Education, Class Language and Ideology (RLE Edu L) Noelle Bisseret, 2012-05-04 This book presents an analysis of the 'essentialist ideology', which is inherent to class-based societies. The author argues that essentialist ideology is efficient through its unconscious component and is imposed on everyone. It guides school selection and imposes on each class a language specific in its reference to concrete domination relations. It even unbalances the scientific objectivity of researchers in the social sciences, not only among those who abide by the theory of natural aptitudes, but also among its sharpest critics, such as Basil Bernstein, Pierre Bourdieu and J C Passeron, whose work is considered in this book.

Once Seven-Eleven Japan decided to provide responsiveness by rapid replenishment, it then structured its facilities, inventory, information, and distribution to support this choice. The case also brings up the question of whether the same approach can work in the United States, especially given the greater distances and lower store density.

Marketing to Women Marti Barletta, 2011-05 Why do Best Buy stores offer Personal Assistants? Why does MinuteClinic operate in Target and Cub Foods stores? Why does Kimpton Hotels tie in with the national Dress for Success cause? Why is the author of this book called the godmother of the new Volvo concept car? In this lively 2nd edition of Marketing to Women, Marti Barletta tells you why corporations are spending more to capture the multitrillion dollar women's market. In *Marketing to Women*, Barletta reveals: * How and why women reach different brand purchase decisions than men * How to use her proprietary GenderTrends(TM) Marketing Model to create strategies and tactics that will win women's brand loyalty * How to hook women consumers with new products, relevant communications, smart selling techniques, and the right marketing strategies * Why smart marketers will tap into the profitable market of women 50 years and older-- the golden bull' s-eye of target marketing
