**Why Love Hurts** Eva Illouz, 2013-05-20 Few of us have been spared the agonies of intimate relationships. They come in many shapes: loving a man or a woman who will not commit to us, being heartbroken when we're abandoned by a lover, engaging in Sisyphean internet searches, coming back lonely from bars, parties, or blind dates, feeling bored in a relationship that is so much less than we had envisaged - these are only some of the ways in which the search for love is a difficult and often painful experience. Despite the widespread and almost collective character of these experiences, our culture insists they are the result of faulty or insufficiently mature psyches. For many, the Freudian idea that the family designs the pattern of an individual's erotic career has been the main explanation for why and how we fail to find or sustain love. Psychoanalysis and popular psychology have succeeded spectacularly in convincing us that individuals bear responsibility for the misery of their romantic and erotic lives. The purpose of this book is to change our way of thinking about what is wrong in modern relationships. The problem is not dysfunctional childhoods or insufficiently self-aware

psyches, but rather the institutional forces shaping how we love. The argument of this book is that the modern romantic experience is shaped by a fundamental transformation in the ecology and architecture of romantic choice. The samples from which men and women choose a partner, the modes of evaluating prospective partners, the very importance of choice and autonomy and what people imagine to be the spectrum of their choices: all these aspects of choice have transformed the very core of the will, how we want a partner, the sense of worth bestowed by relationships, and the organization of desire. This book does to love what Marx did to commodities: it shows that it is shaped by social relations and institutions and that it circulates in a marketplace of unequal actors.

**How to Love Someone You Can't Stand** Milton Jones,1997-11 Relationships are vital to successful Christian living. Jesus commanded us to love our neighbors. Living that teaching out in practical terms can be a challenge, especially when different personalities come into play. This wonderful study will help your group members to maintain their relationships, even challenging relationships, in such a way to reflect the love Christ. Your group members will thank you for leading them through this relevant, practical study.

**The Four Loves** C. S. Lewis,2023-11-20 The Four Loves is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: GOD is love, says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God.

**The Myth of Sisyphus And Other Essays** Albert Camus,2012-10-31 One of the most influential works of this century, The Myth of Sisyphus and Other Essays is a crucial exposition of existentialist thought. Influenced by works such as Don Juan and the novels of Kafka, these essays begin with a meditation on suicide; the question of living or not living in a universe devoid of order or meaning. With lyric eloquence, Albert Camus brilliantly posits a way out of despair, reaffirming the value of personal existence, and the possibility of life lived with dignity and authenticity.

Charlotte's Web E. B. White,1952 Sixty years ago, on October 15, 1952, E.B. White's Charlotte's Web was published. It's gone on to become one of the most beloved children's books of all time. To celebrate this milestone, the renowned Newbery Medalist Kate DiCamillo has written a heartfelt and poignant tribute to the book that is itself a beautiful translation of White's own view of the world—of the joy he took in the change of seasons, in farm life, in the miracles of life and death, and, in short, the glory of everything. We are proud to include Kate DiCamillo's foreword in the 60th anniversary editions of this cherished classic. Charlotte's Web is the story of a little girl named Fern who loved a little pig named Wilbur—and of Wilbur's

dear friend Charlotte A. Cavatica, a beautiful large grey spider who lived with Wilbur in the barn. With the help of Templeton, the rat who never did anything for anybody unless there was something in it for him, and by a wonderfully clever plan of her own, Charlotte saved the life of Wilbur, who by this time had grown up to quite a pig. How all this comes about is Mr. White's story. It is a story of the magic of childhood on the farm. The thousands of children who loved Stuart Little, the heroic little city mouse, will be entranced with Charlotte the spider, Wilbur the pig, and Fern, the little girl who understood their language. The forty-seven black-and-white drawings by Garth Williams have all the wonderful detail and warmhearted appeal that children love in his work. Incomparably matched to E.B. White's marvelous story, they speak to each new generation, softly and irresistibly.
