**The Leopard** Giuseppe Tomasi Di Lampedusa, 1991-10-15 SOON TO BE A NETFLIX SERIES • “A majestic, melancholy, and beautiful novel” (The New Yorker), THE LEOPARD is one of the best-selling Italian novels of the twentieth century and an acclaimed masterpiece of world literature. This beautiful hardcover edition, translated by Archibald Colquhoun, also includes two short stories and a brief memoir of the author’s childhood. Set in Sicily in the 1860s, during the tumult of Italian unification, THE LEOPARD tells the spellbinding story of a decadent, fading aristocracy threatened by the approaching forces of revolution and democracy. Its author, Giuseppe Tomasi di Lampedusa, who was the last in a line of Sicilian princes, wrote the novel in the 1950s, inspired by the decline of his own family. Don Fabrizio Corbera, Prince of Salina, remains skeptical and stoic as he finds himself beset by civil war, social change, and his family’s loss of wealth and status. While his beloved nephew, Tancredi, more practical and flexible than he, joins the nationalist rebels and marries the ambitious daughter of a newly rich upstart, Don Fabrizio takes refuge in his love of astronomy, gazing at the unchanging stars while the world as he has known it crumbles around him. The dramatic sweep and richness of Lampedusa’s observation, his seamless intertwining of public and private worlds, and his sure grasp of human frailty imbue THE LEOPARD with its melancholy beauty and power. “No novel in Italian literature has aroused so much passion or caused so much argument... The book is more than the memorable invocation of a certain place in a certain epoch. It is a work of art that will survive, long after the

last sad palaces of Palermo have gone, because it deals with the central problems of the human experience.” —from the Introduction by David Gilmour The genius of its author and the thrill it gives the reader are probably for all time.—The New York Times Book Review A masterwork . . . A superb novel in the great tradition and the grand manner.—Newsweek Everyman's Library pursues the highest production standards, printing on acid-free cream-colored paper, with full-cloth cases with two-color foil stamping, decorative endpapers, silk ribbon markers, European-style half-round spines, and a full-color illustrated jacket. **English Medium Instruction** Ernesto Macaro, 2018-02-19 Ernesto Macaro brings together a wealth of research on the rapidly expanding phenomenon of English Medium Instruction. Against a backdrop of theory, policy documents, and examples of practice, he weaves together research in both secondary and tertiary education, with a particular focus on the key stakeholders involved in EMI: the teachers and the students. Whilst acknowledging that the momentum of EMI is unlikely to be diminished, and identifying its potential benefits, the author raises questions about the ways it has been introduced and developed, and explores how we can arrive at a true cost-benefit analysis of its future impact. “This state-of-the-art monograph presents a wide-ranging, multi-perspectival yet coherent overview of research, policy, and practice of English

Medium Instruction around the globe. It gives a thorough, in-depth, and thought-provoking treatment of an educational phenomenon that is spreading on an unprecedented scale.” Guangwei Hu, National Institute of Education, Singapore

The Fear of Barbarians Tzvetan Todorov, 2010-10-15 The relationship between Western democracies and Islam, rarely entirely comfortable, has in recent years become increasingly tense. A growing immigrant population and worries about cultural and political assimilation—exacerbated by terrorist attacks in the United States, Europe, and around the world—have provoked reams of commentary from all parts of the political spectrum, a frustrating majority of it hyperbolic or even hysterical. In *The Fear of Barbarians*, the celebrated intellectual Tzvetan Todorov offers a corrective: a reasoned and often highly personal analysis of the problem, rooted in Enlightenment values yet open to the claims of cultural difference. Drawing on history, anthropology, and politics, and bringing to bear examples ranging from the murder of Theo van Gogh to the French ban on headscarves, Todorov argues that the West must overcome its fear of Islam if it is to avoid betraying the values it claims to protect. True freedom, Todorov explains, requires us to strike a delicate balance between protecting and imposing cultural values, acknowledging the primacy of the law, and yet strenuously protecting minority views that do not interfere with its aims. Adding force to Todorov's arguments is his own experience as a native of communist Bulgaria: his admiration of French civic identity—and Western freedom—is vigorous but non-nativist, an inclusive vision whose very flexibility is its core strength. The record of a penetrating mind grappling with a complicated, multifaceted problem, *The Fear of Barbarians* is a powerful, important book—a call, not to arms, but to thought.

*The City and the House* Natalia Ginzburg, 1883 The story of a family is told through the history of a house. This novel unfolds through letters, the life of the family parallels the fate of the house. As it is sold, the family fragments, and although each protagonist tries to recover happiness, they are each now on their own.

*English-Only Europe?* Robert Phillipson, 2004-04-28 *English-Only Europe?* explores the role of languages in the process of European integration. Languages are central to the development of an integrated Europe. The way in which the European Union deals with multilingualism has serious implications for both individual member countries and international relations. In this book, Robert Phillipson considers whether the contemporary expansion of English represents a serious threat to other European languages. After exploring the implications of current policies, Phillipson argues the case for more active language policies to safeguard a multilingual Europe. Drawing on examples of countries with explicit language policies such as Canada and South Africa, the book sets out Phillipson's vision of an inclusive language policy for Europe, and describes how it can be attained.

**Context and Culture in Language Teaching** Claire Kramsch, 1993-06-17 This book takes cultural knowledge in language learning not only as a necessary aspect of communicative competence, but as an educational objective in its own right. If the aim of foreign language education is to foster cross-cultural awareness and self-realization, language pedagogy needs to come to grips with a range of fundamental issues: what do we mean by cultural context? Can discourse practices be taught like rules of grammar? What role does literature play in the development of second language literacy? How can learners acquire both an insider's and an outsider's understanding of the foreign culture as expressed through its language? By exploring these and other issues, the book can help language teachers reflect on their profession and place it within its larger societal and educational context. In turn, they can help learners become not only skilful users of the language, but also active architects of a new cross-cultural world order..
