**The Easiest Way to Learn the Tarot - Ever!!** Dusty White, 2009-03-20 This is the definitive guide to learning and

mastering Tarot quickly and easily. Unique, fun, easy-to-learn exercises teach you how to hear what the cards are trying to tell you. This book is perfect for the beginner: all you need to read the tarot is this book and a deck of cards (preferably the standard Rider decks you can find anywhere). We start you immediately practicing our unique, easy and fun exercises with your cards. You will spend your time playing with your cards, not memorizing rules and dogma from some book of archaic superstition and vague cards meanings. You see, this is not yet another book of Tarot card meanings. How boring is that? We will start your hands-on learning immediately; you will be playing with your Tarot cards as they reveal the future to you. You learn by doing, not by memorizing outdated lies and superstitions. This is our official Tarot academy textbook, the same one we use to turn beginners into professionals. This (hands-on time and practice) is essential or you will be trapped in the cycle of buying more and more Tarot books that only make you more and more reliant on them for card meanings. Here is what you will by reading this book: What your cards are telling you every time you ask a question. What various meanings your cards can have (how else can 78 cards describe the thousands of things that could happen to you on any given day?) How to cast a spread and actually get reliable answers The best spreads to use, how to use them, and when to use them (for any occasion) What the cards traditionally mean and why that is important, but not more important than what your intuition is telling you right now The difference between average Tarot readers and masters is their ability to hear their inner voice, and see how card meanings adapt to the question being asked. We help you instinctively see exactly how cards blend, influence, and aspect other cards, and how to answer ANY question, even if you have never picked up a deck. We do this through unique exercises and games, taught nowhere else in the world. Click on the Look Inside link above to see exactly how you will quickly and easily master the Tarot. This is a highly interactive workbook: You don't just read this book and put it on the shelf-you practice what you learn in real time, and you see results instantly from your education. The more you practice the better your results will be and the more you will understand your cards. We even have TONS of free videos every week and audio lessons to supplement your education at our easy tarot lessons website. This book is the best way to start learning the tarot. When you have completed this book and you want to read cards better than most professional tarot readers you will ever meet, you will want to pick up a copy of *Advanced Tarot Secrets*. That book will help you get 3-5 times more information from every spread you cast than anyone you know, and it will teach you the deepest secrets of distance divination and manifestation. Best of all, unlike any other professionally published tarot book this book comes with complete support. If you ever get lost, stuck, or bored, we are here to help. You can find us inside the book. *The Big Book of Tarot* Joan Bunning,2019-08-01 A complete beginner's course with step-by-step lessons on how to work with tarot cards for personal guidance. Joan Bunning's "Learning the Tarot—An Online Course" has helped hundreds of thousands of people worldwide discover the personal value of the tarot. Drawing on the material offered in this popular online course and from her previous books, Joan has created a complete guide to tarot for beginners, which serves as a handy and in-depth resource for more experienced tarot card readers as well. While there are countless books devoted to tarot, what sets Joan Bunning's book apart is her ability to take a rather complicated esoteric system and break it down into clear, manageable, and easy-to-learn lessons. These lessons cover the basics and then move gradually into more advanced concepts. The book includes: Lessons on how to consider one card by itself, how to look for card pairs, and how to create the story of a reading Contains two pages of information for each card including a picture from the popular Rider Waite deck, a description, keywords, action phrases, and suggestions for cards with similar and opposite meanings How to work with reversed cards to give tarot readings a natural flow of high points and low points without abrupt transitions Practical insights on how to work with and interpret a wide variety of tarot spreads

Learning the Tarot Joan Bunning,1998-01-15 Learning the Tarot, Joan Bunning offers a complete course in 19 lessons that covers the basics and then gradually goes into more advanced concepts. First published in 1998, Joan Bunning's Learning the Tarot has become a tarot classic. Written in a confident and natural style, the book communicates the basic depth and beauty of each card, shows how the cards trigger psychological projection, and enhances intuition. Learning the Tarot is a thorough (but never overwhelming) invitation to the beginner. The book focuses in detail on: the actual process of discovering meaning in the cards how to consider one card by itself, how to look for card pairs how to create the story of a reading The book includes a convenient reference section that contains two pages of information for each card, including a picture from the popular Waite-Smith deck, a description, keywords, action phrases, and suggestions for cards with similar and opposite meanings. The author first presented this course online at [learntarot.com](http://learntarot.com), which continues to attract over one hundred thousand visitors per month. "When I first created my website in 1995," writes Joan Bunning, "I never dreamed how much interest in the tarot I would find. People from all over the world began writing to tell me about their experiences with

the course and their adventures with the cards. This response was music to my ears! I knew from my own experience that the tarot is a wonderful tool for personal guidance and inner exploration. “My goal with this book was to give you the basics you need to begin working with the tarot on your own. I try to make this inner process understandable by breaking it up into a series of steps that are simple while still doing justice to the depth and beauty of the cards. I concentrate on the everyday, showing how the tarot makes real, practical sense in the modern world. The tarot is a living system that adapts creatively to each user. Rather than rules, I offer guidelines. While reading my book, I want you to feel that you have a teacher sitting next to you who is introducing you to this special tool, but also encouraging you to go on to discover your own unique approach to the cards.”

**Tarot - Your Everyday Guide** Janina Renee,2000 Every day you make choices. Some are big, some are small-but all will affect the course of your future. The good news is that you don't have to do it alone-the tarot can give you advice when you need it most! Reading the tarot for advice requires a different approach than reading for prediction. Tarot: Your Everyday Guide presents a new method of tarot interpretation. You'll learn how to use the tarot to help you make an informed decision and determine a course of action for just about any life situation. For example, in an advice reading the Two of Wands could mean you should set up your own challenges to work out goals, define issues, and work out compromises. If the King of Cups comes up in an advice reading, it means you must give encouragement, acknowledge the accomplishments of others, give

rewards, and let others enjoy the limelight. Alternatively, it could mean you need to seek a mentor who has these qualities. The position of a given card within a spread, and the cards before and after it, will clarify the cards' advice for you. You can even use advice readings to augment traditional divination. If a divinatory spread shows trouble ahead, consult the cards for advice on how to avoid the situation or lessen its impact. Whether you're an experienced tarot reader or have never even shuffled the cards before, this unique and practical book will open new doors of understanding and help you integrate the rich symbolism of the tarot into your daily life.
