosis was voluntary, human beings experience an involuntary kenosis which is characterized by the inevitable losses experienced during the lives of mortal creatures. How one chooses voluntarily to respond to this involuntary kenosis, regardless of faith commitments, in effect defines us, both in our relationships with other suffering creatures and with the entire cosmos. This book offers a unique perspective on how the losses of involuntary kenosis choreograph the suffering which is such a defining aspect of the lives of persons, communities, and the environment in which they live, and how the kenotic process, rather than being a source of despair, can be a source of hope presenting opportunities for extraordinary personal growth.

Eastern Christianity and Late Antique Philosophy ,2020-06-29 Readers of Eastern Christianity and Late Antique Philosophy will find a collection of authoritative papers from across the Neoplatonic and Eastern Christian traditions. It is only recently that scholars have started to take notice of the Eastern Christian engagement with late antique philosophical texts. This volume builds upon this new interest in order to show the dynamic nature of Neoplatonism and Eastern Christianity at a time when both faced a variety of challenges. The legacy of Greek philosophy in the Christian East fills the gap between the schools of Alexandria and Baghdad and brings into focus the intellectual history of the period. The aim of the volume is to stimulate interest in late antique philosophy and its reception in the Christian East.

Philokalia Allyne Smith,2006 The Eastern Christian Love of the Beautiful can be a companion on your own spiritual journey A collection of writings by monks from the fourth to fifteenth centuries, the Philokalia more than any other text reflects the Eastern Church's interpretation of the Bible's meaning. Simply translated, the title means love of the beautiful, which reflects the text's emphasis on mystical and contemplative practices to engage all of our senses in the acts of worship and prayer. This introduction to the wisdom of the Philokalia illuminates a text that until now has intimidated the general reader in its scholarly translations from Greek and Russian. Allyne Smith focuses his thoughtful selection on seven themes that recur throughout the five-volume work--repentance, the heart, prayer, the Jesus Prayer, the passions, stillness, and theosis. Smith's enlightening, accessible facing-page commentary fills in the historical and spiritual context, clarifies core teachings, including the Eastern understanding of salvation, and draws connections to modern-day practices, such as contemplative prayer. Now you can experience the spiritual wisdom of the Philokalia even if you have no previous knowledge of Eastern Christianity. This SkyLight Illuminations edition takes you on a journey through this beloved text, showing you how the teachings of Eastern monks can help you become by grace what God is by nature.

Being With God Aristotle Papanikolaou,2006-02-24 The central task of Being With God is an analysis of the relation between apophaticism, trinitarian theology, and divine-human communion through a critical comparison of the trinitarian theologies of the Eastern Orthodox theologians Vladimir Lossky (1903-58) and John Zizioulas (1931-), arguably two of the most influential Orthodox theologians of the past century. These two theologians identify as the heart and center of all theological discourse the realism of divine-human communion, which is often understood in terms of the familiar Orthodox concept of theosis, or divinization. The Incarnation, according to Lossky and Zizioulas, is the event of a real divine-human communion that is made accessible to all; God has become human so that all may participate fully in the divine life. Aristotle Papanikolaou shows how an ontology of divine-human communion is at the center of both Lossky's and Zizioulas's theological projects. He also shows how, for both theologians, this core belief is used as a self-identifying marker against Western theologies. Papanikolaou maintains, however, that Lossky and Zizioulas hold profoundly different views on how to conceptualize God as the Trinity. Their key difference is over the use of apophaticism in theology in general and especially the relation of apophaticism to the doctrine of the Trinity. For Lossky, apophaticism is the central precondition for a trinitarian theology; for Zizioulas, apophaticism has a much more restricted role in theological discourse, and the God experienced in the eucharist is not the God beyond being but the immanent life of the trinitarian God. Papanikolaou provides readers with a richer understanding of contemporary Orthodox theology through his analysis of the consensus and debate between two leading Orthodox theologians.

The Field Ignatius Brianchaninov, 2016-12-01 Many people today are uncertain about what they believe and how they should live. They seek for a tradition that demonstrates antiquity and possesses authenticity. This newly translated volume of the writings of the Orthodox spiritual teacher Ignatius Brianchaninov offers a vision of a life that flows from following Christ. The field is both a place of spiritual struggle and a garden in which to cultivate virtues. But are we willing to respond to the challenge of a life lived in accordance with the Christian Gospel? St Ignatius' writing is the Christian tradition at its deepest, intensely practical but also transcendent and mystical.

Abba Isaiah of Scetis Ascetic Discourses Isaiah (Abba), 2002 Written in the fifth century, during one of the most formative periods of Christian monasticism in Egypt and Palestine, The Ascetic Discourses show a strong influence of the Scripture, both Old and New, and of Early monastic writers. They are marked by a faithfulness to tradition, yet equally by a note of originality distinctive to the Gaza region. Abba Isaiah has set forth a practical guide for monks, ever aware of the challenges that interpersonal relationships present within monastic communities. The Sayings of the Desert Fathers, 1975-02-01 'Give me a word, Father', visitors to early desert monks asked. The responses of these pioneer ascetics were remembered and in the fourth century written down in Coptic, Syriac, Greek, and later Latin. Their Sayings were collected, in this case in the alphabetical order of the monks and nuns who uttered them, and read by generations of Christians as life-giving words that would help readers along the path to salvation.

Letters from the Desert Saint Barsanuphius, 2003 Two monastic elders - the Great Old Man Barsanuphius, and the Other Old Man John - flourished in the southern region around Gaza in the early part of the sixth century. Maintaining strict seclusion, they spoke to others only through letters by way of Abba Seridos, the abbot of their monastic, desert community.

On the Ecclesiastical Mystagogy Saint Maximus the Confessor, 2019 St Maximus the Confessor (c. 580-662) expounds the meaning of the Divine Liturgy in *On the Ecclesiastical Mystagogy*. He draws on the tradition of the Celestial Hierarchy by Dionysius the Areopagite, and influences the subsequent tradition, beginning with St Germanus of Constantinople's commentary. Maximus situates his understanding of the liturgy within his bold synthetic theological vision, seeing Christ the Logos of the God reflected and manifested in the logoi of created things. For Maximus, all things are interrelated-the

material and the spiritual, God and man, earth and heaven-and cohere in Christ (cf. Col 1.17)--

Journey to Heaven Saint Tikhon Zadonskiĭ (Bishop of Voronezh),1991-01-31 This book was published in some forty-nine editions prior to the Russian revolution. It is now in its third printing in English. In it, St. Tikhon, who lived from 1724 to 1783 , gives his counsel on living the Christian life. It touches many areas including Love of God, The Way of Duty and Towards Eternity.The work is further enhanced by two lives of the Saint, a glossary of terms, a bibliography and a Scriptural and a Subject index.

Ascending the Heights John Mack,1999 In the sixth century, a monk named John wrote a book outlining the stages of the spiritual life. He based his entire work on the image of the ladder of thirty rungs, stretching from earth to heaven. Each rung described a step in the pursuit of virtue and the spiritual life. Since it was first written, The Ladder of Divine Ascent has been an essential formation of Orthodox monasticism, and a mainstay of Orthodox ascetic spirituality. But it is not just for monks and nuns.This book is written to help those in a non-monastic setting, with ordinary lives to understand how to apply the Ladder. Each chapter contains many direct quotes from St. John's writings, in addition to commentary on St. John's words. This book, therefore, should be used as a primer to the Ladder as a helpful tool for ascending the spiritual heights.
