Into the Wild Jon Krakauer,2018-07-12 Jon Krakauer's *Into the Wild* examines the true story of Chris McCandless, a young man who walked deep into the Alaskan wilderness and whose SOS note and emaciated corpse were found four months later. With an introduction by novelist David Vann. In April 1992, Chris McCandless set off alone into the Alaskan wild. He had given his savings to charity, abandoned his car and his possessions, and burnt the money in his wallet, determined to live a life of independence. Just four months later, Chris was found dead. An SOS note was taped to his makeshift home, an abandoned bus. In piecing together the final travels of this extraordinary young man's life, Jon Krakauer writes about the heart of the wilderness, its terrible beauty and its relentless harshness. *Into the Wild* is a modern classic of travel writing, and a riveting exploration of what drives some of us to risk more than we can afford to lose. From the author of *Under the Banner of Heaven* and *Into Thin Air*. A film adaptation of *Into the Wild* was directed by Sean Penn and starred Emile Hirsch and Kristen Stewart. 'It may be nonfiction, but *Into the Wild* is a mystery of the highest order.' - Entertainment Weekly

But when Calla receives a call from her father with unexpected news, she makes the long trip back to the remote town where she was born. There, she meets Jonah: a quiet, brooding, proud Alaskan pilot who is convinced that before long, he will be flying a pampered city girl back to where she belongs. And whilst he is probably right, Calla is determined to prove him wrong. As time passes, Calla forms an undeniable bond with the burly pilot. But Calla is not in Alaska to stay, and Jonah will never leave. It would be foolish of her to kindle a romance, to take the same path her parents tried - and failed at - years ago. It's a

Braving the Wilderness Brené Brown,2017-09-12 A timely and important new book that challenges everything we think we know about cultivating true belonging in our communities, organizations, and culture, from the #1 bestselling author of Rising Strong, Daring Greatly, and The Gifts of Imperfection. 'True belonging doesn't require us to change who we are. It requires us to be who we are.' Social scientist Brené Brown, PhD, LMSW has sparked a global conversation about the experiences that bring meaning to our lives - experiences of courage, vulnerability, love, belonging, shame and empathy. In Braving the Wilderness, Brown redefines what it means to truly belong in an age of increased polarisation. With her trademark mix of research, storytelling and honesty, Brown will again change the cultural conversation while mapping out a clear path to true belonging. Brown argues that what we're experiencing today is a spiritual crisis of disconnection, and introduces four practices of true belonging that challenge everything we believe about ourselves and each other. She writes, 'True belonging requires us to believe in and belong to ourselves so fully that we can find sacredness both in both being a part of something, and in standing alone when necessary. But in a culture that's rife with perfectionism and pleasing, and with the erosion of civility, it's easy to stay quiet, hide in our ideological bunkers, or fit in rather than show up as our true selves and brave the wilderness of uncertainty and criticism. But true belonging is not something we negotiate or accomplish with others; it's a daily practice that demands integrity and authenticity. It's a personal commitment that we carry in our hearts.' Brown offers us the clarity and courage we need to find our way back to ourselves and to each other. And that path cuts right through the wilderness. Brown writes, 'The wilderness is an untamed, unpredictable place of solitude and searching. It is a place as dangerous as it is breathtaking, a place as sought after as it is feared. But it turns out to be the place of true belonging, and it's the bravest and most sacred place you will ever stand.'

Walks on the Wild Side John Pakenham,2020-06-22 EXPLORING AN UNFORGIVING LAND In the early 1980s, John Pakenham walked a total of 1,200 miles through the volcanic desert around Lake Turkana in northern Kenya in the company of local Turkana and Samburu tribesmen and their long-suffering donkeys. Repeatedly beset by extreme thirst and dehydration, blistering heat, bitterly cold torrential rains, poisonous spiders, vindictive mosquitoes and the ever-present threat of bandits, not to mention a fatal fight between two of his companions, he was lucky to live to tell his tale. Pakenham's account provides a rare glimpse of a tough terrain and its even tougher inhabitants, where every day was a battle for survival. This is extreme travel that, four decades on, still packs a powerful punch.
