The Lonely City Olivia Laing, 2016-03-03 SHORTLISTED FOR THE GORDON BURN PRIZE Chosen as 'BOOK OF THE YEAR' by Observer, Guardian, Telegraph, Irish Times, New Statesman, Times Literary Supplement, Herald When Olivia Laing moved to New York City in her mid-thirties, she found herself inhabiting loneliness on a daily basis. Increasingly fascinated by this most shameful of experiences, she began to explore the lonely city by way of art. Moving fluidly between the works and lives of some of the city's most compelling artists, Laing conducts an electric, dazzling investigation into what it means to be alone, illuminating not only the causes of loneliness but also how it might be resisted and redeemed.

Multitudes Lucy Caldwell, 2016-05-03 'Beautifully crafted, and so finely balanced that she holds the reader right up against the tender humanity of her characters.' Eimear McBride 'A writer of rare elegance and beauty, Caldwell doesn't just get inside her characters' minds. She perches in the precarious chambers of their hearts, telling their stories truthfully and tenderly.' Independent Multitudes is the beautiful debut story collection from the acclaimed, prize-winning novelist and playwright Lucy Caldwell. From Belfast to London and back again the ten stories that comprise Caldwell's first collection explore the many facets of growing up - the pain and the heartache, the tenderness and the joy, the fleeting and the formative - or 'the drunkenness of things being various'. Stories of longing and belonging, they culminate with the heart-wrenching and unforgettable title story.

Everybody Olivia Laing, 2021-04-29 'Intensely moving, vital and artful' - Guardian 'A dizzying ride . . . both timely and beguiling' - Sunday Times At a moment in which basic rights are once again in danger, Olivia Laing conducts an ambitious investigation into the body and its discontents, using the life of the renegade psychoanalyst Wilhelm Reich to chart a daring course through the long struggle for bodily freedom, from gay rights and sexual liberation to feminism and the civil rights movement. Drawing on her own experiences in protest and travelling from Weimar Berlin to the prisons of McCarthy-era America, Laing grapples with some of the most significant and complicated figures of the past century, among them Nina Simone, Sigmund Freud, Susan Sontag and Malcolm X. *Everybody* is a crucial examination of the forces arranged against freedom and a celebration of how ordinary human bodies can resist oppression and reshape the world. Longlisted for the Rathbones Folio Prize 'An ambitious, absorbing achievement that will make your brain hum' - Evening Standard 'Laing's gift for weaving big ideas together with lyrical prose sets her alongside the likes of Arundhati Roy, John Berger and James

Baldwin. In other words, she is among the most significant voices of our time.' - Financial Times

The Trip to Echo Spring Olivia Laing, 2013-07-11 Why were so many authors of the greatest works of literature consumed by alcoholism? In *The Trip to Echo Spring*, Olivia Laing takes a journey across America, examining the links between creativity and drink in the overlapping work and lives of six extraordinary men: F. Scott Fitzgerald, Ernest Hemingway, Tennessee Williams, John Berryman, John Cheever and Raymond Carver. From Hemingway's Key West to Williams's New Orleans, Laing pieces together a topographical map of alcoholism, and strips away the tangle of mythology to reveal the terrible price creativity can exert.

Funny Weather: Art in an Emergency Olivia Laing, 2020-05-12 "One of the finest writers of the new nonfiction" (Harper's Bazaar) explores the role of art in our tumultuous modern era. In this remarkable, inspiring collection of essays, acclaimed writer and critic Olivia Laing makes a brilliant case for why art matters, especially in the turbulent political weather of the twenty-first century. *Funny Weather* brings together a career's worth of Laing's writing about art and culture, examining their role in our political and emotional lives. She profiles Jean-Michel Basquiat and Georgia O'Keeffe, reads Maggie Nelson and Sally Rooney, writes love letters to David Bowie and Freddie Mercury, and explores loneliness and technology, women and alcohol, sex and the body. With characteristic originality and compassion, she celebrates art as a force of resistance and repair, an antidote to a frightening political time. We're often told that art can't change anything. Laing argues that it can. Art changes how we see the world. It makes plain inequalities and it offers fertile new ways of living.

Crudo Olivia Laing, 2018-06-28 'I couldn't put it down' - Sally Rooney, author of *Normal People* Kathy is a writer. Kathy is getting married. It's the summer of 2017 and the whole world is falling apart. Kathy spends the first summer of her forties trying to adjust to making a lifelong commitment - marriage. But it's not only Kathy who is changing. Political, social and natural landscapes are all in peril. Fascism is on the rise, truth is dead, the planet is hotting up. Is it really worth learning to love when the end of the world is nigh? And how do you make art, let alone a life, when it could all end at any moment? From a Tuscan hotel for the super-rich to a politically-paralysed UK, Olivia Laing's first novel is a love letter, inspired by the life and work of Kathy Acker. It is a blistering rewire of the form and a brilliant, funny and emphatically raw account of love in the apocalypse. '[Crudo] will blow you away' - Deborah Levy, author of *Hot Milk* Winner of the James Tait Black Prize for Fiction Shortlisted for the Goldsmith's Prize and the Gordon Burn Prize

A Biography of Loneliness Fay Bound Alberti, 2019-09-12 'A compassionate, wide-ranging study.' Terry Eagleton, *The Guardian* Despite 21st-century fears of a modern 'epidemic' of loneliness, its history has been sorely neglected. *A Biography of Loneliness* is the first history of its kind to be published in English, offering a radically new interpretation of loneliness as an emotional language and experience. Using letters and diaries, philosophical tracts, political discussions, and medical literature from the eighteenth century to the present, historian of the emotions Fay Bound Alberti argues that loneliness is

not an ahistorical, universal phenomenon. It is, in fact, a modern emotion: before 1800, its language did not exist. As Alberti shows, the birth of loneliness is linked to the development of modernity: the all-encompassing ideology of the individual that has emerged in the mind and physical sciences, in economic structures, in philosophy and politics. While it has a biography of its own, loneliness impacts on people differently, according to their gender, ethnicity, religion, outlook, and socio-economic position. It is, Alberti argues, not a single state but an 'emotion cluster', composed of a wide variety of responses that include fear, anger, resentment and sorrow. In spite of this, loneliness is not always negative. And it is physical as well as psychological: loneliness is a product of the body as much as the mind. Looking at informative case studies such as Sylvia Plath, Queen Victoria, and Virginia Woolf, *A Biography of Loneliness* charts the emergence of loneliness as a modern emotional state. From social media addiction to widowhood, from homelessness to the oldest old, from mall hauls to massages, loneliness appears in all aspects of 21st-century life. Yet we cannot address its meanings, let alone formulate a cure, without attention to its complex, protean history.

Fire in the Belly Cynthia Carr, 2012-07-17 The first full biography of legendary East Village artist and gay activist David Wojnarowicz, whose work continues to provoke twenty years after his death 'Carr's biography is both sympathetic and compendious; it's also a many-angled account of the downtown art world of the 1980s . . . a vivid and peculiarly American story' New York Times 'A beautifully written, sympathetic, unsentimental portrait of one of the most lastingly influential late 20th century New York artists' LA Times _____ David Wojnarowicz was an abused child, a teen runaway who barely finished high school, but he emerged as one of the most important voices of his generation. He found his tribe in New York's East Village, a neighborhood noted in the 1970s and '80s for drugs, blight, and a burgeoning art scene. His creativity spilled out in paintings, photographs, films, texts, installations, and in his life and its recounting-creating a sort of mythos around himself. His circle of East Village artists moved into the national spotlight just as the AIDS plague began its devastating advance, and as right-wing culture warriors reared their heads. As Wojnarowicz's reputation as an artist grew, so did his reputation as an agitator-because he dealt so openly with his homosexuality, so angrily with his circumstances as a Person With AIDS, and so fiercely with his would-be censors. *Fire in the Belly* is the untold story of a polarizing figure at a pivotal moment in American culture-and one of the most highly acclaimed biographies of the year.

Of This Our Country: Acclaimed Nigerian writers on the home, identity and culture they know The Borough Press, 2021-09-30 To define Nigeria is to tell a half-truth. Many have tried, but most have concluded that it is impossible to capture the true scope and significance of Africa's most populous nation through words or images.

To the River Olivia Laing, 2017-10-05 *To the River* is the story of the Ouse, the Sussex river in which Virginia Woolf drowned in 1941. One idyllic, midsummer week over sixty years later, Olivia Laing walked Woolf's river from source to sea. The result is a passionate investigation into how history resides in a landscape and how ghosts never quite leave the place

they love.

Am I Alone Here? Peter Orner,2016-10-25 This National Book Critics Circle Award is “an entrancing attempt to catch what falls between: the irreducibly personal, messy, even embarrassing ways reading and living bleed into each other, which neither literary criticism nor autobiography ever quite acknowledges.” —The New York Times “Stories, both my own and those I’ve taken to heart, make up whoever it is that I’ve become,” Peter Orner writes in this collection of essays about reading, writing, and living. Orner reads and writes everywhere he finds himself: a hospital cafeteria, a coffee shop in Albania, or a crowded bus in Haiti. The result is a book of unlearned meditations that stumbles into memoir. Among the many writers Orner addresses are Isaac Babel and Zora Neale Hurston, both of whom told their truths and were silenced; Franz Kafka, who professed loneliness but craved connection; Robert Walser, who spent the last twenty-three years of his life in a Swiss insane asylum, working at being crazy; and Juan Rulfo, who practiced the difficult art of silence. Virginia Woolf, Eudora Welty, Yasunari Kawabata, Saul Bellow, Mavis Gallant, John Edgar Wideman, William Trevor, and Václav Havel make appearances, as well as the poet Herbert Morris--about whom almost nothing is known. An elegy for an eccentric late father, and the end of a marriage, *Am I Alone Here?* is also a celebration of the possibility of renewal. At once personal and panoramic, this book will inspire readers to return to the essential stories of their own lives.

Loneliness: Human Nature and the Need for Social Connection John T. Cacioppo,William Patrick,2008-08-17 Based on groundbreaking research showing that prolonged loneliness can be as harmful to your health as smoking, *Loneliness* is “one of the most important books about the human condition to appear in a decade” (Daniel Gilbert, author of *Stumbling on Happiness*). University of Chicago social neuroscientist John T. Cacioppo pioneered research on the startling effects of loneliness: a sense of isolation or social rejection disrupts not only our ability to think and will power but also our immune systems, and can be as damaging as obesity or smoking. On the flip side, social connection can be a powerful therapy. Cacioppo’s sophisticated studies relying on brain imaging, analysis of blood pressure, immune response, stress hormones, behavior, and even gene expression show that human beings are simply far more intertwined and interdependent—physiologically as well as psychologically—than our cultural assumptions have ever allowed us to acknowledge. *Loneliness* traces the evolution of these tandem forces, showing how, for our primitive ancestors, survival depended not on greater brawn but on greater commitments to each other. Serving as a prompt to repair frayed social bonds, the pain of loneliness engendered a fear response so powerfully disruptive that even now, millions of years later, a persistent sense of rejection or isolation can impair DNA transcription in our immune cells. This disruption also impairs our

ability to read social signals and exercise social skills, as well as limits our ability to internally regulate our emotions—all of which can combine to trap us in self-defeating behaviors that reinforce the very isolation and rejection that we dread. Loneliness shows us how to overcome this feedback loop to achieve better health and greater happiness. As individuals and as a society, we have everything to gain, and everything to lose, in how well or how poorly we manage our need for social bonds.

Girl Reading Katie Ward,2011-05-05 An orphan poses nervously for a Renaissance maestro in medieval Siena, and an artist's servant girl in seventeenth-century Amsterdam snatches a moment away from her work to lose herself in tales of knights and battles. A woman reading in a Shoreditch bar catches the eye of a young man who takes her picture, and a Victorian medium holds a book that she barely acknowledges while she waits for the exposure.

Loneliness as a Way of Life Thomas Dumm,2010-05-01 "What does it mean to be lonely?" Thomas Dumm asks. His inquiry, documented in this book, takes us beyond social circumstances and into the deeper forces that shape our very existence as modern individuals. The modern individual, Dumm suggests, is fundamentally a lonely self. Through reflections on philosophy, political theory, literature, and tragic drama, he proceeds to illuminate a hidden dimension of the human condition. His book shows how loneliness shapes the contemporary division between public and private, our inability to live with each other honestly and in comity, the estranged forms that our intimate relationships assume, and the weakness of our common bonds. A reading of the relationship between Cordelia and her father in Shakespeare's King Lear points to the most basic dynamic of modern loneliness—how it is a response to the problem of the "missing mother." Dumm goes on to explore the most important dimensions of lonely experience—Being, Having, Loving, and Grieving. As the book unfolds, he juxtaposes new interpretations of iconic cultural texts—Moby-Dick, Death of a Salesman, the film Paris, Texas, Emerson's "Experience," to name a few—with his own experiences of loneliness, as a son, as a father, and as a grieving husband and widower. Written with deceptive simplicity, Loneliness as a Way of Life is something rare—an intellectual study that is passionately personal. It challenges us, not to overcome our loneliness, but to learn how to re-inhabit it in a better way. To fail to do so, this book reveals, will only intensify the power that it holds over us.

Catwoman: Lonely City (2021-) #1 Cliff Chiang,2021-10-19 Ten years ago, the massacre known as Fools' Night claimed the lives of Batman, The Joker, Nightwing, and Commissioner Gordon...and sent Selina Kyle, the Catwoman, to prison. A decade later, Gotham has grown up—it's put away costumed heroism and villainy as childish things. The new Gotham is cleaner, safer...and a lot less free, under the watchful eye of Mayor Harvey Dent and his Batcops. It's into this new city that Selina Kyle returns, a changed woman...with her mind on that one last big score: the secrets hidden inside the Batcave! She doesn't need the money—she just needs to know...who is "Orpheus"? Visionary creator Cliff Chiang (Wonder Woman, Paper Girls) writes, draws, colors, and letters the story of a world without Batman, where one woman's wounds threaten to

tear apart an entire city! It's an unmissable artistic statement that will change the way you see Gotham's heroes and villains forever!

Circles around the Sun Molly McCloskey, 2011-06-30 A true story of madness, addiction, and a sister's quest for her lost brother When Molly McCloskey was a young girl, her brother Mike - fourteen years her senior - started showing signs of paranoid schizophrenia. By the time Molly was old enough to begin to know him, he was frequently delusional, heavily medicated, living in hospitals or care homes or on the road. In *Circles around the Sun*, she tells Mike's story - which is also the story of her own demons and of how a seemingly perfect family slowly fell apart and, in the end, regrouped. It is a work of extraordinary intensity and drama from a wonderfully gifted writer. 'Every once in a while, a writer's voice hits such a clear note, the resulting book has the kind of sweetness that makes you hold it in your hands a moment before finding a place for it on your shelves. *Circles Around the Sun* is this kind of book: it's a keeper. A memoir of a schizophrenic brother, written with great care and simplicity, it is one of those stories that waited until its writer was ready to tell it.' Anne Enright, *Guardian* 'Brilliant, at times heartbreaking ... A remarkably courageous memoir that is as strange and rich as any fiction' *Irish Times* 'Devastating, beautifully written ... feels like one of those books the author simply had to get written' *Dazed & Confused* 'Her prose is tender, sometimes dreamlike, and yet rigorously truthful' Justine McCarthy, *Sunday Times* 'Brilliant ... *Circles around the Sun* is an extraordinary accounting of singular sorrows and no uncertain triumphs that should resonate for every reader with a family of their own' *Irish Times* 'There is a rare, uplifting honesty about this heartbreaking story' *Irish Independent*

Identity Unknown Donna Seaman, 2017-02-14 An award-winning writer rescues seven first-rate twentieth-century women artists from oblivion--their lives fascinating, their artwork a revelation. Who hasn't wondered where-aside from Georgia O'Keeffe and Frida Kahlo-all the women artists are? In many art books, they've been marginalized with cold efficiency, summarily dismissed in the captions of group photographs with the phrase identity unknown while each male is named. Donna Seaman brings to dazzling life seven of these forgotten artists, among the best of their day: Gertrude Abercrombie, with her dark, surreal paintings and friendships with Dizzy Gillespie and Sonny Rollins; Bay Area self-portraitist Joan Brown; Ree Morton, with her witty, oddly beautiful constructions; Lois Mailou Jones of the Harlem Renaissance; Lenore Tawney, who combined weaving and sculpture when art and craft were considered mutually exclusive; Christina Ramberg, whose unsettling works drew on pop culture and advertising; and Louise Nevelson, an art-world superstar in her heyday but omitted from recent surveys of her era. These women fought to be treated the same as male artists, to be judged by their work, not their gender or appearance. In brilliant, compassionate prose, Seaman reveals what drove them, how they worked, and how they were perceived by others in a world where women were subjects-not makers-of art. Featuring stunning examples of the artists' work, *Identity Unknown* speaks to all women about their neglected place in history and the challenges they face to be taken as seriously as men no matter what their chosen field-and to all men interested in women's lives.
