Many Lives, Many Masters Brian Weiss,2023-11-16 THE CLASSIC BESTSELLER ON A TRUE CASE OF PAST-LIFE TRAUMA AND PAST-LIFE THERAPY FROM AUTHOR AND PSYCHOTHERAPIST DR BRIAN WEISS Psychiatrist Dr Brian Weiss had been working with Catherine, a young patient, for eighteen months. Catherine was suffering from recurring nightmares and chronic anxiety attacks. When his traditional methods of therapy failed, Dr Weiss turned to hypnosis and was astonished and sceptical when Catherine began recalling past-life traumas which seemed to hold the key to her problems. Dr Weiss's scepticism was eroded when Catherine began to channel messages from 'the space between lives', which contained remarkable revelations about his own life. Acting as a channel for information from highly evolved spirit entities called the Masters, Catherine revealed many secrets of life and death. This fascinating case dramatically altered the lives of Catherine and Dr Weiss, and provides important information on the mysteries of the mind, the continuation of life after death and the influence of our past-life experiences on our present behaviour.

Christus Vivit Pope Francis,2019-04-04 To young Christians of the world, Pope Francis has a message for you: Christ is alive, and he wants you to be alive! Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment Christus Vivit is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us.

Scrum Jeff Sutherland,J.J. Sutherland,2014-09-30 The revolutionary “Red Book” that helped a generation work smarter, better, and faster—now expanded and updated with new stories, new ideas, and new methods to radically improve the way you and your company deliver results If you’ve ever been startled by how fast the world is changing, the Scrum framework is one of the reasons why. Productivity gains in workflow of as much as 1,200 percent have been recorded, and there’s no more

lucid—or compelling—explainer of Scrum and its bright promise than Jeff Sutherland. The thorny problem that Sutherland began tackling back then boils down to this: People are spectacularly bad at doing things with agility and efficiency. Best-laid plans go up in smoke. Teams often work at cross-purposes to one another. And when the pressure rises, unhappiness soars. Woven with insights from martial arts, judicial decision making, advanced aerial combat, robotics, and Sutherland's experience as a West Point-educated fighter pilot, a biometrics expert, a medical researcher, an early innovator of ATM technology, and a C-level executive at eleven different technology companies, this book will take you to Scrum's front lines, where Sutherland's system has brought the FBI into the twenty-first century, helped support John Deere's supply chain amid a global pandemic and supply chain shortage, reduced poverty in the Third World, and even planned weddings and accomplished weekend chores. The way we work has changed dramatically since Sutherland first introduced Scrum a decade ago. This urgent update shares new insights and provides new tools to take advantage of the radical productivity that Scrum delivers. Sutherland will show you how to optimize working with artificial intelligence and share the latest cognitive science research on culture, psychological safety, diversity, and happiness, and how these factors drive performance, innovation, and overall organizational health. This new edition contains a decade of lessons learned. Whether it's ten years ago, now, or ten years into the future, the Scrum framework is guaranteed to help you deliver results. But the most important reason to read this book is that it may just help you achieve what others consider unachievable.
