His family, however, needs him and his mediation skills in Italy, where decades of secrets and betrayal could cost them everything. His mother is convinced a fiancée would help smooth things over. But he'd be nuts to ask a woman he just met to participate in such a farce. Men always find something about McKenna they want to change--her independence, her success, the grease that clings to her after a satisfying day in the garage. So when she starts falling for a handsome billionaire, she doesn't believe it will last. Their engagement is fake, but the sparks that fly when they're together are too real to resist. If Christof and McKenna trust themselves and each other, Italy will jump-start a love as intimate as it is intense. If not...their relationship isn't the only one on the line.

I've switched lives with him and will use every business trick I know to save his farm. However, my initial plan did not take into account a drop-dead gorgeous oil rep or the secrets I uncover about my brother. And worst of all, I'm starting to like the farm and all its inhabitants. I can't stop thinking about that oil rep. This will definitely take longer to resolve than anticipated.
