us. Look! Isten szek!--God's seat!--and he crossed himself reverently. As we wound on our endless way, and the sun sank lower and lower behind us, the shadows of the evening began to creep round us. This was emphasized by the fact that the snowy mountain-top still held the sunset, and seemed to glow out with a delicate cool pink. Here and there we passed Cszeks and slovaks, all in picturesque attire, but I noticed that goitre was painfully prevalent. By the roadside were many crosses, and as we swept by, my companions all crossed themselves. Here and there was a peasant man or woman kneeling before a shrine, who did not even turn round as we approached, but seemed in the self-surrender of devotion to have neither eyes nor ears for the outer world. *The Cultural Identities of European Cities* Katia Pizzi, 2010 Cities are both real and imaginary places whose identity is dependent on their distinctive heritage: a network of historically transmitted cultural resources. The essays in this volume, which originate from a lecture series at the Institute of Germanic & Romance Studies, University of London, explore the complex and multi-layered identities of European cities. Themes that run through the essays include: nostalgia for a grander past; location between Eastern and Western ideologies, religions and cultures; and the fluidity and palimpsest quality of city identity. Not only does the book provide different thematic angles and a variety of approaches to the investigation of city identity, it also emphasizes the importance of diverse cultural components. The essays presented here discuss cultural forms as various as music, architecture, literature, journalism, philosophy, television, film, myths, urban planning and the naming of streets.

As Harker wends his way through the picturesque countryside, the local peasants warn him about his destination, giving him crucifixes and other charms against evil and uttering strange words that Harker later translates into vampire. Frightened but no less determined, Harker meets the count's carriage as planned. The journey to the castle is harrowing, and the carriage is nearly attacked by angry wolves along the way. Upon arriving at the crumbling old castle, Harker finds that the elderly Dracula is a well educated and hospitable gentleman. After only a few days, however, Harker realizes that he is effectively a prisoner in the castle.

*Mapping Modernisms* Elizabeth Harney,Ruth B. Phillips,2018-11-01 Mapping Modernisms brings together scholars working around the world to address the modern arts produced by indigenous and colonized artists. Expanding the contours of modernity and its visual products, the contributors illustrate how these artists engaged with ideas of Primitivism through visual forms and philosophical ideas. Although often overlooked in the literature on global modernisms, artists, artworks, and art patrons moved within and across national and imperial borders, carrying, appropriating, or translating objects, images, and ideas. These itineraries made up the dense networks of modern life, contributing to the crafting of modern subjectivities and of local, transnationally inflected modernisms. Addressing the silence on indigeneity in established narratives of modernism, the contributors decenter art history's traditional Western orientation and prompt a re-evaluation of canonical

understandings of twentieth-century art history. Mapping Modernisms is the first book in Modernist Exchanges, a multivolume project dedicated to rewriting the history of modernism and modernist art to include artists, theorists, art forms, and movements from around the world. Contributors. Bill Anthes, Peter Brunt, Karen Duffek, Erin Haney, Elizabeth Harney, Heather Igloliorte, Sandra Klopper, Ian McLean, Anitra Nettleton, Chika Okeke-Agulu, Ruth B. Phillips, W. Jackson Rushing III, Damian Skinner, Nicholas Thomas, Norman Vorano

Frankenstein Shelley,Mary,2023-01-11 Frankenstein is a novel by Mary Shelley. It was first published in 1818. Ever since its publication, the story of Frankenstein has remained brightly in the imagination of the readers and literary circles across the countries. In the novel, an English explorer in the Arctic, who assists Victor Frankenstein on the final leg of his chase, tells the story. As a talented young medical student, Frankenstein strikes upon the secret of endowing life to the dead. He becomes obsessed with the idea that he might make a man. The Outcome is a miserable and an outcast who seeks murderous revenge for his condition. Frankenstein pursues him when the creature flees. It is at this juncture t that Frankenstein meets the explorer and recounts his story, dying soon after. Although it has been adapted into films numerous times, they failed to effectively convey the stark horror and philosophical vision of the novel. Shelley's novel is a combination of Gothic horror story and science fiction.
