A Man of the People Chinua Achebe,2016-09-30 From the renowned author of The African Trilogy, a political satire about an unnamed African country navigating a path between violence and corruption As Minister for Culture, former school teacher M. A. Nanga is a man of the people, as cynical as he is charming, and a roguish opportunist. When Odili, an idealistic young teacher, visits his former instructor at the ministry, the division between them is vast. But in the eat-and-let-eat atmosphere, Odili's idealism soon collides with his lusts—and the two men's personal and political tauntings threaten to send their country into chaos. When Odili launches a vicious campaign against his former mentor for the same seat in an election, their mutual animosity drives the country to revolution. Published, prophetically, just days before Nigeria's first attempted coup in 1966, A Man of the People is an essential part of Achebe's body of work.

Vengeful Creditor Chinua Achebe,2016-05-03 A Vintage Shorts "Short Story Month" Selection Mrs. Emenike resents that her husband drives a Mercedes while she is relegated the "noisy Fiat," and she loathes the words "free primary education," a new government initiative for which three of her servants have abandoned her. But, when the program is recalled, ten-year-old Vero, whose hopes of going to school have been dashed, is Mrs. Emenike's next willing recruit—young, innocent, and desperate to do anything and everything she must to earn an education. In this masterful story by "the father of Nigerian writing," Chinua Achebe portrays the devastating injustice done to young women by government corruption and wealth inequality. Selected from Achebe's much-lauded collection of short fiction, Girls at War. An ebook short.

Empathy: Emotional, Ethical and Epistemological Narratives Ricardo Gutiérrez Aguilar,2019-06-07 Empathy is sometimes -for unfathomable reasons- a surprisingly evasive emotion. It is indeed a problem open to discussion. It can be particularly problematic since, for one thing, it is in appearance the emotion responsible for stitching together a shared experience with our common fellow. It is the emotion essential to bridging the gap between subjects - to making a community. Some answers in this volume have their place of reference in the welcoming chambers of Mansfield College, at the University of Oxford (UK). The Empathy Project held its third Global Meeting within the premises of ye olde constituent college at Mansfield Road from Thursday 14th to Saturday 16th of July 2016. This volume looks for the common ground between both the results of the conducted research and our experiences: Digital Media ideas on the subject worked just fine elbow to elbow with those proposed by fields like Nursing or Health and Social Care; and Psychiatry, Psychology and

Philosophy got along quite well with the lines of inquiry of Education, Literature and Dramatic Performance. Contributors are Victoria Aizkalna, Rosa Elena Belvedresi, Giovanna Costantini, Ricardo Gutiérrez Aguilar, Irina Ionita, Nina Lex, Gerardo López Sastre, Barış Mete, Paulus Pimomo, Johannes Rohbeck, Judy Rollins, Josefa Ros Velasco and Christopher J. Staley.

The Dead James Joyce, 2008-10 The Dead is one of the twentieth century's most beautiful pieces of short literature. Taking his inspiration from a family gathering held every year on the Feast of the Epiphany, Joyce pens a story about a married couple attending a Christmas-season party at the house of the husband's two elderly aunts. A shocking confession made by the husband's wife toward the end of the story showcases the power of Joyce's greatest innovation: the epiphany, that moment when everything, for character and reader alike, is suddenly clear.

The Sacrificial Egg Chinua Achebe, 1962

Mein Kampf Adolf Hitler, 2024-02-26 Madman, tyrant, animal—history has given Adolf Hitler many names. In *Mein Kampf* (My Struggle), often called the Nazi bible, Hitler describes his life, frustrations, ideals, and dreams. Born to an impoverished couple in a small town in Austria, the young Adolf grew up with the fervent desire to become a painter. The death of his parents and outright rejection from art schools in Vienna forced him into underpaid work as a laborer. During the First World War, Hitler served in the infantry and was decorated for bravery. After the war, he became actively involved with socialist political groups and quickly rose to power, establishing himself as Chairman of the National Socialist German Worker's party. In 1924, Hitler led a coalition of nationalist groups in a bid to overthrow the Bavarian government in Munich. The infamous Munich Beer-hall putsch was unsuccessful, and Hitler was arrested. During the nine months he was in prison, an embittered and frustrated Hitler dictated a personal manifesto to his loyal follower Rudolph Hess. He vented his sentiments against communism and the Jewish people in this document, which was to become *Mein Kampf*, the controversial book that is seen as the blue-print for Hitler's political and military campaign. In *Mein Kampf*, Hitler describes his strategy for rebuilding Germany and conquering Europe. It is a glimpse into the mind of a man who destabilized world peace and pursued the genocide now known as the Holocaust.

Fahrenheit 451 Ray Bradbury, 2003-09-23 Set in the future when firemen burn books forbidden by the totalitarian brave new world regime.

The Precariat Guy Standing, 2021-07-15 This book presents the new Precariat - the rapidly growing number of people facing lives of insecurity, on zero hours contracts, moving in and out of jobs that give little meaning to their lives. The delivery driver who brings your packages, the uber driver who gets you to work, the security guard at the mall, the carer looking after our elderly...these are The Precariat. Guy Standing investigates this new and growing group, finding a frustrated and angry new underclass who are often ignored by politicians and economists. The rise of zero hours contracts, encouraged by fat cat corporations as risk-free employment, and by silicon valley as a way of outsourcing costs and

responsibility, has been exacerbated by the COVID pandemic. At the same time, in its experience of lockdown, the western world is realizing the true value of these nurses, carers and key workers. The answer? The return of income security and meaningful work - the principles 20th century capitalism was built on. By making the fears and desires of the Precariat central to economic thinking, Standing shows how concepts like Basic Income are not just desirable but inevitable, and plots the way to a better future.

Command Of The Air General Giulio Douhet, 2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh “Boom” Trenchard of Great Britain and William “Billy” Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet’s central vision—that command of the air is all important in modern warfare—has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Moving Beyond Personal Loss to Societal Grieving Michelle M. Falter, Steven T. Bickmore, 2018-11-23 Moving Beyond Personal Loss to Societal Grieving considers how secondary English language arts teachers and teacher educators can sensitively and thoughtfully teach pieces of literature in their classrooms in which large-scale deaths are a significant, if not central, aspect of the texts. As mass shootings and violence against black and brown bodies increase, and issues such as AIDS, war, and genocide remain important to discuss as part of a shared, critical, and social consciousness, this book provides resources for educators to directly tackle and discuss these topics through the texts they read in their ELA classrooms. Whether it is canonical or contemporary literature, middle grades or young adult literature, fiction, nonfiction, or graphic novels, literature provides a vehicle to have these difficult but needed conversations about not only the personal but social effects of death and grief in our society. Each chapter in this book focuses on 1-2 texts and provides practical activities that ask students to engage with death, dying, and loss through writing assignments, projects, activities, and discussion prompts in order to build empathy, understanding, and develop critically-minded and engaged students. Moving Beyond Personal Loss to Societal Grieving will be of interest to English language arts teachers, teacher educators, librarians, and

scholars who wish to explore with their students the complex emotions that revolve around discussing deaths that occur in literature.

Sophie's World Jostein Gaarder, 2010-07-15 The international bestseller about life, the universe and everything. 'A simply wonderful, irresistible book' DAILY TELEGRAPH 'A terrifically entertaining and imaginative story wrapped round its tough, thought-provoking philosophical heart' DAILY MAIL 'Remarkable ... an extraordinary achievement' SUNDAY TIMES When 14-year-old Sophie encounters a mysterious mentor who introduces her to philosophy, mysteries deepen in her own life. Why does she keep getting postcards addressed to another girl? Who is the other girl? And who, for that matter, is Sophie herself? To solve the riddle, she uses her new knowledge of philosophy, but the truth is far stranger than she could have imagined. A phenomenal worldwide bestseller, SOPHIE'S WORLD sets out to draw teenagers into the world of Socrates, Descartes, Spinoza, Hegel and all the great philosophers.
