Abraham Lincoln

The German Element in the United States Albert Bernhardt Faust,1909

Narrative and Critical History of America Justin Winsor,1886

British North America in the Seventeenth and Eighteenth Centuries Stephen Foster,2013-11-21 Until relatively recently, the connection between British imperial history and the history of early America was taken for granted. In recent times, however, early American historiography has begun to suffer from a loss of coherent definition as competing manifestos demand various reorderings of the subject in order to combine time periods and geographical areas in ways that would have previously seemed anomalous. It has also become common place to announce that the history of America is best accounted for in America itself in a three-way melee between settlers, the indigenous populations, and the forcibly transported African slaves and their creole descendants. The contributions to *British North America in the Seventeenth and Eighteenth Centuries* acknowledge the value of the historiographic work done under this new dispensation in the last two decades and incorporate its insights. However, the volume advocates a pluralistic approach to the subject generally, and attempts to demonstrate that the metropolitan power was of more than secondary importance to America in the seventeenth and eighteenth centuries. The central theme of this volume is the question to what extent did it make a difference to those living in the colonies that made up British North America in the seventeenth and eighteenth centuries that they were part of an empire and that the empire in question was British? The contributors, some of the leading scholars in their respective fields, strive to answer this question in various social, political, religious, and historical contexts.

The Colonial Period of American History Charles M. Andrews,2008-11 Originally published: New Haven: Yale University Press, 1934.

Royal Annals Of Ancient Egypt Wilkinson,2012-08-21 First published in 2000. The kings of ancient Egypt's first five dynasties were responsible for the creation of a unique and enduring civilisation, epitomised by its most impressive monuments, the pyramids. Yet what do we know about the reigns of these kings? Excavations have revealed much, but Egyptology has always been blessed with another rich source of information - the written texts and inscriptions composed by the ancient Egyptians themselves. For the history of the first five dynasties, one particular series of inscriptions has always been of prime importance. This is the collection of inscribed stone fragments known as the Royal Annals. Now divided

between museums in Palermo, Cairo and London, these documents from ancient Egypt have been the focus of countless studies in the century or so since they first came to light, for they seem to record the reigns of Egypt's early kings on a reign-by-reign, year-by-year basis. The information they contain has been translated, interpreted and re-interpreted by generations of Egyptologists, in the hope of achieving a better understanding of the first great period of ancient Egyptian history. And yet amazingly for such crucial documents -- no complete edition of all seven surviving fragments has ever been published. Royal Annals of Ancient Egypt fills this gap. The text is accompanied by specially commissioned, detailed line-drawings of all the fragments.

Documents of American history Henry Steele Commager (red.),1973

Rulers of Evil F. Tupper Saussy,2001 Provides links connecting secret societies such as the Illuminati and the Freemasons to the American Revolution and subsequent events.

Friedrich List (1789-1846) Eugen Wendler,2013-07-16 In dieser ebenso unterhaltsamen wie informativen Biografie wird die Wirkungs- und Rezeptionsgeschichte der Theorien von Friedrich List auf der Basis seines außergewöhnlichen Lebenslaufes dargestellt. Der renommierte und mehrfach für seine Forschung ausgezeichnete List-Experte Eugen Wendler fasst hier die Ergebnisse seiner langjährigen Forschungsarbeit zusammen und ergänzt sie durch neueste Erkenntnisse und Quellen. So ist ein umfassendes und werthaltiges Werk entstanden, das zudem zahlreiche bislang noch unbekannte Abbildungen enthält.

Dictionary of American Family Names Patrick Hanks,2003-05-08 Where did your surname come from? Do you know how many people in the United States share it? What does it tell you about your lineage?From the editor of the highly acclaimed Dictionary of Surnames comes the most extensive compilation of surnames in America. The result of 10 years of research and 30 consulting editors, this massive undertaking documents 70,000 surnames of Americans across the country. A reference source like no other, it surveys each surname giving its meaning, nationality, alternate spellings, common forenames associated with it, and the frequency of each surname and forename.The Dictionary of American Family Names is a fascinating journey throughout the multicultural United States, offering a detailed look at the meaning and frequency of surnames throughout the country. For students studying family genealogy, others interested in finding out more about their own lineage, or lexicographers, the Dictionary is an ideal place to begin research.

German Radical Pietism Hans Schneider,2007-06-21 Pietism is increasingly recognized as the most important movement in Protestant Christianity since the Reformation of the sixteenth century. Simply put, early Protestant reformers were concerned with reforming the doctrine and beliefs of Christians whereas the Pietist leaders were concerned with reforming the lives and behavior of Christians. This, coupled with other disagreements, led to calls for separation, which in turn gave rise to the movement best described as radical Pietism. German Radical Pietism introduces the English reader to

the research of the major contemporary scholar of radical Pietism, Hans Schneider. Originally appearing in the comprehensive study of the history of Pietism that appeared in the 1990s, Schneider's research considers historical treatment of the major figures, movements, and ideas of the radical wing of German Pietism in the seventeenth and early eighteenth centuries. These developments are set in their historical and social contexts, thereby providing the first definitive treatment in English of this movement as a whole. Radical Pietism's seminal role in the emergence of modern religious communities—including Quakers, Brethren, and precursors of contemporary United Methodism, as well as a range of perfectionist communities in early American history—has only begun to be adequately assessed, and this study should be a critical resource in furthering that research. This work is one of the few studies available in English that addresses the important German historical work on Pietism from the late twentieth century. A definitive bibliography of recent research in radical Pietism is included to provide further reading on this important topic.

Puritan Boston and Quaker Philadelphia E. Digby Baltzell, 2017-07-28 Based on the biographies of some three hundred people in each city, this book shows how such distinguished Boston families as the Adamses, Cabots, Lowells, and Peabodys have produced many generations of men and women who have made major contributions to the intellectual, educational, and political life of their state and nation. At the same time, comparable Philadelphia families such as the Biddles, Cadwaladers, Ingersolls, and Drexels have contributed far fewer leaders to their state and nation. From the days of Benjamin Franklin and Stephen Girard down to the present, what leadership there has been in Philadelphia has largely been provided by self-made men, often, like Franklin, born outside Pennsylvania. Baltzell traces the differences in class authority and leadership in these two cities to the contrasting values of the Puritan founders of the Bay Colony and the Quaker founders of the City of Brotherly Love. While Puritans placed great value on the calling or devotion to one's chosen vocation, Quakers have always placed more emphasis on being a good person than on being a good judge or statesman. Puritan Boston and Quaker Philadelphia presents a provocative view of two contrasting upper classes and also reflects the author's larger concern with the conflicting values of hierarchy and egalitarianism in American history.

Written Language Revisited Josef Vachek, 1989-01-01 Josef Vachek, one of the last living exponents of the Prague School, has dedicated 50 years of his life to the study of written language in all its aspects. This volume is a tribute to him on the occasion of his 80th birthday. It contains a selection of his papers written between 1945 and 1987. Contents Writing and phonetic transcription; Written language and printed language; The linguistic status of written utterances; The primacy of writing?; Segmentation of the flow of speech and written language; The stylistics of written language; Glossematics and written language; Paralinguistic sounds, written language and language development; Written language as a heterogeneous system; The 1929 Praguian Theses, internal speech, and written language; Written language seen from the functionalist angle; On the problem of written language; The development of the written norm of English; Puristic tendencies in written

language; Redundancy in written language with special regard to capitalization of graphemes; Spelling as an important linguistic concept; Pluridimensionality of written utterances and its consequences; Revaluations of redundant graphemes; Thoughts on some fifty years of research in written language.

Colonial America Richard Middleton, 2002-05-16 Accompanied by maps, contemporary illustrations, chronologies, documents, and a fully updated and expanded bibliography, this comprehensive and readable history of the colonial period offers a fascinating analysis of the evolution of a new and distinctive society. Fully revised and expanded third edition, with an updated bibliography Includes new chapter on the Spanish in Florida, New Mexico, and Texas, as well as an account of the French settlements in Louisiana Provides dozens of maps, illustrations, chronologies, and documents

Missiles for the Fatherland Michael B. Petersen, 2009-02-02 A scholarly investigation of the culture underpinning missile development at Germany's secret missile base at Peenemünde.

The Birthplace Book Chris Epting, 2009-06-04 • More than 380 birthplaces profiled • Birthplaces of all 44 presidents • Packed with photos of people and places Elvis, blue jeans, Abraham Lincoln, plutonium, Slinkys, Frank Sinatra, Cobb salad, Superman, Lucille Ball, e-mail, baseball, Mark Twain, flight, McDonalds, and hundreds of other notable people and things all have birthplaces. Some are gone and marked only by a plaque, but others have been preserved and even transformed into museums. This guidebook is packed with entries on American birthplaces of all sorts, taking travelers state-by-state to a variety of locations.

In Union There Is Strength Andrew Heath, 2019-02-15 In the 1840s, Philadelphia was poised to join the ranks of the world's great cities, as its population grew, its manufacturing prospered, and its railroads reached outward to the West. Yet epidemics of riot, disease, and labor conflict led some to wonder whether growth would lead to disintegration. As slavery and territorial conquest forced Americans to ponder a similar looming disunion at the national level, Philadelphians searched for ways to hold their city together across internal social and sectional divisions—a project of consolidation that reshaped their city into the boundaries we know today. A bold new interpretation of a crucial period in Philadelphia's history, *In Union There Is Strength* examines the social and spatial reconstruction of an American city in the decades on either side of the American Civil War. Andrew Heath follows Philadelphia's fortunes over the course of forty years as industrialization,

immigration, and natural population growth turned a Jacksonian-era port with a population of two hundred thousand into a Gilded Age metropolis containing nearly a million people. Heath focuses on the utopian socialists, civic boosters, and municipal reformers who argued that the path to urban greatness lay in the harmonious consolidation of jarring interests rather than in the atomistic individualism we have often associated with the nineteenth-century metropolis. Their rival visions drew them into debates about the reach of local government, the design of urban space, the character of civic life, the power of corporations, and the relations between labor and capital—and ultimately became entangled with the question of national union itself. In tracing these links between city-making and nation-making in the mid-nineteenth century, *In Union There Is Strength* shows how its titular rallying cry inspired creative, contradictory, and fiercely contested ideas about how to design, build, and live in a metropolis.

The Gettysburg Address Abraham Lincoln, 2009-08-27 The Address was delivered at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of Thursday, November 19, 1863, during the American Civil War, four and a half months after the Union armies defeated those of the Confederacy at the decisive Battle of Gettysburg. In just over two minutes, Lincoln invoked the principles of human equality espoused by the Declaration of Independence and redefined the Civil War as a struggle not merely for the Union, but as a new birth of freedom that would bring true equality to all of its citizens, and that would also create a unified nation in which states' rights were no longer dominant. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.
