## David Melbye

Irony in The Twilight Zone David Melbye, 2015-12-14 Rod Serling's pioneering series *The Twilight Zone* (1959 to 1964) is remembered for its surprise twist endings and pervading sense of irony. While other American television series of the time also experimented with ironic surprises, none depended on these as much as Serling's. However, irony was not used merely as a structural device—Serling and his writers used it as a provocative means by which to comment on the cultural landscape of the time. *Irony in The Twilight Zone: How the Series Critiqued Postwar American Culture* explores the multiple types of irony—such as technological, invasive, martial, sociopolitical, and domestic—that Serling, Richard Matheson, Charles Beaumont, and other contributors employed in the show. David Melbye explains how each kind of irony critiqued a specific aspect of American culture and how all of them informed one another, creating a larger social commentary. This book also places the show's use of irony in historical and philosophical contexts, connecting it to a rich cultural tradition reaching back to ancient Greece. *The Twilight Zone* endures because it uses irony to negotiate its definitively modernist moment of “high” social consciousness and “low” cultural escapism. With its richly detailed, frequently unexpected readings of episodes, *Irony in The Twilight Zone* offers scholars and fans a fresh and unique lens through which to view the classic series.

**To Serve Man** Karl Wurf, 1976-12-01 Some argue that cowboy meat is too tough to be served any other way, especially since the spices tend to kill the taste of whatever the donor may have been smoking, drinking, or chewing. Others discount this argument, but agree that Chili is a practical, quick way to serve Man in well-disguised form. Meat of 1 reasonably well-muscled Cowboy, ground coarsely -- 15 pounds onions, chopped -- 10 cloves garlic, crushed -- 1/2 cup cooking oil -- 25 pounds pre-cooked kidney beans -- 25 pounds fresh tomatoes -- 2 oz. salt -- 6 to 12 oz. chili powder -- 2 oz. sugar -- 1/2 oz. pepper, freshly ground -- (Optional: 40 green bell peppers) -- (Optional: 3 tsp. paprika) On a frying grill or in a battery of skillets, brown onions, meat, and bell peppers (cut up) if used, for about 5 minutes per batch. Peel and quarter tomatoes. Put tomatoes, beans with their cooking water, and 2-1/2 gallons additional water in large kettle or wash boiler (or divide among several smaller ones). Add meat, onions, peppers if used, and seasonings. Simmer for 90 minutes; serve in bowls or with rice. For 150.

*Everything I Need to Know I Learned in the Twilight Zone* Mark Dawidziak, 2017-02-28 Can you live your life by what *The Twilight Zone* has to teach you? Yes, and maybe you should. The proof is in this lighthearted collection of life lessons, ground

rules, inspirational thoughts, and stirring reminders found in Rod Serling's timeless fantasy series. Written by veteran TV critic, Mark Dawidziak, this unauthorized tribute is a celebration of the classic anthology show, but also, on another level, a kind of fifth-dimension self-help book, with each lesson supported by the morality tales told by Serling and his writers. The notion that "it's never too late to reinvent yourself" soars through "The Last Flight," in which a World War I flier who goes forward in time and gets the chance to trade cowardice for heroism. A visit from an angel blares out the wisdom of "follow your passion" in "A Passage for Trumpet." The meaning of "divided we fall" is driven home with dramatic results when neighbors suspect neighbors of being invading aliens in "The Monsters Are Due on Maple Street." The old maxim about never judging a book by its cover is given a tasty twist when an alien tome is translated in "To Serve Man."

**As I Knew Him:** Anne Serling, 2014-05-01 A haunting and beautifully written memoir about the creator of The Twilight Zone. --Robert Redford Beautifully written. . . I laughed and I cried. I plan to read it again once I catch my breath. --Carol Burnett In this intimate, lyrical memoir about her iconic father, Anne Serling reveals the fun-loving dad and family man behind the imposing figure the public saw hosting The Twilight Zone each week. After his unexpected, early death, Anne, just 20, was left stunned. But through talking to his friends, poring over old correspondence, and recording her childhood memories, Anne not only found solace, but gained a deeper understanding of this remarkable man. Now she shares her discoveries, along with personal photos, revealing letters, and scenes of his childhood, war years, and their family's time together. A tribute to Rod Serling's legacy as a visionary, storyteller, and humanist, *As I Knew Him* is also a moving testament to the love between fathers and daughters. A tender, thoughtful and very personal portrait of American genius Rod Serling. --Alice Hoffman Richly told. . . a haunting memoir about grief, creativity, and a father-daughter bond as memorable and magical as any Twilight Zone episode. --Caroline Leavitt Filled with anecdotes and self-reflection. . . Serling still casts an outsized shadow. --Variety Lush memories of a remarkable father and adept analysis of his work. --Kirkus Reviews

*Government in the Twilight Zone* John R. Baker, 2015-05-05 Illuminates how local board systems operate and the

motivations and experiences of their members. While 97 percent of all American cities are smaller than 50,000 and millions of Americans experience civic life in these communities, what we know about their politics and governance is limited, particularly how local board systems operate, who the board members are, what motivates them to serve, and what they think about their experiences. Drawing on a unique and extensive set of survey data from board members, mayors, and city councilors in sixty cities across six states, *Government in the Twilight Zone* significantly expands our knowledge of small-city boards and politics. By embedding the empirical research in the historical trajectory of small towns, John R. Baker provides a rich narrative that discusses the role of entities such as planning commissions, parks and recreation boards, and zoning appeals boards. He also clarifies how board and commission members are recruited in small cities, explains how these organizations work to make the decisions required of them, and reveals what they and their city councilors and mayors think about their importance and effectiveness. □ Professional city managers have long known about the influence and importance of advisory boards and commissions in the decision making in local government. Thank you, Rob, for shedding a little light on these groups that operate in the twilight of government. □ □ Scot E. Simpson, City Administrator, River Falls, Wisconsin

**The Twilight Zone** Rod Serling, Charles Beaumont, Richard Matheson, 2017-12-05 Between light and shadow, science and superstition, fear and knowledge is a dimension of imagination. An area we call the Twilight Zone. Adapted by Anne Washburn (Mr Burns) and directed by Olivier Award-winner Richard Jones, this world premiere production of the acclaimed CBS Television Series *The Twilight Zone* lands on stage for the first time in its history. Or its present. Or its future. Stage magic and fantasy unite as the ordinary becomes extraordinary.

**The Twilight Zone and Philosophy** Heather L. Rivera, Alexander E. Hooke, 2018-10-09 In *The Twilight Zone and Philosophy*, philosophers probe into the meaning of the classic TV series, *The Twilight Zone*. Some of the chapters look at single episodes of the show, while others analyze several or many episodes. Though acknowledging the spinoffs and reboots, the volume concentrates heavily on the classic 1959-1964 series. Among the questions raised and answered are: ● What's the meaning of personal identity in *The Twilight Zone*? ("Number 12 Looks Just Like You," "Person or Persons Unknown"). ● As the distinction between person and machine becomes less clear, how do we handle our intimacy with machines? (A question posed in the very first episode of *The Twilight Zone*, "The Lonely"). ● Why do our beliefs always become uncertain in *The Twilight Zone*? ("Where Is Everybody?") ● Just where is the Twilight Zone? (Sometimes it's a supernatural realm but sometimes it's the everyday world of reality.) ● What does the background music of *The Twilight Zone* teach us about dreams and imagination? ● Is it better to lose the war than to be damned? ("Still Valley") ● How far should we trust those benevolent aliens? ("To Serve Man") ● Where's the harm in media addiction? ("Time Enough at Last") ● Is there something objective about beauty? ("The Eye of the Beholder") ● Have we already been conquered? ("The Monsters Are Due on Maple Street") ● Are there hidden costs to knowing more about other people? ("A Penny for Your Thoughts")

**The Binge Watcher's Guide to The Twilight Zone: An Unofficial Journey** Jacob Trussell,2021-05-10 “You unlock this door with the key of imagination. Beyond it is another dimension—a dimension of sound, a dimension of sight, a dimension of mind.” There are a lot of compendiums on The Twilight Zone out there, most offering a backstage peek at the ins and outs of producing this seminal genre series. The Binge Watcher’s Guide to The Twilight Zone will offer you something these other books do not: a microscopic look into the themes and ideas that Rod Serling weaved into his landmark show to give you a deeper understanding of why The Twilight Zone still resonates with audiences over 60 years later. This guide will examine how the socio-political turmoil of the early 1960s, the global anxiety over nuclear power, and the looming specter of trauma in post-war America influenced Serling to use The Twilight Zone as a bully pulpit, pushing back against social ills, from racism and censorship to McCarthyism and totalitarianism. Whether this is your first trip to the Zone or you’re an old fan returning for one more round, this retrospective is an opportunity to engage with the timeless classic in a way that can help you make sense of our here and now. “You're moving into a land of both shadow and substance, of things and ideas. You've just crossed over into the Twilight Zone.”

*The Twilight Zone* Martin Harry Greenberg,Richard Matheson,Charles Waugh,1994-07 Collects thirty fantasy and science fiction short stories which were the basis for episodes of the Twilight Zone television series.

**Submitted for Your Approval** Rod Books,2015-04-07 Submitted for Your Approval, is the first short-story anthology from Rod Serling Books - a collection of works written in the Serling genre or, in the consensus of the editorial board, a story that Rod, himself, would have considered worthy of being included. As one of the world's foremost storytellers, Serling was primarily concerned with the well-being of humanity and the creation of commentative works of social and moral relevance. It is with this spirit that Mariel Cooksey, James Goertel, Tim Johnston, Sara Jordan, Ken Knight, Michael Lizarraga, Lisa Manderosian-Saleski, Doug Nufer, Terry Persun, Carl Rafala, and Lindy Spencer submitted their works, which vary in length from short-story to novella. As with Serling's body of work, not all are tales of fantasy. They are, however, very Serling-like in terms of being thought provoking; concerned with the human condition; and fine examples of the art of storytelling. As for the art of storytelling, we were thrilled to affirm that it is so very alive and flourishing. With the publication of this anthology and an exciting new anthology just around the corner, we continue to collect submissions from talented writers around the world; develop new anthology ideas; and most of all, champion writers, without whom the theater, film, television, and publishing industries would cease to exist.

**The Know-It-Alls** Noam Cohen,2018-01-04 The world’s tech giants are at the centre of controversies over fake news, free speech and hate speech on platforms where influence is bought and sold. Yet, at the outset, almost everyone thought the internet would be a positive, democratic force, a space where knowledge could be freely shared to enable everyone to make

better-informed decisions. How did it all go so wrong? Noam Cohen reports on the tech libertarians of Silicon Valley, from the self-proclaimed geniuses Jeff Bezos, Peter Thiel, Reid Hoffman and Mark Zuckerberg to the early pioneers at Stanford University, who have not only made the internet what it is today but reshaped society in the process. It is the story of how the greed, bias and prejudice of one neighbourhood is fracturing the Western world.

*Serling* Gordon F. Sander,1992 For [Serling's] definitive biography, Gordon F. Sander retraces the odyssey of the man who won more Emmys than any other writer in TV history. Drawing on interviews with over two hundred of Serling's family members, friends, and closest associates ... this landmark book gives us a fascinating look into Serling's world ...--Cover.

**Why Do Birds** Damon Knight,2011-09-29 It's the early 21st century. Ed Stone says he's been in suspended animation since the 1930s. He says he was kidnapped by aliens. He says they sent him forth on a mission: to convince the nations of the world to build massive vault, a mile on each side, in which humanity's billions will lie in suspension and survive the impending destruction of the Earth. Ed Stone says all these things, and the strangest part is that people believe him - ordinary people and powerful people alike. So begins *Why Do Birds*, a classically science-fictional novel of ideas and quite possibly Damon Knight's most haunting work, a terrifying tale of deceit and human folly.

*Twilight Zone Encyclopedia* Steven Rubin,2017-11-01 Since its 1959 debut, *The Twilight Zone* has been an indelible part of the American cultural fabric and remains one of TV's most influential series. The hundreds who toiled behind the scenes—producer, writers, and directors—enjoy a place of equal prominence. *The Twilight Zone Encyclopedia* is two books in one: an episode-by-episode guide and a compendium of credits, plot synopses, anecdotes, production details, never-before-seen images, and interviews with nearly everyone still alive who was associated with the show.

*The Twilight Zone* Martin Grams,2008 This history presents a portrait of the beloved Rod Serling and his television program, recounting the major changes the show underwent in format and story selection, including censorship battles, production details, and exclusive memories from cast and crew. The complete episode guide documents all 156 episodes.

*Twilight Zone* Harlan Ellison,Whitley Strieber,Peter Crowther,2009-08-12 An original anthology celebrating Rod Serling's landmark television series When it first aired in 1959, *The Twilight Zone* was nothing less than groundbreaking television. Freed from much of the censors' strict oversight because of the show's classification as science fiction, the 156 filmed episodes explored powerful and moving human themes—love, hate, pride, jealousy, terror—in their own unique style. The show has since inspired two revivals, as well as fiction, comic books, and magazines, and even a pinball game and theme park rides. Just as important, it sparked the imaginations of countless writers, filmmakers, and fans around the world, and is considered a seminal show for broadening the horizons of television. This anthology will be an all-new collection of stories

written in the vein of the original television show. Edited and featured and introduction by Carol Serling, the anthology will include brand new stories by science fiction and fantasy luminaries such as Whitley Strieber, Loren D. Estleman, Joe Lansdale, R. L. Stine, Timothy Zahn, and Peter S. Beagle, as well as writers from the original series, Earl Hammer and Harlan Ellison®, all in honor of Rod's incredible vision. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
