The Ones We're Meant to Find Joan He, 2021-05-04 A New York Times Bestseller An Indie Bestseller Perfect for fans of Marie Lu and E. Lockhart, The Ones We're Meant to Find is a gripping and heartfelt YA sci-fi with mind-blowing twists. Set in a climate-ravaged future, Joan He's beautifully written novel follows the story of two sisters, separated by an ocean, desperately trying to find each other. Cee has been trapped on an abandoned island for three years without any recollection of how she arrived, or memories from her life prior. All she knows is that somewhere out there, beyond the horizon, she has a sister named Kay, and it's up to Cee to cross the ocean and find her. In a world apart, 16-year-old STEM prodigy Kasey Mizuhara lives in an eco-city built for people who protected the planet and now need protecting from it. With natural disasters on the rise due to climate change, eco-cities provide clean air, water, and shelter. Their residents, in exchange, must spend at least a third of their time in stasis pods, conducting business virtually whenever possible to reduce their environmental footprint. While Kasey, an introvert and loner, doesn't mind the lifestyle, her sister Celia hated it. Popular and lovable, Celia much preferred the outside world. But no one could have predicted that Celia would take a boat out to sea, never to return. Now it's been three months since Celia's disappearance, and Kasey has given up hope. Logic says that her sister must be dead. But nevertheless, she decides to retrace Celia's last steps. Where they'll lead her, she does not know. Her sister was full of secrets. But Kasey has a secret of her own.

The Illusion of Will, Self, and Time Jonathan Bricklin, 2015-06-01 A Seminary Co-op Notable Book of 2016 William James is often considered a scientist compromised by his advocacy of mysticism and parapsychology. Jonathan Bricklin

argues James can also be viewed as a mystic compromised by his commitment to common sense. James wanted to believe in will, self, and time, but his deepest insights suggested otherwise. Is consciousness already there waiting to be uncovered and is it a veridical revelation of reality? James asked shortly before his death in 1910. A century after his death, research from neuroscience, physics, psychology, and parapsychology is making the case, both theoretically and experimentally, that answers James's question in the affirmative. By separating what James passionately wanted to believe, based on common sense, from what his insights and researches led him to believe, Bricklin shows how James himself laid the groundwork for this more challenging view of existence. The non-reality of will, self, and time is consistent with James's psychology of volition, his epistemology of self, and his belief that Newtonian, objective, even-flowing time does not exist.

It's Not Supposed to Be This Way Lysa TerKeurst, 2018-11-13 #1 NEW YORK TIMES BESTSELLER What do you do when God's timing seems questionable, his lack of intervention hurtful, and his promises doubtful? Lysa TerKeurst unveils her heart amid shattering circumstances, inviting you to live assured when life doesn't turn out like you expected. Life often looks so very different than we hoped or expected. Some events may simply catch us off guard for a season, but others shatter us completely. We feel disappointed and disillusioned at best and overwhelmed and hopeless at worst. We quietly start to wonder about the reality of God's goodness and why he allows us to suffer and experience grief and loss. Lysa TerKeurst understands this deeply. But after many tears, godly counseling, and prayerful seeking, she's also discovered that our disappointments can be the divine appointments our souls need to radically encounter God. In It's Not Supposed to Be This Way, Lysa invites us into her own journey of faith and, with grit, vulnerability, and honest humor, helps us to: Stop being pulled into the anxiety of disappointment by discovering how to better process unmet expectations and other painful situations. Train ourselves to recognize the three strategies of the enemy, so we can stand strong and persevere through unsettling relationships and uncertain outcomes. Discover the secret of being steadfast and not panicking when God actually does give us more than we can handle. Shift our suspicion that God is cruel or unfair to the biblical assurance that God is protecting and preparing us. Know how to encourage a friend and help her navigate hard realities with real help from God's truth, the Bible. Look for additional biblically based resources and devotionals from Lysa: Good Boundaries and Goodbyes

Forgiving What You Can't Forget Uninvited You're Going to Make It Embraced Seeing Beautiful Again

Maybe in Another Life Taylor Jenkins Reid, 2015-07-07 From the New York Times bestselling author of *The Seven Husbands of Evelyn Hugo* A People Magazine Pick * US Weekly "Must" Pick * Named "Best Book of the Summer" by Glamour * Good Housekeeping * USA TODAY * Cosmopolitan * PopSugar * Working Mother * Bustle * Goodreads A breathtaking new novel about a young woman whose fate hinges on the choice she makes after bumping into an old flame; in alternating chapters, we see two possible scenarios unfold—with stunningly different results. At the age of twenty-nine, Hannah Martin still has no idea what she wants to do with her life. She has lived in six different cities and held countless meaningless jobs since graduating college. On the heels of leaving yet another city, Hannah moves back to her hometown of Los Angeles and takes up residence in her best friend Gabby's guestroom. Shortly after getting back to town, Hannah goes out to a bar one night with Gabby and meets up with her high school boyfriend, Ethan. Just after midnight, Gabby asks Hannah if she's ready to go. A moment later, Ethan offers to give her a ride later if she wants to stay. Hannah hesitates. What happens if she leaves with Gabby? What happens if she leaves with Ethan? In concurrent storylines, Hannah lives out the effects of each decision. Quickly, these parallel universes develop into radically different stories with large-scale consequences for Hannah, as well as the people around her. As the two alternate realities run their course, *Maybe in Another Life* raises questions about fate and true love: Is anything meant to be? How much in our life is determined by chance? And perhaps, most compellingly: Is there such a thing as a soul mate? Hannah believes there is. And, in both worlds, she believes she's found him.

That Will Never Work Marc Randolph, 2019-09-17 In the tradition of Phil Knight's *Shoe Dog* comes the incredible untold story of how Netflix went from concept to company - all revealed by co-founder and first CEO Marc Randolph. Engaging and insightful. --Reed Hastings, CEO of Netflix As the founding CEO, Marc Randolph's leadership defined the culture of Netflix and laid the groundwork for successive, global revolutions in how we make and consume entertainment. --Gina Keating, author of *Netflixed: The Epic Battle for America's Eyeballs* Charming, fascinating and very funny. If you've ever wondered how to turn an idea into a global household name, Marc Randolph will demystify the world of Silicon Valley start-ups, and make you laugh a lot along the way. --Decca Aitkenhead, *The Sunday Times* A charming first-person account of the early days of one of the most successful tech start-ups ever. An engaging read that will engross any would-be entrepreneur. --The Washington Post Once upon a time, brick-and-mortar video stores were king. Late fees were ubiquitous, video-streaming unheard of, and widespread DVD adoption seemed about as imminent as flying cars. These were the widely accepted laws of the land in 1997 when Marc Randolph had an idea. It was a simple thought - leveraging the internet to rent movies - and was just one of many more proposals, like personalised baseball bats and a shampoo delivery service, that Randolph would pitch to his business partner, Reed Hastings, on their commute to work each morning. But Hastings was intrigued, and the pair - with Hastings as the primary investor and Randolph as the CEO - founded a company. Now with over 150 million subscribers,

Netflix's triumph feels inevitable but the twenty-first century's most disruptive start-up began with few believers and calamity at every turn. From having to pitch his own mother on being an early investor, to the motel conference room that served as a first office, to server crashes on launch day, to the now-infamous meeting when they pitched Blockbuster to acquire them, Marc Randolph's transformational journey exemplifies how anyone with grit, gut instincts and determination can change the world - even with an idea that many think will never work. What emerges, however, isn't just the inside story of one of the world's most iconic companies. Full of counter-intuitive concepts and written in binge-worthy prose, it answers our most fundamental questions about taking that leap of faith in business or in life: How do you begin? How do you weather disappointment and failure? How do you deal with success? What even is success? From idea generation to team building to knowing when it's time to let go, *That Will Never Work* is not only the ultimate follow-your-dreams parable but also one of the most dramatic and insightful entrepreneurial stories of our time. Marc wastes no time cutting through the noise. He understands what is important whether it is your product, your marketing, or your business plan. A remarkable and one of a kind visionary. --Mitch Lowe, founder of RedBox and CEO of MoviePass An entertaining chronicle of creativity, luck, and unflagging perseverance. --Kirkus
