English as a Local Language Christina Higgins,2009-07-08 When analyzed in multilingual contexts, English is often treated as an entity that is separable from its linguistic environment. It is often the case, however, that multilinguals use English in hybrid and transcultural ways. This book explores how multilingual East Africans make use of English as a local resource in their everyday practices by examining a range of domains, including workplace conversation, beauty pageants, hip hop and advertising. Drawing on the Bakhtinian concept of multivocality, the author uses discourse analysis and ethnographic approaches to demonstrate the range of linguistic and cultural hybridity found across these domains, and to consider the constraints on hybridity in each context. By focusing on the cultural and linguistic bricolage in which English is often found, the book illustrates how multilinguals respond to the tension between local identification and dominant conceptualizations of English as a language for global communication.

Language, Globalization and the Making of a Tanzanian Beauty Queen Sabrina Billings,2013-11-29 Through micro-analysis of language use, this book chronicles young women's pathways to becoming a Tanzanian beauty queen, offering an original perspective on the intersection of language with globalization, nationalism, and inequality in urban East Africa. This compelling linguistic ethnography considers the real-life effects, both on- and off-stage, of language policy, education, and gender dynamics for the women competing in the pageants. While highlighting many contestants' struggles for escape from poverty and patriarchy, the book also emphasizes their creative strategies - linguistic and otherwise - for bettering their lives and shows how people living in a global economic periphery take part in, and sometimes feel left out of, the wider world.

The Most Beautiful Girl in the World Sarah Banet-Weiser,2023-04-28 Sarah Banet-Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual. She focuses on the Miss America pageant in particular, considering its claim to be an accurate representation of the diversity of contemporary American women. Exploring the cultural constructions and legitimations that go on during the long process of the pageant, Banet-Weiser depicts the beauty pageant stage as a place where concerns about national identity, cultural hopes and desires, and anxieties about race and gender are crystallized and condensed. The beauty pageant, she convincingly demonstrates, is a profoundly political arena deserving of serious study. Drawing on cultural criticism, ethnographic research, and interviews with pageant participants and officials, *The Most Beautiful Girl in the World* illustrates

how contestants invent and reinvent themselves while articulating the female body as a national body. Banet-Weiser finds that most pageants are characterized by the ambivalence of contemporary liberal feminism, which encourages individual achievement, self-determination, and civic responsibility, while simultaneously promoting very conventional notions of beauty. The book explores the many different aspects of the Miss America pageant, including the swimsuit, the interview, and the talent competitions. It also takes a closer look at some extraordinary Miss Americas, such as Bess Myerson, the first Jewish Miss America; Vanessa Williams, the first African American Miss America; and Heather Whitestone, the first Miss America with a disability. Sarah Banet-Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual. Memories of a Future Home Lok Siu, 2007-08-06 While the history of Asian migration to Latin America is well documented, we know little about the contemporary experience of diasporic Asians in this part of the world. *Memories of a Future Home* offers an intimate look at how diasporic Chinese in Panama construct a home and create a sense of belonging as they inhabit the interstices of several cultural-national formations—Panama, their nation of residence; China/Taiwan, their ethnic homeland; and the United States, the colonial force. Juxtaposing the concepts of diaspora and citizenship, this book offers an innovative framework to help us understand how diasporic subjects engage the politics of cultural and political belonging in a transnational context. It does so by examining the interaction between continually shifting geopolitical dynamics, as well as the maneuvers undertaken by diasporic people to negotiate and transform those conditions. In essence, this book explores the contingent citizenship experienced by diasporic Chinese and their efforts to imagine and construct home in diaspora.

Uncover Your Message Natsuyo N. Lipschutz, 2024-07-23 Written by a non-native English-speaking professional

speaker with over 20 years of international consulting experience, this book lays out a step-by-step process to improve cross-cultural communication skills and achieve a strong global presence. Every year, organizations lose money, time, and people due to poor or inefficient cross-cultural communication – and this can be as easily between departments or individuals within an organization as across oceans. To tackle this widespread problem, Natsuyo N. Lipschutz developed the 3-step process she calls the “3As” (Acknowledge, Analyze, Adapt), using a unique multilayered approach: cross-culture × logical thinking × storytelling. Using the 3As process, readers will improve their awareness of cultural differences and learn analytical and logical thinking skills to zero in on their own unique message, tell persuasive stories, and ultimately get their messages not only clearly heard but acted upon in a culturally diverse global business environment. Filled with lessons and real-life stories from global companies and executives who benefited from Natsuyo’s guidance, this book will appeal to any business leader who needs to communicate with a diverse range of stakeholders, whether in a different country or a different team, to persuade and succeed.

Beauty, Virtue, Power, and Success in Venezuela 1850–2015 Elizabeth Gackstetter Nichols, 2016-08-17 *Beauty, Virtue, Power, and Success in Venezuela 1850–2015* examines the societal duty of Venezuelan women to display and perform their inner virtue and worth through careful management of their outer physical appearance in four historical moments: 1850–1890, 1910–1950, 1960–1990, and 2000–2015. Since the early 1800’s, Venezuelan women—and more specifically, their bodies—have served as physical symbols of homeland, honor, and morality. Nichols contextualizes her study socially and historically by examining the impact of cultural phenomena like nineteenth-century eugenics, scientific motherhood, popular and elite literature, film, beauty pageants, and plastic surgery. This book tells the story of how Venezuelan women have learned to exercise and perform to societal expectations of beauty. Recommended for scholars of Latin American studies, women’s studies, gender studies, sociology, and history.

Dance Circles Hélène Neveu Kringelbach,2013-11-01 Senegal has played a central role in contemporary dance due to its rich performing traditions, as well as strong state patronage of the arts, first under French colonialism and later in the postcolonial era. In the 1980s, when the Senegalese economy was in decline and state funding withdrawn, European agencies used the performing arts as a tool in diplomacy. This had a profound impact on choreographic production and arts markets throughout Africa. In Senegal, choreographic performers have taken to contemporary dance, while continuing to engage with neo-traditional performance, regional genres like the sabar, and the popular dances they grew up with. A historically informed ethnography of creativity, agency, and the fashioning of selves through the different life stages in urban Senegal, this book explores the significance of this multiple engagement with dance in a context of economic uncertainty and rising concerns over morality in the public space.

Beauty Queens on the Global Stage Colleen Ballerion Cohen,Richard Wilk,Beverly Stoeltje,2013-09-13 Modern beauty contests were invented by P.T. Barnum in the United States, but in the 20th century pageants and contests have spread across the entire world from Nepal to Tierra Del Fuego. Why are women (and sometimes men in drag) parading on stage such a universally appealing spectacle, attracting an audience in the billions? This book is the first global comparison of pageants from different parts of the world, at the ways each contest is both intensely local and unique, and simultaneously global and remarkable repetitious. The authors use the latest tools of feminist, ethnographic, and literary scholarship to unpack and interpret one of the greatest and most universal spectacles of modern times.

Contemporary Feminist Theatres Lizbeth Goodman,2003-09-02 A much-needed analysis of the development of feminist theatre in different cultures and on several continents in the past quarter-century.

The Most Beautiful Girl in the World Sarah Banet-Weiser, 1999-09-30 This is work in the best tradition of cultural analysis, refashioning a seemingly banal cultural object into a newly complicated and eye-opening thing.

Feminist Figure Girl Lianne McTavish, 2015-01-08 Analyzes the author's transformation from academic to figure competitor. *Feminist Figure Girl* chronicles the transformation of art history professor Lianne McTavish, from a university professor into an extraordinarily tanned and crystal-encrusted bikini-wearing "figure girl." Figure competitions seek a softer appearance than traditional forms of bodybuilding but still require rigorous weightlifting, an extreme protein diet, and many hours of posing in high heels. While training for a figure show, McTavish combined autoethnographic methods, participant observation, and feminist theory to find new ways of thinking about physique culture and the female body. The author, who specializes in critical visual culture and the history of the body, explores such contemporary issues as body image, fat studies, identity politics, and "postfeminism," while rethinking fitness culture, diet regimes, feminist politics, reproductive activism, performance art, and the social function of photography. Written in a lively personal style reminiscent of McTavish's popular blog, she clearly explains the complex ideas stemming from the theoretical work of such writers as Judith Butler, Simone de Beauvoir, Michel Foucault, Iris Marion Young, Edmund Husserl, and Maurice Merleau-Ponty. The book also includes many photos documenting McTavish's physical transformation. "Dieting and exercising with the goal of posing onstage in a bikini and heels is not what many think of when they think of feminism, but then those people have never read *Feminist Figure Girl*. Lianne McTavish brings figure competitions and feminism "two seemingly opposed things" together

in this intellectually challenging, deeply personal book. This is a must read for anyone with a passion for feminism and fitness. □ □ Caitlin Constantine, editor of the Fit and Feminist blog

Connecting and Distancing Ho Khai Leong, 2009 Connecting and distancing have been two prominent themes permeating the writings on the historical and contemporary developments of the relationship between Southeast Asia and China. As neighbours, the nation-states in Southeast Asia and the giant political entity in the north communicated with each other through a variety of diplomatic overtures, political agitations, and cultural nuances. In the last two decades with the rise of China as an economic powerhouse in the region, Southeast Asia's need to connect with China has become more urgent and necessary as it attempts to reap the benefit from the successful economic modernization in China. At the same time, however, there were feelings of ambivalence, hesitation and even suspicions on the part of the Southeast Asian states vis-a-vis the rise of a political power which is so less understood or misunderstood. The contributors of this volume are authors of various disciplinary backgrounds: history, political science, economics and sociology. They provide a spectrum of perspectives by which the readers can view Sino-Southeast Asia relations.

Self-Compassion in Psychotherapy: Mindfulness-Based Practices for Healing and Transformation Tim

Desmond, 2015-11-16 Applying the art and science of self-compassion to day-to-day therapy work. This lucidly written guide integrates traditional Buddhist teachings and mindfulness with cutting-edge science from several distinct fields—including neurobiology, cognitive neuroscience, psychotherapy outcome research, and positive psychology—to explain how clinicians can help clients develop a more loving, kind, and forgiving attitude through self-compassion. The practice of self-compassion supports effective therapy in two vital ways: (1) It helps clients become a source of compassion for themselves; and (2) it helps therapists be happier and generate more compassion for their clients. Researchers now understand that self-compassion is a skill that can be strengthened through deliberate practice, and that it is one of the strongest predictors of mental health and wellness. The brain's compassion center, which neuroscientists call the Care Circuit, can be targeted and fortified using specific techniques. Filled with illuminating case examples, *Self-Compassion in Psychotherapy* shows readers how to apply self-compassion practices in treatment. The first two chapters illuminate what self-compassion is, the science behind it, and why it is so beneficial in therapy. The rest of the book unpacks practical clinical applications, covering not only basic clinical principles but also specific, evidence-based techniques for building affect tolerance, affect regulation, and mindful thinking, working with self-criticism, self-sabotage, trauma, addiction, relationship problems, psychosis, and more, and overcoming common roadblocks. Readers do not need to have any background in mindfulness in order to benefit from this book. However, those that do will find that self-compassion practices have the capacity to add new layers of depth to mindfulness-based therapies such as Dialectical Behavior Therapy (DBT), Acceptance and Commitment Therapy (ACT),

Mindfulness-Based Stress Reduction (MBSR), and Mindfulness-Based Cognitive Therapy (MBCT).
