

A Blank Of Blank And Blank

Rye Duran

Furyson Rosaria Munda,2022-08-09 One of fantasy's best series. —Booklist, starred review In this explosive conclusion to the epic trilogy that began with Fireborne, Annie and Lee are fighting for their lives—and for each other—as invading dragonfire threatens to burn their home to the ground. A new revolution is underway, and nobody will emerge unscathed. In New Pythos, Griff is facing an execution by the dragonborn, who are furious at his betrayal. He has allies on both sides seeking to defy his fate, but the price of his freedom might come at a dear cost. And Delo will have to make a choice: follow his family, or finally surrender to his conscience. Meanwhile, Annie must race home to hatch a plan to save her Guardians and their dragons. With Callipolis on the brink of collapse and the triarchy set to be reinstated, she may be the one person who can save the city—if she can overcome her own doubts about her future. Lee is a revolutionary at heart, but now he'll have to find a way to fight with diplomacy. Going up against the dragonborn court and a foreign princess, he faces a test of loyalty that sets his head against his heart. As the fate of Callipolis darkens, Annie and Lee must determine what they are willing to sacrifice in order to save each other, defeat their enemies, and reclaim their home.

Blank Noah Tall,2006-02-07 A smart, hilarious parody of Malcolm Gladwell's bestselling Blink. Stop! Don't think! You already know what this book is about. That is the power of Blank: the power of not actually thinking at all. Using what scientific researchers call 'Extra-Lean Deli Slicing' (or would, if they actually bothered to research it), your brain has already decided whether you're going to like Blank, whether its cover goes with your shirt, and whether it will make you look smart if somebody sees you reading it on the train. Chances are you and your shirt are both liking it a lot, you're going to buy several copies, and you don't even know why! That's why you've absolutely got to read Blank: to find out why your brain keeps doing these wacky things without your permission. In Blank, a hilarious parody of the No. 1 bestseller it looks eerily like (and sort of rhymes with) and that your brain wisely advised you to just read a review or magazine excerpt about while avoiding the actual book itself, the brilliantly impulsive and slightly irresponsible Noah Tall explains how people as diverse as General Custer, Roy Rogers, a semi-famous rock star, and the entire New York City Police Department either won big or lost miserably as a result of their minds going completely blank.

about:blank Tracy Fuad,2021-10-19 In about:blank, Tracy Fuad builds a poetics of contemporary dissociation. Funny, plaintive, and cutting, this formally inventive debut probes alienation in place and in language through the author's

consideration of her own relationship to Iraqi Kurdistan. *about:blank*—the title of which is the universal URL for a blank web page—complicates questions of longing and belonging. Interrogating the language of internet chatrooms, Yelp reviews, and the Kurdish dictionary, the poems here leap surprisingly between subjects to find new meaning. Written before and during the years the author spent living in Iraqi Kurdistan, the collection documents the alienation of being inside, outside, and between language(s) and the always-already terror of grammar. At once haunted and humorous, *about:blank* inhabits and exhibits the disorientation and fragmentation that is endemic to the internet era, and mourns the loss of a more embodied existence. Excerpt from “Iraq Vag Panic” We approach the fertile crescent: Hewlêr, Kirkuk, Baghdad - three neon shocks. Across the aisle a woman opens up a document that just says ART. Then selects the text in baby blue and makes it shrink. Timing, says the healer. Such a powerful force in life.

A Perfect Blank Rye Duran, 2020-02-01 Project Apogee had one mission: to create biologically engineered perfect teenagers. The teenagers were supposed to be expressions of a perfect genetic mapping of traits, an example of the New Human. But when the teens go before the project committee, they are found to be utterly normal and unremarkable, a disappointment. Then there's Alex, the lost teen who failed years ago, who might just be the most remarkable of them all.

Blank Jennifer Bonner, Hanif Kara, 2021-10 This book weaves a much needed and transformational narrative about making architecture through paying close attention to cross-laminated timber as a material for today. The material becomes the site of experimentation, innovation, and research in search of specific meanings of CLT in architecture at various scales by selecting the CLT Blank as the building unit. The structure of the book brings together work and texts from a diverse group of theorists and practitioners, who make material central to their inquiry, to suggest design approaches that will broaden the cultural, spatial, and technological significance for architecture, education, engineering, and industry. The outcome focuses on materiality through fast slippages between art, architecture, and science, that we hope will invigorate and expand new discourse to act as an antidote to the current conversations about the material, that is fixated on its making and mass production, disappointingly portraying it as a bland and lifeless product--a notion we want to be distant from in preference to seeking areas we feel were not yet conceptualized or theorized. The potential to see the spatial properties of its use and what kind of world that might suggest is shown in the book, with selected striking visual materials, to reposition its architecture through new forms of representation and responses that continue to stay in touch with pragmatics. Aesthetics of CLT with a connection to wood and art practice is a central thread through the book.

The Blank Page Alberto Blanco, 2020-09-22 Is a blank page really blank? Beloved poet Alberto Blanco pulls back the curtain and illuminates all of the elements hidden in a single piece of paper: the tree it was made from, the rain and sun that allowed the tree to grow, and the people that created it. An enlightening read for readers young and old, it soon becomes clear that a blank page contains the whole cosmos. In *The Blank Page*, world-renowned Mexican poet Alberto Blanco inspires

children and adults to keep looking deeper, to never take things at face value. Charming illustrations by Rob Moss Wilson portray a world that slowly comes to life in a single sheet of paper: first the tree, then the forest, then the people are discovered, revealing the whole interrelated ecosystem of our world. As Blanco says: Where nothing happens, there is a miracle we are not seeing.

The Blank Slate Steven Pinker,2003-06-05 'A passionate defence of the enduring power of human nature ... both life-affirming and deeply satisfying' Daily Telegraph Recently many people have assumed that we are blank slates shaped by our environment. But this denies the heart of our being: human nature. Violence is not just a product of society; male and female minds are different; the genes we give our children shape them more than our parenting practices. To acknowledge our innate abilities, Pinker shows, is not to condone inequality, but to understand the very foundations of humanity. 'Brilliant ... enjoyable, informative, clear, humane' New Scientist 'If you think the nature-nurture debate has been resolved, you are wrong ... this book is required reading' Literary Review 'An original and vital contribution to science and also a rattling good read' Matt Ridley, Sunday Telegraph 'Startling ... This is a breath of air for a topic that has been politicized for too long' Economist

Ship of Smoke and Steel Django Wexler,2019-01-22 Ship of Smoke and Steel is the launch of Django Wexler's cinematic, action-packed epic fantasy Wells of Sorcery trilogy. A FIERCE WARRIOR. HER DEADLY MAGIC. AN EPIC MISSION TO STEAL A GHOST SHIP. In the lower wards of Kahnzoka, the great port city of the Blessed Empire, eighteen-year-old ward boss Isoka enforces the will of her criminal masters with the power of Melos, the Well of Combat. The money she collects goes to keep her little sister living in comfort, far from the bloody streets they grew up on. When Isoka's magic is discovered by the government, she's arrested and brought to the Emperor's spymaster, who sends her on an impossible mission: steal Soliton, a legendary ghost ship—a ship from which no one has ever returned. If she fails, her sister's life is forfeit. On board Soliton, nothing is as simple as it seems. Isoka tries to get close to the ship's mysterious captain, but to do it she must become part of the brutal crew and join their endless battles against twisted creatures. She doesn't expect to have to contend with feelings for a charismatic fighter who shares her combat magic, or for a fearless princess who wields an even darker power. “Truly epic, fierce, and exhilarating, Ship of Smoke and Steel will capture you and lock you away. With magical combat sequences fit for the big screen, the action is almost as breathtaking as the intrigue.” —Morgan Rhodes, New York Times bestselling author of the Falling Kingdoms series At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Blank Richard C. Hale,2014-03-29 There's a violence in me. My name is Lincoln Delabar. I was born without a face. Yes, you heard that right. Smooth, clear skin from my forehead to my chin. I see the world differently, yet it is still a place that holds wonder. At least most of the time. With my uniqueness comes a burden. My mind is powerful. Very powerful. And I have an obligation, a purpose, to see things in my own special way. Some of the things I see are frightening. The evil in this

world is beyond anyone's control. Or so you might think. There is a violence in me. I'm not afraid. I can control it. But should I?

Isle of Blood and Stone Makiia Lucier,2018-04-10 Eighteen years ago, two princes vanished. Now a riddle hidden on a mysterious map could chart a course towards the truth and the missing royals in this historical fantasy that's perfect for fans of Rachel Hartman and Tamora Pierce. Eighteen years ago two princes of the island kingdom of St. John del Mar were kidnapped and murdered, a deadly plot by the rival kingdom of Mondrago. Everyone knows the story, but for Elias, Mercedes, and Ulises, the aftermath of that tragic day is deeply personal. Elias grew up without his father, who was killed trying to protect the princes. Mercedes is half-Mondragan, leaving her to grow up in the shadow of del Mar's hate. And Ulises, as the youngest and only remaining prince, inherited the throne meant for his older brothers. Now, the three friends just want to move on with their lives. But when two maps surface—each with the same hidden riddle—troubling questions arise. What really happened to the young princes? And why do the maps look like they were drawn by Elias's father, whose body was never found? To discover what really happened that fateful day, Elias, Mercedes, and Ulises must follow the clues hidden in the maps, uncovering long-held secrets and unimaginable betrayals along the way. But the truth is dangerous, and not everyone wants it to come out. *Isle of Blood and Stone* is a sweeping fantasy full of intrigue and schemes, romance and friendship, and fearless explorers searching for the truth.
