*The Asian Mystique* Sheridan Prasso, 2009-04-29 Few Westerners escape the images, expectations and misperceptions that lead us to see Asia as exotic, sensual, decadent, dangerous, and mysterious. Despite - and because of centuries of East-West interaction, the stereotypes of Western literature, stage, and screen remain pervasive icons: the tea-pouring, submissive, sexually available geisha girl; the steely cold dragon lady dominatrix; as well as the portrayal of the Asian male as effeminate and asexual. These Oriental illusions color our relations and relationships in ways even well-respected professional Asia hands and scholars don't necessarily see. *The Asian Mystique* lays out a provocative challenge to see Asia and Asians as they really are, with unclouded, deerotized eyes. It traces the origins of Western stereotypes in history and in Hollywood, examines the phenomenon of 'yellow fever,' then goes on a reality tour of Asia's go-go bars, middle-class homes, college campuses, business districts, and corridors of power, providing intimate profiles of women's lives and vivid portraits of the human side of an Asia we usually mythologize too well to really understand. It strips away our misconceptions and stereotypes, revealing instead the fully dimensional human beings beyond our usual perceptions. *The Asian Mystique* is required reading for anyone with interest in or interaction with Asia or Asian-origin people, as well as any serious student or practitioner of East-West relations.

Cultures of Violence in the New German Street Patricia Anne Simpson, 2011-11-21 In post-Wall Germany, violence—both real and imagined—is increasingly determining the formation of new cultural identities. Patricia Anne Simpson's book focuses on the representation of violence in three youth subcultures often characterized by aggression as they enact a rivalry for supremacy on the new German "street"—the author's operative metaphor to situate the cultural discourse about violence. The selected literary texts, films, and music exemplify the urgent need for a sustained debate about violence as an aspect of both social reality and the national imaginary. Simpson's study discloses the relationship between narratives of violence and issues of immigration, ethnic difference, and poverty. Her lucid readings examine the ways in which violence is grounded in the asphalt of Germany's new street. This interdisciplinary study identifies the motivations, decisions, and consequences of violent acts and the stories that convey them. Simpson draws examples from popular genres and subcultures, including punk, hip hop, and skinhead sounds, styles, and politics. With theoretical sophistication and analytical clarity, the author locates

the contested territory of the street within larger European contexts of violence while paying careful attention to the particularities of German history. She reveals new insights into the construction of citizenship, masculinity, and contemporary ethics. In addition, Simpson demonstrates the importance of concepts embedded in the representation of violence, including revised definitions of heroism, community, and evolving ideas of fraternity, family, and home.

*German/English Dictionary of Idioms* Hans Schemann, 2013-05-13 This unique dictionary covers all the major German idioms and is probably the richest source of contemporary German idioms available, with 33,000 headwords. Within each entry the user is provided with: English equivalents; variants; contexts and precise guidance on the degree of currency/rarity of an idiomatic expression. This dictionary is an essential reference for achieving fluency in the language. It will be invaluable for all serious learners and users of German. Not for sale in Germany, Austria and Switzerland.

*Modern German Grammar* Ruth Whittle, John Klapper, Bill Dodd, Christine Eckhard-Black, William Dodd, 2006-08-23 Announcing an innovative, new, practical reference grammar, combining traditional and function-based grammar in a single volume. It is the ideal reference grammar at advanced secondary level and above.

*Dictionary of German Synonyms* R. B. Farrell, 1977-04-07 An English-German dictionary, with each definition followed by German synonyms.

*German for Musicians* Josephine Barber, 1985-08-22 There can be no doubt that German for Musicians will prove a real asset to every young singer and instrumentalist who needs to become acquainted with the German language, written or spoken. --Dietrich Fischer-Dieskau German for Musicians is an intensive course for beginners, a refresher for those with some German, and a reader for those who need to practice translating musical texts.

*The Song of Songs Unveiled: a New Translation and Exposition of the Song of Solomon. By the Rev. Benjamin Weiss*, 1859

*New and Complete Dictionary of the German Language for Englishmen* Carl Gottlob Küttner, William Nicholson, 1813

*The Stories about Naboth the Jezreelite* Patrick T. Cronauer, O.S.B., 2005-09-16 This book is a look at the sources and composition of the story in 1 Kings of Naboth and Jezebel.

*Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc*, 1870

**Hueber-Wörterbuch Deutsch als Fremdsprache** Juliane Forßmann, 2009 2-sprachiges Wörterbuch mit über 100.000 Eintragungen für Deutschlerner mit der Ausgangssprache Englisch.

*Lange's New German Method Adapted for Class Teaching and Private Study* Hermann Lange, 1876

**A Practical Dictionary of German Usage** K. B. Beaton, 2001 One of the most difficult tasks confronting the English speaker learning German is that of finding exactly the right German word to translate an English word in a particular context. Many common English words have several, sometimes a bewildering number of German equivalents. Thus it is all too

easy to find yourself saying the equivalent of Have you extinguished the rubbish? instead of Have you put out the rubbish? Bilingual dictionaries list equivalents, but give little or no information about their use. The articles in this practical dictionary are much longer than those to be found in a bilingual dictionary, and the number of words treated is fewer, with a concentration on those which cause particular difficulties for speakers of English. The complexity of the relationship between English words and their German equivalents is attributable to two factors. Firstly, frequently-used English words often have more than one meaning, and each of the English meanings may be expressed by more than one German word. Such words will be at least partial synonyms, but the field of meaning is likely to be divided up in a way that is different from English. Each article in the book starts by separating out the different meanings of an English word, and then explains the meaning and use of the German equivalents for each, with numerous examples. The book will be an essential reference work for advanced language learners and for teachers of German at all levels, offering a uniquely detailed insight into the structure of word meaning in German as well as practical advice on usage.

**Hearing Homophony** Megan Kaes Long, 2020 In *Hearing Homophony*, Megan Kaes Long presents a groundbreaking model for understanding tonality and its origins, examining it through the lens of popular songs of late-Renaissance Western Europe.

**New and complete dictionary of the German language for Englishmen, according to the German dictionary of Mr. J. C. Adelung, by C. G. K. and W. N. Neues ... deutsch-englisches Wörterbuch, etc** Carl Gottlob KUETTNER (and NICHOLSON (William)), 1813

**Practical Theology** Gerben Heitink, 1999 This work by a leading figure in the field offers one of the first attempts to formulate a complete theory of practical theology for scholars, teachers, students, and those directly involved in pastoral ministry. Designed to serve as a reference tool, this volume provides the necessary theoretical discussion for work in the entire discipline of practical theology. Gerben Heitink first surveys the historical development of practical theology from the thought of Schleiermacher to the present. He then outlines the theoretical aspects of practical theology, looking especially at the hermeneutical, empirical, and strategic points of view. Finally Heitink discusses the various contexts in which practical theology takes place.

**Dictionary English-German and German-English** Nathan Bailey, 1810

*Opera after 1900* Margaret Notley, 2017-07-05 The articles reprinted in this volume treat operas as opera and from some sort of critical angle; none of the articles uses methodology appropriate for another kind of musical work. Additional criteria used in selecting the articles were that they should not have been reprinted widely before and that taken together they should cover an extended array of significant operas and critical questions about them. Trends in Anglophone scholarship on post-1900 opera then determined the structure of the volume. The anthologized articles are organized according to the place

of origin of the opera discussed in each of them; the introduction, however, follows a thematic approach. Themes considered in the introduction include questions of genre and reception; perspectives on librettos and librettists; words, lyricism, and roles of the orchestra; and modernism and other political contexts.

**2002** Susan Sarah Cohen, 2011-11-30 This work includes international secondary literature on anti-Semitism published throughout the world, from the earliest times to the present. It lists books, dissertations, and articles from periodicals and collections from a diverse range of disciplines. Written accounts are included among the recorded titles, as are manifestations of anti-Semitism in the visual arts (e.g. painting, caricatures or film), action taken against Jews and Judaism by discriminating judiciaries, pogroms, massacres and the systematic extermination during the Nazi period. The bibliography also covers works dealing with philo-Semitism or Jewish reactions to anti-Semitism and Jewish self-hate. An informative abstract in English is provided for each entry, and Hebrew titles are provided with English translations.
