Spanish Translation of the Meanings of Al-Qur'an Dr. Haroon-ur-Rashid Malik, Muhammad Farooq-i-Azam Malik, The Message of Allah, the Qur'an, has four rights: Qir'at (to read it) Tilawat (to understand and act upon its guidance) Tadabbur (to comprehend its teachings) and Balaghat (to preach and convey its Message). The right of "Balaghat" - was made a mandatory Assignment for the Muslim Ummah The Prophet Muhammad, peace be upon him, has clearly stated this assignment of the Muslim Ummah in the following words: "Ballaghû Annee Walo Âyah - Convey from me even if you have the knowledge of one Âyah." In another Hadith he said: "O Muslims: The best among you are those who learn and teach the Qur'an." At Hajja-tul-Wid'a Rasool Allah, peace be upon him, said: "O you, who are here, convey this message to those who are not here." Al-Hamdulillah, this publication, Al-Qur'an - the Guidance for mankind, is meant to fulfill all these four rights of the Qur'an: It's Arabic text is to read (Qir'at), translation of its meanings in contemporary easy American Language is to understand and act upon its guidance (Tilawat), information about Major Issues, Divine Laws and Guidance prior to the translation of each Sûrah is to comprehend its teachings (Tadabbur), and its distribution to Public Libraries, Muslims and non-Muslims at large is to convey its Message (Balaghat). We are inviting every one to join us in this mighty effort of Jihâd-bil-Qur'an in which Brothers as well as Sisters can participate equally. Since all personal working for this project are

volunteers, therefore, 100% of the contributions are used for printing Al-Qur'an and making it available to Muslims and non-Muslims. Zaka-tul-Mall can also be used for this purpose. If you would like to get more information, pleaseswrite us or visit our websites (Al-Quraan.org). If you want to sponsor its printing and distribution, make your Tax Deductable contributions to 'Al-Qur'an Trust Fund.'

Translation Activity in Late Byzantine World Panagiotis Athanasopoulos,2022-09-05 During the late Byzantine period (1261-1453), a significant number of texts were translated from Latin, but also from Arabic and other languages, into Greek. Most of them are still unedited or available in editions that do not meet the modern academic criteria. Nowadays, these translations are attracting scholarly attention, as it is widely recognized that, besides their philological importance per se, they can shed light on the cultural interactions between late Byzantines and their neighbours or predecessors. To address this desideratum, this volume focuses on the cultural context, the translators and the texts produced during the Palaeologan era, extending as well till the end of 15th c. in ex-Byzantine territories. By shedding light on the translation activity of late Byzantine scholars, this volume aims at revealing the cultural aspect of late Byzantine openness to its neighbours.

The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams,2007-09-21 In this expertly crafted, richly detailed guide, Raymond Leslie Williams explores the cultural, political, and historical events that have shaped the Latin American and Caribbean novel since the end of World War II. In addition to works originally composed in English, Williams covers novels written in Spanish, Portuguese, French, Dutch, and Haitian Creole, and traces the profound influence of modernization, revolution, and democratization on the writing of this era. Beginning in 1945, Williams introduces major trends by region, including the Caribbean and U.S. Latino novel, the Mexican and Central American novel, the Andean novel, the Southern Cone novel, and the novel of Brazil. He discusses the rise of the modernist novel in the 1940s, led by Jorge Luis Borges's reaffirmation of the right of invention, and covers the advent of the postmodern generation of the 1990s in Brazil, the Generation of the Crack in Mexico, and the McOndo generation in other parts of Latin America. An alphabetical guide offers biographies of authors, coverage of major topics, and brief introductions to individual novels. It also addresses such areas as women's writing, Afro-Latin American writing, and magic realism. The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel, national literary traditions, and the work of individual authors. From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization, *The Columbia Guide to the Latin American Novel Since 1945* presents a comprehensive, accessible portrait of a thoroughly diverse and complex branch of world literature.

□□□□□□□□□□□□] Yuthog Yonten Gonpo,2021-03-23 PRÓLOGO En el mundo actual, debido a las alteraciones del medio ambiente y al aumento de las sustancias químicas y otros contaminantes, diversas enfermedades afectan a la sociedad humana. Nuestros grandes médicos del pasado nos han obsequiado a nosotros, el pueblo de la Tierra de las Nieves, con una profundamente rica y comprensiva tradición de diagnosticar a través del examen de la orina y del pulso y con el tratamiento de las enfermedades con la extracción de sangre y la moxibustión. El Departamento de Traducción del Instituto Médico y Astrológico Tibetano (TMAI) se ha embarcado en el loable proyecto de traducir los Cuatro Tratados (Rgyud-bzhi) de la Medicina Tibetana, que forman el núcleo de la ciencia tradicional tibetana de curar. Se han traducido ya los dos primeros tratados: el Rtsa-rgyud (Tratado Raíz) y el Bshad-rgyud (Tratado Explicatorio), y está en proyecto la publicación de estos dos trabajos en formato bilingüe (tibetano e inglés). Y ahora, a diferencia del pasado, cuando sólo nosotros nos beneficiábamos de este conocimiento, las traducciones serán asequibles al mundo anglosajón. Será también una gran ayuda para los médicos alópatas y científicos a los que interesa el bienestar de los seres humanos en sus esfuerzos para usar este conocimiento y mejorar sus intentos para servir a la humanidad de una manera más efectiva, introduciendo nuevos conocimientos y técnicas en el mundo de la ciencia médica. Esta tarea de traducción es además un proyecto loable y quiero felicitar a todos los que en él han participado. Con mis bendiciones y mejores deseos, El Dalai Lama 25 de junio de 2008

Quichean Civilization Robert M. Carmack, 2024-06-21 The Quiche state in Guatemala flourished for several centuries before being destroyed by the conquistadors in 1524. During the early years of the ensuing period, the Quicheans recorded their past history and legends, writing in their own language but using the Latin alphabet. Many of these chronicles have survived, each illuminating various aspects of pre-conquest Quichean culture. Organized in six sections, Quichean Civilization categorizes all the documented sources describing the Quiche Maya. I. Introduction II. Native Documents III. Primary Spanish Documents IV. Secondary Sources V. Modern Anthropological Sources VI. A Case Study: Título C'oyoi This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact.
