Kelly Fritsch, Jeffrey Monaghan, Emily van der Meulen

Diversity, Crime, and Justice in Canada Barbara Perry, 2021-11-17 Diversity, Crime, and Justice in Canada 3e is a contributed text edited by hate-crime specialist Barbara Perry, bringing together the country's leading scholars to address issues of inequality as they intersect with crime and social justice.

Diversity, Crime, and Justice in Canada Barbara Jean Perry, 2018 In Diversity, Crime, and Justice in Canada hate-crime specialist Barbara Perry brings together 17 of the country's leading scholars to address issues of inequality as they intersect with crime and social justice. Students will discover how collective identities--not just of race, class, and gender, but of religion, ability, sexuality, age--play a crucial part in determining the nature of an individual's encounter with the criminal justice system. Integrating themes of history and context, power and powerlessness, and social and political action throughout, the text examines the concept of difference, the specific issues that different groups face with respect to the justice system, and the kinds of reform necessary to mitigate inequalities. Thoroughly updated throughout, the second edition includes new pedagogical features that immerse students in the practicalities of criminal and social justice. The Making a Difference activity at the end of each chapter encourages students to create social change, and the new Case Study boxes explore a range of current and historical cases. The addition of a striking new visual program ensures that the second edition of Diversity, Crime, and Justice in Canada will be an invaluable resource for any course that examines social inequality in relation to the Canadian criminal justice system.--Provided by publisher.

Diversity in Criminology and Criminal Justice Studies Derek M.D. Silva, Mathieu Deflem, 2022-05-12 This volume explores the theoretical and methodological maturity and diversity in reflexive accounts of criminology and criminal justice in a number of areas, such as and teaching and research in criminology, queer criminology, the intersections of race and gender, indigeneity and decolonization, domestic violence and human rights.

Criminal Injustice Robynne Neugebauer, 2000-01-01 This volume examines racism within the process of criminal justice. In every society criminal justice plays a key role establishing social control and maintaining the hegemony of the dominant economic classes. The contributors to this anthology argue that the differential treatment of people of colour and First Nations peoples is due to systemic racism within all levels of the criminal justice system, which serves these dominant classes. Ideological and cultural changes are preconditions for the success of anti-racist policies and practices within the

criminal justice system and within other state institutions. Recommendations for transformations in justice policy and practice are provided.

Racialization, Crime, and Criminal Justice in Canada Wendy Chan, Dorothy Chunn, 2014-04-29 Race still matters in Canada, and in the context of crime and criminal justice, it matters a lot. In this book, the authors focus on the ways in which racial minority groups are criminalized, as well as the ways in which the Canadian criminal justice system is racialized. Employing an intersectional analysis, Chan and Chunn explore how the connection between race and crime is further affected by class, gender, and other social relations. The text covers not only conventional topics such as policing, sentencing, and the media, but also neglected areas such as the criminalization of immigration, poverty, and mental illness.

Crimes of Colour Wendy Chan, Kiran Mirchandani, 2002 The essays in this collection explore the link between race and crime in the Canadian context, examining how individuals are racialized in the legal system, and describing how racialized groups and individuals are criminalized.

Disability Injustice Kelly Fritsch, Jeffrey Monaghan, Emily van der Meulen, 2022-02-15 Ableism is embedded in Canadian criminal justice institutions, policies, and practices, making incarceration and institutionalization dangerous – even deadly – for disabled people. *Disability Injustice* brings together highly original work by a range of scholars and activists who explore disability in the historical and contemporary Canadian criminal justice system. The contributors confront challenging topics such as eugenics and crime control; the pathologizing of difference as deviance; processes of criminalization based on discretionary, biased approaches to physical and mental health; and the role of disability justice activism in contesting longstanding discrimination and exclusion. Weaving together disability and sociolegal studies, criminology, and law, *Disability Injustice* examines disability in contexts that include policing and surveillance, sentencing and the courts, prisons and other carceral spaces, and alternatives to confinement. This provocative collection highlights how, with deeper understanding of disability, we can and should challenge the practices of crime control and the processes of criminalization.

Criminal Justice in Canada Michelle G. Grossman, Julian V. Roberts, 2004

Canadian Criminal Justice Policy Karim Ismaili, Kimberly N. Varma, Jane B. Sprott, 2012-05-18 Written by a team of experts from across the country, this original collection begins with an introduction to the Canadian criminal justice system followed by two parts: the first focusing on specific areas of the criminal justice system in light of the policy surrounding it and the second examining crime policy as it relates to a range of policy areas such as immigration, welfare, and technology. Current and comprehensive, this innovative volume uncovers the process and participants involved in shaping criminal justice policy, while linking crime policy and democratic governance in Canada to broader institutional, cultural, and global criminal justice trends.

Crime and Inequality, 2017-09 This book is intended to provide critical readings for criminology courses. The authors

all see crime as both a social and a political process. That is, what comes to be defined as criminal, how society responds to crime and why individuals become entangled in the criminal justice system are often the result of individual and systemic social inequalities. That is crime and the CJS both produce and reproduce class, race and gender inequalities in society. The chapters in this book take up a number of empirical, theoretical and substantive issues in criminology and mostly focus on Canada. These include wrongful convictions (which are most likely to ensnare people who are on the margin of society), how the police and other representatives of the CJS operate within an institutional and cultural context that, by and large, sees racialized Canadians as most likely to be criminal, that youth crime is really a criminalization of young people who are poor and Indigenous, as well as connecting terrorism to the dynamics of neoliberal capitalism, among others.

Culture, Diversity, and Criminal Justice Alex Workman, Ranya Kaddour, Patricia M. Griffin, 2023-05-23 This groundbreaking textbook engages readers in conversation about responding to the effects of diversity within formal criminal justice systems in Westernized nation-states. Moving past a binary concept of diversity that involves only race and gender, this book elaborates upon a wide variety of other forms of diversity, including sexuality, disability, mental health, gendered identity, refugees, the young and the ageing, and culturally and linguistically diverse (CALD) peoples, with an awareness of how intersecting identities make some people more vulnerable than others. With reported statistics providing only a snapshot of the incongruent experiences of diverse minorities in contact with criminal justice systems, there is a clear need for nuanced training and accessible information regarding diversity in criminal justice. The book examines diversity in terms of both criminal justice agents and justice-involved individuals such as people in prison, those convicted of crimes, the victimized, and the community. This volume brings together a group of international scholars to articulate on each of the identified populations, examining the effect of culture and diversity on criminal justice outcomes and outlining how those diverse perspectives can improve criminal justice service delivery overall. Incorporating case studies, reflections, and activity questions, this book is a valuable resource for courses in criminology, criminal justice, corrections, and law enforcement, and is ideal for any program focusing on multiculturalism and diversity in criminal justice. Scholars, researchers, and professionals will also benefit from the analysis.

The Oxford Handbook of Ethnicity, Crime, and Immigration Sandra M. Bucerius, Michael H. Tonry, 2014 This title provides comprehensive analyses of current knowledge about the unwarranted disparities in dealings with the criminal justice system faced by some disadvantaged minority groups in all developed countries

Policing Black Lives Robyn Maynard, 2017-09-18T00:00:00Z Delving behind Canada's veneer of multiculturalism and tolerance, Policing Black Lives traces the violent realities of anti-blackness from the slave ships to prisons, classrooms and beyond. Robyn Maynard provides readers with the first comprehensive account of nearly four hundred years of state-sanctioned surveillance, criminalization and punishment of Black lives in Canada. While highlighting the ubiquity of Black

resistance, *Policing Black Lives* traces the still-living legacy of slavery across multiple institutions, shedding light on the state's role in perpetuating contemporary Black poverty and unemployment, racial profiling, law enforcement violence, incarceration, immigration detention, deportation, exploitative migrant labour practices, disproportionate child removal and low graduation rates. Emerging from a critical race feminist framework that insists that all Black lives matter, Maynard's intersectional approach to anti-Black racism addresses the unique and understudied impacts of state violence as it is experienced by Black women, Black people with disabilities, as well as queer, trans, and undocumented Black communities. A call-to-action, *Policing Black Lives* urges readers to work toward dismantling structures of racial domination and re-imagining a more just society.

In the Name of Hate Barbara Perry, 2002-05-03 *In the Name of Hate* is the first book to offer a comprehensive theory of hate crimes, arguing for an expansion of the legal definitions that most states in the U.S. hold. Barbara Perry provides an historical understanding of hate crimes and provocatively argues that hate crimes are not an aberration of current society, but rather a by-product of a society still grappling with inequality, difference, fear, and hate.

Race, Recognition and Retribution in Contemporary Youth Justice Esmorie Miller, 2022 *Race, Recognition and Retribution in Contemporary Youth Justice* provides a cross-national, socio-historical investigation of the legacy of racial discrimination which informs contemporary youth justice practice in Canada and England. The book links racial disparities in youth justice, especially exclusion from ideologies of care and notions of future citizenship, with historical practices of exclusion. Despite the logic of care found in both rehabilitative and retributive forms of youth justice, black inner-city youth remain excluded from lenience and social welfare considerations. This exclusion reflects a historical legacy of racial discrimination apparent in the harsher sanctions levied against black, inner-city youth. In exploring race's role in this arrangement, the book asks: to what extent were black youth excluded from historic considerations of the lenience and social care, built into the logic of youth justice in England and Canada? To what extent are the disproportionately high incarceration rates, for black, inner-city youth in the contemporary system, a reflection of a historic exclusion from considerations of lenience and social care? How might contemporary justice efforts be reoriented to explicitly prioritise considerations of lenience and social care ahead of penalty for black, inner-city youth? Examining the entrenched structural continuities of racial discrimination, the book draws on archival and interview data, with interviewees including professionals who work with inner-city youth. This recognition-centred lens prompts consideration of what contributes to the struggle these youth face, and explorations of the possibility that what they face reflects deficits in their relations of love, rights, and solidarity. The book argues that a truly progressive era of youth justice necessitates cultivating policy and practice which explicitly prioritises considerations of lenience and social care, ahead of reliance on penalty. This multidisciplinary book is valuable reading for academics and students researching criminology, sociology, politics, anthropology, critical race studies

and history. It will also appeal to practitioners in the field of youth justice, policymakers and third sector organisations--

Pursuing Justice, 2nd Edition Margot Hurlbert, 2020-07-25T00:00:00Z Pursuing justice is daunting. It plays out in a variety of contexts — like the environment, employment, the criminal justice system — and raises tough issues like racism, gender discrimination and poverty. But ultimately the aim of studying justice is to achieve it. This book is about justice in Canada: its definition, its boundaries, its contradictions and its nuances. It is also about the mechanisms and practices that enable the pursuit of justice. It problematizes the notion of justice while defining and pursuing the illusive notion of justice in Canadian society. This second edition features updated content from the popular first edition as well as new content about social justice and racism, the experiences of racialized persons with police, settler colonialism and issues of justice for gender and sexual minorities — all from a Canadian perspective. Additionally, each chapter contains objectives of the chapter, case studies and discussion questions.

Diversity, Justice, and Community Beverly-Jean M. Daniel, 2016-12-16 This edited collection provides readers with a superb introduction to some of the contemporary issues related to diversity, community, and justice in the Canadian context. Grounded in theories of community justice and applied social justice, the text provides a historical, theoretical, and intersectional approach to understanding justice and its everyday manifestations for members of diverse populations in Canadian society. Diversity, Justice, and Community encourages reflection on the systemic factors that result in the production of criminality in marginalized and oppressed communities. The authors highlight the ways in which differently located groups—including Indigenous peoples, women and girls, Black males, Somali youths, the South Asian community, and transgendered prisoners—experience the justice system, while also critiquing standard notions of justice and equity and pointing towards potential solutions to combat inequalities at both the community and institutional level. Disrupting the taken-for-granted assumptions regarding who is a criminal, Diversity, Justice, and Community takes an honest look at both the challenges and the opportunities that exist for Canada’s increasingly multiracial, multi-ethnic, multicultural, and religiously and sexually diverse population. Featuring chapter objectives, discussion questions, and additional resources, this engaging text is ideal for students in criminal justice, police studies, police foundations, and criminology programs.

Implementing and Working with the Youth Criminal Justice Act across Canada Marc Alain, Raymond R. Corrado, Susan Reid, 2016-04-06 Since its implementation in 2003, the Youth Criminal Justice Act has been the subject of intense political and scholarly debate. A complicated mixture of provisions intended to provide harsher punishments for serious violent crimes while encouraging positive, non-punitive interventions in less serious cases, its impact on the youth justice system remains controversial. Implementing and Working with the Youth Criminal Justice Act across Canada provides the first comprehensive, province-by-province analysis of how each Canadian jurisdiction has implemented the Act in accordance with its own history, traditions, and institutional arrangements. Drawing on in-depth interviews with probation officers,

counselors, educators, and social workers, the contributors use the experiences of practitioners to offer a new analytical perspective on a complicated and contentious aspect of the Canadian justice system. Their conclusions provide vital policy and program information for researchers, practitioners, and policy makers concerned with Canada's youth justice systems.

Understanding Gender, Crime, and Justice Merry Morash, 2006 Why are there pronounced gender differences in rates of criminal victimization? Does gender influence the response of the criminal justice system and other parts of the community to offenders and to crime victims? What part does gender play in the etiology of illegal activities committed by both males and females? *Understanding Gender, Crime, and Justice* takes a contemporary look at such questions and considers areas that are often neglected in other books on gender, crime, and justice. In the last three decades, there has been an explosion of theory and related research relevant to gender, crime, and justice. Author Merry Morash, a well-known feminist scholar in the field of criminal justice, acquaints readers with key breakthroughs in criminological conceptualization and theories to explain the interplay between gender and both crime and justice. *Understanding Gender, Crime, and Justice* pays especial attention to race, ethnicity, and immigrant groups, and provides a unique comparative perspective. Key Features Includes first-person accounts from crime victims, workers in the justice system, male lawbreakers, and women engaged in prostitution to give insight into a diversity of experiences and standpoints Parallels the effects of gender and sexual orientation in laws, in patterns and causes of victimization, and in the responses of the justice system to both victims and offenders Integrates international examples to place U.S. experiences in a comparative perspective and to show gender inequities on a worldwide scale Provides numerous photos--unique for a text of this type--to portray people of all sorts in various regions of the world Includes Web site recommendations for further exploration of chapter topics *Understanding Gender, Crime, and Justice* is an ideal textbook for undergraduate and graduate courses that focus on women and criminal justice. The book is also a valuable asset for gender courses in sociology and for women's studies programs.

Parole in Canada Sarah Turnbull, 2016 Just as Canada's population has changed in the past four decades, so too has its prison population. The increasing diversity among prisoners raises important questions about how we punish those who break the law. Using the Parole of Board of Canada as a case study, this book shows how certain facets of offender differences are selectively included for accommodation, while fundamental institutional structures, practices, and power arrangements remain unchanged. The author argues that as the current approach fails to challenge outdated notions about gender, race, and Aboriginality within the penal system, instead of addressing concerns around diversity, these measures end up contributing to further exclusion and discrimination within the system. By tracing the organizational approaches to gender and diversity in Canada's federal parole system, this book advances our understanding of penal change and highlights the challenges and complexities of accommodating offender diversities in the pursuit of a more fair and appropriate penalty.
