Mario Reading

[The Complete Prophecies of Nostradamus](#) Nostradamus, Mario Reading, 2009 Best selling author Mario Reading brings together a complete new translation and an original interpretation of all the known quatrains.

Nostradamus Mario Reading, 2015-05-21 Nostradamus predicted the assassination of Benazir Bhutto, the Credit Crunch in 2008 and the floods in New Orleans, as well as the Iraq war, the Twin Towers disaster and the devastating Boxing Day tsunami of 2004 - and he foretold the future for decades to come. In this book, Mario Reading presents Nostradamus in an entirely new light - he has prepared new groundbreaking translations of all Nostradamus's quatrains that deal specifically with the future, with new, sharp and knowledgeable commentaries. His startling discovery of Nostradamus's dating system allows him to date the prophecies, and his translation and insightful interpretations reveal extraordinary and sometimes shocking predictions for the future. These predictions include the demise of the British Monarchy, the break-up of the European Union and Global War. The greatest diviner and scryer who ever lived, Nostradamus was born in December 1503 in Provence, France. His prophecies have been continuously in print since his death on 2nd July 1566, an event that he accurately foretold on the night before it happened.

The Complete Prophecies of Nostradamus Nostradamus, 2022-08 Nostradamus (Michel de Nostradame) was born on December 14, 1503 in St. Remy, Provence, France. Nostradamus came from a long line of Jewish doctors and scholars. He is considered by many as one of the most famous and important writers of history prophecies. He is famous mainly for his book 'The Prophecies,' consisting of quatrains in rhyme. Supporters of the trustworthiness of these prophecies attribute to Nostradamus the ability to predict an incredible number of events in world history, including the French Revolution, the Atomic bomb, the rise to power of Adolf Hitler and the attacks of 11 September 2001. However, no one has ever proved that Nostradamus's quatrains can provide reliable data for the foreseeable future. Nostradamus had the visions which he later recorded in verse while staring into water or flame late at night, sometimes aided by herbal stimulants, while sitting on a brass tripod. The resulting quatrains (four line verses) are oblique and elliptical, and use puns, anagrams and allegorical imagery. Most of the quatrains are open to multiple interpretations, and some make no sense whatsoever. Some of them are chilling, literal descriptions of events, giving specific or near-specific names, geographic locations, astrological configurations, and sometimes actual dates. It is this quality of both vagueness and specificity which allows each

new generation to reinterpret Nostradamus.

The Nostradamus Prophecies Mario Reading,2009-12-01 From the No. 1 bestselling author of Nostradamus: The Complete Prophecies for the Future Nostradamus wrote a thousand prophecies. Only 942 have survived. What happened to the missing predictions? And what secrets did they contain to make it necessary for them to remain hidden? Adam Sabir, a writer, sets off to unearth the missing prophecies. He is accompanied by enigmatic Achor Bale, a member of an ancient secret society that has dedicated itself to the protection of the 'Three Antichrists' foretold in Nostradamus's verses: Napoleon, Adolf Hitler, and the unnamed 'one still to come'... The pair embark on a terrifying chase through the ancient Romany encampments of France in a quest to locate the missing verses. If they are successful, life will never be the same for Sabir, Bale - or the rest of the world.

The Prophecies Nostradamus,2012-07-31 The first major literary presentation of Nostradamus's Prophecies, newly translated and edited by prizewinning scholars The mysterious quatrains of the sixteenth-century French astrologer Nostradamus have long proved captivating for their predictions. Nostradamus has been credited with anticipating the Great Fire of London, the rise of Adolf Hitler, and the September 11 terrorist attacks. Today, as the world grapples with financial meltdowns, global terrorism, and environmental disasters—as well as the Mayan prediction of the apocalypse on December 21, 2012—his prophecies of doom have assumed heightened relevance. How has The Prophecies outlasted most books from the Renaissance? This edition considers its legacy in terms of the poetics of the quatrains, published here in a brilliant new translation and with introductory material and notes mapping the cultural, political, and historical forces that resonate throughout Nostradamus's epic, giving it its visionary power.

Complete Works of Nostradamus Nostradamus,2019-09-04 Greetings and happiness to César Nostradamus my son Your late arrival, César Nostredame, my son, has made me spend much time in constant nightly reflection so that I could communicate with you by letter and leave you this reminder, after my death, for the benefit of all men, of which the divine spirit has vouchsafed me to know by means of astronomy. And since it was the Almighty's will that you were not born here in this region [Provence] and I do not want to talk of years to come but of the months during which you will struggle to grasp and understand the work I shall be compelled to leave you after my death: assuming that it will not be possible for me to leave you such [clearer] writing as may be destroyed through the injustice of the age [1555]. The key to the hidden prediction which you will inherit will be locked inside my heart. Also bear in mind that the events here described have not yet come to pass, and that all is ruled and governed by the power of Almighty God, inspiring us not by bacchic frenzy nor by

enchantments but by astronomical assurances: predictions have been made through the inspiration of divine will alone and the spirit of prophecy in particular. On numerous occasions and over a long period of time I have predicted specific events far in advance, attributing all to the workings of divine power and inspiration, together with other fortunate or unfortunate happenings, foreseen in their full unexpectedness, which have already come to pass in various regions of the earth. Yet I have wished to remain silent and abandon my work because of the injustice not only of the present time [the Inquisition] but also for most of the future. I will not commit to writing. Since governments, sects and countries will undergo such sweeping changes, diametrically opposed to what now obtains, that were I to relate events to come, those in power now - monarchs, leaders of sects and religions - would find these so different

Nostradamus 2003-2025 Peter Lorie, 2002-10-21 Who wouldn't want to know the answer to the question: WHAT WILL HAPPEN NEXT? For hundreds of years, philosophers, scientists, and mystics have studied the enigmatic writings of the great prognosticator Nostradamus for clues as to what our future holds. Drawing upon recent investigations undertaken by government agencies, major corporations, and noted works by world-renowned researchers, this book contains never-before revealed predictions for the years 2003-2025 -- including a haunting reference to the September 11 attacks on the Twin Towers in one of Nostradamus's most famous quatrains. Arranged in chronological year-by-year order of events, predictions range from the future of science and technology, to drastic changes in climate, population explosions, political upheaval, and social and cultural milestones for humanity. For all those who wish to know the foretold destiny of our world in the next quarter century, this is a must-have guide for the future.

The Final Prophecies of Nostradamus Pavilion Books, Erica Cheetham, Nostradamus, 1999

Nostradamus Jack Manuelian, 1996 According to the author, who has spent many years translating the original works of the most famous seer of all time, humankind could soon find itself plunging headlong into a holocaust whose destruction could well be of planetary proportions. Manuelian believes that the present situation in the world -- Nationalism vis a vis Globalism; the resurgence of neo-Fascism and Imperialism; the rise of Islamic Fundamentalism; the prevalent economic woes all over the world; ethnic conflicts and regional wars -- are all reminders of a precarious world that is teetering and tottering dangerously and that the coming years until the turn of the century could be the most critical in the overall life of the planet.

The Nostradamus Prophecy Theresa Breslin,2008-09-04 When Nostradamus proclaims to the French court his prophecy of a great massacre, the young King Charles only laughs. His mother, Catherine de' Medici, pays more heed - she believes that Nostradamus can truly see the future. But the great soothsayer's prophecies are not only for those who rule; he also has a message for Melisande, the minstrel's daughter, who he believes is linked with him by Fate. And as the Angel of Death approaches, Nostradamus entrusts to her safekeeping some very special parchments - parchments that the rulers of France would do anything to see . . .
