The Demon Equilibrium Cathy Pegau, 2021-11-02 Grace Carter, a source of magic, has spent the last nine months searching for Maggie Mulvaney, her catalyst. The joy of reuniting with her partner—and her lover—is thwarted by her worst fear: Maggie remembers neither Grace nor their life together in the Order of Saint Teresa, the centuries-old organization that trained them to be the strongest demon-hunting duo in generations. When Maggie and Grace unexpectedly come face-to-face with the demon Horde, they are forced to team up once again. As they begin to piece their lives back together, they discover that their memories have been masked by someone within the Order. Should the Horde succeed in their plan, those who have committed their lives to slay worldly demons will be relegated to little more than minions as humans are completely enslaved. Now, Grace and Maggie must sacrifice everything, possibly even their love, and their lives, in an all-out battle to save humanity.

Bonds of Brass Emily Skrutskie, 2020-04-07 A young pilot risks everything to save his best friend—the man he trusts most and might even love—only to learn that his friend is secretly the heir to a brutal galactic empire. “An exciting space opera full of action and adventure that explores the bonds of loyalty and love, and what happens when they are stretched to their limits.”—Rebecca Roanhorse, Nebula and Hugo award-winning author of *Trail of Lightning* Ettian’s life was shattered when the merciless Umber Empire invaded his world. He’s spent seven years putting himself back together under its rule, joining an Umber military academy and becoming the best pilot in his class. Even better, he’s met Gal—his exasperating and infuriatingly enticing roommate who’s made the academy feel like a new home. But when dozens of classmates spring an assassination plot on Gal, a devastating secret comes to light: Gal is the heir to the Umber Empire. Ettian barely manages to save his best friend and flee the compromised academy unscathed, rattled that Gal stands to inherit the empire that broke him, and that there are still people willing to fight back against Umber rule. As they piece together a way to deliver Gal safely to his throne, Ettian finds himself torn in half by an impossible choice. Does he save the man who’s won his heart and trust that Gal’s goodness could transform the empire? Or does he throw his lot in with the brewing rebellion and fight to take back what’s rightfully theirs? Darkness on the Edge of Town

Hullmetal Girls Emily Skrutskie, 2018-07-17 From the author of *Bonds of Brass*, don't miss *Hullmetal Girls*, which NPR calls a little *Ender's Game*, a little *Hunger Games*, [and] a little *Battlestar Gallactica*. Aisha Un-Haad would do anything for her family. When her brother contracts a plague, she knows her janitor's salary isn't enough to fund his treatment. So she volunteers to become a Scela, a mechanically enhanced soldier sworn to protect and serve the governing body of the Fleet, the collective of starships they call home. If Aisha can survive the harrowing modifications and earn an elite place in the Scela ranks, she may be able to save her brother. Key Tanaka awakens in a Scela body with only hazy memories of her life before. She knows she's from the privileged end of the Fleet, but she has no recollection of why she chose to give up a life of luxury to become a hulking cyborg soldier. If she can make it through the training, she might have a shot at recovering her missing past. In a unit of new recruits vying for top placement, Aisha's and Key's paths collide, and the two must learn to work together--a tall order for girls from opposite ends of the Fleet. But a rebellion is stirring, pitting those who yearn for independence from the Fleet against a government struggling to maintain unity. With violence brewing and dark secrets surfacing, Aisha and Key find themselves questioning their loyalties. They will have to put aside their differences, though, if they want to keep humanity from tearing itself apart. Oaths of Legacy Emily Skrutskie, 2022-06-14 Torn between loyalty and love, a young prince will learn how much he's willing to sacrifice as he tries to destroy the rebellion that threatens his throne in the exhilarating sequel to *Bonds of Brass*. "A knockout."—Publishers Weekly (starred review) Gal's destiny has always been clear: Complete his training at the military academy, prove his worth as a royal successor, and ascend to the galactic throne. When a failed assassination plot against Gal sends him and Ettian—his infuriatingly enticing roommate—on a mad dash through the stars, Gal's plans are momentarily disrupted. But he was born to rule the Umber Empire, and with Ettian by his side, nothing will stop him from returning home and crushing the growing insurgency threatening his family's power. Yet nothing is ever that simple in war—or in love. Gal is captured by the rebellion during a skirmish and faces public execution, his grand fate cut short. To save Gal's life, Ettian does the unthinkable: He reveals himself as the secret heir to the fallen Archon Empire and rightful leader of the rebellion . . . and, therefore, Gal's sworn enemy. Now a political hostage in this newly reignited conflict, Gal must use his limited resources to sabotage the rebellion from within, concoct an escape plan, and return to the empire he's destined to lead. And if that means taking down the man he thought he loved? All the better.

Tangled Up in Blue Rosa Brooks,2021-02-09 Named one of the best nonfiction books of the year by The Washington Post “Tangled Up in Blue is a wonderfully insightful book that provides a lens to critically analyze urban policing and a road map for how our most dispossessed citizens may better relate to those sworn to protect and serve.” —The Washington Post “Remarkable . . . Brooks has produced an engaging page-turner that also outlines many broadly applicable lessons and sensible policy reforms.” —Foreign Affairs Journalist and law professor Rosa Brooks goes beyond the blue wall of silence in this radical inside examination of American policing In her forties, with two children, a spouse, a dog, a mortgage, and a full-time job as a tenured law professor at Georgetown University, Rosa Brooks decided to become a cop. A liberal academic and journalist with an enduring interest in law's troubled relationship with violence, Brooks wanted the kind of insider experience that would help her understand how police officers make sense of their world—and whether that world can be changed. In 2015, against the advice of everyone she knew, she applied to become a sworn, armed reserve police officer with the Washington, DC, Metropolitan Police Department. Then as now, police violence was constantly in the news. The Black Lives

Matter movement was gaining momentum, protests wracked America's cities, and each day brought more stories of cruel, corrupt cops, police violence, and the racial disparities that mar our criminal justice system. Lines were being drawn, and people were taking sides. But as Brooks made her way through the police academy and began work as a patrol officer in the poorest, most crime-ridden neighborhoods of the nation's capital, she found a reality far more complex than the headlines suggested. In *Tangled Up in Blue*, Brooks recounts her experiences inside the usually closed world of policing. From street shootings and domestic violence calls to the behind-the-scenes police work during Donald Trump's 2016 presidential inauguration, Brooks presents a revelatory account of what it's like inside the blue wall of silence. She issues an urgent call for new laws and institutions, and argues that in a nation increasingly divided by race, class, ethnicity, geography, and ideology, a truly transformative approach to policing requires us to move beyond sound bites, slogans, and stereotypes. An explosive and groundbreaking investigation, *Tangled Up in Blue* complicates matters rather than simplifies them, and gives pause both to those who think police can do no wrong—and those who think they can do no right.

The Ship Beyond Time Heidi Heilig, 2017-02-28 The breathtaking sequel to the acclaimed *The Girl from Everywhere*. “Fresh and exciting . . . truly the perfect playground for adventure.”—NPR.org “Thrilling.”—School Library Journal (starred review) Nix has spent her whole life journeying to places both real and imagined aboard her time-traveling father’s ship. And now it’s finally time for her to take the helm. Her future lies bright before her—until she learns that she is destined to lose the one she loves. Desperate to change her fate, Nix sails her crew to a mythical utopia to meet another Navigator who promises to teach her how to manipulate time. But everything in this utopia is constantly changing, and nothing is what it seems. Not even her relationship with Kash: best friend, thief, charmer extraordinaire. Heidi Heilig weaves fantasy, history, and romance together to tackle questions of free will, fate, and what it means to love another person. At the center of this adventure are extraordinary, complicated, and multicultural characters who leap off the page, and an intricate, recognizable world that has no bounds. This sequel—and conclusion—to *The Girl from Everywhere* includes five black-and-white maps of historical and mythical locations. Fans of Leigh Bardugo, Sabaa Tahir, and *Outlander* will be swept away.
