

Jazz A History Of Americas Music Geoffrey C Ward

Grover Sales

Jazz Geoffrey C. Ward, 2001 Ken Burns and geoffrey Ward bring us the history of the first American music, from its beginnings in Ragtime, Blues and Gospel, through to the present day. JAZZ has been a prism through which so much of American History can be seen - a curious and unusually objective witness to the 20th Century.

The History of Jazz Ted Gioia, 1997-11-20 Jazz is the most colorful and varied art form in the world and it was born in one of the most colorful and varied cities, New Orleans. From the seed first planted by slave dances held in Congo Square and nurtured by early ensembles led by Buddy Belden and Joe King Oliver, jazz began its long winding odyssey across America and around the world, giving flower to a thousand different forms--swing, bebop, cool jazz, jazz-rock fusion--and a thousand great musicians. Now, in *The History of Jazz*, Ted Gioia tells the story of this music as it has never been told before, in a book that brilliantly portrays the legendary jazz players, the breakthrough styles, and the world in which it evolved. Here are the giants of jazz and the great moments of jazz history--Jelly Roll Morton (the world's greatest hot tune writer), Louis Armstrong (whose O-keh recordings of the mid-1920s still stand as the most significant body of work that jazz has produced), Duke Ellington at the Cotton Club, cool jazz greats such as Gerry Mulligan, Stan Getz, and Lester Young, Charlie Parker's surgical precision of attack, Miles Davis's 1955 performance at the Newport Jazz Festival, Ornette Coleman's experiments with atonality, Pat Metheny's visionary extension of jazz-rock fusion, the contemporary sounds of Wynton Marsalis, and the post-modernists of the Knitting Factory. Gioia provides the reader with lively portraits of these and many other great musicians, intertwined with vibrant commentary on the music they created. Gioia also evokes the many worlds of jazz, taking the reader to the swamp lands of the Mississippi Delta, the bawdy houses of New Orleans, the rent parties of Harlem, the speakeasies of Chicago during the Jazz Age, the after hours spots of corrupt Kansas city, the Cotton Club, the Savoy, and the other locales where the history of jazz was made. And as he traces the spread of this protean form, Gioia provides much insight into the social context in which the music was born. He shows for instance how the development of technology helped promote the growth of jazz--how ragtime blossomed hand-in-hand with the spread of parlor and player pianos, and how jazz rode the growing popularity of the record industry in the 1920s. We also discover how bebop grew out of the racial unrest of the 1940s and '50s, when black players, no longer content with being entertainers, wanted to be recognized as practitioners of a serious musical form. Jazz is a chameleon art, delighting us with the ease and rapidity with which it changes colors. Now, in

Ted Gioia's *The History of Jazz*, we have at last a book that captures all these colors on one glorious palate. Knowledgeable, vibrant, and comprehensive, it is among the small group of books that can truly be called classics of jazz literature.

The Vietnam War Geoffrey C. Ward, Ken Burns, 2018-05-17 ****The New York Times Bestseller**** ****The book of the landmark documentary, *The Vietnam War*, by Ken Burns and Lynn Novick**** The definitive work on the Vietnam War, the conflict that came to define a generation, told from all sides by those who were there. More than forty years after the Vietnam War ended, its legacy continues to fascinate, horrify and inform us. As the first war to be fought in front of TV cameras and beamed around the world, it has been immortalised on film and on the page, and forever changed the way we think about war. Drawing on hundreds of brand new interviews, Ken Burns and Geoffrey C. Ward have created the definitive work on Vietnam. It is the first book to show us the war from every perspective: from idealistic US Marines and the families they left behind to the Vietnamese civilians, both North and South, whose homeland was changed for ever; politicians, POWs and anti-war protesters; and the photographers and journalists who risked their lives to tell the truth. The book sends us into the grit and chaos of combat, while also expertly outlining the complex chain of political events that led America to Vietnam. Beautifully written, this essential work tells the full story without taking sides and reminds us that there is no single truth in war. It is set to redefine our understanding of a brutal conflict, to launch provocative new debates and to shed fresh light on the price paid in 'blood and bone' by Vietnamese and Americans alike.

Jazz Grover Sales, 1984 *Jazz: America's Classical Music* is a delightful introduction and guide to this complex and compelling music and to its rich history. In an engaging and conversational style, renowned jazz teacher Gro

The War Geoffrey C. Ward, Ken Burns, 2010-11-02 An intimate, profoundly affecting chronicle of the most devastating war in history, as told through the voices of ordinary men and women who experienced—and helped to win—it. • Includes maps and hundreds of photographs. Focusing on the citizens of four towns—Luverne, Minnesota; Sacramento, California; Waterbury, Connecticut; Mobile, Alabama—*The War* follows more than forty people from 1941 to 1945. Woven largely from their memories, the compelling, unflinching narrative unfolds month by bloody month, with the outcome always in doubt. All the iconic events are here, from Pearl Harbor to the liberation of the concentration camps—but we also move among prisoners of war and Japanese American internees, defense workers and schoolchildren, and families who struggled simply to stay together while their men were shipped off to Europe, the Pacific, and North Africa.

How to Listen to Jazz Ted Gioia, 2016-05-17 A radiantly accomplished music scholar presents an accessible introduction to the art of listening to jazz (*Wall Street Journal*) In *How to Listen to Jazz*, award-winning music scholar Ted Gioia presents a lively introduction to one of America's premier art forms. He tells us what to listen for in a performance and includes a guide to today's leading jazz musicians. From Louis Armstrong's innovative sounds to the jazz-rock fusion of Miles Davis, Gioia covers the music's history and reveals the building blocks of improvisation. A true love letter to jazz by a foremost expert,

How to Listen to Jazz is a must-read for anyone who's ever wanted to understand and better appreciate America's greatest contribution to music. Mr. Gioia could not have done a better job. Through him, jazz might even find new devotees. --
Economist

Incredible African-American Jazz Musicians Stephen Feinstein, 2012-07-01 Readers will learn about a variety of African American jazz musicians including Louis Armstrong, Duke Ellington, Ella Fitzgerald, Dizzy Gillespie, Charlie Parker, Miles Davis, John Coltrane, and Herbie Hancock--Provided by publisher.

The West Geoffrey C. Ward, 2008-12-21 This vivid narrative history -- magnificently illustrated with more than 400 photographs, many of them never before published -- takes us on a gripping journey through the turbulent history of the region that has come to symbolize America around the world. Drawing on hundreds of letters, diaries, memoirs, and journals as well as the latest scholarship, *The West* presents a cast as rich and diverse as the western landscape itself: explorers and soldiers and Indian warriors, settlers and railroad builders and gaudy showmen. The book is filled with stories of heroism and hope, enterprise and adventure, as well as tragedy and disappointment. It explores the tensions between whites and the native peoples they sought to displace, but it also encompasses the Hispanic experience in the West. Gracefully written, handsomely designed, meticulously researched, *The West* is an unrivaled work of history that brilliantly captures all the drama and excitement, the sober realities and bright myths of the American West. Book jacket.

The Roosevelts Geoffrey C. Ward, Ken Burns, 2014-09-09 New York Times Bestseller A vivid and personal portrait of America's greatest political family and its enormous impact on our nation, which expands on the hugely acclaimed seven-part PBS documentary series, bringing readers even deeper into these extraordinary leaders' lives With 796 photographs, some never before seen The authors of the acclaimed and best-selling *The Civil War*, *Jazz*, *The War*, and *Baseball* present an intimate history of three extraordinary individuals from the same extraordinary family—Theodore, Eleanor, and Franklin Delano Roosevelt. Geoffrey C. Ward, distilling more than thirty years of thinking and writing about the Roosevelts, and the acclaimed filmmaker Ken Burns help us understand for the first time that, despite the fierce partisanship of their eras, the Roosevelts were far more united than divided. All the history the Roosevelts made is here, but this is primarily an intimate account, the story of three people who overcame obstacles that would have undone less forceful personalities. Theodore Roosevelt would push past childhood frailty, outpace depression, survive terrible grief—and transform the office of the presidency. Eleanor Roosevelt, orphaned and alone as a child, would endure her husband's betrayal, battle her own self-doubts, and remake herself into the most consequential first lady in American history—and the most admired woman on earth. And Franklin Roosevelt, born to privilege and so pampered that most of his youthful contemporaries dismissed him as a charming lightweight, would summon the strength to lead the nation through the two greatest crises since the Civil War, though he could not take a single step unaided. The three were towering personalities, but *The Roosevelts* shows that they

were also flawed human beings who confronted in their personal lives issues familiar to all of us: anger and the need for forgiveness, courage and cowardice, confidence and self-doubt, loyalty to family and the need to be true to oneself. This is the story of the Roosevelts—no other American family ever touched so many lives.

A New History of Jazz Alyn Shipton, 2008-05-15 Alyn Shipton is on the editorial board of the new Smithsonian Collection of Classic Jazz, to be released in late 2006, and this new edition of *A New History of Jazz* will be referenced throughout to tracks in this new multi-CD collection of essential jazz recordings. Brand New Edition Featuring Over 20% Entirely New Material Praise for the first edition of *A New History of Jazz*: The most outstanding single-volume history of jazz around. -- Don Rose, Jazz Institute of Chicago No jazz writer, scholar, teacher, musician, or fan should be without it on his or her desk. Yes, it really is that good. -- W. Royal Stokes, Jazz Notes Shipton has taken on the big one here and come up trumps... More trustworthy and less sentimental than many similar efforts... it achieves something approaching an essential text. -- Mojo A marvelously balanced yet passionate history of a protean cultural form. Not only is the book encyclopedic in the breadth of its coverage, but it has a thesis - or, more accurately, a set of interlocking theses - about how the music has developed. -- History Today Shipton's done his homework, and he knows how to tell a story. -- Blender In this major update of the acclaimed and award-winning jazz history, Alyn Shipton challenges many of the assumptions that surround the birth and growth of jazz music. How was it that it took off all over the United States early in the 20th century, despite the accepted wisdom that everything began in New Orleans? Shipton also re-evaluates the transition from swing to be-bop, asking just how political this supposed modern jazz revolution actually was. He makes the case for jazz as a truly international music from its earliest days, charting significant developments outside the USA from the 1920s onwards. All the great names in jazz history are here, from Louis Armstrong to Miles Davis and from Sidney Bechet to Charlie Parker and John Coltrane. But unlike those historians who call a halt with the death of Coltrane in 1967, Shipton continues the story with the major trends in jazz over the last 40 years: free jazz, jazz rock, world music influences, and the re-emergence of the popular jazz singer. This new edition brings the book completely up-to-date, including such names as John Medeski, Diana Krall, Django Bates, and Matthias Ruegg. There are also important new sections on Latin Jazz and the repertoire movement.

Blood Memory Dayton Duncan, Ken Burns, 2003-10-10 The epic story of the buffalo in America, from prehistoric times to today—a moving and beautifully illustrated work of natural history inspired by the PBS series *American Buffalo* The American buffalo—our nation's official mammal—is an improbable, shaggy beast that has found itself at the center of many of our most mythic and sometimes heartbreaking tales. The largest land animals in the Western Hemisphere, they are survivors of a mass extinction that erased ancient species that were even larger. For nearly 10,000 years, they evolved alongside Native people who weaved them into every aspect of daily life; relied on them for food, clothing, and shelter; and revered them as equals. Newcomers to the continent found the buffalo fascinating at first, but in time they came to consider them a hindrance to a

young nation's expansion. And in the space of only a decade, they were slaughtered by the millions for their hides, with their carcasses left to rot on the prairies. Then, teetering on the brink of disappearing from the face of the earth, they would be rescued by a motley collection of Americans, each of them driven by different—and sometimes competing—impulses. This is the rich and complicated story of a young republic's heedless rush to conquer a continent, but also of the dawn of the conservation era—a story of America at its very best and worst.

The Art of Jazz Alyn Shipton, 2020-10-20 A perfect gift for the musicians and artists in your life! The Art of Jazz explores how the expressionism and spontaneity of jazz spilled onto its album art, posters, and promotional photography, and even inspired standalone works of fine art. Everyone knows jazz is on the cutting edge of music, but how much do you know about its influence in the visual arts? With album covers that took inspiration from the avant-garde, jazz's primarily African American musicians and their producers sought to challenge and inspire listeners both musically and visually. Arranged chronologically, each chapter covers a key period in jazz history, from the earliest days of the twentieth century to today's postmodern jazz. Chapters begin with substantive introductions and present the evolution of jazz imagery in all its forms, mirroring the shifting nature of the music itself. With two authoritative features per chapter and over 300 images, The Art of Jazz is a significant contribution to the literature of this intrepid art form.

Stefan Wolpe and the Avant-Garde Diaspora Brigid Maureen Cohen, 2012-09-13 Cohen traces a history of modernism in migration through the composer Stefan Wolpe, from the Bauhaus to Black Mountain College.

Unforgivable Blackness Geoffrey C. Ward, 2010-08-04 In this vivid biography Geoffrey C. Ward brings back to life the most celebrated — and the most reviled — African American of his age. Jack Johnson battled his way out of obscurity and poverty in the Jim Crow South to win the title of heavyweight champion of the world. At a time when whites ran everything in America, he took orders from no one and resolved to live as if color did not exist. While most blacks struggled simply to exist, he reveled in his riches and his fame, sleeping with whomever he pleased, to the consternation and anger of much of white America. Because he did so the federal government set out to destroy him, and he was forced to endure prison and seven years of exile. This definitive biography portrays Jack Johnson as he really was—a battler against the bigotry of his era and the embodiment of American individualism.

Reading Spiritualities Dawn Llewellyn, 2016-04-01 The phenomenon of 'sacred text' has undergone radical deconstruction in recent times, reflecting how religion has broken out of its traditional definitions and practices, and how current literary theories have influenced texts inside the religious domain and beyond. Reading Spiritualities presents both commentary and vivid examples of this evolution, engaging with a variety of reading practices that work with traditional texts and those that extend the notion of 'text' itself. The contributors draw on a range of textual sites such as an interview, Caribbean literature, drama and jazz, women's writings, emerging church blogs, Neopagan websites, the reading practices of

Buddhist nuns, empirical studies on the reading experiences of Gujarati, Christian and post-Christian women, Chicana short stories, the mosque, cinema, modern art and literature. These examples open up understandings of where and how 'sacred texts' are emerging and being reassessed within contemporary religious and spiritual contexts; and make room for readings where the spiritual resides not only in the textual, but in other unexpected places. *Reading Spiritualities* includes contributions from Graham Holderness, Ursula King, Michael N. Jagessar, David Jasper, Anthony G. Reddie, Michèle Roberts, and Heather Walton to reflect and encourage the interdisciplinary study of sacred text in the broad arena of the arts and social sciences. It offers a unique and well-focused 'snapshot' of the textual constructions and representations of the sacred within the contemporary religious climate - accessible to the general reader, as well as more specialist interests of students and researchers working in the crossover fields of religious, theological, cultural and literary studies.

Reading with the Stars Leonard Kniffel, 2011-05-25 Published with the American Library Association, *Reading with the Stars* uses the power of politicians, celebrities, and other prominent men and women to celebrate books, libraries, and reading. Fourteen of the biggest names in America offer their thoughts on why literature is important and how books have touched their lives. Television icon Oprah Winfrey discusses how library books were her “pass to personal freedom.” Microsoft founder Bill Gates discusses his library computerization project. Former Vice President Al Gore addresses the “information ecosystem,” including how reading contributes to an informed citizenry. A fun, fascinating gift for any- one who works in the world of publishing, libraries, or bookselling.

Nightmare in the Pacific Michael Doyle, 2025-03-17 Artie Shaw took his clarinet to war, where he roused the troops and paid the price. A pugnacious and strong-willed musician, Shaw abandoned civilian celebrity to lead World War II's most colorful navy band on an island-hopping odyssey that raised military morale but brought him into dark waters. *Nightmare in the Pacific: The World War II Saga of Artie Shaw and his Navy Band* recounts the offbeat wartime adventures of the bandleader and the musicians he recruited for the hard-swinging outfit popularly dubbed Shaw's Rangers. This team of all-stars, seasoned pros, and promising up-and-comers included the brilliant but troubled drummer Dave Tough, the diminutive trumpet master Max Kaminsky, and, until he jumped ship, the composer and piano ace Claude Thornhill. Officially designated as Navy Band 501, they were unmatched musically though never exactly squared away. The group's eleven-month overseas deployment started with an extended stay as a house band at a Pearl Harbor club for enlisted men. The cushy gig turned serious when Shaw's Rangers shipped out on a battleship for the far reaches of New Caledonia, the New Hebrides, and, most fatefully, Guadalcanal. It was there that the musicians would come under fire and Shaw's own indomitable will would crack. But then, in an unexpected and poignant coda, the band that Artie Shaw conjured into existence would reach its musical peak once he was out of the picture. Tapping a trove of navy personnel files, medical records, court documents and archival materials, as well as contemporary accounts, *Nightmare in the Pacific* combines musical and military history into one unique

saga.

The Jazz of Preaching, 20th Anniversary Edition Kirk Byron Jones, 2025-03-04 Learn to preach from your soul! What if preachers were as contagiously joyful in their preaching as Louis Armstrong was in his playing and singing? As rich in their sermon renderings as Sarah Vaughn was in her virtuosic vocals? As honest about heartache as Billie Holiday every time she sang the blues? As alluringly clear as the voice of Ella Fitzgerald? As tenaciously uninhibited in the action of creating as Duke Ellington? This may be too much ask, even of persons who are called by God. However, as Kirk Byron Jones demonstrates, preaching can be enhanced by an understanding of the inner dynamics of jazz. The forms, rules, and styles of jazz can inform one's practice of preaching, and its simultaneous structure and spontaneity can help preachers better understand their own art. In his classic text for students and practitioners, Jones explains how preaching is dramatically improved with the application of key elements of jazz, including innovation, improvisation, rhythm, call and response, honesty about heartache, and delight. This 20th Anniversary Edition includes a new element—preaching from your genuine soul. Chapters include instruction and exercises for applying the jazz elements to preaching preparation and performance. This edition also includes an Introduction, in which the author sets the context for the new material and articulates his conviction that this approach to preaching is needed now more than ever. The Jazz of Preaching 20th Anniversary Edition introduces the rich and rewarding possibilities that arise when preachers tap into their own creativity—and their own soul—when constructing and delivering the sermon.

Every Step a Struggle Frank Manchel, 2007 This book pays tribute to the sacrifices and achievements of seven individuals who made difficult and controversial choices to insure that black Americans shared in the evolution of the nation's cultural heritage. Transcriptions and analyses of never-before published uncensored conversations with Lorenzo Tucker, Lillian Gish, King Vidor, Clarence Muse, Woody Strode, Charles Gordone, and Frederick Douglass O'Neal reveal many of the reasons and rationalizations behind a racist screen imagery in the first three-quarters of the twentieth century. This primary source, replete with pictures, documentation, and extensive annotations, recounts through the words of important participants what happened to many film pioneers when a new generation of African-Americans rebelled against the nation's stereotyped film imagery. A unique historical resource, this book is a fitting tribute to these artists, reminding us of their courage, integrity, and perseverance to succeed against great odds. The thorough, meticulous annotations make it an indispensable addition to collections in film studies and African American studies. -Denise Youngblood, Professor of History, University of Vermont. The author has taken a unique approach and may have even created a new genre of writing: the interview embellished with scholarly commentary. It is a fascinating experiment. . . This book belongs in every research library and in all public libraries from mid-size to large cities. It fills in lacunae between existing studies. -Peter C. Rollins, Editor-in-Chief of Film & History.

Lonesome Roads and Streets of Dreams Andrew S. Berish, 2012-04-15 Any listener knows the power of music to define a

place, but few can describe the how or why of this phenomenon. In *Lonesome Roads and Streets of Dreams: Place, Mobility, and Race in Jazz of the 1930s and '40s*, Andrew Berish attempts to right this wrong, showcasing how American jazz defined a culture particularly preoccupied with place. By analyzing both the performances and cultural context of leading jazz figures, including the many famous venues where they played, Berish bridges two dominant scholarly approaches to the genre, offering not only a new reading of swing era jazz but an entirely new framework for musical analysis in general, one that examines how the geographical realities of daily life can be transformed into musical sound. Focusing on white bandleader Jan Garber, black bandleader Duke Ellington, white saxophonist Charlie Barnet, and black guitarist Charlie Christian, as well as traveling from Catalina Island to Manhattan to Oklahoma City, *Lonesome Roads and Streets of Dreams* depicts not only a geography of race but how this geography was disrupted, how these musicians crossed physical and racial boundaries—from black to white, South to North, and rural to urban—and how they found expression for these movements in the insistent music they were creating.

The Enigmatic Realm of **Jazz A History Of Americas Music Geoffrey C Ward**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Jazz A History Of Americas Music Geoffrey C Ward** a literary masterpiece penned by way of a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those that partake in its reading experience.

Jazz A History Of Americas Music Geoffrey C Ward Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms

dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Jazz A History Of Americas Music Geoffrey C Ward PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable,

enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Jazz A History Of Americas Music Geoffrey C Ward PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Jazz A History Of Americas Music Geoffrey C Ward free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become

lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Jazz A History Of Americas Music Geoffrey C Ward Books

1. Where can I buy Jazz A History Of Americas Music Geoffrey C Ward books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
