Sons et sens Anne Violin-Wigent, Jessica Miller, Frédérique Grim, 2020-11-01 *Sons et sens* presents a unique cultural approach to French pronunciation for English-speaking students. Each chapter presents a new cultural topic, such as the French education system, vernacular French, and cooking in the francophone world, in order to enhance students' pronunciation skills within the context of French and francophone culture. Phonetic explanations and rules throughout the textbook are anchored in recent research on French phonology, reflecting contemporary French as well as elements of nonstandard variation from around the francophone world. The authors' approach derives from current research on second language acquisition and pedagogy as well as contemporary research on French linguistics—especially sociolinguistics. The textbook's fifteen chapters include a variety of exercises on sound discrimination, rule formulation, phonetic reading and transcriptions, and conversations. The publisher's website (press.georgetown.edu) provides about 200 sound files and several video files that show how sounds are formed with the body. A teacher's edition contains additional materials, including comments and answers keyed to the student text. Perfect for third year students, *Sons et sens* should appeal to instructors and students of college-level pronunciation and phonetics courses and serve as a valuable reference in a variety of courses where pronunciation is of importance. The book will also interest students with some background in French who want to perfect their pronunciation on their own.

Discographies des artistes de la chanson d'expression française Jean-Claude Coulié,1998

Cent ans de chanson française Chantal Brunschwig, Louis-Jean Calvet, Jean-Claude Klein, 1981-01-01 T00:00:00+01:00

Partie intégrante de l'inconscient collectif, la chanson tisse la trame sonore de la vie des peuples — non sans ambiguïté aujourd'hui, tant les lois du profit et de la rentabilité contredisent souvent les exigences de rigueur créatrice. Ce dictionnaire couvre ce qui, à un titre ou à un autre, ressortit au phénomène de la chanson française des cent dernières années : les chanteurs bien sûr, mais aussi les auteurs, les compositeurs, les intermédiaires, les lieux où l'on chante, les chansons enfin. Voici donc, à la fois, une mise en perspective critique d'un siècle de chanson, un instrument de travail exceptionnel, un

manifeste salubre pour une vraie culture populaire.

Le déluge et ses récits Atelier de sémiotique du texte religieux (Canada),2005 Comment une figure comme celle du déluge, tirée de notre héritage culturel, est-elle reprise, interprétée, resémantisée dans le discours ? Le groupe Atelier de sémiotique du texte religieux (ASTER) a posé la question à partir d'un ensemble de textes d'époques et de genres divers. L'analyse du récit de la Genèse, de l'épopée de Gilgamesh et de textes de Supervielle, Caillois, Le Clézio, Frenette, Deleuze ou Augustin veut montrer la pertinence d'une approche sémiotique qui s'intéresse à la manifestation du sens des textes. Le regroupement de récits de déluge veut aussi offrir un nouveau contexte de lecture qui éclaire la richesse et le fonctionnement de la figure.--Page 4 de la couverture.

Le Valromey en scène Louis Douillet,1991-01-01T00:00:00+01:00 Cet ouvrage est une réédition numérique d'un livre paru au XXe siècle, désormais indisponible dans son format d'origine.

La France d'après. Tableau politique Jérôme Fourquet,2023-10-06T00:00:00+02:00 Comment fixe-t-on son choix électoral dans cet Archipel qu'est devenue la France ? De quel poids pèsent les singularités individuelles au regard des variables sociales et de l'environnement géographique ? Vers quel type de dessein collectif les nouveaux déterminants du vote nous conduisent-ils ? Pour broser le tableau politique de la France d'après, Jérôme Fourquet a une nouvelle fois arpenté le territoire, collecté des données statistiques, dressé des cartes et tracé des graphiques repérant les facteurs contextuels qui, aujourd'hui, façonnent le vote. Mais au-delà de ces variables collectives, il a pris la mesure du poids

qu'acquière les déterminants individuels (niveau de diplôme, profession, âge) à mesure que l' « archipelisation » progresse. Et pour en rendre compte, le sondage d'opinion s'avère particulièrement pertinent : son usage, complémentaire de l'approche géographique, fait ici merveille, l'auteur réalisant en quelque sorte l'alliance de « la carte et du camembert ». Un siècle après André Siegfried (Tableau politique de la France de l'Ouest, 1913), Jérôme Fourquet remet ainsi sur le métier l'ouvrage pour traquer, d'une région à l'autre, les ressorts profonds de la formation des opinions politiques et des votes. Sans esquiver la question de savoir de quoi sera fait l'avenir politique de cette France multiple et recomposée dans les années et les décennies qui viennent. Agrémentée de nombreuses cartes, tableaux et graphiques réalisés par Sylvain Manternach, géographe et cartographe, cette plongée politique permet plus globalement de saisir les nouveaux contours socio-économiques et culturels de la France d'après. Jérôme Fourquet, auteur de L'Archipel français (2019) et de La France sous nos yeux (avec Jean-Laurent Cassely, 2021), est analyste politique, expert en géographie électorale, directeur du département Opinion à l'IFOP.
