Magic That Works Frances Harrison,Nineveh Shadrach,2005-09-01 The possibilities are endless for those who discover real, authentic magic that can transform their lives as never before. Magic That Works presents practical magic techniques based on sources more than 1,000 years old. The same tradition that gave readers the Jinni in the Lamp and the Flying

Carpet offers magic that works for our modern times.

Priests, Tongues, and Rites Jacco Dieleman,2005-05-01 This book is an investigation into the sphere of production and use of two related bilingual magical handbooks found as part of a larger collection of magical and alchemical manuscripts around 1828 in the hills surrounding Luxor, Egypt. Both handbooks, dating to the Roman period, contain an assortment of recipes for magical rites in the Demotic and Greek language. The library which comprises these two handbooks is nowadays better known as the Theban Magical Library. The book traces the social and cultural milieu of the composers, compilers and users of the extant spells through a combination of philology, sociolinguistics and cultural analysis. To anybody working on Greco-Roman Egypt, ancient magic, and bilingualism this study is of significant importance.

The Concepts of the Divine in the Greek Magical Papyri Eleni Pachoumi, 2017-05-05 Eleni Pachoumi looks at the concepts of the divine in the Greek magical papyri by way of a careful and detailed analysis of ritual practices and spells. Her aim is to uncover the underlying religious, philosophical and mystical parallelisms and influences on the Greek magical papyri. She starts by examining the religious and philosophical concept of the personal daimon and the union of the individual with his personal daimon through the magico-theurgic ritual of systasis. She then goes on to analyze the religious concept of paredros as the divine assistant and the various relationships between paredros, the divine and the individual. To round off, she studies the concept of the divine through the manifold religious and philosophical assimilations mainly between Greek, Egyptian, Hellenized gods and divine abstract concepts of Jewish origins.

The Secrets of Practical Kabbalah Yitshak Mizrahi, 2011

Death and After-life Rituals in the Eyes of the Shona Canisius Mwandayi, 2011

The Secret Doctrine of the Kabbalah Leonora Leet, 1999-08-01 A vast reconstruction of the knowledge of the ancient Jewish priest-scientists, with vital implications for contemporary spirituality and science. • Reveals an ancient science that used geometry, sound, and number to link the finite world of human experience with the infinite realm of the divine. • Uses teachings extending back thousands of years to explicate key concepts of quantum physics and quantum cosmology. For centuries the Kabbalah has fascinated devotees of mysticism while its origins have remained obscure. Now, in her brilliant new work, Leonora Leet reveals that the Kabbalah was the product of a sophisticated, though largely forgotten, Hebraic sacred science that was the rival of any in Egypt or Greece. Not only does Leet reconstruct the secret teachings of the priest-scientists of the Hebrew temple, she also shows them to be the key to understanding both biblical and kabbalistic cosmology. Unlike previous purely historical explorations of the Jewish esoteric tradition, *The Secret Doctrine of the Kabbalah* resurrects this ancient body of knowledge to reveal eternal truths that can have a profound and positive impact on contemporary spirituality. New experimental methods of practicing Hebraic sacred science are explored that explain as never before the meaning of the central cosmological diagram of the entire Western esoteric tradition--the kabbalistic Tree of Life. Leet shows that the Kabbalah and its central diagram enshrine a key to the purpose of the cosmos, a key that has vast implications for modern physics and cosmology. In a final synthesis, she envisions a culmination in which the universe and its divine child, perfected humanity, achieve that unification of the finite and infinite which has ever been the secret doctrine of the Kabbalah.

The Pre-Christian Teachings of Yeshua Lewis Keizer, M.Div., Ph.d., 2015-05-31 All of the extant authentic sayings and teachings of Yeshua remembered in the earliest oral Jesus traditions and collections compiled by his Jewish disciples A.D. 30-50 before they were rendered into Greek, misunderstood, and Christianized in the later Gospels. • Translated in terms of the original Hebrew/Aramaic vocabulary and idioms used by Yeshua • Explained in the context of Second Temple messianic haggadah, Merkabah, prophetic, and wisdom traditions • Organized and presented as a coherent body of exquisite spiritual teaching that was lost and forgotten in Christianity.

The Materiality of Magic Dietrich Boschung, Jan N. Bremmer, 2015 In the last two decades we have had many books and proceedings of conferences on the history, formulas and incantations of magic in antiquity, both in East and West, but this is the first book of its kind that focuses on the material aspects of magic, such as gems, rings, drawings, grimoires, amulets and figurines. In recent years scholars have focused not only on the discourse and practices of magic in antiquity, but also on its practitioners, literary stereotypes and historical shifts. Much less attention, however, has been paid to the material that was used by the magicians for their curses and incantations. Yet there is no magic without materiality. The practice of magic required a specialist expertise that knew how to handle material such as lead, gold, stones, papyrus, figurines or voodoo dolls. That is why we present new insights on the materiality of magic by studying both the materials used for magic as well as the books in which the expertise was preserved.--Publisher.

Angels of Wrath Gordon Winterfield, 2017-06-20 This is not a book of casual curses, but a book of peace and justice. Angels are powerful beings that can be called to work great and wrathful wonders. If your sincere intent is to cause harm, confusion or disruption, the angels will comply. Should you have any fear that this work is evil or an abuse of angelic contact, then read no further. This book is for those who have sensed the might of angels and wish to turn their power to deeds that many would believe to be dark. Far from being the delightful creatures of peace found in New Age artwork, angels are spiritual beings of immense strength, and this strength can manifest as wrath. Whether you are new to magick or quite experienced, this book will introduce you to a lesser-known group of angels. When called in combination, these angels have

the power to cause devastation to your enemies. Such workings are as powerful as a curse, and often more targeted and cunning. There are twenty-nine powers to be revealed: The angels can bind, destroy defenses, remove wealth and destroy a business, while rendering your victim too weak to respond and unable to see what you are doing. You will have the power to silence and confuse, bringing illness and insomnia to those who trouble your life. For more severe enemies, you can bring the wrath of judgment upon them, and remove their ability to find spiritual sanctuary. You can produce hatred between those you name, while causing anxiety, dark moods and memory loss, with confusion of the heart and mind. There is a ritual to prevent your enemies from working magick. This angelic magick will only work if you are sincere in your intentions. It cannot be used to instigate casual cruelty. This is not a book of evil to delight the wicked, but a book of harmony. If you have been wronged, this book gives you the power to restore your personal peace.

The Pauline Concept of Supernatural Powers Kabiro wa Gatumu, 2009-02-20 The study of supernatural powers is fraught with vexing hermeneutical challenges, which aggravate further in the African context. While on the one hand Western anthropology tends to discount the idea of supernatural powers by attempting to 'explain them away', on the other Western biblical scholarship has mainly worked from the premise of 'demythologizing' them. But none of these approaches make tangible sense to African scholars for whom supernatural powers constitute an integral component of their spiritual psyche. This book, based on an examination of over a thousand documentary sources (both classic and modern), attempts to address the issue of interpreting supernatural powers from an African worldview. The author analyzes, identifies, and critiques major hermeneutical errors and offers a 'bridging hermeneutic' using the method of reader-response criticism.

The Greater Magickal Angels Damon Brand, 2015-04-23 The Greater Magickal Angels follows on from the popular Magickal Angels, but is a complete magickal system in its own right. You do not need to be familiar with the first book to get results. Magickal Angels introduced readers to 24 angels, but The Greater Magickal Angels covers the powers of 48 angels that were not revealed in the first book. You can start working with the Greater Angels immediately and everything you need is included here. The angels in this book can help you to develop and attract love, find harmony, increase fame, find strength, break through adversity, sleep well, heal yourself and obtain clear thought. There are angelic powers that enable you to invent, discover new methods, improve your business and find new supporters. You can free yourself of enemies and increase the loyalty of friends and lovers. The power to improve prosperity, win awards, write well, be stable, reduce anxiety, learn easily, understand in new ways and dominate strong personalities is at your hand. The angels can help you to excite new passion, discover more about yourself and see the past, present and future with clarity. Whether you are seeking fame, money, wisdom, healing or peace, the angelic powers can help you to improve your life in the ways that matter to you most. Although the same ritual technique from Magickal Angels is repeated here, the powers revealed are sometimes more subtle and precise, as well as being richer and more complex. That is why I refer to these as the 'greater' angels. It doesn't

mean that they are necessarily better, but when used wisely they can have more far-reaching and long-lasting effects. Often, getting a magickal result requires a subtle, cunning and well-planned approach that occurs in stages. The angels in this book will help with your greater plans. This magick works regardless of your religion or beliefs. Hebrew words are used, along with Latin Psalms, because these are keys to angel magick. This does not make the magick Jewish or Christian. Aspects of those religious structures have been incorporated into the magick, because they are shortcuts to angelic contact. This magick is used by people of many religious backgrounds, and by atheists and by those who just sense there is something magickal going on out there. The angels will respond to any strong desire, and help you bring about change in the world. This book contains secrets that enable angelic contact to occur rapidly. You will discover: A method for empowering talismans and sigils Information on how to choose the right angel Methods for communicating more directly with angels Performing angel magick for other people. If you are serious about angelic work, this book can take your efforts to a much higher level. NOTE: If you own *Magickal Angels* the complete ritual is repeated here, so that new readers have access to that material. Be aware that when you buy this book, you are buying several chapters that you have already read. There is plenty of new information, however, as well as 48 new angels along with their sigils.

Esoteric Transfers and Constructions Mark Sedgwick, Francesco Piraino, 2021-04-07 Similarities between esoteric and mystical currents in different religious traditions have long interested scholars. This book takes a new look at the relationship between such currents. It advances a discussion that started with the search for religious essences, archetypes, and universals, from William James to Eranos. The universal categories that resulted from that search were later criticized as essentialist constructions, and questioned by deconstructionists. An alternative explanation was advanced by diffusionists: that there were transfers between different traditions. This book presents empirical case studies of such constructions, and of transfers between Judaism, Christianity, and Islam in the premodern period, and Judaism, Christianity, and Western esotericism in the modern period. It shows that there were indeed transfers that can be clearly documented, and that there were also indeed constructions, often very imaginative. It also shows that there were many cases that were neither transfers nor constructions, but a mixture of the two.

Angelic Protection Magick Ben Woodcroft, 2018-05 Knowing how to invoke the protection of archangels can help keep you and your loved ones safe from harm.

Judaism and World Religions A. Brill, 2015-10-21 Provides the first extensive collection of traditional and academic Jewish approaches to the religions of the world, focusing on those Jewish thinkers that actually encounter the other world religions -that is, it moves beyond the theory of inclusive/exclusive/pluralistic categories and looks at Judaism's interactions with other faiths.

Ancient Jewish Magic Gideon Bohak, 2011-02-24 Gideon Bohak gives a pioneering account of the broad history of

ancient Jewish magic, from the Second Temple to the rabbinic period. It is based both on ancient magicians' own compositions and products in Aramaic, Hebrew and Greek, and on the descriptions and prescriptions of non-magicians, to reconstruct a historical picture that is as balanced and nuanced as possible. The main focus is on the cultural make-up of ancient Jewish magic, and special attention is paid to the processes of cross-cultural contacts and borrowings between Jews and non-Jews, as well as to inner-Jewish creativity. Other major issues explored include the place of magic within Jewish society, contemporary Jewish attitudes to magic, and the identity of its practitioners. Throughout, the book seeks to explain the methodological underpinnings of all sound research in this demanding field, and to highlight areas where further research is likely to prove fruitful.

Semiphoras and Schemhamforas Andreas Luppium, 2016-03-25 Many capabilities are supposedly at the disposal of man through the use of Semiphoras and Schemhamforas, printed originally in the 1600s by Andreas Luppium and proclaiming to be from the era of Solomon himself. Detailing the celestial and angelic structure of existence and the heavens, it proposes that a properly holy individual is able to both understand and call forth angels and demons alike. It is often combined with other materials within the scope of the Books of Moses, containing a lengthy exposition on the specific names of the Hebrew God as well as the main angels ruling over each level of heaven and their subordinates in a manner not entirely dissimilar to the Ars Goetia.
