Secret Gardens Humphrey Carpenter, 2012-11-15 Covering the period from the publication of Alice's Adventures in Wonderland to Winnie-the-Pooh, Humphrey Carpenter examines the lives and writings of Lewis Carroll, Kenneth Grahame, George MacDonald, Louisa May Alcott, Frances Hodgson Burnett, A.A. Milne and others whose works make up the Golden Age of children's literature. Both a collective biography and a work of criticism, *Secret Gardens* forces us to reconsider childhood classics in a new light. 'Secret Gardens permits us to see in a fresh light the interaction between cultural history and literature, and to realize that ... it wasn't mere misfits who withdrew into the writing of children's books, but rather the sort of misfits who reflected the prevailing dissatisfactions of the age.' *New York Times Book Review*

Selected Writings Gérard de Nerval, 1970

Minders of Make-believe Leonard S. Marcus, 2008 Marcus offers this animated history of the visionaries--editors, illustrators, and others--whose books have transformed American childhood and American culture.

Revisioning Red Riding Hood Around the World Sandra L. Beckett, 2013-01-11 This unique anthology contributes to cross-cultural exchange and facilitates comparative study of the tale for readers interested in fairy-tale studies, cultural studies, and literary history.

Hypermedia and Literary Studies Paul Delany, George P. Landow, 1991 The essays in *Hypermedia and Literary Studies* discuss the theoretical and practical opportunities and challenges posed by the convergence of hypermedia systems and traditional written texts. Consider a work from Shakespeare. Imagine, as you read it, being able to call up instantly the Elizabethan usage of a particular word, variant texts for any part of the work, critical commentary, historically relevant facts, or oral interpretations by different sets of actors. This is the sort of richly interconnected, immediately accessible literary universe that can be created by hypertext (electronically linked texts) and hypermedia (the extension of linkages to visual and aural material). The essays in *Hypermedia and Literary Studies* discuss the theoretical and practical opportunities and challenges posed by the convergence of hypermedia systems and traditional written texts. They range from the theory and design of literary hypermedia to reports of actual hypermedia projects from secondary school to university and from educational and scholarly to creative applications in poetry and fiction. The Media Education Manifesto David Buckingham, 2019-08-05 In the age of social media, fake news and data-driven capitalism, the need for critical understanding is more urgent than ever. Half-baked ideas about 'media literacy' will lead us nowhere: we need a comprehensive and coherent educational approach. We all need to think critically about how media work, how they represent the world, and how they are produced and used. In this manifesto, leading scholar David Buckingham makes a passionate case for media education. He outlines its key aims and principles, and explores how it can and should be updated to take account of the changing media environment. Concise, authoritative and forcefully argued, *The Media Education Manifesto* is essential reading for anyone involved in media and education, from scholars and practitioners to students and their parents.

Scrolling Forward David M. Levy, 2001 What's up, doc? Information scientist David M. Levy wants us to look at the documents that fill our lives, and his book *Scrolling Forward* is a thoughtful reflection on their near-omnipresence. Levy has the perfect résumé for this job--after getting his Ph.D. in Computer Science in 1981, he took off for England to pursue the study of calligraphy and bookbinding. His love of books shows in his writing, which is rich with references and anecdotes from Walt Whitman to Woody Allen. Drawing on examples as disparate as grocery store receipts, greeting cards, identity papers, and (of course) e-mail, Levy finds the common threads binding them together and explores how and why we use them in daily life. He looks at digitization closely, considering how speed, ease of editing, and potentially perfect copying changes our traditional considerations of documentation. Though he insists that he's looking at the present, not speculating about the future, it's hard to see how to avoid looking ahead after reading *Scrolling Forward*. --Rob Lightner

The Nonexistent Knight Italo Calvino, 2012-10-26 An empty suit of armor is the hero of this witty novella set in the Early Middle Ages by the acclaimed author of *If on a Winter's Night a Traveler*. As a paladin in the court of Charlemagne, Agilulf is the very embodiment of valor and dedication to duty—but he is also a gleaming white suit of armor with nothing inside it. While he has stolen the heart of the female knight Bradamante, she in turn is loved by the young adventurer Rambaldo. When a challenge to Agilulf's honor sends him on an expedition through France, England, and North Africa,

Brandamante and Ramaldo follow close behind. Narrated by a nun with her own secrets to keep, this beloved novella explores the absurdities of medieval knighthood in a series of plot twists that are “executed with brilliance and brio” (Chicago Tribune).

For the Baptism of Our Fragments Mario Luzi, 1992 Described as the most conspicuous voice in Italian poetry after Eugenio Montale, Mario Luzi created for himself an unmistakably individual rhythm, idiom, and ethos ...Particular to Luzi's poetry is the quality of lyricism, and tone of conversational intimacy, of which *For the Baptism of Our Fragments* represents the crowning achievement of a long poetic career which began with his first book of poems in 1935.

Women's Rebellion & Islamic Memory Fatima Mernissi, 1996 The book first explores some of the concrete issues fundamental to status of Muslim women, such as the production of statistics which mask women's contribution to the economies of Arab states. Mernissi also looks at a variety of demographics including education and literacy - she shows their importance not only for empowering women but also for improving their health.

Problems of Dostoevsky's Poetics Mikhail Bakhtin, 2013-11-30 This book is not only a major twentieth-century contribution to Dostoevsky's studies, but also one of the most important theories of the novel produced in our century. As a modern reinterpretation of poetics, it bears comparison with Aristotle.

Theories of Reading Karin Littau, 2006-12-04 Why do literary theorists see reading as an act of dispassionate textual analysis and meaning production, when historical evidence shows that readers have often read excessively, obsessively, and for sensory stimulation? Posing these and other questions, this is the first major work to bring insights from book history to bear on literary history and theory. In so doing, the book charts a compelling and innovative history of theories of reading. While literary theorists have greatly contributed to our understanding of the text-reader relation, they have rarely taken into account that the relation between a book and a reader is also a relation between two bodies: one made of paper and ink, the other flesh and blood. This is why, Karin Littau argues, we need to look beyond the words on the page, and pay attention to the technical innovations in the physical format of the book. Only then is it possible to understand more fully how media technology has changed our experience of reading, and why media history presents a challenge to our conceptions of what reading is. Each chapter places the reader in specific disciplinary and historical contexts: literature, criticism, philosophy, cultural history, bibliography, film, new media. Overall, the history recounted in this book points to a split between modern literary study which regards reading as a reducibly mental activity, and a tradition reaching back to antiquity which assumed that reading was not only about sense-making but also about sensation. *Theories of Reading: Books, Bodies and Bibliomania* will be essential reading for all students and scholars of literary theory and history as well as of great interest to students of the history of the book and new media.

Little Red Ink Drinker Eric Sanvoisin, 2004-07-13 Two young ink-drinkers are sucked into a fairy tale and must be saved

by Uncle Draculink.

The Girl in Red Aaron Frisch,2012-08-29 A good story can change. In *The Girl in Red*, acclaimed illustrator Roberto Innocenti offers a modern take on the centuries-old tale of an ailing grandmother, a wicked wolf, and a young girl in a red coat. Innocenti's brilliantly detailed illustrations present a city as a wilderness, while text by Aaron Frisch narrates the journey of a girl named Sophia through the twists and turns of a stormy day.

Hotel Silence Auður Ava Ólafsdóttir,2018-02-22 A funny, wistful and utterly beguiling novel about a man whose life is falling apart, and how he learns to put it back together JÓNAS FEELS LIKE HIS LIFE IS OVER. His wife has left him, his mother is slipping deeper into dementia, and his daughter is no longer who he thought. So he comes up with a foolproof plan: to buy a one-way ticket to a chaotic, war-ravaged country and put an end to it all. But on arriving at Hotel Silence, he finds his plans - and his anonymity - begin to dissolve under the foreign sun. Now there are other things that need his attention, like the crumbling hotel itself, the staff who run it, and his unusual fellow guests. And soon it becomes clear that Jónas must decide whether he really wants to leave it all behind; or give life a second chance, albeit down a most unexpected path... Auður Ava Ólafsdóttir is an Icelandic prize-winning novelist, playwright and a poet. She is the author of five novels, a collection of poetry and four plays that have been performed at the National Theatre in Iceland and at the Reykjavik City Theatre. She also writes the lyrics for the Icelandic performance pop band Milkywhale. Auður Ava's novels have been translated into over 25 languages and among them are *The Greenhouse* and *Butterflies in November*. Her new novel, *Hotel Silence*, won the Icelandic Literary Prize 2016 and was chosen Best Icelandic Novel in 2016 by booksellers in Iceland. Auður Ava lives in Reykjavik.

The Summer of the Pike Jutta Richter,2006 Anna, Daniel, and Lucas seem to be living a dream. While their parents take care of a castle, they have the run of the grounds and the beautiful surrounding countryside. Their only concern is how best to catch the mysterious pike that lurks in the deep water of the moat. But when Daniel and Lucas's mother first begins to seem tired all the time, and then loses her hair, Anna wonders what is going on. It is cancer, she is told, but Daniel and Lucas must not know. As the summer days grow shorter and the colors of the fields and flowers change, the boys eventually learn of their mother's illness. Daniel becomes convinced that catching the pike will bring luck -- that it might even cure his mother. But as her condition worsens, these three true friends can only wish that they could stop the destructive march of time. Jutta Richter's powerful prose makes this sensitive story set during a summer idyll an unforgettable one.

In Every Sense Like Love Simona Vinci,2001 In these thirteen dark, disturbing and riveting tales of obsession, Vinci explores the relationship between love and sex in the 21st Century, where devotion to corporate values may mean our bodies are the only things over which we have power. Her sensitive portrayal of behaviour often dismissed as deviant, makes her a compellingly original writer.
