Paris Along the Nile Cynthia Myntti, 2014 Cairo, 'Mother of the World': its vividly diverse neighborhoods and building styles reveal its cosmopolitan energy and reflect the myriad of economic, political, and cultural forces that have shaped the city over the centuries. So impressed was Khedive Ismail after a visit to Haussman's 'new' Paris in 1867 that he decided to build a modern city along the same architectural lines and aesthetics, and brought European architects to Cairo to initiate Egypt's most dynamic building period since medieval times. The stunning buildings of late-nineteenth- and early-twentieth-century Cairo remain, but they are neglected, threatened by pollution, and are being pulled down for concrete highrises and parking lots. Paris along the Nile captures in 200 black-and-white photographs the architectural jewels of 'modern' Cairo.

**The Keys of the Kingdom** A. J. Cronin, 2024-07-25 Father Francis Chisholm is a good priest-somewhat peculiar, perhaps, but a good priest all the same. Forged as a youth in the fires of suffering and tragedy, Francis accepts his vocation and strives to serve his people in humility and good humor, with compassion and courageous heart. After two spiritually eventful but conventionally unsuccessful assignments as a curate, Father Chisholm is sent as a missionary to China. Upon arrival, he finds his mission in ruins: the property deserted, the chapel roofless, the house reduced to rubble. For thirty-five years, Father Chisholm ministers to his people in spirit and body, healing the sick, feeding the hungry, and leading souls out of sin and into Christ's own life-enduring throughout the onslaughts of poverty and plague, greed and indifference, famine and war. Recognized as the best of A. J. Cronin's novels, *The Keys of the Kingdom* has been lauded since 1941 as a magnificent story of the great adventure of individual goodness and a subtle and spiritual story...told with warmth and vitality. Yet its supreme accomplishment is the credibility with which it portrays the truth that suffering is a promise of Christ and this life but a preparation for the next.

The City and Its Sciences Cristoforo S. Bertuglia, Giuliano. Bianchi, Alfredo Mela, 2012-12-06 Recent developments in the field of urban analysis and management are investigated in this book. It is a wide-ranging collection of essays on the subject drawn from a long-term project and seminar, held in Italy, to review the state of the art and speculate on the future influence on the sciences of the city of the complexity concept. Of particular interest is the variety of points of view, often contrasting, and the attempt to go beyond the conventional approaches to the analysis, and the planning of the city. While focussing mainly on the European (and in particular Italian) context, the discussion is of general relevance and valuable to anyone

concerned with the prospects for the city in the new millennium.

**Toward an Other Globalization: From the Single Thought to Universal Conscience** Milton Santos,2017-05-11 This book presents an alternative theory of globalization that derives not from the dominant perspective of the West, from which this process emerged, but from the critical vantage point of the Third World, which has borne the heaviest burdens of globalization. It offers a critical and uniquely first-hand perspective that is lacking not only from the apologists of Western hegemony, but from most scholars writing against this hegemony from within the globalizing world. Renowned throughout Latin America and parts of Europe, the author, Brazilian geographer Milton Santos, has long been for the most part inaccessible to the English-speaking world. Only one of his books, *The Shared Space: The Two Circuits of the Urban Economy in Underdeveloped Countries*, published in 1975, has been translated into English; nevertheless, the works of Santos's most important phase, from the 1980s until his death in 2001, have remained unavailable to English readers. With the translation of *Toward an Other Globalization*, one of the last works published in Santos's lifetime, this situation has finally been rectified. In this book, Santos argues that we must consider globalization in three different senses: globalization as a fable (the world as globalizing agents make us believe), as perversity (the world as it is presently, in the throes of globalization), and as possibility (the world as it could be). What emerges from the analysis of these three senses is an alternative theory of globalization rooted in the perspective of the so-called Global South. Santos concludes his text with a message that is optimistic, but in no way naïve. What he offers instead is a revolutionary optimism and, indeed, an other globalization.

**On Rules** Gherardo Colombo, 2015-11-13 When talking about justice, we mean more than its day-to-day administration involving officials, institutions, and those most affected. We also refer to an ideal: a set of basic values which guide living together and infuse the distribution of rights and duties, options and obligations, freedoms and restrictions. Losing this reference point means the administration of justice will suffer too, by having lost its sense of direction. With thirty years' experience in the Italian judiciary and dozens of influential judicial inquiries to his name Gherardo Colombo reflects on the culture of justice and the profound meaning of rules. Without respecting rules, we cannot live in society.

**Bion's Dream** Meg Harris Williams, 2018-03-21 'This book offers a definitive reading of Bion's remarkable autobiographical writings from a perspective embedded in the poetry of the ages, that of the Romantics in particular. It is at once learned and, utterly freshly, able to explore the inside story of Bion's life and mind. The volume is a distillation and elaboration of the work of many years. Whilst ostensibly an extended commentary on the autobiographical works themselves,

it is also, in its own right, a tour de force, engaging, as it does, with the heart of the matter: with the development of a psychoanalyst, of a life, a self, a mind, thoroughly inward with the dark and sombre world of thought.'- Margot Waddell, psychoanalyst and consultant child psychotherapist, Tavistock Clinic
