Sonny Lyall

Friends, Lovers and the Big Terrible Thing Matthew Perry, 2022-11-01 'There's never been a more honest or raw memoir . . . and it may just save lives' Daily Mail 'Funny, fascinating, compelling . . . also a wonderful read for fans of Friends' The Times 'HI, MY NAME IS MATTHEW, although you may know me by my full name. My friends call me Matty.' So begins the riveting story of acclaimed actor Matthew Perry, taking us along on his journey from childhood ambition to fame to addiction and recovery in the aftermath of a life-threatening health scare. Before the frequent hospital visits and stints in rehab, there was five-year-old Matthew, who travelled from Montreal to Los Angeles, shuffling between his separated parents; fourteen-year-old Matthew, who was a nationally ranked tennis star in Canada; twenty-four-year-old Matthew, who nabbed a coveted role as a lead cast member on the talked-about pilot then called Friends Like Us . . . and so much more. In an extraordinary story that only he could tell - and in the heartfelt, hilarious, and warmly familiar way only he could tell it - Matthew Perry lays bare the fractured family that raised him (and also left him to his own devices), the desire for recognition that drove him to fame, and the void inside him that could not be filled even by his greatest dreams coming true. But he also details the peace he's found in sobriety and how he feels about the ubiquity of Friends, sharing stories about his castmates and other stars he met along the way. Frank, self-aware, and with his trademark humour, Perry vividly depicts his lifelong battle with addiction and what fuelled it despite seemingly having it all. 'An unflinching and often harrowing must-read for 90s pop culture fans' Guardian 'Written with Chandler's trademark sarcasm and self-deprecation' Telegraph 'A hopeful read . . . I started to think of [it] not as a celebrity memoir about addiction, but as an addiction memoir written by a man who understands his own history through the prism of showbiz' Independent

In Defense of Human Rights Ari Kohen, 2007-03-06 The argument that religion provides the only compelling foundation for human rights is both challenging and thought-provoking and answering it is of fundamental importance to the furthering of the human rights agenda. This book establishes an equally compelling non-religious foundation for the idea of human rights, engaging with the writings of many key thinkers in the field, including Michael J. Perry, Alan Gewirth, Ronald Dworkin and Richard Rorty. Ari Kohen draws on the Universal Declaration of Human Rights as a political consensus of overlapping ideas from cultures and communities around the world that establishes the dignity of humans and argues that this dignity gives rise to collective human rights. In constructing this consensus, we have succeeded in establishing a

practical non-religious foundation upon which the idea of human rights can rest. In Defense of Human Rights will be of interest to students and scholars of political theory, philosophy, religious studies and human rights.

Friends Jennifer C. Dunn, 2019-12-04 A cultural phenomenon for a decade, *Friends* ranked in the top ten for every year of its original run, an accomplishment unmatched by any other scripted series. And more than twenty-five years since its theme song promised "I'll be there for you," Rachel, Monica, Phoebe, Joey, Chandler, and Ross are still entertaining audiences around the world. As the characters maneuvered their ways through dating, love, and the occasional conflict, their loyalty to each other remained steadfast. In *Friends: A Cultural History*, Jennifer C. Dunn explores why the show immediately took hold of viewers and how the series remained must-see TV for so long. Dunn examines the cultural landscape that allowed a show not centered on traditional sitcom norms of family and career to become such a critical and commercial success. The author also addresses how the show's complicated depictions of gender roles and class distinctions—as well as its lack of ethnic diversity—did not detract from its popularity. In addition to exploring memorable plotlines, cherished moments, and the quirks of the principal players, this book analyzes the show's enduring cultural relevance. Featuring a discussion of the show's 25 best episodes, *Friends: A Cultural History* offers an engaging look at the series that has resonated with generations of television viewers.

Growing Up Disabled in Australia Carly Findlay, 2021-02-03 A rich collection of writing from those negotiating disability in their lives - a group whose voices are not heard often enough My body and its place in the world seemed normal to me. Why wouldn't it? I didn't grow up disabled; I grew up with a problem. A problem that those around me wanted to fix. We have all felt that uncanny sensation that someone is watching us. The diagnosis helped but it didn't fix everything. Don't fear the labels. That identity, which I feared for so long, is now one of my greatest qualities. I had become disabled - not just by my disease, but by the way the world treated me. When I found that out, everything changed. One in five Australians has a disability. And disability presents itself in many ways. Yet disabled people are still underrepresented in the media and in literature. In *Growing Up Disabled in Australia* - compiled by writer and appearance activist Carly Findlay OAM - more than forty writers with a disability or chronic illness share their stories, in their own words. The result is illuminating. Contributors include senator Jordon Steele-John, paralympian Isis Holt, Dion Beasley, Sam Drummond, Astrid Edwards, Sarah Firth, El Gibbs, Eliza Hull, Gayle Kennedy, Carly-Jay Metcalfe, Fiona Murphy, Jessica Walton and many more.

Life David Perry, 2013-07 *Life: Why Live if You Have to Die?* is a unique work that shares principles and illustrations that you may not have thought of. Some of us just live. We take life for granted, and we move according to what we must do or should do. As humans, we have to put up with life because we are here, and we have no choice. Life to me is like reading a good mystery book. You keep wondering what the next thing will be or how it will end. A problem arises; you solve it. You find joy in attending classes to improve yourself, and it brings excitement and entertainment. This book is full of poetry, quotations, instructions, and illustrations. It's all about living, and if the living is right, enjoyment, excitement, and fulfilling achievement follows. *Life: Why Live if You Have to Die?* is written to enlarge your vision about life and to further guide you through the maze and entanglements that life throws at you every day.

Holier Than Thou Jackie Hill Perry, 2021-08-17 If God is holy, then He can't sin. If God can't sin, then He can't sin against you. If He can't sin against you, shouldn't that make Him the most trustworthy being there is? Bestselling author Jackie Hill Perry, in her much anticipated follow-up to *Gay Girl, Good God*, helps us find the reason we don't trust God— we misunderstand His holiness. In *Holier Than Thou*, Jackie walks us through Scripture, shaking the dust off of “holy” as we've come to know it and revealing it for what it really is: good news. In these pages, we will see that God is not like us. He is different. He is holy. And that's exactly what makes Him trustworthy. As it turns out, God being “holier than thou” is actually the best news in the world, and it's the key to trusting Him.

The Lincoln Highway Amor Towles, 2021-10-05 #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time,

NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year “Wise and wildly entertaining . . . permeated with light, wit, youth.” —The New York Times Book Review “A classic that we will read for years to come.” —Jenna Bush Hager, Read with Jenna book club “Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope.” —Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America. In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. “Once again, I was wowed by Towles’s writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero’s journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel.” - Bill Gates

Out of Turmoil Dean P. Vesperman, Anne Aydinian-Perry, Matthew T. Missias, Whitney G. Blankenship, 2023-01-01 It is not difficult to argue that the social sciences are in a period of transition. Our day-to-day lives have been marked by uncertainty as our social lives have vacillated wildly between highs and lows, tensions between fellow citizens have heightened along ideological fault lines, and educators have been placed squarely at the center of public discourses about what—and how—we should be teaching. By any measure, we are living in a time where every moment seems to be rife with high stakes realities that must be navigated. Ladson-Billings (2020) called on educators to reimagine education and contest the notion of a “return to normal.” In the current highly polarized context where we see multiple competing narratives, rather than promoting a “return to normal” or “business as usual” approach, we argue that educators must use the lessons of the last two years, as well as draw on what we have learned from history and the social sciences. By asking ourselves how we might interrogate and inform current social landscapes and the challenges that arise from them, we have the opportunity to take leadership in fostering innovation, building solidarity, and re-imagining the teaching and learning of history and the social sciences. We recognize that humans live in multiple complex communities that include intersectional identities; relationships with power, agency, and discourses; and lived realities that are as unique as they are divergent. Consequently, the task of educators, and the goal of this volume, is to provide a clarion voice to a dynamic, relational, and undeniably human social world.
