The JFK Assassination Dissected Cyril H. Wecht, M.D., J.D., Dawna Kaufmann, 2021-11-22 Since President John F. Kennedy's 1963 murder in Dallas, medical examiner and lawyer Dr. Cyril Wecht was initially inclined to accept the official theory that one person alone was responsible for the crime. But as Wecht delved into the evidence with boundless curiosity and unprecedented access, he came to understand that America had, instead, suffered a coup d'etat at the hands of rogue elements within our own government. Nobody else has Wecht's up-close and personal experience in uncovering the facts behind this assassination--and now he is sharing it with the world. Co-authored by investigative journalist Dawna Kaufmann, this comprehensive book reveals Wecht's analyses of the case's forensic and medical evidence. With his keen eye and sharp tongue, Wecht wields his scalpel on JFK's dubious autopsy report, the inept Warren Commission Report, the mishandling of crucial materials, all of the key players, and the media malpractice that has allowed the truth to remain hidden for nearly six decades.

Best Evidence Michael Schmicker, 2002-03-27 a dazzling journey into one of the most important areas of science that has ever existed - Dr. Larry Dossey MD, New York Times best-selling author of Reinventing Medicine. Best Evidence is indeed one - if not the best itself - of the major books explaining and offering proof that psi phenomena are here to stay whether we like it or not - Fred Alan Wolf, Ph.D, physicist and National Book Award winning author of Mind Into Matter, Taking the Quantum Leap. My highest recommendation not just one but a half-dozen astounding stories, any one of which can change the way we think about the nature of reality - Dean Radin, Ph.D, author of The Conscious Universe: The Scientific Truth of Psychic Phenomena. an important book - Edgar Mitchell, Apollo 14 astronaut and author of Way of the Explorer: Psychic Exploration For skeptics and cautious believers alike, a splendid introduction to 'impossible phenomena that refuse to

disappear' - Stanley Krippner, Ph.D, Co-Editor, *Varieties of Anomalous Experience: Examining the Scientific Evidence*. Hard line skeptics won't be pleased, but Schmicker has done his homework an excellent survey of the strongest evidence - Marcello Truzzi, Ph.D, Center for Scientific Anomalies Research

The Girl on the Stairs Barry Ernest, 2018-07-20 Victoria Elizabeth Adams worked on the fourth floor of the Texas School Book Depository in 1963. She was on the back staircase of the building at the precise moment that Lee Harvey Oswald -- according to the Warren Commission's account -- was making his escape. Yet, Adams saw and heard no one. This is the story -- both frightening and fascinating -- about a journey to seek the truth in the assassination of Pres. John F. Kennedy. After a three-decade quest and an array of obstacles, investigative journalist Barry Earnest brings the full account of the girl on the stairs to life--Back cover

The JFK Assassination Revisited James V. Rinnovatore, Allan Eaglesham, 2014-03-06 James Rinnovatore and Allan Eaglesham provide proof that President Kennedy's body was in the Bethesda morgue well before the motorcade from Andrews Air Force Base arrived at the entrance to Bethesda Naval Hospital carrying the bronze casket in which the body had been placed at Parkland Hospital, Dallas. The casket was empty at this time, as it had been when it was placed in a gray navy ambulance for transportation from Andrews to Bethesda. The body had been removed from the bronze casket while Lyndon Johnson was being sworn in as president before Air Force One left Love Field. The purpose of the early arrival of the body at the Bethesda morgue was to alter the wounds, which had been found to be frontal by the doctors at Parkland. The wounds had to be reversed in order to implicate a lone assassin Lee Harvey Oswald shooting from the Texas School Book Depository. New information is provided regarding pre-autopsy photographs and exclusion of FBI agents from the autopsy room to prevent their discovery of the body there. Also provided are analyses of the reports of the Warren Commission, the HSCA, and the ARRB, of who planned the assassination, and the case for two Oswalds. *www.manuscriptservice.com/DarkCorners/

Inside the Assassination Records Review Board, Volume I (1 Of 5) Douglas P. Horne, 2009-11 VOLUME 1 of 5: Douglas Horne served on the staff of the President John F. Kennedy Assassination Records Review Board (ARRB) during the final three years of its four-year lifespan, from 1995 to 1998, and is the first U.S. government official involved with the medical evidence to allege a coverup in President Kennedy's autopsy, and in the creation of the autopsy photographs and x-rays. This book, the product of over 13 years of writing and research, provides the best explanation yet offered of the true nature of the medical coverup in the assassination of John F. Kennedy, and does so in meticulous detail, with scrupulous use of primary source material. It incorporates the latest information---much of it new evidence not revealed elsewhere---gleaned from the ARRB's depositions and interviews of medical witnesses, conducted from 1996 to 1998. With precise accuracy, and with a relentless focus on the massive fraud uncovered in the official records of the 35th President's assassination, Horne presents a persuasive case that the assassination of JFK was an inside job, a true coup d'etat in America, that was ruthlessly

and brazenly covered up by those who 'broke the back of the American century' in Dallas on November 22, 1963. IN VOLUME ONE, THE AUTHOR EXPLAINS THE ORIGINS AND PURPOSE OF THE ASSASSINATION RECORDS REVIEW BOARD (ARRB), AND RELATES HOW HE CAME TO JOIN THAT EFFORT IN 1995. HE PRESENTS AN OVERVIEW OF THE MAJOR CONFLICTS WITHIN THE MEDICAL EVIDENCE IN THE JFK CASE, AND TAKES THE READER INSIDE THE ARRB TO WITNESS ITS DEPOSITIONS OF THE THREE MILITARY PATHOLOGISTS WHO PERFORMED JFK'S AUTOPSY. HE COMMENCES HIS LONG EXAMINATION OF THE MANY PROBLEMS WITH THE COLLECTION OF AUTOPSY PHOTOGRAPHS IN THE NATIONAL ARCHIVES (WHICH IS CONCLUDED IN VOLUME TWO). ALL OF THE NINETY (90) ILLUSTRATIONS FOR THE FIVE VOLUME SET ARE INCLUDED IN VOLUME ONE. (Second Printing---with corrections entered---now for sale.)

The JFK Assassination James DiEugenio, 2018-05-01 In this updated and revised edition, James DiEugenio dissects the new Oscar-nominated film, *The Post*, and how it disingenuously represents the Pentagon Papers saga, to the detriment of the true heroes of the operation. The story of the film stems from the failed attempt of Academy Award-winning actor Tom Hanks and producer Gary Goetzman to make Vincent Bugliosi's mammoth book about the Kennedy assassination, *Reclaiming History*, into a miniseries. He exposes the questionable origins of *Reclaiming History* in a dubious mock trial for cable television, in which Bugliosi played the role of an attorney prosecuting Lee Harvey Oswald for murder, and how this formed the basis for the epic tome. *JFK: The Evidence Today* lists the myriad problems with Bugliosi's book and explores the cooperation of the mainstream press in concealing many facts during the publicity campaign for the book and how this lack of scrutiny led Hanks and Goetzman—cofounders of the production company Playtone—to purchase the film rights. DiEugenio then shows how the failed film adapted from that book, entitled *Parkland*, does not resemble Bugliosi's book and examines why. This book reveals the connections between Washington and Hollywood, as well as the CIA influence in the film community today. It includes an extended look at the little-known aspects of the lives and careers of Bugliosi, Hanks, and Goetzman. *JFK: The Evidence Today* sheds light on the Kennedy assassination, New Hollywood, and political influence on media in America.

The President's Mortician Tim Fleming, 2013-10 Largely unknown to history, John Liggett was one of the most macabre and gruesome figures of the 20th century. A skilled undertaker and body reconstructionist, he was also a contract killer with furtive intelligence connections. Liggett's actions on November 22, 1963, speak to the sinister role he may have played in helping plotters cover up the true nature of President John F. Kennedy's murder. But Liggett's secret work is not done. One summer night young Conrad Con Reese, Jr., while peeping in his neighbor's window, witnesses the horrifying murder of Nancy Weirshellen. Nancy's husband, Ed, is wrongly convicted of the murder, and, though Con knows Ed is not the murderer, ashamed of his actions on that night, he does not come forward to tell his story to authorities. As he grows older,

Con feels deep remorse for allowing an innocent man to be convicted of murder, and he retains a clear image of the real murderer in his memory. With the help of a journalist friend, Durrell Abbie Monroe, Con learns that Liggett has suspicious connections to the JFK assassination and was also Nancy Weirshellen's murderer. Ed escapes custody, aided by Con and Abbie. The friends reveal the identity of Nancy's murderer to Ed, thus sending him on a deadly search for Liggett. Interwoven with riveting facts and enthralling historical fiction, *The President's Mortician* reveals the true nature of the plot to kill our nation's 35th president, and how that deed was covered up in the most diabolical and clever way imaginable.

Kaleidoscope Harrison Edwards Livingstone, 2012-11-13 This is the new line. The JFK case is solved, and has been for a long time. The JFK case is really very simple. I know that may sound ridiculous to many who have studied the mystery, but most of us began that study on the wrong footing and did not understand that underlying the alleged evidence was a massive sham and shell game designed to get us off the track. Once derailed, it has seemed impossible to solve: the case. In order to think clearly about it, we must sweep away and throw out a great deal of trash, often deliberately put there to screw us up. Conspiracies do things like that to cover the truth. There are three shell games—the original one; a second that soon followed the assassination soon run by a group who provided leadership for the so-called research community that proclaimed the murder was a conspiracy, and, often keeping their true agendas and provenance secret, played a game with true facts in the evidence while either sabotaging it, or actually tying everyone up in knots with puzzles and games. The horrid truth is that far too much of the conflict and disputes about evidence were staged to make us appear to retain a semblance of democracy after Kennedy was gone through a violent overthrow of his administration. The third shell game followed the murder by 18 years, and was inserted by novelist David S. Lifton. This was the most destructive of all, and it still plays a rôle in the controversy, creating vastly more controversy, and now threatens to close down any further inquiry whatsoever due to the age of the case, the death of key witnesses, and ennui in the new generation.

A Farewell to Justice Joan Mellen, 2005 Breaking their silence, witnesses expose a cover-up in JFK's assassination

Destiny Betrayed James DiEugenio, 1992 A comprehensive study of New Orleans District Attorney Jim Garrison's relentless and controversial investigation into the assassination of John F. Kennedy and his prosecution of Clay Shaw, the only person ever indicted for the murder of JFK. *Destiny Betrayed* incorporates new research and documentation never before revealed in print. Illustrated.

At the Cold Shoulder of History James Curtis Jenkins, William Matson Law, 2018 *At the Cold Shoulder of History* gives an in-depth look at what happened in the aftermath of President John F. Kennedy's assassination. One of the only living participants in President Kennedy's autopsy now comes forward after almost 54 years of silence and speaks about what truly took place inside of the morgue at Bethesda Naval Hospital on the night of November 22, 1963. Jenkins gives a detailed account about the procedures performed on the President's remains. What he learned that night led him to believe there was

a conspiracy in the murder of the 35th President of the United States and caused him to undertake his own personal journey into the labyrinth of the assassination.

Kill Zone Craig Roberts, 2014-01-11 In 1997, former U.S. Marine sniper Craig Roberts, a seasoned veteran of the Vietnam war, stood for the first time at the 6th floor sniper's nest window of the Texas School Book Depository. As he looked down into what the U.S. Government maintains was the kill zone used by Lee Harvey Oswald, he immediately knew that the Warren Commission's verdict--that Lee Harvey Oswald, acting alone from that position, fired three shots in 5.6 seconds from a bolt-action rifle, with the fatal head shot being the last fired--was a lie. Why? Because Roberts, a combat experienced marksman, knew that he could not have duplicated Oswald's supposed feat--even if armed with the much more modern sniper rifle he used with devastating accuracy in Vietnam. At that moment, Roberts, a 20 year veteran police officer, investigator, and recognized authority on sniping, began an investigation that would last six years, take him into the shadow world of clandestine intelligence operations--and beyond--to discover the existence of a sinister organization that resides far above the CIA, KGB, the Mafia, and even government itself. An entity so powerful that, the elimination of a country's leader was little more than business as usual.

Who Killed Kennedy James Stevens, David Bishop, 1996 Written in the style of a journalistic exposé, this book takes a humorous yet informative look at the UN IT years of Doctor Who. The Doctor's ever-popular nemesis, the Master, is featured in the action. '

Betrayal Hugh Clark, William Matson Law, 2016-11-07 The amazing story that William Law has documented with his historical interviews helps us to understanding our true history. This compelling information shreds the official narrative. In 2015, Law and fellow researcher Phil Singer got together the medical corpsman, who had been present at Bethesda Naval Hospital for President Kennedy's autopsy with some of the official honor guard, who had delivered the president's coffin. What happened next was extraordinary. The medical corpsmen told the honor guards that they had actually received the president's body almost a half-hour before the honor guard got there. The honor guard couldn't believe this. They had met the president's plane at Andrews, taken possession of his casket and shadowed it all the way to Bethesda. The two sides almost broke into fistfights, accusing the other of untruths. Once it was sifted out, and both sides came to the understanding that each was telling their own truths of their experience that fateful day, the feelings of betrayal experienced by the honor guards was deep and profound. This is dynamic first person testimony.

Rush to Judgment Mark Lane, 2013-10-15 Rush to Judgment is Mark Lane's seminal work on the assassination of President John F. Kennedy. This groundbreaking number one bestseller opening the eyes of the people of the United States to the possibility that their government was involved in a cover-up of monumental proportions. In his mesmerizing book Lane explores the Warren Report's conclusion that Lee Harvey Oswald was the lone assassin despite overwhelming evidence to the

contrary. Lane's exhaustive investigation provides a roadmap to the body of evidence about the assassination. By interviewing witnesses throughout the country, comparing each of the Report's conclusions with its own corresponding evidence, and searching through the 26 volumes of evidence the President's Commission collected and thousands of documents found only in the National Archive in Washington, D.C., Lane truthfully investigates the assassination. Meticulously detailed, with over 4,000 citations, yet immensely compelling, *Rush to Judgment* is an expose that set forth cataclysmic ripples through the fabric of our nation. This work, still unparalleled after 50 years and scores of other explorations, is where it all began. No serious study of that event is complete without it.

Legacy of Secrecy Lamar Waldron, 2010-05 *Legacy of Secrecy* tells the full story of JFK's murder and the tragic results of the cover-ups that followed, as revealed by two dozen associates of John and Robert Kennedy, backed by thousands of files at the National Archives. The result of twenty years of research, it finally tells the full story long withheld from Congress and the American people.
