**1946: The Making of the Modern World** Victor Sebestyen, 2014-10-09 With the end of the Second World War, a new world was born. The peace agreements that brought the conflict to an end implemented decisions that not only shaped the second half of the twentieth century, but continue to affect our world today and impact on its future. In 1946 the Cold War began, the state of Israel was conceived, the independence of India was all but confirmed and Chinese Communists gained a decisive upper hand in their fight for power. It was a pivotal year in modern history in which countries were reborn and created, national and ideological boundaries were redrawn and people across the globe began to rebuild their lives. In this remarkable history, the foreign correspondent and historian Victor Sebestyen draws on contemporary documents from around the world - including Stalin's personal notes from the Potsdam peace conference - to examine what lay behind the political decision-making. Sebestyen uses a vast array of archival material and personal testimonies to explore how the lives of generations of people across continents were shaped by the events of 1946. Taking readers from Berlin to London, from Paris to Moscow, from Washington to Jerusalem and from Delhi to Shanghai, this is a vivid and wide-ranging account of both powerbrokers and ordinary men and women from an acclaimed author.

**The Father of Us All** Victor Davis Hanson, 2010-05-03 Victor Davis Hanson has long been acclaimed as one of our leading scholars of ancient history. In recent years he has also become a trenchant voice on current affairs, bringing a historian's deep knowledge of past conflicts to bear on the crises of the present, from 9/11 to Iran. War, he writes, is an entirely human enterprise. Ideologies change, technologies develop, new strategies are invented-but human nature is constant across time and space. The dynamics of warfare in the present age still remain comprehensible to us through careful study of the past. Though many have called the War on Terror unprecedented, its contours would have been quite familiar to Themistocles of Athens or William Tecumseh Sherman. And as we face the menace of a bin Laden or a Kim Jong-Il, we can prepare ourselves with knowledge of how such challenges have been met before. The Father of Us All brings together much of Hanson's finest writing on war and society, both ancient and modern. The author has gathered a range of essays, and combined and revised them into a richly textured new work that explores such topics as how technology shapes warfare, what constitutes the American way of war, and why even those who abhor war need to study military history. War is the father and king of us all, Heraclitus wrote in ancient Greece. And as Victor Davis Hanson shows, it is no less so today.

**The Lessons of History** Will Durant, Ariel Durant, 2012-08-21 A concise survey of the culture and civilization of mankind, *The Lessons of History* is the result of a lifetime of research from Pulitzer Prize-winning historians Will and Ariel Durant. With their accessible compendium of philosophy and social progress, the Durants take us on a journey through history, exploring the possibilities and limitations of humanity over time. Juxtaposing the great lives, ideas, and accomplishments with cycles of war and conquest, the Durants reveal the towering themes of history and give meaning to our own.

**The Second World Wars** Victor Davis Hanson, 2017-10-17 A breathtakingly magisterial account of World War II by America's preeminent military historian (Wall Street Journal) World War II was the most lethal conflict in human history. Never before had a war been fought on so many diverse landscapes and in so many different ways, from rocket attacks in London to jungle fighting in Burma to armor strikes in Libya. *The Second World Wars* examines how combat unfolded in the air, at sea, and on land to show how distinct conflicts among disparate combatants coalesced into one interconnected global war. Drawing on 3,000 years of military history, bestselling author Victor Davis Hanson argues that despite its novel industrial barbarity, neither the war's origins nor its geography were unusual. Nor was its ultimate outcome surprising. The Axis powers were well prepared to win limited border conflicts, but once they blundered into global war, they had no hope of victory. An authoritative new history of astonishing breadth, *The Second World Wars* offers a stunning reinterpretation of history's deadliest conflict.

**The Making of the English Working Class** Edward Palmer Thompson, 1964 This account of artisan and working-class society in its formative years, 1780 to 1832, adds an important dimension to our understanding of the nineteenth century. E.P. Thompson shows how the working class took part in its own making and re-creates the whole life experience of people who suffered loss of status and freedom, who underwent degradation and who yet created a culture and political consciousness of great vitality.

**Opening the Road** Keila V. Dawson, 2021-01-26 Hungry? Check the Green Book. Tired? Check the Green Book. Sick? Check the Green Book. In the late 1930s when segregation was legal and Black Americans couldn't visit every establishment or travel everywhere they wanted to safely, a New Yorker named Victor Hugo Green decided to do something about it. Green wrote and published a guide that listed places where his fellow Black Americans could be safe in New York City. The guide sold like hot cakes! Soon customers started asking Green to make a guide to help them travel and vacation safely across the nation too. With the help of his mail carrier co-workers and the African American business community, Green's guide allowed millions of African Americans to travel safely and enjoy traveling across the nation. In the first picture book about the creation and distribution of *The Green Book*, author Keila Dawson and illustrator Alleanna Harris tell the story of the man

behind it and how this travel guide opened the road for a safer, more equitable America.

**To the Victor the Spoils** Sean Longden,2013-07-25 From the D-Day landings in June 1944 to the final declaration of peace the following year the Allied forces fought a bitter battle to the end against Hitler's Nazi Germany. Sean Longden re-tells the unexpected true story of life among the ranks of Field Marshall Montgomery's 21st Army group and reveals a tale of sex, burglary, rape, pillage and alcohol. Uncovering new material from interviews, documents and personal accounts, Sean Longden recounts what really happened on the road to Berlin. 'A meticulously-researched, utterly absorbing account of the human story behind the battle to crush Hitler's forces.' Yorkshire Post 'From D-Day to VE Day, historian Sean Longden reveals the sex 'n' rock 'n' drugs 'n' rock 'n' roll of soldiering' The Times

**Handbook on the Pentateuch** Victor P. Hamilton,2005-09 In this introduction to the first five books of the Old Testament, Victor Hamilton moves chapter by chapter--rather than verse by verse--through the Pentateuch, examining the content, structure, and theology. Each chapter deals with a major thematic unit of the Pentateuch, and Hamilton provides useful commentary on overarching themes and connections between Old Testament texts. This second edition has been substantially revised and updated. The first edition sold over sixty thousand copies.

In Command of History David Reynolds,2012-09-19 Winston Churchill was one of the giants of the twentieth century. As Britain's prime minister from 1940 to 1945, he courageously led his nation and the world away from appeasement, into war, and on to triumph over the Axis dictators. His classic six-volume account of those years, *The Second World War*, has shaped our perceptions of the conflict and secured Churchill's place as its most important chronicler. Now, for the first time, a book explains how Churchill wrote this masterwork, and in the process enhances and often revises our understanding of one of history's most complex, vivid, and eloquent leaders. *In Command of History* sheds new light on Churchill in his multiple, often overlapping roles as warrior, statesman, politician, and historian. Citing excerpts from the drafts and correspondence for Churchill's magnum opus, David Reynolds opens our eyes to the myriad forces that shaped its final form. We see how Churchill's manuscripts were vetted by Whitehall to conceal secrets such as the breaking of the Enigma code by British spymasters at Bletchley Park, and how Churchill himself edited the volumes to avoid offending postwar statesmen such as Tito, Charles de Gaulle, and Dwight D. Eisenhower. We explore his confusions about the true story of the atomic bomb, learn of his second thoughts about Stalin, and watch him repackage himself as a consistent advocate of the D-Day landings. *In Command of History* is a major work that forces us to reconsider much received wisdom about World War II. It also peels back the covers from an unjustly neglected period of Churchill's life, his "second wilderness" years, 1945—1951. During this time Churchill, now over seventy, wrote himself into history, politicked himself back into 10 Downing Street, and delivered some of the most vital oratory of his career, including his pivotal "iron curtain" speech. Exhaustively researched and dazzlingly written, this is a revelatory portrait of one of the world's most profiled figures, a work by a historian in full

command of his craft. "A fascinating account that accomplishes the impossible: [Reynolds] actually finds something new and interesting to say about one of the most chronicled characters of all time." -The New York Times Book Review A New York Times NOTABLE BOOK OF THE YEAR A BEST HISTORY OF THE YEAR SELECTION -The New York Sun NOTE: This edition does not include photographs.

**Remaking America** John E. Bodnar,1994-01-16 In a compelling inquiry into public events ranging from the building of the Vietnam Veterans Memorial through ethnic community fairs to pioneer celebrations, John Bodnar explores the stories, ideas, and symbols behind American commemorations over the last century. Such forms of historical consciousness, he argues, do not necessarily preserve the past but rather address serious political matters in the present.--Publisher description.

**From Peasant to Emperor** **The Life of Liu Bang** 中国 Victor Cunrui Xiong,2018-08-01 When Liu Bang, the eponymous protagonist of this novel, set out to conquer all under Heaven, he was already 47 years old. A medium-built, foul-mouthed peasant with a reputation as a ne'er-do-well, a womanizer, and a drunkard, who, though literate, never cared much about literature, he seemed to have a slim chance at success at a time when all the heroes in the realm contended for power and dominance. Against all odds, he defeated his rivals to found the Han dynasty, and quelled the numerous rebellions that challenged his rule. 中国历史故事

**Rebel Correspondent** Steve Procko,2021-09 Rebel Correspondent by Steve Procko is the true story of a young man who joined the Confederate army just days after his eighteenth birthday and served bravely for over two-and-a-half years until the war ended. Wounded twice, he emerged a changed person. But he wasn't just a returning veteran; he was also a writer. Thirty-six years later, he would tell the world about his experiences. At the beginning of the 20th century, Arba F. Shaw was a fifty-seven-year-old farmer and local writer for the Walker County Messenger, a weekly northwest Georgia newspaper published in the town of LaFayette. Shaw would become the Rebel Correspondent when on a chilly December day in 1901, he began putting pen to paper with the account of his memories as a Rebel private in the 4th Georgia Cavalry (Avery), CSA. He completed writing his account in February 1902. When finished, he had scratched out over 40,000 words. His local newspaper, The Walker County Messenger, published his account in a series of over 50 articles from 1901 to 1903. Then it was all but forgotten. Twenty years before Arba Shaw put pen to paper, another soldier, the 1st Tennessee's Infantry

Regiment's Samuel Rush Watkins (1839-1901) wrote his account of his experiences in the Civil War. The Columbia Herald newspaper in Columbia, Tennessee, serialized Watkins' writings from 1881 to 1882, then published the account as a critically acclaimed book, *Co. Aytch: Maury Grays First Tennessee Regiment or A Side Show of the Big Show*, in late 1882. They predominately featured Watkins' eyewitness accounts in Ken Burns PBS documentary on the Civil War. Rebel Correspondent presents Arba F. Shaw's account word-for-word, as first published in the Walker County Messenger almost 120 years ago. Procko annotates Shaw's account with in-depth research, verifying it and uncovering the back story of his life and the lives of his Rebel comrades. Procko's research offers a historical perspective on the many places and events Shaw so richly described.
