

5 Vie Di San Tommaso

Malta

Summistae Lidia Lanza, Marco Toste, 2021-03-15 Thomas Aquinas' Summa theologiae is one of the classics in the history of theology and philosophy. Beyond its influence in the Middle Ages, its importance is also borne out by the fact that it became the subject of commentary. During the sixteenth century it was gradually adopted as the official text for the teaching of scholastic theology in most European Catholic universities. As a result, university professors throughout Europe and the colonial Americas started lecturing and producing commentaries on the Summa and using it as a starting point for many theological and philosophical discussions. Some of the works of major authors such as Vitoria, Soto, Molina, Suárez and Arriaga are nothing more than commentaries on the Summa. This book is the first scholarly endeavour to investigate this commentary tradition. As it examines late scholasticism against its institutional backdrop and contains studies of manuscripts and texts unpublished, it will remain an authoritative source for the research of late scholasticism.

Angelicum, 2004

Aquinas on Doctrine: Thomas Gerard Weinandy, Daniel Keating, John Yocum, 2004-02-01 This book provides a critical study of the main Christian doctrines as understood and explained by Thomas Aquinas. The whole Thomistic revival of the last century focused almost exclusively on Aquinas as the Christian philosopher. Thus books and articles developed his understanding of being, his epistemology, natural theology, etc. However little has been done, even to this day, by way of examining Aquinas' teaching on the major Christian doctrines. This book of essays by an international team of recognised scholars will help fill this gap. Such a book will be indispensable in every theological library.

On Faith and Reason Saint Thomas (Aquinas), Thomas Aquinas, 1999-01-01 The selections included in this anthology, drawn from a variety of Aquinas' works, focus on the roles of reason and faith in philosophy and theology. Expanding on these themes are Aquinas' discussions of the nature and domain of theology; the knowledge of God and of God's attributes attainable through natural reason; the life of God, including God's will, justice, mercy, and providence; and the principal Christian mysteries treated in theology properly speaking--the Trinity and the Incarnation.

An Deus sit, Summa Theologiae I, q. 2 Mauro Mantovani, 2007

Die Philosophischen Implikate Der 'Quarta Via' Wagner, 2023-03-13

Saint Thomas Aquinas: The person and his work Jean-Pierre Torrell, 2005 Highly acclaimed as the most reliable,

thorough, and accessible introduction to Thomas Aquinas, this first volume in Jean-Pierre Torrell's set of books on the great Dominican theologian has been revised to include a new appendix. The appendix consists of additions to the text, the catalog of Aquinas's works, and the chronology. Each item in the appendix is called out in the original part of the book with an asterisk in the margin. This is the introduction to Thomas: presenting all the known facts of his life and work, tracing the themes of his writing out of his juvenilia, and following the influence of his thought in the years immediately after his death.--First Things The most up-to-date biography available.--Choice

Contemplation and Incarnation Christophe F. Potworowski,2001 Marie-Dominique Chenu was a key figure in the re-vitalization of theology and renewal of the Church that culminated in the Second Vatican Council. He successfully combined a return to the medieval sources of theological reflection with a new sensitivity t

Engaging with Thomas Aquinas Leonardo De Chirico,2024-05-16 The influence of Thomas Aquinas on Western theology is beyond dispute, yet his is a contested legacy. In current evangelical studies, there is an emerging infatuation with Thomas, especially as far as his theological metaphysics is concerned. On the occasion of the eighth centenary of Thomas Aquinas, *Engaging with Thomas Aquinas* is a thoughtful introduction aimed at presenting the main contours of the doctor's complex legacy and critically evaluating it, especially in areas where the Roman Catholic Thomas eclipses the classical theology which is attracting renewed attention in evangelical circles. *Engaging with Thomas Aquinas* contributes a thoughtful analysis from an evangelical viewpoint, offering answers to complex questions such as: - Is the thought of Thomas and Thomism(s) the same? - What strengths and dangers does the legacy of Thomas Aquinas present to evangelical thought? - How can Rome's chief doctor be, at the same time, a reference point for evangelical theology? In this book, De Chirico offers an evangelical a framework to think through this contested thinker's legacy, as well as an invitation to the inquiring reader to consider an alternative.

L'intelligenza del mistero Giorgio Sgubbi,2000

Saint Thomas Aquinas, Volume 2 Jean-Pierre Torrell,1996 V. 1 The Person and His Work; v. 2 Spiritual Master.

Saint Thomas Aquinas Jean-Pierre Torrell, OP, Jean-Pierre Torrell,2022-08-26 The presentation of the life and work of any great thinker is a formidable task, even for a renowned scholar. This is all the more the case when such a historical figure is a saint and mystic, such as Friar Thomas Aquinas. In this volume, Fr. Jean-Pierre Torrell, OP, masterfully takes up the strenuous task of presenting such a biography, providing readers with a detailed, scholarly, and profound account of the thirteenth-century theologian whose works have not ceased to draw the attention of both friend and foe! In this volume, Fr. Torrell, an internationally renowned expert on St. Thomas, speaks to neophytes and experts alike: for those new to Thomas's works, he paints an engaging human portrait of Friar Thomas in his historical context; for specialists, he provides a rigorous

scholarly account of contemporary research concerning Thomas's life and work. This new edition of Fr. Torrell's widely-lauded text involved significant revision, expansion, and bibliographical updates in light of the latest scholarship. The Catholic University of America Press is pleased to present such an eminent specialist's mature synthesis concerning Friar Thomas Aquinas.

The Idea of Beauty in Italian Literature and Language ,2019-01-04 Beauty is a central concept in the Italian cultural imagination throughout its history and in virtually all its manifestations. It particularly permeates the domains that have governed the construction of Italian identity: literature and language. The Idea of Beauty in Italian Literature and Language assesses this long tradition in a series of essays covering a wide chronological and thematic range, while crossing from historical linguistics to literary and cultural studies. It offers elements for reflection on cross-disciplinary approaches in the humanities, and demonstrates the power of beauty as a fundamental category beyond aesthetics.
