Christy Catherine Marshall, 2017-10-03 The train taking nineteen-year-old teacher Christy Huddleston from her home in Asheville, North Carolina, might as well be transporting her to another world. The Smoky Mountain community of Cutter Gap feels suspended in time, trapped by poverty, superstitions, and century-old traditions. But as Christy struggles to find acceptance in her new home, some see her — and her one-room school — as a threat to their way of life. Her faith is challenged and her heart is torn between two strong men with conflicting views about how to care for the families of the Cove. Yearning to make a difference, will Christy's determination and devotion be enough?

The Retail Revolution Nelson Lichtenstein, 2009-07-21 The definitive account of how a small Ozarks company upended the world of business and what that change means Wal-Mart, the world's largest company, roared out of the rural South to change the way business is done. Deploying computer-age technology, Reagan-era politics, and Protestant evangelism, Sam Walton's firm became a byword for cheap goods and low-paid workers, famed for the ruthless efficiency of its global network of stores and factories. But the revolution has gone further: Sam's protégés have created a new economic order which puts thousands of manufacturers, indeed whole regions, in thrall to a retail royalty. Like the Pennsylvania Railroad and General Motors in their heyday, Wal-Mart sets the commercial model for a huge swath of the global economy. In this lively, probing investigation, historian Nelson Lichtenstein deepens and expands our knowledge of the merchandising giant. He shows that Wal-Mart's rise was closely linked to the cultural and religious values of Bible Belt America as well as to the imperial politics, deregulatory economics, and laissez-faire globalization of Ronald Reagan and his heirs. He explains how the company's success has transformed American politics, and he anticipates a day of reckoning, when challenges to the Wal-Mart way, at home and abroad, are likely to change the far-flung empire. Insightful, original, and steeped in the culture of retail life, *The Retail Revolution* draws on first hand reporting from coastal China to rural Arkansas to give a fresh and necessary understanding of the phenomenon that has transformed international commerce.

Navigating the New Retail Landscape Alan Treadgold,Jonathan Reynolds,2025-03-25 The retail industry globally is in an era of profound, perhaps unprecedented, change. This book is intended to serve as a wide-ranging, robust, practical guide to leaders of enterprises tasked with understanding and delivering success in the new landscape of retailing, as well as to all those with an interest in this most important and visible of industries. Part 1 describes the major directions and drivers of change that define the new global landscape of retailing. Accelerating changes in technology, the rise to prominence globally of internet enabled shoppers and the rapid emergence of entirely new retail enterprises and business models are combining to re-shape the very fundamentals of the retail industry. The new landscape of retailing is unforgiving: success can be achieved more quickly than ever before but failure is equally rapid. Opportunities in the new landscape of retailing are profound, but so too are the challenges. Part 2 discusses the structures, skills, and capabilities that retail enterprises will need if they are to be successful in this new landscape and the skills and capabilities required of the leaders of retail enterprises. Thirty detailed case studies of innovative and successful enterprises internationally and more than one hundred smaller examples, all updated and many entirely new since the first two editions of this book, are used to illustrate the themes discussed. Frameworks are presented to provide practical guidance for enterprise leaders to understand and contextualize the nature of change re-shaping retail landscapes globally.

Stranger To Myself MD Sharif Uddin ,2017 From the Preface The sacrifices of migrant workers are written in every inch of Singapore - in the bricks of buildings, ship irons, under the floor of houses. Thousands of years later, someone may hear the story of our pain and sacrifice from the walls of this city. After about a decade here, I have many stories and recollections to share with you. This diary contains the collected fragments of my experiences. It is not my intention to write anything against my homeland or this country. No hurt feelings, please. I have just written down the most valuable moments of my life here. This diary records observations from my reality. From the Foreword by Gwee Li Sui The records from hours between 2008 and 2016 take us on a harsh, profoundly emotional journey. Let us remember that we are meeting a passage of real life that runs concurrent to ours within this alleged city of dreams. The book is therefore urgent because it breaks open the hearts of readers to what our eyes fail to see. As Sharif's words invade our sense of self and of place, our world cannot be the same again.

Shubeik Lubeik Deena Mohamed, 2023-01-10 • Winner of the Warwick Prize for Women in Translation • Eisner Award Nominee • Hugo Award Nominee A brilliantly original debut graphic novel that imagines a fantastical alternate Cairo where wishes really do come true. Shubeik Lubeik—a fairy tale rhyme that means “your wish is my command” in Arabic—is the story of three people who are navigating a world where wishes are literally for sale. • A Best Book of the Year: The Wall Street Journal, The Washington Post, NPR “The mythic qualities of Mohamed’s world bring our own world into sharper focus

. . . Mohamed's humor often feels like a protest, as do the thick and assertive lines of her drawings . . . The effect is gritty, brazen, and full of spunk."—The New Yorker Three wishes that are sold at an unassuming kiosk in Cairo link Aziza, Nour, and Shokry, changing their perspectives as well as their lives. Aziza learned early that life can be hard, but when she loses her husband and manages to procure a wish, she finds herself fighting bureaucracy and inequality for the right to have—and make—that wish. Nour is a privileged college student who secretly struggles with depression and must decide whether or not to use their wish to try to “fix” this depression, and then figure out how to do it. And, finally, Shokry must grapple with his religious convictions as he decides how to help a friend who doesn't want to use their wish. Deena Mohamed brings to life a cast of characters whose struggles and triumphs are heartbreaking, inspiring, and deeply resonant. Although their stories are fantastical—featuring talking donkeys, dragons, and cars that can magically avoid traffic—each of these people grapples with the very real challenge of trying to make their most deeply held desires come true.
