Spark Brigid Kemmerer, 2014-08-21 Gabriel Merrick plays with fire. Literally. Sometimes he can even control it. And sometimes he can't. Gabriel has always had his brothers to rely on, especially his twin, Nick. But when an arsonist starts wreaking havoc on their town, all the signs point to Gabriel. Only he's not doing it. And no one seems to believe him. Except a shy sophomore named Layne, a brainiac who dresses in turtlenecks and jeans and keeps him totally off balance. Because Layne has a few secrets of her own...

Way different: each of them can control one of the elements—water, fire, wind, or earth. They're powerful. Dangerous. Alone—except for each other and a few trusted friends. They're all trying to fly under the radar. But someone's watching them; someone who wants them out of the way. Before they know it, their enemies have gathered, and they're armed for war. Making Music in Montessori Michael Johnson,2020-11-21 Infused with a warm, affable tone, Making Music in Montessori is the Guide's guide to music education, providing Montessori teachers all at once a snappy, practical handbook, music theory mentor, pedagogical manual, and resource anthology. The book's goal: To give teachers confidence in music, so that when their children walk away from a lesson all fired up to compose their own music, their teacher will know how to guide them. Before Making Music in Montessori, teachers may have only dreamed of a classroom buzzing with children working, learning, and growing with music alongside all of the other subject areas in the Montessori curriculum. Now, it's a reality. If children's minds are a fertile field, then Making Music in Montessori will stir Montessori teachers of all musical backgrounds to don their overalls, roll up their sleeves, sow the musical seeds, and watch them blossom under their children's flaming imagination.

When I Get Older K'NAAN,Sol Guy,2012-09-25 "Wavin'Flag" has become an international anthem. Its powerful words of hope have crossed generations and borders, and have made K'NAAN an international star. In his first book for children, When I Get Older, Somali-Canadian poet, rapper, singer, and songwriter K'NAAN tells his own story. Born in Somalia, he grew up in Mogadishu. His grandfather was a renowned poet who passed on his love of words to his grandson. When the Somali Civil War began in 1991, K'NAAN was just thirteen. His mother made the difficult decision to move her family so that they could grow up in safety. First in New York and then in Toronto, K'NAAN faced many challenges. Like so many other immigrants, he had to make a place for himself in a world of alien customs, clothes, and language. His road was a hard one: he lost many friends to violence. But K'NAAN's love of music, and his enormous talent, became a way for him to connect with his past, with his classmates, and eventually, to millions of people around the world. Not only does K'NAAN tell a story that

will inspire and encourage young readers, but he provides a brief history of the Somali conflict. The lyrics of “Wavin’ Flag” are also included. Born Keinan Abdi Warsame, K’NAAN first came to prominence when he performed a spoken word piece before the United Nations High Commissioner for Refugees in 1999. A member of the audience, the singer Youssou N’Dour, was so impressed that he asked K’NAAN to take part in an album and to tour with him. Since then, K’NAAN has performed in more than 86 countries and has received many honors, including three Juno Awards and the BBC Radio 3 Award for World Music. During the Vancouver Olympics, he worked with other Canadian musicians and artists under the name Young Artists for Haiti to produce a charity version of “Wavin’ Flag.” The song was adapted again to become the FIFA World Cup theme song. There are now twenty-two versions of the song, which hit #1 in nineteen countries.

This is Your Brain on Music Daniel Levitin,2019-07-04 From the author of *The Changing Mind* and *The Organized Mind* comes a New York Times bestseller that unravels the mystery of our perennial love affair with music ***** 'What do the music of Bach, Depeche Mode and John Cage fundamentally have in common?' Music is an obsession at the heart of human nature, even more fundamental to our species than language. From Mozart to the Beatles, neuroscientist, psychologist and internationally-bestselling author Daniel Levitin reveals the role of music in human evolution, shows how our musical preferences begin to form even before we are born and explains why music can offer such an emotional experience. In *This Is Your Brain On Music* Levitin offers nothing less than a new way to understand music, and what it can teach us about ourselves. ***** 'Music seems to have an almost wilful, evasive quality, defying simple explanation, so that the more we find out, the more there is to know . . . Daniel Levitin's book is an eloquent and poetic exploration of this paradox' Sting 'You'll never hear music in the same way again' *Classic FM* magazine 'Music, Levitin argues, is not a decadent modern diversion but something of fundamental importance to the history of human development' *Literary Review*

The Use of Pop Songs in the EFL Classroom Ornerová Lenka,2011-03-09 Inhaltsangabe:Introduction: I have chosen the topic of using pop songs in the EFL classroom because I strongly believe that working with pop songs is a highly motivational device. When I was a student at a lower and upper secondary school, listening to songs in English classes was my favourite activity. I have always wanted to be able to understand the lyrics of songs I listened to. Later, I realized that I have learned a lot from listening to pop songs and analyzing their lyrics. Therefore, in my diploma project, I would like to prove that using pop songs is a highly motivational device in teaching English with instructional value, and that students enjoy working with pop songs. The theoretical part of this diploma project is based on relevant sources of background literature. In the first two chapters, the use of songs is described with regard to motivation and the Multiple Intelligences

Theory. The third and fourth chapter deal with the reasons for using songs and their classification. In the last two chapters of the theoretical part, pedagogical principles of using pop songs in class, as well as the pros and cons of teaching through pop songs are presented. The practical part is based on the findings of three surveys I have conducted in the field of using songs in the EFL classroom. In the first part of the research, I present an analysis of questionnaires which I distributed among English teachers at lower and upper secondary schools and grammar schools. In the second part of the research, I describe students' attitudes to pop song based lessons which I taught during my teaching practice at grammar schools. In the third part of the research, I analyze the types of songs presented in commonly used textbooks at lower and upper secondary schools. In addition, I present a self-developed teaching material containing a list of pop songs suitable for the EFL classroom. In the last part of the practical part, I answer the research questions and provide some implications for my own teaching.

Winnie's last day of fourth grade ended with a pretty life-changing surprise. That was the day Winnie's parents got divorced and decided that Winnie would live three days a week with each of them and spend Wednesdays by herself in a treehouse between their houses, to divide her time perfectly evenly. It was the day Winnie's seed of frustration with her parents was planted, a seed that grew until it felt like it was as big as a tree itself. By the end of fifth grade, Winnie decides that the only way to change things is to barricade herself in her treehouse until her parents come to their senses—and her friends decide to join. It's kids vs. grown-ups, and no one wants to back down first. But with ten kids in one treehouse, all with their own demands, things get pretty complicated!
