Alejandro Galindo

El nacimiento de una nación Manuel Moreno Alonso,2010 Con la formación de su Junta Suprema, en mayo de 1808, Sevilla protagonizó un papel extraordinario en la guerra contra Napoleón. El triunfo de su ejército en Bailén, y la rendición de la escuadra francesa en Cádiz, le dieron un prestigio insospechado. Los contemporáneos compararon el éxito de Bailén —el Valmy español— al «sacudimiento súbito de un terremoto... que casi en el mismo día conmovió todos los puntos de esta vasta Monarquía y se comunicó de uno a otro pueblo con la misma velocidad que los estremecimientos de la tierra» (Martínez de la Rosa). Con estos antecedentes, este libro propone la tesis de que el nacimiento de la nueva nación española —que fue la obsesión principal de la generación de 1808— tuvo lugar en Sevilla cuando, con la instalación posterior en ella de la Junta Central, la ciudad se convirtió en capital de la nación en guerra. El hecho es de una gran trascendencia, porque en tan corto período histórico, hasta ahora tan poco conocido, Sevilla fue el centro desde donde al mismo tiempo que se dirigió la guerra contra Napoleón, se llevó a cabo el proceso de reforma política que dio lugar a la transición del Absolutismo al Liberalismo. Especial empeño se ha dedicado en esta investigación a la recreación del ambiente político y social, en el cual, en medio de un debate intelectual vivísimo, se echaron las bases políticas del nuevo Estado liberal que, después, hizo posible el desmantelamiento del Antiguo Régimen.

The Birth of the Modern World, 1780-1914 C. A. Bayly,2004-01 This book is a thematic history of the world from 1780, the pivotal year of the revolutionary age, to the outbreak of the First World War in 1914. It brings together historical data and arguments from different societies in order to show how interconnected the world was, even before the onset of modern globalization. The Birth of the Modern World, 1780-1914 demonstrates how events in Asia, Africa, and South America, from the decline of the eighteenth-century Islamic empires to the anti-European Boxer rebellion of 1900 in China, had a direct impact on European and American history. Conversely, it sketches the ripple effects of crises such as the European revolutions and the American Civil War. The book also considers the great themes of the nineteenth-century world: the rise of the modern state, industrialization, liberalism, and the progress of world religions. Engaging and original, this book both challenges and complements the dominant regional and national approaches traditionally adopted by historians.

One Hundred Years of Solitude Gabriel García Márquez,2022-10-11 Netflix's series adaptation of One Hundred Years of Solitude premieres December 11, 2024! One of the twentieth century's enduring works, One Hundred Years of Solitude is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

El cine, genocidio espiritual Alejandro Galindo,1971 El cine genocidio espiritual, del conocido director cinematográfico y autor de piezas teatrales alejandro Galindo, es el libro con que la Editorial Nuestro Tiempo inaugura una nueva colección: Arte y Sociedad. El título del libro de Galindo -- y su contenido -- expresa con propiedad lo que la nuec colección se propone: la publicación de ensayos, estudios e investigaciones de muy diversas índole en lo que desde el punto de vista más avanzado se analice las relaciones de arte con la compleja estructura de la sociedad humana... en las páginas de este libro, al lado de la crítica justa y la demanda revolucionaria de un cine adecuado a sus potencialidades sociales, brillan las dedicadas a biografiar al cine mismo uy su público, y también --dada la inesperabilidad de Galindo y su oficio-- las que expresan rasgos autobiográficos bien trascendidos al plano del ensyo y la crítica.

The United Nations world water development report, 2017 WWAP,UNESCO,2017-03-15 The United Nations World Water Assessment Programme (WWAP) is hosted and led by UNESCO. WWAP brings together the work of 31 UN-Water Members and 38 Partners to publish The United Nations World Water Development Report, (WWDR) series. The annual World Water Development Reports focus on strategic water issues. UN-Water Members and Partners, all experts in their respective fields, contribute the latest findings on a specific theme. The 2017 edition of the World Water Development Report focuses on 'Wastewater' and seeks to inform decision-makers, inside and outside the water community, about the importance of managing wastewater as an undervalued and sustainable source of water, energy, nutrients and other recoverable by-products, rather than something to be disposed of or a nuisance to be ignored. The report's title - Wastewater: The Untapped Resource - reflects the critical role that wastewater is poised to play in the context of a circular economy, whereby economic development is balanced with the protection of natural resources and environmental sustainability, and where a cleaner and more sustainable economy has a positive effect on the water quality. Improved wastewater management is not only critical to achieving the Sustainable Development Goal on clean water and sanitation (SDG 6), but also to other goals of the 2030 Agenda for Sustainable Development.

Autodeterminación José Marimán,2012 Este texto se propone una lectura comprensivo-aclaratoria, clasificatoria y comparativa de las ideas políticas de los mapuche autodeterministas, con la idea de ayudar a clarificar y distinguir a cualquier lector interesado en seguir el antagonismo Estado versus minorías nacionales en Chile, los detalles de un pensamiento político mapuche en desarrollo. Pensamiento que junto con ser la novedad de los tiempos, muestra una voluntad de autoafirmación política que no estaba presente antes, al menos bajo la forma de búsqueda de empoderamiento.
