Daphné B.

Made-Up Daphné B., 2021-10-19 SHORTLISTED FOR THE 2023 COLE FOUNDATION PRIZE FOR TRANSLATION A nuanced, feminist, and deeply personal take on beauty culture and YouTube consumerism, in the tradition of Maggie Nelson's *Bluets* As Daphné B. obsessively watches YouTube makeup tutorials and haunts Sephora's website, she's increasingly troubled by the ways in which this obsession contradicts her anti-capitalist and intersectional feminist politics. In this poetic treatise, she rejects the false binaries of traditional beauty standards and delves into the celebrities and influencers, from Kylie to Grimes, and the poets and philosophers, from Anne Boyer to Audre Lorde, who have shaped the reflection she sees in the mirror. At once confessional and essayistic, *Made-Up* is a meditation on the makeup that colours, that obscures, that highlights who we are and who we wish we could be. The original French-language edition was a cult hit in Quebec. Translated by Alex Manley—like Daphné, a Montreal poet and essayist—the book's English-language text crackles with life, retaining the flair and verve of the original, and ensuring that a book on beauty is no less beautiful than its subject matter. "The most radical book of 2020 talks about makeup. Radical in the intransigence with which Daphne B hunts down the parts of her imagination that capitalism has phagocytized. Radical also in its rejection of false binaries (the authentic and the fake, the futile and the essential) through the lens of which such a subject is generally considered. With the help of a heady combination of pop cultural criticism and autobiography, a poet scrutinizes her contradictions. They are also ours." —Dominic Tardif, *Le Devoir* "[*Made-Up*] is a delight. I read it in one go. And when, out of necessity, I had to put it down, it was with regret and with the feeling that I was giving up what could save me from a catastrophe." —Laurence Fournier, *Lettres Québécoises*, five stars *Made-Up* is a radiant, shimmering blend of memoir and cultural criticism that uses beauty culture as an entry point to interrogating the ugly contradictions of late capitalism. In short, urgent chapters laced with humor and wide-ranging references, Daphné B. plumbs the depths of a rich topic that's typically dismissed as shallow. I imagine her writing it in eye pencil, using makeup to tell the story of her life, as so many women do. —Amy Berkowitz, author of *Tender Points* A companion through the thicket of late stage capitalism, a lucid and poetic mirror for anyone whose image exists on a screen. —Rachel Kauder Nalebuff *Made-Up* is anything but—committed to the grit of our current realities, Daphné B directs her piercing eye on capitalism in an intimate portrayal of what it means to love, and how to paint ourselves in the process. Alex Manley has gifted English audiences with a nuanced translation of a critical feminist text, exploring love and

make-up as a transformative social tool. —Sruti Islam The book will leave you both laughing in recognition and wincing at the reality of the beauty world's impact on our collective psyche. —Chatelaine [Made-Up] examines the intersection of beauty culture and consumer culture... Aided by the work of writers like Anne Carson, Anne Boyer, Amanda Hess, and Arabelle Sicardi... B. makes sharp observations about the ideologies behind both beauty [...] and consumerism. —Bitch Media Made-Up: A True Story of Beauty Culture under Late Capitalism is well worth reading. —Literary Review of Canada [Made-Up], newly translated by writer/poet Alex Manley from its original French, puts an intersectional, feminist lens on the author's personal fascination with the makeup industry; it also reckons with the cultural dominance of this fascination as she aims to square anti-capitalist principles with beauty-product obsession. —BitchReads: 11 Books Feminists Should Read in September

Clothing and Fashion [4 volumes] José Blanco F.,Patricia Kay Hunt-Hurst,Heather Vaughan Lee,Mary Doering,2015-11-23 This unique four-volume encyclopedia examines the historical significance of fashion trends, revealing the social and cultural connections of clothing from the precolonial times to the present day. This sweeping overview of fashion and apparel covers several centuries of American history as seen through the lens of the clothes we wear—from the Native American moccasin to Manolo Blahnik's contribution to stiletto heels. Through four detailed volumes, this work delves into what people wore in various periods in our country's past and why—from hand-crafted family garments in the 1600s, to the rough clothing of slaves, to the sophisticated textile designs of the 21st century. More than 100 fashion experts and clothing historians pay tribute to the most notable garments, accessories, and people comprising design and fashion. The four volumes contain more than 800 alphabetical entries, with each volume representing a different era. Content includes fascinating information such as that beginning in 1619 through 1654, every man in Virginia was required to plant a number of mulberry trees to support the silk industry in England; what is known about the clothing of enslaved African Americans; and that there were regulations placed on clothing design during World War II. The set also includes color inserts that better communicate the visual impact of clothing and fashion across eras.

James Charles Aunt Lollie Connie,2017-11-24 James Charles made history when he was named the first ever CoverBoy. As a beauty guru, he has almost 5 million social media followers. James' mom, Christie, is often asked what he was like as a

child. Her first answer is spirited and persistent. Would you believe his pediatrician predicted his success before his first birthday. Christie and I teamed up to share some of James Charles' childhood stories with matching pics. From my sister and me, to all the sisters out there, we hope you enjoy our project as much as we enjoyed creating it. #Teamsisters. The book is 26 pages with short stories and adorable color photographs. Kindle version available soon.

Rich Apparel Maria Hayward,2017-03-02 English dress in the second half of the sixteenth century has been studied in depth, yet remarkably little has been written on the earlier years, or indeed on male clothing for the whole century. The few studies that do cover these neglected areas have tended to be quite general, focusing upon garments rather than the wearers. As such this present volume fills an important gap by providing a detailed analysis of not only what people wore in Henry's reign, but why. The book describes and analyses dress in England through a variety of documents, including warrants and accounts from Henry's Great Wardrobe and the royal household, contemporary narrative sources, legislation enacted by Parliament, guild regulations, inventories and wills, supported with evidence and observations derived from visual sources and surviving garments. Whilst all these sources are utilised, the main focus of the study is built around the sumptuary legislation, or the four 'Acts of Apparel' passed by Henry between 1509 and 1547. English sumptuary legislation was concerned primarily with male dress, and starting at the top of society with the king and his immediate family, it worked its way down through the social hierarchy, but stopped short of the poor who did not have sufficient disposable income to afford the items under consideration. Certain groups - such as women and the clergy - who were specifically excluded from the legislation, are examined in the second half of the book. Combining the consideration of such primary sources with modern scholarly analysis, this book is invaluable for anyone with an interest in the history of fashion, clothing, and consumption in Tudor society.

Maquillada Daphné B.,2022-08-03 ¿Qué representa el maquillaje simbólica, económica, socialmente? ¿Por qué decimos que es frívolo? ¿Cuáles son los efectos sobre el medio ambiente de los productos que usamos? ¿A costa de la explotación de quiénes se producen? En Maquillada Daphné B. ahonda en una industria y unos modos de consumo que generan miles de millones de dólares e inspiran a personas en todo el planeta, incluida ella misma. Confesional y ensayístico, personal y poético, este libro de deslumbrante actualidad cuestiona los falsos binarismos de los cánones de belleza tradicionales usando como referencia a influencers y famosos como Kylie Jenner, Elon Musk y Grimes, pero también a poetas y filósofos, desde Anne Boyer hasta Audre Lorde. El maquillaje como signo de la sumisión a los dictados de la belleza y su lógica capitalista, pero también como arma de liberación, de resistencia, de rebelión: Me desdoble para poder abrazarme mejor. Arranco esos golpes de mi memoria y les ofrezco colores.

Charles James Michele Gerber Klein,2018-03-20 Inspired by the discovery of long-overlooked interviews conducted just before his death, this is the first biography of the visionary fashion designer Charles James. Christian Dior described him as the inspiration for the “New Look.” Salvador Dalí called his work “soft sculpture,” and Virginia Woolf exclaimed, “He is a genius.” As George Bernard Shaw tells us, only unreasonable men change the world. This portrait of the life and times of Charles James—winner of two Coty awards, and the subject of a 2014 Metropolitan Museum of Art show—draws on the glamour of Europe in the 1930s, and the dazzle of New York City from the '40s through the '70s as it travels with James from his birth to privilege in England in 1906 and follows his career through his complex and turbulent relationships with exceptional women such as Elsa Schiaparelli and Eleanor Lambert, ending with his penurious death in New York’s fabled Chelsea Hotel. As engrossing as a novel, as dramatic as grand opera, James’s story will provoke, rivet, and inspire.

Five Sisters James Fox,2001-02-21 The author of the bestseller *White Mischief* tells the story of the beautiful Langhorne sisters, who lived at the Pinnacle of high and powerful society from the end of the Civil War through the Second World War. Making their way across two continents, they left in their wakes rich husbands, fame, adoration, and scandal. Lizzie, Irene, Nancy, Phyllis, and Nora were born in Virginia to a family impoverished by the Civil War. Their father remade his fortune by collaborating with the Yankees and building rail-roads; the sisters became southern belles and northern debutantes. James Fox draws on unpublished correspondence between the sisters and their husbands, lovers, children, and the powerful and glamorous of their day to construct a plural topography with the scope of a grand novel and the pace of a historical thriller. At its center is the most famous sister, Nancy, who married Waldorf Astor, one of the richest men in the world. Heroic, hilarious, magnetically charming, and a bully, Lady Astor became Britain's first female MP, championing women's rights and the poor. The beautiful Irene married Charles Dana Gibson and was the model for the Gibson Girl. The author's grandmother, Phyllis, married a famous economist, one of the architects of modern Europe. Fox has written an absorbing and spirited, intimate and sweeping account of extraordinary women at the highest reaches of society, their adventures set against the background of a tumultuous century.

Poetic Sisters Deborah Kennedy,2013 In *Poetic Sisters*, Deborah Kennedy explores the personal and literary connections among five early eighteenth-century women poets: Anne Finch, Countess of Winchilsea; Elizabeth Singer Rowe; Frances Seymour, Countess of Hertford; Sarah Dixon; and Mary Jones. Richly illustrated and elegantly written, this book

brings the eighteenth century to life, presenting a diverse range of material from serious religious poems to amusing verses on domestic life. The work of Anne Finch, author of *A Nocturnal Reverie*, provides the cornerstone for this well informed study. But it was Elizabeth Rowe who achieved international fame for her popular religious writings. Both women influenced the Countess of Hertford, who wrote about the beauty of nature, centuries before modern Earth Day celebrations. Sarah Dixon, a middle-class writer from Kent, had a strong moral outlook and stood up for those whose voices needed to be heard, including her own. Finally, Mary Jones, who lived in Oxford, was praised for both her genius and her sense of humor. *Poetic Sisters* presents a fascinating female literary network, revealing the bonds of a shared vocation that unites these writers. It also traces their literary afterlife from the eighteenth century to the present day, with references to contemporary culture, demonstrating how their work resonates with new generations of readers.

Pleasure for Pleasure Eloisa James, 2009-10-13 The conclusion of New York Times bestselling author Eloisa James's *Essex Sisters* series! Fueled by the knowledge that notoriety is better than failure, witty, unconventional Josie does what no proper young lady should—she challenges fate. She discards her corset and flirts outrageously. She attends the horse races and allows an arrogant rakehell to whisk her behind the stables for a surreptitious kiss . . . and is caught! She doesn't want to marry the young hellion—but who's to help? Her chaperone keeps disappearing for mysterious appointments; her guardian is on his wedding trip; and his friend the Earl of Mayne is too busy staring into the eyes of his exquisite French fiancée. Can a marriage forced by stuffy convention and unwilling desire become the match of the season?
