The Buddha and the Badass Vishen Lakhiani, 2020-06-09 NEW YORK TIMES, USA TODAY, AND #1 WALL STREET JOURNAL BESTSELLER • Forget hustling. This book, from the author of *The Code of the Extraordinary Mind*, will disrupt your deeply held beliefs about work, success, and, indeed, life. If you're the average person in the developed world, you spend 70 percent of your waking hours at work. And if you're the average person, you're miserable for most of those hours. This is simply not an acceptable state of affairs for your one shot at life. No matter your station, you possess incredible unique powers. It's a modern myth that hard work and hustle are the paths to success. Inside you is a soul. And once you unleash it fully into the domain of work, magic happens. Awakening the Buddha and the Badass inside you is a process that will disrupt the way you work altogether. You'll gain access to tools that bend the very rules of reality. • The Buddha is the archetype of the spiritual master. The person who can live in this world but also move with an ease, grace, and flow that comes from inner awareness and alignment. • The Badass is the archetype of the changemaker. This is the person who is out there creating change, building, coding, writing, inventing, leading. The badass represents the benevolent disruptor—the person challenging the norms so we can be better as a species. Once you integrate the skill sets of both archetypes, you will experience life at a different level from most people. You will operate from a space of bliss, ease, inspiration, and abundance. *The Buddha and the Badass: The Secret Spiritual Art of Succeeding at Work* will show you how. Author of the New York Times bestseller *The Code of the Extraordinary Mind* and founder of Mindvalley, Vishen Lakhiani has turned his own life and company into his research lab. He's codified everything he's learned into the how-to steps in this book. *The Buddha and the Badass* teaches you how to master your work and your life.

The Silva Mind Control Method of Mental Dynamics José Silva,Burt Goldman,1990

The Code of the Extraordinary Mind Vishen Lakhiani,2016-05-10 What if everything we think we know about how the world works--our ideas of love, education, spirituality, work, happiness, and love--are based on Brules (bullsh*t rules) that get passed from generation to generation and are long past their expiration date? This book teaches you to think like some of the greatest non-conformist minds of our era, to question, challenge, hack, and create new rules for YOUR life so you can define success on your own terms. The Code of the Extraordinary Mind is a blueprint of laws to break us free from the shackles of an ordinary life. It makes a case that everything we know about the world is shaped by conditioning and habit. And thus, most people live their lives based on limiting rules and outdated beliefs about pretty much everything--love, work, money, parenting, sex, health, and more--which they inherit and pass on from generation to generation. But what if you could remove these outdated ideas and start anew? What would your life look like if you could forget the rules of the past, and redefine what happiness, purpose, and success mean for you? Not Just a Book, but a Movement Blending computational thinking, integral theory, modern spirituality, evolutionary biology, and humor, personal growth entrepreneur Vishen Lakhiani provides a revolutionary 10-point framework for understanding and enhancing the human self. You will learn about bending reality. You will learn how to apply unique models like consciousness engineering to help you learn and grow at speeds like never before. You will learn to make a dent in the universe and discover your quest. This framework is based on Lakhiani's personal experiences, the 5 million people he's reached through Mindvalley, and 200 hours of interviews and questions posed to incredible minds, including Elon Musk, Richard Branson, Peter Diamandis, Ken Wilber, Dean Kamen, Arianna Huffington, Michael Beckwith, and other legendary leaders. In a unique fusion of cutting-edge ideas, personal stories, irreverence, and a brilliant teaching style, Lakhiani reveals the 10 powerful laws that form a step-by-step process that you can apply to life to shed years of struggle and elevate yourself to exceptional new heights. The 10 Laws to an Extraordinary Life This book challenges conventional ideas of relationships, goal-setting, mindfulness, happiness, and meaning. In a unique fusion of cutting-edge ideas, personal stories, and humorous irreverence, and not to mention, humor and napkin diagrams, this framework combines computational thinking with personal growth to provide a powerful framework for re-coding yourself--and replacing old, limiting models that hold you back with new, empowering beliefs and behaviors that set you on the path

toward an extraordinary life. A life of more happiness and achievement than you might have dared to dream possible. Once you discover the code, you will question your limits and realize that there are none. Step into a new understanding of the world around you and your place in it, and find yourself operating at a new, extraordinary level in every way...happiness, purpose, fulfillment, and love. This Book Is a Living, Breathing Manifesto That Goes Beyond a Traditional Publication For those who want more, The Code of the Extraordinary Mind connects to a full on immersive experience including ways for you to dive into particular chapters to unlock additional videos or training and connect with each other and the author to learn via peer-to-peer learning networks.

Pathways to Personal Freedom Using the Silva Method Diana Silva, Robert Deutchman, 2019-01-30 Pathways to Personal Freedom using the Silva Method is a compilation of fifty ideas to help uncover the ways of inner bliss that sit dormant within each of us. Happiness and inner freedom are ideas that most of us have taken for granted for so long. Society teaches us to please others; look for approval and acceptance from others; check in with those who know better than we do; allow our negative thoughts to overtake our actions, our way of life and even health. Each Pathway starts with a quote to encourage thinking and inspiration to bring about a spark of insight that is already known but may have been forgotten along the way. What follows are suggestions and examples from the authors' lives and experiences as to how to reach that state of bliss and inner harmony. Each ends with an affirmation that can be recited in the present time to instill the ideas as if they are already in place and to help enhance this new way of thinking. Some of these ideas may be new and even foreign--but they have stood the test of time and used by many throughout the world. Jose Silva, Sr. was a pioneer in the study and application of mind control. His youngest daughter, Diana Silva-Mendez and coauthor, Robert Deutchman have put together this labor of love for the benefit of Silva Method Enthusiasts, Trainers, Silva Graduates, and all who seek to tap into that inner wisdom that belongs to all of us--and to show us another path which leads to our greatest desires--Happiness and Inner Freedom!
