## Nigel Cawthorne

The Mammoth Book of Killers at Large Nigel Cawthorne, 2011-09-01 Reason to be afraid - over 50 unsolved cases of serial murder Fact: murderers and serial killers do not always get caught. Behind every headline of a newsworthy conviction lie other cases of vicious murderers who got away, and who remain somewhere among us. Here in one giant volume are more than 50 of the most serious serial killings and other murder cases that continue to remain unsolved. The cases covered in this alarming book include: Argentina's crazed highway killer, responsible for mutilating and killing at least five people since 1997, and dumping their bodies along remote highways The Green River Killer, believed to be a middle-aged white man, who has claimed at least 49 lives to date in the Seattle-Tacoma area South Africa's 'Phoenix Strangler', suspected of killing 20 women in the province of KwaZulu Natal. The Twin Cities Killer - either one or several people responsible for a series of over 30 murders on the streets of Minneapolis and St. Paul, where the victims were mostly prostitutes Costa Rica's elusive 'El Psicópata' (The Psychopath), thought to have murdered at least 19 people in this small quiet Central American country 'The Monster of Florence', responsible for a series of 15 sexual slayings just outside Florence In each case it is not just the crimes that are horrifying and fascinating, but the response of local police and authorities to the lack of a conviction. Local authorities may fear to admit the continued existence of a serial killer at large; whilst police bodies face the temptation to 'tidy up' loose unsolved murders under the aegis of other admitted crimes.

Bad Henry Ron Chepesiuk, 2023-06-13 Henry Louis Wallace terrorized Charlotte, North Carolina, from May 1992 to March 1994. Wallace preyed on lower economic-class Black women between 17 and 35 years old. He knew most of his victims, some through his job at Taco Bell, and gained their trust with his friendly demeanor and gentle nature—concealing a monster fueled by drug abuse and rage against women. A rarity in that he was an African American serial killer, his murderous rampage spurred controversy throughout the city. Community members accused local police of ignoring the murders because of the victims' race. Wallace attended the funerals of many of his victims and offered condolences to families. The ensuing investigation became the largest in North Carolina's history. Wallace was eventually found guilty and convicted of nine counts of murder, but he admitted to more killings while incarcerated; he is potentially responsible for anywhere from 20 to 90 deaths of Black women. Wallace continues to appeal and awaits his execution at Central Prison in Raleigh. BAD HENRY: The Murderous Rampage of 'The Taco Bell Strangler' by Ron Chepesiuk offers valuable insight into

the psychology of serial killers and sheds light on issues surrounding race and policing.

**Justice on Fire** J. Patrick O'Connor, 2018-08-21 On the night of November 29, 1988, near the impoverished Marlborough neighborhood in south Kansas City, an explosion at a construction site killed six of the city's firefighters. It was a clear case of arson, and five people from Marlborough were duly convicted of the crime. But for veteran crime writer and crusading editor J. Patrick O'Connor, the facts—or a lack of them—didn't add up. *Justice on Fire* is O'Connor's detailed account of the terrible explosion that led to the firefighters' deaths and the terrible injustice that followed. *Justice on Fire* describes a misguided eight-year investigation propelled by an overzealous Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) agent keen to retire; a mistake-riddled case conducted by a combative assistant US attorney willing to use compromised "snitch" witnesses and unwilling to admit contrary evidence; and a sentence of life without parole pronounced by a prosecution-favoring judge. In short, an abuse of government power and a travesty of justice. O'Connor's own investigation, which uncovered evidence of witness tampering, intimidation, and prosecutorial misconduct, helped give rise to a front-page series of articles in the *Kansas City Star*—only to prompt a whitewashing inquiry by the Department of Justice that exonerated the lead ATF agent and named other possible perpetrators who remain unidentified and unindicted. O'Connor extends his scrutiny to this cover-up and arrives at a startling conclusion suggesting that the case of the Marlborough Five is far from closed. Journalists are not supposed to make the news. But faced with a gross injustice, and seeing no other remedy, O'Connor felt he must step in. *Justice on Fire* is such an intervention.

*Child Abduction Response Plan*, 2008 The first edition of the Child Abduction Response Plan was published in 1997. This publication contained the collective knowledge and research of the FBI and state and local investigators nationwide. Since the publication of the first edition, new technology and resources for child abduction investigation have emerged. This revised edition is a current composite of the most recent investigative approaches and techniques available for these most difficult cases. --[page i] Message from the director.

**Bitter Blood** Jerry Bledsoe, 2014-05-18 The “riveting” #1 New York Times bestseller: A true story of three wealthy families and the unbreakable ties of blood (Kirkus Reviews). The first bodies found were those of a feisty millionaire widow and her daughter in their posh Louisville, Kentucky, home. Months later, another wealthy widow and her prominent son and daughter-in-law were found savagely slain in Winston-Salem, North Carolina. Mystified police first suspected a professional in the bizarre gangland-style killings that shattered the quiet tranquility of two well-to-do southern communities. But soon a suspicion grew that turned their focus to family. The Sharps. The Newsoms. The Lynches. The only link between the three families was a beautiful, aristocratic young mother named Susie Sharp Newsom Lynch. Could this former child “princess” and fraternity sweetheart have committed such barbarous crimes? And what about her gun-loving first cousin and lover, Fritz Klenner, son of a nationally renowned doctor? In this tale of three families connected by marriage and murder, of obsessive love and bitter custody battles, Jerry Bledsoe recounts the shocking events that ultimately took nine lives, building to a truly horrifying climax that will leave you stunned. “Recreates . . . one of the most shocking crimes of recent years.” —Publishers Weekly “Absorbing suspense.” —Chicago Tribune “Astonishing . . . Brilliantly chronicled.” —Detroit Free Press “An engrossing southern gothic sure to delight fans of the true-crime genre. Bledsoe maintains the suspense with a sure hand.” —The Charlotte Observer

*I: The Creation of a Serial Killer* Jack Olsen, 2003-08-18 Contains several autobiographical writing of serial killer Keith Hunter Jespersen.

*The President's Foreign Intelligence Advisory Board (PF1AB)* Hale Foundation Staff, 1981-01-01

*The Gates of Janus* Ian Brady, 2015-05-18 Ian Brady and Myra Hindley's spree of torture, sexual abuse, and murder of children in the 1960s was one of the most appalling series of crimes ever committed in England, and remains almost daily fixated upon by the tabloid press. In *The Gates of Janus*, Ian Brady himself allows us a glimpse into the mind of a murderer as he analyzes a dozen other serial crimes and killers. Criminal profiling by a criminal was not invented by the dramatists of *Dexter*. Novelist and true-crime writer Colin Wilson, author of the famous and influential book *The Outsider*, remarks in his introduction to Brady's book that one must first explore the depraved reaches of human consciousness to truly understand human character. When first released in 2001, *The Gates of Janus* sparked controversy attended by a huge media splash. The new edition, the first in paperback, provides the reader with a decade and a half of updates, including Brady's letters to the publisher, both providing information regarding his own demented history along with demands that Feral House remove its unflattering afterword written by author Peter Sotos.

*Railroad Killer* Josh Curry, 2016-02-14 He was one of the most vile, evil persons that I had ever dealt with. It was like

every time you turn around there's another murder. - FBI Agent Mark Young They called him the 'Railroad Killer.' Angel Resendiz earned the nickname because of his penchant for committing his crimes near railroads, using the rail cars as his own personal get-away system. Committing murder after murder, he was able to elude both American and Mexican authorities for over a decade.

Death Sentence Jerry Bledsoe, 2014-05-18 In this “true story that reads like a novel,” the #1 New York Times–bestselling author reveals the facts behind a notorious Southern murder case (Library Journal). When North Carolina farmer Stuart Taylor died after a sudden illness, his forty-six-year-old fiancée, Velma Barfield, was overcome with grief. Taylor’s family grieved with her—until the autopsy revealed traces of arsenic poisoning. Turned over to the authorities by her own son, Velma stunned her family with more revelations. This wasn’t the first time she had committed cold-blooded murder, and she would eventually be tried by the “world’s deadliest prosecutor” and sentenced to death. This book probes Velma’s stark descent into madness, her prescription drug addiction, and her effort to turn her life around through Christianity. From her harrowing childhood to the crimes that incited a national debate over the death penalty, to the final moments of her execution, Velma Barfield’s life of crime and punishment, revenge and redemption, this is crime reporting at its most gripping and profound. “A painfully intimate, moving story about the life and death of the only woman executed in the U.S. between 1962–1998 . . . With graceful writing and thorough reporting, it makes the reader look hard at something dark and sad in the human soul . . . Breathes new life into the true crime genre.” —The News & Observer “Undertakes to answer the questions about the justice system and the motives that drive women to kill.” —The Washington Post Book World “An extraordinary piece of writing . . . The most chilling description of a legal execution that we are ever likely to get.” —Citizen-Times “Taut and engrossing on the nature of justice and the death penalty as well as on guilt and responsibility.” —Booklist

It is a detailed survey of dinosaur origins, their diversity, and their eventual extinction. The book can easily be used as a teaching textbook for a class, but it is also written as a series of readable, entertaining essays covering important and timely topics appealing to non-specialists and all dinosaur enthusiasts: birds as 'living dinosaurs', the new feathered dinosaurs from China, 'warm-bloodedness'. Along the way, the reader learns about dinosaur functional morphology, physiology, and systematics using cladistic methodology - in short, how professional paleontologists and dinosaur experts go about their work, and why they find it so rewarding. The book is spectacularly illustrated by John Sibbick, a world-famous illustrator of dinosaurs, commissioned exclusively for this book.
