

Teutonic Knights A Military History

Victor Mallia-Milanes

The Teutonic Knights William L. Urban, 2005 Feared by their enemies but respected by medieval Christendom, the Teutonic Knights and their Order maintained a firm hold over the Baltic and northern Germany and established a formidable regime which flourished across Central Europe for 300 years. This book surveys the Knights and their Order. Originally published: 2003.

The Last Years of the Teutonic Knights William Urban, 2018-11-30 “The most comprehensive account available of the final years of the crusading military order” from the acclaimed author of *Medieval Mercenaries* (Baltische Historische Kommission). The Battle of Grunwald was one of the largest battles in Medieval Europe and was the most important in the histories of Poland and Lithuania. It was fought on 15 July 1410 during the Polish-Lithuania-Teutonic War between the alliance of the Kingdom of Poland (led by King Jagiello) and the Grand Duchy of Lithuania (led by Grand Duke Vytautas) against the German-Prussian Teutonic Knights (led by Grand Master Ulrich von Jungingen) and with the assistance of Sigismund, then King of Hungary and Croatia. The Teutonic Knights, a crusading military order, were defeated and most of their leaders were killed or taken prisoner. This defeat would mark the beginning of their decline and they would never again regain their former power. Following the battle, the balance of power shifted in Central and Eastern Europe and so came the rise of the Polish-Lithuanian union as the dominant political and military force. In this compelling account the action takes place in Lithuania, Poland, the Czech Republic, Hungary, Russia and Germany. There are bloody battles; fascinating characters; intrigue; betrayals; sex; unexpected twists of fate; religious heresy and a smattering of saints. There is also the monumental end of one era making way for the beginning of another. While there has long been interest on the crusades outside of the Holy Land, this book is unique in the sheer breadth and depth of its research. “A must-read for those seeking scholarly work on this pivotal period of European history.” —*Journal of Military History*

Teutonic Knight David Nicolle, 2007-11-20 Osprey's study of Teutonic Knights from 1190 to 1561. The Military Order of Teutonic Knights was one of the three most famous Crusading Orders; the others being the Templars and the Hospitallers. Like these two, the Teutonic Knights initially focused upon the preservation of the Crusader States in the Middle East. Wielding their swords in the name of their faith, the crusading knights set out to reclaim Jerusalem. Unlike the Templars they survived the crises of identity and purpose which followed the loss of the last Crusader mainland enclaves in the late

thirteenth century and, like the Hospitallers, they managed to create a new purpose - and a new field of combat - for themselves. Whereas the Hospitallers focused their energies in the eastern Mediterranean battling against Muslim armies, the Teutonic Knights shifted their efforts to the Baltic, to the so-called Northern Crusades against pagan Prussians and Lithuanians and, to a lesser extent, against Orthodox Christian Russia. As a result the Order of Teutonic Knights became a significant power, not only in the Baltic but in north-central Europe as a whole. Paradoxically, however, it was their fellow Catholic Christian Polish neighbours who became their most dangerous foes, breaking the Order's power in the mid-fifteenth century. The Teutonic Knights lingered on in what are now Estonia and Latvia for another century, but this was little more than a feeble afterglow. This title will examine this fascinating military and religious order in detail, revealing the colourful history of the crusades within Europe itself which inexorably changed the future of the continent.

The Teutonic Knights in the Holy Land, 1190-1291 Nicholas Edward Morton, 2009 A detailed study of the Teutonic Knights in the Holy Land, covering both their military and administrative affairs. The Teutonic Order was founded in 1190 to provide medical care for crusaders in the kingdom of Jerusalem. In time, it assumed a military role and played an important part in the defence of the Christian territories in the Eastern Mediterranean and in the Baltic regions of Prussia and Livonia; in the Levant, it fought against the neighbouring Islamic powers, whilst managing their turbulent relations with their patrons in the papacy and the German Empire. As the Order grew, it colonised territories in Prussia and Livonia, forcing it to address how it distributed its resources between its geographically-spread communities. Similarly, the brethren also needed to develop an organisational framework that could support the conduct of war on frontiers that were divided by hundreds of miles. This book - the first comprehensive analysis of the Order in the Holy Land - explores the formative years of this powerful international institution and places its deeds in the Levant within the context of the wider Christian, pagan and Islamic world. It examines the challenges that shaped its identity and the masters who planned its policies. Dr NICHOLAS MORTON is Lecturer in History at Nottingham Trent University.

Love, War, and the Grail Helen Nicholson, 2001 Includes genealogical charts of kings and noblemen associated with the search for the grail.

Montfort, 2016-11-07 Winner of the 2017 Verbruggen prize Montfort Castle, located in the western Galilee, was the principal fortress of the Teutonic Order, one of the three great military orders of the Crusader period. It was built in the early thirteenth century and occupied and dismantled by the Mamluk army in 1271. It is among the finest examples of Crusader spur castles. This present volume includes discussions by 23 scholars, experts in their fields, in 28 chapters covering every aspect of past and recent scholarship on the history of the Teutonic Order and the castle, travellers' descriptions, the architecture, the geographical setting, the material culture of the garrison, and detailed descriptions of the 1926 archaeological expedition to Montfort and the ongoing work of the Montfort Castle Project. Winner of the 2017 Verbruggen

prize, awarded annually by the De Re Militari society for the best book on medieval military history. The awarding committee stated that the volume offers 'a through exploration of all the sources, archaeological and literary, relating to an important site. A model for future work.' Contributors are Laura Aiello, Zohar Amar, Tamar Backner, Adrian J. Boas, Nativ Dudai, Rafael Frankel, Jonathan J. Gottlieb, Lydia Perelis Grossowicz, Timothy B. Husband, Nurith Kenaan-Kedar, Rabei G. Khamisy, Robert Kool, Dorit Korngreen, Rafael Lewis, Nili Liphshitz, Cecilia Luschi, Lisa Pilosi, Mary B. Shepard, Vardit Shotten-Hallel, Kristjan Toomaspoeg, Andrea Wähning, David Whitehouse, and Mark Wypyski.

Tannenberg, 1410 Stephen R. Turnbull, 2005

Templars, Hospitallers, and Teutonic Knights Helen J. Nicholson, Helen Nicholson, 1993 A study of how the major military religious orders of the 12th and 13th century were viewed by the rulers, the clergy, the laity, and themselves. Also considers the representation of them in literary sources and legend. Other orders are also mentioned when there is information about attitudes toward them, but by far the most evidence is for the three. Adapted from Nicholson's 1989 Ph.D. thesis for the University of Leicester. Acidic paper. Distributed in the US by St. Martin's Press. Annotation copyright by Book News, Inc., Portland, OR

The Teutonic Knights Henryk Sienkiewicz, Robert Gilbert Vansittart, 1943

Fear and Loathing in the North Cordelia Heß, Jonathan Adams, 2015-04-24 Due to the scarcity of sources regarding actual Jewish and Muslim communities and settlements, there has until now been little work on either the perception of or encounters with Muslims and Jews in medieval Scandinavia and the Baltic Region. The volume provides the reader with the possibility to appreciate and understand the complexity of Jewish-Christian-Muslim relations in the medieval North. The contributions cover topics such as cultural and economic exchange between Christians and members of other religions; evidence of actual Jews and Muslims in the Baltic Rim; images and stereotypes of the Other. The volume thus presents a previously neglected field of research that will help nuance the overall picture of interreligious relations in medieval Europe.

The Germans and the East Charles W. Ingrao, Franz A. J. Szabo, 2008 The editors present a collection of 23 historical papers exploring relationships between the Germans (necessarily adopting different senses of the term for different periods or different topics) and their immediate neighbors to the East. The eras discussed range from the Middle Ages to European integration. Examples of specific topics addressed include the Teutonic order in the development of the political culture of Northeastern Europe during the Middle ages, Teutonic-Balt relations in the chronicles of the Baltic Crusades, the emergence of Polenliteratur in 18th century Germany, German colonization in the Banat and Transylvania in the 18th century, changing meanings of German in Habsburg Central Europe, German military occupation and culture on the Eastern Front in World War I, interwar Poland and the problem of Polish-speaking Germans, the implementation of Nazi racial policy in occupied Poland, Austro-Czechoslovak relations and the post-war expulsion of the Germans, and narratives of the lost German East in Cold

War West Germany.

The Bloody White Baron James Palmer,2014-10-23 Roman Ungern von Sternberg was a Baltic aristocrat, a violent, headstrong youth posted to the wilds of Siberia and Mongolia before the First World War. After the Bolshevik Revolution, the Baron - now in command of a lethally effective rabble of cavalrymen - conquered Mongolia, the last time in history a country was seized by an army mounted on horses. He was a Kurtz-like figure, slaughtering everyone he suspected of irreligion or of being a Jew. And his is a story that rehearses later horrors in Russia and elsewhere. James Palmer's book is an epic recreation of a forgotten episode and will establish him as a brilliant popular historian.

The Military Orders Volume III Victor Mallia-Milanes,2017-07-05 In the last twenty years there has been an explosion of scholarly interest in the Military Orders. With a history stretching from the early twelfth century to the present day, they were among the richest and most powerful orders of the church in medieval Europe. They founded their own states in Prussia and on the Mediterranean islands of Rhodes and Malta. They are of concern to historians of the Church, art and architecture, government, agriculture, estate management, banking, medicine and warfare, and of the expansion of Europe overseas. The conferences on their history, which have been organized in London every four years, have attracted leading scholars from all over the world. The present volume records the proceedings of the Third Conference in 2000 and is essential reading for those interested in the progress of research on these extraordinary institutions. Of the thirty papers published in this collection, two deal with the orders in general, while eighteen concentrate on the Hospital of St John, six on the Temple, and three on the Teutonic Order, together with another on the Order of the Sword Brothers which it absorbed. The preponderance of works on the Hospitallers is perhaps a particular characteristic of this volume, but the fact that most of the papers relate to provincial life, rather than to the headquarters in the east, Prussia, or Malta, accurately reflects modern concerns, as do the contributions on historiography, the papacy, cultural history, and religious life. Examples of new research interests are the paper on bioarchaeology and the two on liturgy.

Archaeology of the Military Orders Adrian Boas,2006-09-27 First Published in 2004. Routledge is an imprint of Taylor & Francis, an informa company.

The Medieval Military Orders Nicholas Morton,2014-09-11 This new addition to the popular Seminar Studies series looks at the origins, development and organisation of the Military Orders during the twelfth and thirteenth centuries, showing how they functioned as a form of religious life and concentrating on their role in the Crusades and in the government and defence of the Christian kingdoms in the Holy Land. Dr Nicholas Morton offers coverage of the Templars, Hospitalers and Teutonic Knights, as well as various smaller orders. Perfect for undergraduate students studying the Crusades, and for anyone with an interest in this popular topic, this concise and useful history contains numerous primary source materials as well as features to aid understanding.

Ecclesiastical Knights Sam Zeno Conedera,2015 Ecclesiastical Knights is a spirituality study of the three military orders of Santiago, Calatrava, and Alcantara in Leon-Castile from the twelfth to the early fourteenth centuries. It explores the fundamental problem of the military orders: how the traditions of knighthood and monasticism were combined into a single way of life.

Reader's Guide to Military History Charles Messenger,2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th-century intervention operations. Designed for a wide variety of users, it encompasses general reviews of aspects of military organization and science, as well as specific wars and conflicts. The book examines naval and air warfare, as well as significant individuals, including commanders, theorists, and war leaders. Each entry includes a listing of additional publications on the topic, accompanied by an article discussing these publications with reference to their particular emphases, strengths, and limitations.

Lake Peipus 1242 David Nicolle,2005 Immortalised by Eisenstein's classic film, this legendary battle was fought between the Teutonic Knights - a powerful military order, backed with the crusading zeal of Europe, the blessing of the Pope and the support of the Holy Roman Emperor - and the powerful Russian city-state of Novgorod, led by its inspirational leader Alexandre Nevskii.

Journal of Medieval Military History John France,Kelly DeVries,Clifford J. Rogers,2019-05-17 This volume focuses on two of the most vibrant areas of research in the field: Crusader studies and the warfare of the Late Middle Ages, embracing a diversity of approaches. Chapters look at the battle of Tell Bashir (1108) in the context of Saljuq politics; the defenses of 'Altit castle, one of the Templars' strongest fortifications, from an archaeological perspective; the involvement of the Military Orders in secular conflicts, particularly in Europe; and how royal women affected and were affected by the wars of Castile and the Crown of Aragon in the fourteenth century. Fencing competitions are used to explore masculinity and status in Strasbourg from the late Middle Ages into the early modern period, and key aspects of the actual conduct of warfare in the fifteenth century come under detailed scrutiny: the role of cavalry in turning the Hundred Years War in favour of the French, and the logistical and procurement difficulties and methods involved in fielding a Florentine army in 1498. The volume is completed with a translation and discussion of Guillaume Guiart's rich description of a French royal army on the march and in camp at the start of the fourteenth century. Contributors: Fabrizio Ansani, Drew Bolinger, Oliver Dupuis, Ehud Galili, Michael Harbinson, Donald J. Kagay, Michael Livingston, Ken Mondschein, Helen J. Nicholson, Avraham Ronen, Andrew L.J. Villalon

International Encyclopedia of Military History James C. Bradford,2004-12 With its impressive breadth of coverage - both geographically and chronologically - the International Encyclopedia of Military History is the most up-to-date and inclusive A-Z resource on military history. From uniforms and military insignia worn by combatants to the brilliant military

leaders and tacticians who commanded them, the campaigns and wars to the weapons and equipment used in them, this international and multi-cultural two-volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history.

Teutonic Knights A Military History Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs.

One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Teutonic Knights A Military History free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles.

One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Teutonic Knights A Military History free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While

downloading Teutonic Knights A Military History free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Teutonic Knights A Military History. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Teutonic Knights A Military History any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Teutonic Knights A Military History Books

1. Where can I buy Teutonic Knights A Military History books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Teutonic Knights A Military History book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations.
Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Teutonic Knights A Military History books?
Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Teutonic Knights A Military History audiobooks, and where can I find them?
Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Teutonic Knights A Military History books for free? Public Domain Books: Many classic books are available for

free as theyre in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
