Star-Spangled Banner Marc Ferris,2014-09-13 The first comprehensive history of America's controversial national anthem and how it evolved from an English barroom ballad into a patriotic hit. Nearly every American knows The Star-Spangled Banner, the national anthem of the United States of America. Yet many people dislike the song, contend that it glorifies militarism, and question its suitability as the musical embodiment of nationhood. Even professional vocalists have trouble singing the multi-octave melody and remembering the words. So why in 1931 did Congress designate it as the official national anthem, more than a century after Francis Scott Key put pen to paper? Filled with fascinating, little-known facts drawn from a variety of primary sources, *Star-Spangled Banner* provides the first narrative history of this controversial song, which turns 200 years old in 2014. Marc Ferris's lively account, which traces the evolution of the song's instant popularity as well as its use and abuse by Americans of different political stripes, also explains the changing rituals surrounding the song, including the practice of standing—with hats removed and hand held over the heart—during public performances. This entertaining book will appeal to patriots of all persuasions, along with sports fans, musicians, veterans, history buffs, and anyone who has ever struggled to hit the high notes in the land of the free and the home of the brave.

This Fist Called My Heart Marc Pruyn,Luis Huerta-Charles,2016-03-01 *This Fist Called My Heart: The Peter McLaren Reader, Volume I* is “at the same time an homage, a gathering, an intellectual activist's...toolkit, a teacher's bullshit detector, a parent's demand list and an academic's orienting topography. This collection of essays...represents some of the most central and important work of Peter McLaren; work he has done on behalf of people's liberation and humanization over more than three decades. [It provides] readers with an opportunity to develop a deep understanding of McLaren's intellectual history and academic development, and the thinking processes that lead to his current framework and intellectual/philosophical/political situatedness in humanist Marxism. Through these gathered and sequentially presented essays, readers will be able to 'see' McLaren in the process of his theory construction, over time, without missing his essence of struggling for a just society that promotes the full humanity and liberation of all people. [Here,] we have curated some of the most exemplary essays along the trajectory of Peter McLaren's long and impactful career. These pieces track and document Peter's intellectual grow as one of North America's most important intellectuals and advocates for critical

pedagogy; his theorizing of the discursive and the everyday through post-modernist and post-structural lenses; his contributions to the literature and practice of critical multiculturalism; his stirring work on capitalist empire, and valiant struggles to resist it; through to his foundational, long held connection and cutting edge contribution to the field of humanist Marxism.” “Whether you are a neophyte to McLaren’s work or a long time student of it; an Enlightenment modernist or an avid poststructuralist; a liberal, social democrat, Anarchist or Marxist; an undergraduate, emeritus professor or a community activist; a feminist, critical race theorist or LGBT scholar; an educationalist, sociologist, engineer or physicist, it is our sincere hope and belief that you will find provocation, inspiration, solidarity and hope in the work of Peter McLaren that we present here.” Marc Pruyn & Luis Huerta-Charles “This Fist Called My Heart: The Organization of These Volumes.”

Representation and the Text William G. Tierney, Yvonna S. Lincoln, 1997-01-01 Focuses on authorial representations of contested reality in qualitative research. This book focuses on representations of contested realities in qualitative research. The authors examine two separate, but interrelated, issues: criticisms of how researchers use voice, and suggestions about how to develop experimental voices that expand the range of narrative strategies. Changing relationships between researchers and respondents dictate alterations in textual representations--from the view from nowhere to the view from a particular location, and from the omniscient voice to the polyvocality of communities of individuals. Examples of new representations and textual experiments provide models for how some authors have struggled with voice in their texts, and in so doing, broaden who they and we mean by us.

Debating Race, Ethnicity, and Latino Identity Iván Jaksić, 2015-07-07 The philosopher Jorge J. E. Gracia engages fifteen prominent scholars on race, ethnicity, nationality, and Hispanic/Latino identity in the United States. Their discussion joins two distinct traditions: the philosophy of race begun by African Americans in the nineteenth century, and the search for an understanding of identity initiated by Latin American philosophers in the sixteenth century. Participants include Linda M. Alcoff, K. Anthony Appiah, Richard J. Bernstein, Lawrence Blum, Robert Gooding-Williams, Eduardo Mendieta, and Lucius T. Outlaw Jr., and their dialogue reflects the analytic, Aristotelian, Continental, literary, Marxist, and pragmatic schools of thought. These intellectuals start with the philosophy of Hispanics/Latinos in the United States and then move to the philosophy of African Americans and Anglo Americans in the United States and the philosophy of Latin Americans in Latin America. Gracia and his interlocutors debate the nature of race and ethnicity and their relation to nationality, linguistic rights, matters of identity, and Affirmative Action, binding the concepts of race and ethnicity together in ways that open new paths of inquiry. Gracia's Familial-Historical View of ethnic and Hispanic/Latino identity operates at the center of each of these discussions, providing vivid access to the philosopher's provocative arguments while adding unique depth to issues that each of us struggles to understand.

Brother Ray David Ritz, Ray Charles, 2009-03-17 Ray Charles (1930-2004) led one of the most extraordinary lives of any

popular musician. In *Brother Ray*, he tells his story in an inimitable and unsparing voice, from the chronicle of his musical development to his heroin addiction to his tangled romantic life. Overcoming poverty, blindness, the loss of his parents, and the pervasive racism of the era, Ray Charles was acclaimed worldwide as a genius by the age of thirty-two. By combining the influences of gospel, jazz, blues, and country music, he invented, almost single-handedly, what became known as soul. And throughout a career spanning more than a half century, Ray Charles remained in complete control of his life and his music, allowing nobody to tell him what he could and couldn't do. As the *Chicago Sun-Times* put it, Brother Ray is candid, explicit, sometimes embarrassing, often hilarious, always warm, touching and deeply human—just like his music.

Laughing Mad Bambi Haggins, 2007 In *Laughing Mad*, Bambi Haggins looks at how this transition occurred in a variety of media and shows how this integration has paved the way for black comedians and their audiences to affect each other. Historically, African American performers have been able to use comedy as a pedagogic tool, interjecting astute observations about race relations while the audience is laughing. And yet, Haggins makes the convincing argument that the potential of African American comedy remains fundamentally unfulfilled as the performance of blackness continues to be made culturally digestible for mass consumption.

Soul Vision Ramesh P. Richard, 2004-05-01 Dr. Ramesh Richard has been called the layman's Ravi Zacharias. He speaks directly to those who wrestle with the meaning of life—especially their own life. In a hustle and bustle world, we scurry around with little time to catch our breath, let alone seek out our passion and mission and vision for our life. Ramesh believes that in order for us to embody our true selves and become what we were designed to be, we must reevaluate that passion, mission, and vision and conform them to God's will. This final book in the *Intentional Life Trilogy* orients the reader to the future, through guidance from the *Divine Visionary*.

Long Time Leaving Roy Blount, Jr., 2009-01-16 “I left the South in search of the Enlightenment. I’m pro-choice, in favor of gay marriage, and against creationism and the war in Iraq. But both my parents’ people are deep Southern from many generations, and I spent a little over a third of my life, including the presumably most formative years (toilet training through college), living in the South. Mathematically, that makes me just about exactly as Southern as the American people, 34 percent of whom are Southern residents. But it goes deeper than math—my roots are Southern, I sound Southern, I love a lot of Southern stuff, and when my [Northern] local paper announces a festival to ‘celebrate the spirit of differently abled dogs,’ I react as a Southerner. I believe I care as much about dogs’ feelings as anybody. It is hard for me to imagine that a dog with three legs minds being called a three-legged dog.” A sly, dry, hilarious collection of essays—his first in more than ten years—from the writer who, according to *The New York Times Book Review*, is “in serious contention for the title of America’s most cherished humorist.” This time Blount focuses on his own dueling loyalties across the great American divide, North vs. South. Scholarly, raunchy, biting and affable, ol’ Roy takes on topics ranging from chicken fingers to yellow-dog

Democrats to Elvis's toes. And he shares experiences: chatting with Ray Charles, rounding up rattlesnakes, watching George and Tammy record, meeting an Okefenokee alligator (also named George, or Georgette), imagining Faulkner's tennis game, and being swept up, sort of, in the filming of Nashville. His yarns, analyses, and flights of fancy transcend all standard shades of Red, Blue, and in between. Roy on language: "Remember when there was lots of agitated discussion of Ebonics, pro and con? I kept waiting for someone to say that if you acquire white English, you can become Clarence Thomas, whereas if you acquire black English, you can become Quentin Tarantino." Roy on eating: "The way folks were meant to eat is the way my family ate when I was growing up in Georgia. We ate till we got tired. Then we went "Whoo!" and leaned back and wholeheartedly expressed how much we regretted that we couldn't summon up the strength, right then, to eat some more." Roy on racism: "Anybody who claims . . . not to have 'a racist bone' in his or her body is, at best, preracist and has a longer way to go than the rest of us." Blount's previous books have included reflections on a Southern president (Jimmy Carter), a novel about a Southern president (Clementine Fox), a biography of Robert E. Lee, a celebration of New Orleans, a memoir of growing up in Georgia, and the definitive anthology of Southern humor. *Long Time Leaving* is the capper. Maybe it won't end the Civil War at last, but it does clarify, or aptly complicate, divisive delusions on both sides of the longstanding national rift. It's a comic ode to American variety and also a droll assault on complacency North and South—a glorious union of diverse pieces reshaped and expanded into an American classic, from one of the most definitive and esteemed humorists of our time.

Unthinking Eurocentrism Ella Shohat, Robert Stam, 2014-06-05 *Unthinking Eurocentrism*, a seminal and award-winning work in postcolonial studies first published in 1994, explored Eurocentrism as an interlocking network of buried premises, embedded narratives, and submerged tropes that constituted a broadly shared epistemology. Within a transdisciplinary study, the authors argued that the debates about Eurocentrism and post/coloniality must be considered within a broad historical sweep that goes at least as far back as the various 1492s - the Inquisition, the Expulsion of Jews and Muslims, the Conquest of the Americas, and the Transatlantic slave trade - a process which culminates in the post-War attempts to radically decolonize global culture. Ranging over multiple geographies, the book deprovincialized media/cultural studies through a polycentric approach, while analysing in depth such issues as postcolonial hybridity, antinomies of Enlightenment, the tropes of empire, gender and rescue fantasies, the racial politics of casting, and the limitations of positive image analysis. The substantial new afterword in this 20th anniversary new edition brings these issues into the present by charting recent transformations of the intellectual debates, as terms such as the transnational, the commons, indigeneity, and the Red Atlantic have come to the fore. The afterword also explores some cinematic trends such as indigenous media and postcolonial adaptations that have gained strength over the past two decades, along with others, such as Nollywood, that have emerged with startling force. Winner of the Katherine Kovacs Singer Best Film Book Award, the book has been

translated in full or in its entirety into diverse languages from Spanish to Farsi. This expanded edition of a ground-breaking text proposes analytical grids relevant to a wide variety of fields including postcolonial studies, literary studies, anthropology, media studies, cultural studies, and critical race studies.

The Oxford American Book of Great Music Writing Marc Smirnoff,2012-01-01 Not only have a breathtaking array of musical giants come from the South—think Elvis Presley, Robert Johnson, Louis Armstrong, Jimmie Rodgers, to name just obvious examples—but so have a breathtaking array of American music genres. From blues to rock & roll to jazz to country to bluegrass—and areas in between—it all started in the American South. Since its debut in 1996, The Oxford American's more-or-less annual Southern Music Issue has become legendary for its passionate and wide-ranging approach to music and for working with some of America's greatest writers. These writers—from Peter Guralnick to Nick Tosches to Susan Straight to William Gay—probe the lives and legacies of Southern musicians you may or may not yet be familiar with, but whom you'll love being introduced, or reintroduced, to. In one creative, fresh way or another, these writers also uncover the essence of music—and why music has such power over us. To celebrate ten years of Southern music issues, most of which are sold-out or very hard to find, the fifty-five essays collected in this dynamic, wide-ranging, and vast anthology appeal to both music fans and fans of great writing.

The Intentional Life Series Ramesh P. Richard,2004-05-01 This set includes all three books of the Intentional Life Series: Soul Passion, Soul Mission, and Soul Vision. Throughout the Ages, humanity has pursued the meaning of life. However, most of us live decidedly arbitrary lives, muddling through from day to day. In the Intentional Life Series, Dr. Ramesh Richard, who has been called the layman's Ravi Zacharias, articulates how a meaningful life must be a truly intentional life comprised of passion, mission, and vision. He believes that in order for us to embody our true selves and become what we were designed to be, we must reevaluate that passion, mission, and vision and conform them to God's will. In Soul Passion, Richard argues that even though many of us know there must be something more to life, we stumble about with undirected goals and undiscovered passion. He motivates readers to ask themselves what their passion is -- where they have placed their heart, love, trust, and sufficiency. Discovering your soul passion is the foundation for living a biblically well-built and profitable life. In Soul Mission, Richard explores what it means to have a mission for your life that is in response to God's universal purpose. Readers will find themselves deeply challenged to evaluate why they're here and find assistance with developing their own soul mission. In Soul Vision, Richard closes the trilogy by orienting his readers to the future, through guidance from the Divine Visionary.

The Singers Talk Jason Thomas Gordon,2023-09-05 A groundbreaking collection of inspiring and instructive conversations about the beauty, brutality, discipline, and technique of being a successful singer. “This is a captivating look at both the nitty-gritty preparation and emotional energy that ‘it takes [for artists] to stand up to that mic... reach down into

their guts, and give everything they've got for the sake of the song.' Its star power and up-close, revelatory detail will keep readers riveted from start to finish." —Publishers Weekly, starred review "For all of the conversations we have about music, there is precious little talk about the art of communicating emotion and meaning via the human voice. The Singer's Talk remedies this by reaching out to a wide range of different singers, who speak insightfully about both the skill and the magic required to change minds and break hearts." —Steven Hyden, author of *Twilight of the Gods* and other books These revelatory, frequently funny, and deeply engrossing in-depth interviews provide fans and aspiring singers a backstage pass to the challenges every vocalist faces onstage and in the studio. Packed with never-before-heard stories, *The Singers Talk* reveals a truly intimate side to these iconic personalities while offering a master class on how the best in their field keep their vocal cords in shape and protect themselves on the road—along with countless other tricks, techniques, strategies, and philosophies to help vocalists at every level perfect the craft of singing. "This is the most geeked out I've ever talked about my voice!" —Thom Yorke This historic roster of artists includes: Bryan Adams, Tony Bennett, Nick Cave, Chuck D, Roger Daltrey, Joe Elliott, Emmylou Harris, Brittany Howard, Chrissie Hynde, Norah Jones, Simon Le Bon, Geddy Lee, Willie Nelson, Stevie Nicks, Ozzy Osbourne, Steve Perry, Lionel Richie, LeAnn Rimes, Smokey Robinson, Robert Smith, Bruce Springsteen, Mavis Staples, Rod Stewart, Paul Stanley, Michael Stipe, Jeff Tweedy, Roger Waters, Dionne Warwick, Ann Wilson, Thom Yorke, and many more. Additionally, the book features conversations about legendary voices no longer with us, such as Butch Vig on Kurt Cobain, Clive Davis on Whitney Houston, Nile Rodgers on David Bowie, and Jimmy Iovine on Tom Petty. "Singing is so much more than hitting the right note. It's about connecting with the audience, connecting with something divine to a certain degree. It's connecting to your most primitive and deepest intuition, and to your nature as a human on this planet." —Karen O. More than just an indispensable guide for singers of any level, *The Singers Talk* is an unforgettable read for music fans everywhere. All royalties from *The Singers Talk* will benefit the kids and families at St. Jude Children's Research Hospital through their Music Gives to St. Jude Kids campaign.

'And' Barry Schein,2017-07-21 A bold argument that “and” always means “&,” the truth-functional sentential connective. In this book, Barry Schein argues that “and” is always the sentential logical connective with the same, one, meaning. “And” always means “&,” across the varied constructions in which it is tokened in natural language. Schein examines the constructions that challenge his thesis, and shows that the objections disappear when these constructions are translated into Eventish, a neo-Davidsonian event semantics, and, enlarged with Cinerama Semantics, a vocabulary for spatial orientation and navigation. Besides rescuing “and” from ambiguity, Eventish and Cinerama Semantics solve general puzzles of grammar and meaning unrelated to conjunction, revealing the book's central thesis in the process: aspects of meaning mistakenly attributed to “and” are discovered to reflect neighboring structures previously unseen and unacknowledged. Schein argues that Eventish and Cinerama Semantics offer a fundamental revision to clause structure and what aspects of meaning are represented therein. Eventish is distinguished by four features: supermonadicity, which enlarges verbal decomposition so that every argument relates to its own event; descriptive event anaphora, which replaces simple event variables with silent descriptive pronouns; adverbialization, which interposes adverbials derived from the descriptive content of every DP; and AdrPs, which replace all NPs with Address Phrases that locate what nominals denote within scenes or frames of reference. With 'And,' Schein rehabilitates an old rule of transformational, generative grammar, answering the challenges to it exhaustively and meticulously.
