**ICIIS 2020** Asep Saepudin Jahar, Hamka Hasan, Didin Saepudin, Arif Zamhari, Yusuf Durachman, 2021-04-16 We are delighted to introduce the proceedings of the 3rd International Colloquium on Interdisciplinary Islamic Studies. It is annual event hosted and organised by the Graduate School of State Islamic University of Syarif Hidayatullah Jakarta. It was fully 2 days event 20-21 October 2020 by Virtual (online) mode with 3 keynotes speakers: Prof. Abdel Aziz Moenadil from the University of Ibn Thufail, Maroko, Prof Wael Aly Sayyed from the University of Ain Syams, Cairo, Mesir, and Assoc. Prof. Aria Nakissa, Ph.D. from Harvard University. The proceeding consisted of 41 accepted papers from the total of 81 submission papers. The proceeding consisted of 6 main areas of Interdisciplinary Islamic Studies. They are: Islam and medicine, Islam and Science and Technology, Islam and Psychology, Islam and Education, Quran and Hadits, and Islamic Studies with other various aspects. All papers have been scrutinized by a panel of reviewers who provide critical comments and corrections, and thereafter contributed to the improvement of the quality of the papers. Research in Islamic studies and Muslim societies today also increasingly uses interdisciplinary methods and approaches. In order to produce more objective findings, the researchers looked at the need to combine several methods or approaches to an object of study, so that they had additional considerations needed. These additional considerations add a more comprehensive perspective. In this way, in turn they can come up with better findings. Interdisciplinary Islamic studies dispute that Islam is monolithic, militaristic, and primarily Middle Eastern. We strongly believe that ICIIS conference has become a good forum for all researcher, developers, practitioners, scholars, policy makers, especially post graduate students to discuss their understandings of current processes and findings, as well as to look at possibilities for setting-up new trends in SDG and Islamic Interdisciplinary Studies. We also expect that the future ICIIS conference will be as successful and stimulating, as indicated by the contributions presented in this volume.

*Contemporary Discourse of Halal and Islamic Entrepreneurship* Lukman Raimi, Salisu Monsuru Adekunle, Muhammad Salman Shabbir, 2023-12-11 This book serves as a valuable resource for Islamic entrepreneurship researchers, Halal scholars, Islamic finance professionals, Halal advocates, and Halal business model consultants in the fast-changing global economy. The thematic focus is not only on Islamic and halal entrepreneurship but also on halal production and consumption, ethics and impact investing in Islamic entrepreneurship, Shariah principles guiding business model innovation and utilisation

of disruptive technologies (such as crowdfunding for startups, bitcoin, digital ventures, cryptocurrency, blockchain, among others), Islamic entrepreneurship and SDGs, halalisation and sustainability issues, and emergence of Islamic-Fintech in Muslim majority nations and nations with plural economic systems, including the interface of Islamic and halal entrepreneurship with science, technology, engineering, and mathematics (STEM). At the moment, the working knowledge about Islamic and halal entrepreneurship is at its infancy among Islamic finance professionals, halal consultants, academic researchers, and students nursing the ambition of going into these two fields. Universities, Islamic training academies, and centres are also ill equipped to enrich Islamic and halal curricula with principles and conventional models. One of the proactive ways of breaking financial exclusion, social inequality, and social exclusion caused by apathy and avoidance of Riba, Maysir, and Gharar is by recognising, embracing, and promoting Islamic and halal entrepreneurship among the excluded Muslims and lovers of ethical business models. Overall, this book aims to promote better understanding of Islamic and Halal entrepreneurship in order to assist academics, researchers, practitioners, consultants, and policymakers to improve the growth of Islamic startups and small and medium enterprises (SMEs) by improving social inclusion and financial inclusion and accelerating the attainment of SDG 8 and SDG12.
