

# News Writing Inverted Pyramid

**George Kennedy, Daryl R. Moen, Don Ranly, Missouri Group**

*News Writing* Anna McKane, 2006-11-16 'Spotting potential pitfalls, using a story structure, writing the intro, how to do backgrounders - and an engaging foreword by Prof Peter Cole - all make this exactly the kind of book the trainee could do with' - HoldtheFrontPage.co.uk Anna McKane's *News Writing* is a pioneering book dealing exclusively with the all-important craft of writing news stories. The ability to write a good news story is the starting point for all starters in journalism, and is the central test likely to be given to young people on work experience or doing trial shifts. The book deals fully with all aspects of writing news, including: - how to write a good intro, or first paragraph - how to order the information and assemble a winning story - what language to use. It provides a step-by-step guide to constructing a story, with good and bad examples and a detailed analysis of style, language and grammar. There are checklists to help inexperienced writers to measure their work. The book is written in a clear and practical way and provides guidance for students and trainee journalists to enable them to write everything from a snappy short agency-style news story to a more reflective piece appropriate for a quirky news item.

**English News Writing** Bryce Telfer McIntyre, 1996 *English News Writing* is a professional writer's handbook for newspaper reporters, magazine freelancers and journalism students who write in English. The focus is on writing rather than reporting. There is a thorough treatment of style, usage, and the many structures of news stories, as well as dozens of tips on how writers can improve their work. Specifically, the book includes thorough discussions of interviewing techniques, the inverted pyramid, speech coverage, feature writing, reporting on trends, reporting on public opinion polls, using social indicators to develop news stories, writing criticism, writing personality profiles, narrative styles of writing, question-and-answer stories, and the jargon of the journalism profession. Examples of news structures are annotated. The book also includes 42 Rules of Thumb that serve as a quick reference for reporters to improve their work.

**Beyond the Inverted Pyramid** George Kennedy, Daryl R. Moen, Don Ranly, Missouri Group, 1993 02 Based on the simple premise that good writing is good writing whether a features story or news, this book teaches students to entertain and inform with style.

**Broadcast News Producing** Brad Schultz, 2005 Brad Schultz follows the process of news production from the creation of story ideas to presentation on air, in television, radio & on the Internet. He also discusses issues facing producers, such as

newsroom leadership, resource management & newsroom relationships.

**Introduction to Journalism** Carole Fleming, 2006 An Introduction to Journalism examines the skills needed to work as a journalist in newspapers, television, radio, and online. This book provides case studies as a guide to researching stories, interviewing, and writing for each medium, as well as recording material for both radio and television. It offers a wide range of comments and tips on the best way to approach stories and includes interviews with journalists working on a variety of news outlets, from the BBC to weekly newspapers.

**Wishtree** Katherine Applegate, 2022-07-21 Trees can't tell jokes, but they can certainly tell stories... Red is an oak tree who is many rings old. Red is the neighbourhood wishtree - people write their wishes on pieces of cloth and tie them to Red's branches. Along with a crow named Bongo and other animals who seek refuge in Red's hollows, this wishtree watches over the neighbourhood. You might say Red has seen it all. Until a new family moves in. Not everyone is welcoming, and Red's experience as a wishtree is more important than ever. Funny, deep, warm, and nuanced, this is Katherine Applegate at her very best - writing from the heart, and from a completely unexpected point of view.

**The Online Journalism Handbook** Paul Bradshaw, Liisa Rohumaa, 2013-09-13 How do we practice journalism in a digital world, in which the old 'rules' no longer apply? This text offers comprehensive, instructive coverage of the techniques and secrets of being a successful online journalist, both from a theoretical and practical point of view. Reflecting the vitality of the web, it will inspire you to acquire new skills and make sense of a transforming industry. Key Features: How to investigate and break stories online Learn to broadcast to millions using video and podcast How to blog like a pro Learn to manage and stimulate user-generated content Include and use social media in your toolkit How to dig out stories using data journalism Rise to the challenge of citizen journalism Make your journalism more interactive at every stage of the process Dedicated chapter for Law and Online Communication The Online Journalism Handbook is essential reading for all journalism students and professionals and of key interest to media, communication studies and more broadly the social sciences.

**News Writing** Anna McKane, 2013-11-14 Deserves to be on every journalism student's reading list and every tutor's book shelf. It is clear, straightforward and scholarly in a very accessible way... bursting with good advice and insight which should benefit all who all read it. - Kate Jenner, School of Journalism and Digital Communication, University of Central Lancashire A first-class no-nonsense guide to news writing... Anna McKane's wealth of experience both as a journalist and a lecturer in journalism gives News Writing the edge over similar tomes. - Kate Shanahan, Lecturer in Journalism, School of Media, Dublin Institute of Technology The ability to hone and craft an eye-catching news story is fundamental to good journalism. It is an essential skill that the young journalist of today must carry with them. The growth of online journalism and the use of social media has meant that the skills required in news writing are evolving, opening up fresh challenges and exciting new possibilities. Anna McKane's News Writing takes you step-by-step through the key aspects of writing news on both print and

online platforms, equipping you with all that you need to become an articulate, accurate and engaging journalist. Crucially, the book will show you how to: • create an attention-grabbing intro or first paragraph • structure the content of your story effectively • use the appropriate language. Fully updated to account for the role of online journalism, this second edition guides you through the essentials of website presentation, from headlines and standfirsts to the use of smartphone images and links. An all-new chapter shows you how to use Twitter and online blogs to piece together a winning story, and up-to-date examples and exercises throughout encourage you to pick apart and analyse the techniques used in a variety of recent news stories across a range of platforms. This is the essential workbook to take you through your studies in Journalism and News Writing.

**The New Literacies** Elizabeth A. Baker, 2010-04-13 With contributions from leading scholars, this compelling volume offers fresh insights into literacy teaching and learning—and the changing nature of literacy itself—in today's K-12 classrooms. The focus is on varied technologies and literacies such as social networking sites, text messaging, and online communities. Cutting-edge approaches to integrating technology into traditional, print-centered reading and writing instruction are described. Also discussed are ways to teach the new skills and strategies that students need to engage effectively with digital texts. The book is unique in examining new literacies through multiple theoretical lenses, including behavioral, semiotic, cognitive, sociocultural, critical, and feminist perspectives.

**Broadcast News and Writing Stylebook** Robert A. Papper, 2015-07-22 Updated in its 5th edition, Papper's Broadcast News and Writing Stylebook is the first and most widely used handbook in broadcast news. This book clearly and concisely outlines the rules of broadcast news writing, reporting, grammar, style, and usage. With chapter-by-chapter coverage of story types, from business stories to crime and legal reporting, education, government, health, the environment, weather, and sports, the Broadcast News and Writing Stylebook lays out the particular demands of composition, form, style, and usage in all the diverse areas of broadcast news. Because the news business has changed -- and continues to evolve -- so has this text. Written by the person who has overseen the major industry research for the past 18 years, the latest edition looks into the future of news by exploring the business of news. Citing the latest data and trends, the book takes a hard look at where the industry stands and where it appears to be headed.

**Public Relations Writing** Donald Treadwell, Jill B. Treadwell, 2004 Public Relations Writing: Principles in Practice is a comprehensive core text that guides students from the most basic foundations of public relations writing—research, planning, ethics, organizational culture, law, and design—through the production of actual, effective public relations materials. Now published by Sage Publications, this edition has been updated throughout to include current events and Web addresses. Core content includes such subject areas as news and features, writing for print and broadcast, persuasive communications, newsletters and employee communication, annual reports, brochures, direct mail, global communication and the Internet.

Suggestions to Medical Authors and A.M.A. Style Book American Medical Association, 1919

**The Gang That Wouldn't Write Straight** Marc Weingarten, 2010-03-31 . . . In *Cold Blood*, *The Electric Kool-Aid Acid Test*, *Fear and Loathing in Las Vegas*, *Slouching Towards Bethlehem*, *The Armies of the Night* . . . Starting in 1965 and spanning a ten-year period, a group of writers including Tom Wolfe, Jimmy Breslin, Gay Talese, Hunter S. Thompson, Joan Didion, John Sack, and Michael Herr emerged and joined a few of their pioneering elders, including Truman Capote and Norman Mailer, to remake American letters. The perfect chroniclers of an age of frenzied cultural change, they were blessed with the insight that traditional tools of reporting would prove inadequate to tell the story of a nation manically hopscotching from hope to doom and back again—from war to rock, assassination to drugs, hippies to Yuppies, Kennedy to the dark lord Nixon. Traditional just-the-facts reporting simply couldn't provide a neat and symmetrical order to this chaos. Marc Weingarten has interviewed many of the major players to provide a startling behind-the-scenes account of the rise and fall of the most revolutionary literary outpouring of the postwar era, set against the backdrop of some of the most turbulent—and significant—years in contemporary American life. These are the stories behind those stories, from Tom Wolfe's white-suited adventures in the counterculture to Hunter S. Thompson's drug-addled invention of gonzo to Michael Herr's redefinition of war reporting in the hell of Vietnam. Weingarten also tells the deeper backstory, recounting the rich and surprising history of the editors and the magazines who made the movement possible, notably the three greatest editors of the era—Harold Hayes at *Esquire*, Clay Felker at *New York*, and Jann Wenner at *Rolling Stone*. And finally Weingarten takes us through the demise of the New Journalists, a tragedy of hubris, miscalculation, and corporate menacing. This is the story of perhaps the last great good time in American journalism, a time when writers didn't just cover stories but immersed themselves in them, and when journalism didn't just report America but reshaped it. "Within a seven-year period, a group of writers emerged, seemingly out of nowhere—Tom Wolfe, Jimmy Breslin, Gay Talese, Hunter S. Thompson, Joan Didion, John Sack, Michael Herr—to impose some order on all of this American mayhem, each in his or her own distinctive manner (a few old hands, like Truman Capote and Norman Mailer, chipped in, as well). They came to tell us stories about ourselves in ways that we couldn't, stories about the way life was being lived in the sixties and seventies and what it all meant to us. The stakes were high; deep fissures were rending the social fabric, the world was out of order. So they became our master explainers, our town criers, even our moral conscience—the New Journalists." —from the Introduction

*Scholastic Journalism* C. Dow Tate, Sherri A. Taylor, 2013-09-10 The new 12th edition of *Scholastic Journalism* is fully revised and updated to encompass the complete range of cross platform multimedia writing and design to bring this classic into the convergence age. Incorporates cross platform writing and design into each chapter to bring this classic high school journalism text into the digital age Delves into the collaborative and multimedia/new media opportunities and changes that are defining the industry and journalism education as traditional media formats converge with new technologies Continues to

educate students on the basic skills of collecting, interviewing, reporting, and writing in journalism Includes a variety of new user-friendly features for students and instructors Features updated instructor manual and supporting online resources, available at [www.wiley.com/go/scholasticjournalism](http://www.wiley.com/go/scholasticjournalism)

**A Dictionary of Media and Communication** Daniel Chandler,Rod Munday,2020-02-21 This authoritative and up-to-date A-Z covers all aspects of interpersonal, mass, and networked communication, including digital and mobile media, advertising, journalism, and nonverbal communication. This new edition is particularly focused on expanding coverage of social media terms, to reflect its increasing prominence to media and communication studies as a whole. More than 2,000 entries have been revised, and over 500 new terms have been added to reflect current theoretical terminology, including concepts such as artificial intelligence, cisgender, fake news, hive mind, use theory, and wikiality. The dictionary also bridges the gap between theory and practice, and contains many technical terms that are relevant to the communication industry, including dialogue editing, news aggregator, and primary colour correction. The text is complemented by biographical notes and extensively cross-referenced, while web links supplement the entries. It is an indispensable guide for undergraduate students of media and communication studies, and also for those taking related subjects such as television studies, video production, communication design, visual communication, marketing communications, semiotics, and cultural studies.

**We the Media** Dan Gillmor,2006-01-24 Looks at the emerging phenomenon of online journalism, including Weblogs, Internet chat groups, and email, and how anyone can produce news.

**News Writing** Berkow,1997

**Dynamics of News Reporting and Writing** Vincent F. Filak,2021-01-09 *Dynamics of News Reporting and Writing: Foundational Skills for a Digital Age* shows students how to approach their stories and think on their feet in the evolving media landscape. Recognizing that well-crafted stories are founded on sharp prose, author Vincent F. Filak covers more foundational elements of a newswriting textbook, like lead writing, structure, and storytelling, while also teaching students how to think critically and determine what matters most to their readers. The Second Edition includes even more writing and grammar exercises, discussions of social media and digital media advancements, and additional career-related examples to help students succeed upon entering the field.

*The View from Somewhere* Lewis Raven Wallace,2023-03-22 A look at the history of the idea of the objective journalist and how this very ideal can often be used to undercut itself. In *The View from Somewhere*, Lewis Raven Wallace dives deep into the history of “objectivity” in journalism and how its been used to gatekeep and silence marginalized writers as far back as Ida B. Wells. At its core, this is a book about fierce journalists who have pursued truth and transparency and sometimes been punished for it—not just by tyrannical governments but by journalistic institutions themselves. He highlights the stories of journalists who question “objectivity” with sensitivity and passion: Desmond Cole of the Toronto Star; New York Times

reporter Linda Greenhouse; Pulitzer Prize-winner Rachel Kaadzi Ghansah; Peabody-winning podcaster John Biewen; Guardian correspondent Gary Younge; former BuzzFeed reporter Meredith Talusan; and many others. Wallace also shares his own experiences as a midwestern transgender journalist and activist who was fired from his job as a national reporter for public radio for speaking out against “objectivity” in coverage of Trump and white supremacy. With insightful steps through history, Wallace stresses that journalists have never been mere passive observers. Using historical and contemporary examples—from lynching in the nineteenth century to transgender issues in the twenty-first—Wallace offers a definitive critique of “objectivity” as a catchall for accurate journalism. He calls for the dismissal of this damaging mythology in order to confront the realities of institutional power, racism, and other forms of oppression and exploitation in the news industry. *The View from Somewhere* is a compelling rallying cry against journalist neutrality and for the validity of news told from distinctly subjective voices.

**Newswriting and Reporting** Christopher Scanlan, Richard Craig, 2014
