

Joan Didion Los Angeles Notebook

Joan Didion

Bluets Maggie Nelson, 2017-06-01 **AS SEEN ON BBC2's BETWEEN THE COVERS** A Guardian Book of the Year
Maggie Nelson is one of the most electrifying writers at work in America today, among the sharpest and most supple thinkers of her generation - Olivia Laing *Bluets* winds its way through depression, divinity, alcohol, and desire, visiting along the way with famous blue figures, including Joni Mitchell, Billie Holiday, Yves Klein, Leonard Cohen and Andy Warhol. While its narrator sets out to construct a sort of 'pillow book' about her lifelong obsession with the colour blue, she ends up facing down both the painful end of an affair and the grievous injury of a dear friend. The combination produces a raw, cerebral work devoted to the inextricability of pleasure and pain, and to the question of what role, if any, aesthetic beauty can play in times of great heartache or grief. Much like Roland Barthes's *A Lover's Discourse*, *Bluets* has passed between lovers in the ecstasy of new love, and been pressed into the hands of the heartbroken. Visceral, learned, and acutely lucid, *Bluets* is a slim feat of literary innovation and grace, never before published in the UK.

The Art of Fact Kevin Kerrane, Ben Yagoda, 1998-08-03 A comprehensive and illuminating survey of literary journalism with both historical and international scope, this anthology is the only one of its kind. In a series of sparkling readings, Kevin Kerrane and Ben Yagoda trace the evolution of the so-called new journalism back to the 18th century.

Slouching Towards Bethlehem Joan Didion, 1990 A RICH DISPLAY OF SOME OF THE BEST PROSE WRITTEN TODAY IN THE USA.

South and West Joan Didion, 2017-03-07 NATIONAL BESTSELLER • “One of contemporary literature’s most revered essayists revives her raw records from a 1970s road trip across the American southwest ... her acute observations of the country’s culture and history feel particularly resonant today.” —Harper’s Bazaar
Joan Didion, the bestselling, award-winning author of *The Year of Magical Thinking* and *Let Me Tell You What I Mean*, has always kept notebooks—of overheard dialogue, interviews, drafts of essays, copies of articles. Here are two extended excerpts from notebooks she kept in the 1970s; read together, they form a piercing view of the American political and cultural landscape. “Notes on the South” traces a road trip that she and her husband, John Gregory Dunne, took through Louisiana, Mississippi, and Alabama. Her acute observations about the small towns they pass through, her interviews with local figures, and their preoccupation with race, class, and heritage suggest a South largely unchanged today. “California Notes” began as an assignment from *Rolling Stone* on the

Patty Hearst trial. Though Didion never wrote the piece, the time she spent watching the trial in San Francisco triggered thoughts about the West and her own upbringing in Sacramento. Here we not only see Didion's signature irony and imagination in play, we're also granted an illuminating glimpse into her mind and process.

The Last Love Song Tracy Daugherty, 2015-08-25 In *The Last Love Song*, Tracy Daugherty, the critically acclaimed author of *Hiding Man* (a *New Yorker* and *New York Times* Notable book) and *Just One Catch*, and subject of the hit documentary *The Center Will Not Hold* on Netflix delves deep into the life of distinguished American author and journalist Joan Didion in this, the first printed biography published about her life. Joan Didion lived a life in the public and private eye with her late husband, writer John Gregory Dunne, whom she met while the two were working in New York City when Didion was at *Vogue* and Dunne was writing for *Time*. They became wildly successful writing partners when they moved to Los Angeles and co-wrote screenplays and adaptations together. Didion is well-known for her literary journalistic style in both fiction and non-fiction. Some of her most-notable work includes *Slouching Towards Bethlehem*, *Run River*, and *The Year of Magical Thinking*, a National Book Award winner and shortlisted for the Pulitzer Prize. It dealt with the grief surrounding Didion after the loss of her husband and daughter. Daugherty takes readers on a journey back through time, following a young Didion in Sacramento through to her adult life as a writer interviewing those who know and knew her personally, while maintaining a respectful distance from the reclusive literary great. *The Last Love Song* reads like fiction; lifelong fans, and readers learning about Didion for the first time will be enthralled with this impressive tribute.

Slouching Towards Los Angeles Steffie Nelson, 2020-02-11 In *The White Album*, Joan Didion famously wrote that a place belongs forever to whoever claims it hardest, remembers it most obsessively...loves it so radically that he remakes it in his image. Cruising in her Daytona yellow Corvette Stingray, taking it all in behind dark glasses, Joan Didion claimed California for all time. *Slouching Towards Los Angeles* is a multi-faceted portrait of the literary icon who, in turn, belongs to us. This collection of original essays covers the turf that made Didion a sensation--Hollywood and Patty Hearst; Malibu, Manson and the Mojave; the Summer of Love and the Central Park Five--while bringing together some of the finest voices of today's Los Angeles and beyond. *Slouching Towards Los Angeles* is a love letter and thank you note; personal memoir and social commentary; cultural history and literary critique. Fans of Didion, lovers of California, and fellow writers alike will all find something to dig into, in this rich exploration of the inner and outer landscapes Joan Didion traveled, shaping our own journeys in the process. Featuring essays by Ann Friedman Jori Finkel Margaret Wappler Jessica Hundley Christine Lennon Catherine Wagley Su Wu Joshua Wolf Shenk Lauren Sandler Michelle Chihara Sarah Tomlinson Linda Immediato Tracy McMillan Dan Crane Steph Cha Caroline Ryder Joe Donnelly Monica Corcoran Harel Alysia Abbott Stacie Stukin Heather John Fogarty Marc Weingarten Scott Benzel Ezra Jean Black

Blue Nights Joan Didion, 2011-11-01 NEW YORK TIMES BESTSELLER • A work of stunning frankness about losing a

daughter, from the bestselling, award-winning author of *The Year of Magical Thinking* and *Let Me Tell You What I Mean*. Richly textured with memories from her own childhood and married life with her husband, John Gregory Dunne, and daughter, Quintana Roo, this new book by Joan Didion is an intensely personal and moving account of her thoughts, fears, and doubts regarding having children, illness and growing old. As she reflects on her daughter's life and on her role as a parent, Didion grapples with the candid questions that all parents face, and contemplates her age, something she finds hard to acknowledge, much less accept. *Blue Nights*—the long, light evening hours that signal the summer solstice, “the opposite of the dying of the brightness, but also its warning”—like *The Year of Magical Thinking* before it, is an iconic book of incisive and electric honesty, haunting and profound.

Run River Joan Didion, 2011-02-23 The iconic writer's electrifying first novel is a story of marriage, murder and betrayal that only she could tell with such nuance, sympathy, and suspense—from the bestselling, award-winning author of *The Year of Magical Thinking* and *Let Me Tell You What I Mean*. Everett McClellan and his wife, Lily, are the great-grandchildren of pioneers, and what happens to them is a tragic epilogue to the pioneer experience—a haunting portrait of a marriage whose wrong turns and betrayals are at once absolutely idiosyncratic and a razor-sharp commentary on the history of California.

Miami Joan Didion, 2017-05-09 An astonishing account of Cuban exiles, CIA informants, and cocaine traffickers in Florida by the New York Times–bestselling author of *South and West*. In Miami, the National Book Award–winning author of *The Year of Magical Thinking* looks beyond postcard images of fluorescent waters, backlit islands, and pastel architecture to explore the murkier waters of a city on the edge. From Fidel Castro and the Bay of Pigs invasion to Lee Harvey Oswald and the Kennedy assassination to Oliver North and the Iran–Contra affair, Joan Didion uncovers political intrigues and shadowy underworld connections, and documents the US government's “seduction and betrayal” of the Cuban exile community in Dade County. She writes of hotels that offer “guerrilla discounts,” gun shops that advertise Father's Day deals, and a real-estate market where “Unusual Security and Ready Access to the Ocean” are perks for wealthy homeowners looking to make a quick escape. With a booming drug trade, staggering racial and class inequities, and skyrocketing murder rates, Miami in the 1980s felt more like a Third World capital than a modern American city. Didion describes the violence, passion, and paranoia of these troubled times in arresting detail and “beautifully evocative prose” (*The New York Times Book Review*). A vital report on an immigrant community traumatized by broken dreams and the cynicism of US foreign policy, *Miami* is a masterwork of literary journalism whose insights are timelier and more important than ever.

Imagining Los Angeles David Fine, 2016-06-01 The literary image of Los Angeles has evolved since the 1880s from promotional literature that hyped the region as a New Eden to contemporary visions of the city as a perplexing, sometimes corrupt, even apocalyptic place that reflects all that is wrong with America. In *Imagining Los Angeles*, the first literary history of the city in more than fifty years, critic David Fine traces the history and mood of the place through the work of

writers as diverse as Helen Hunt Jackson, Mary Austin, Norman Mailer, Raymond Chandler, Joan Didion, Carolyn See, and many others. His lively and engaging text focuses on the way these writers saw Los Angeles and used the image of the city as an element in their work, and on how that image has changed as the city itself became ever larger, more complex, and more socially and ethnically diverse. This is essential reading for anyone interested in the literature and changing image of Southern California.

Reading Joan Didion Lynn M. Houston, William V. Lombardi, 2009-08-25 This book is a compelling reference guide for book clubs on the work of Joan Didion, with summaries of her major works and discussion questions. Reading Joan Didion is the ideal way to enter this extraordinary and versatile author's world—a world that counts among its citizens burned-out hippies, cynical and delusional players in the film and music scene, and even members of the Charles Manson family. In addition to looking closely at major works of fiction, Reading Joan Didion also focuses on Didion the essayist, critic, and founding member of the New Journalism Movement, which uses fiction-like narrative techniques to go deeper into subjects that traditional objective reporting allows. Also covered is the rich screenwriting partnership of Didion and husband John Gregory Dunne, and the overwhelming late-career success of *The Year of Magical Thinking*, written in the aftermath of Dunne's shocking death and completed just before the author's daughter also passed away unexpectedly.

Where I Was From Joan Didion, 2011-01-26 From the bestselling, award-winning author of *The Year of Magical Thinking*: In this arresting amalgam of memoir and historical timeline” (The Baltimore Sun), Didion—a native Californian—reassesses parts of her life, her work, her history, and ours. Didion applies her scalpel-like intelligence to California's ethic of ruthless self-sufficiency in order to examine that ethic's often tenuous relationship to reality. Combining history and reportage, memoir and literary criticism, *Where I Was From* explores California's romances with land and water; its unacknowledged debts to railroads, aerospace, and big government; the disjunction between its code of individualism and its fetish for prisons. Whether she is writing about her pioneer ancestors or privileged sexual predators, robber barons or writers (not excluding herself), Didion is an unparalleled observer, and this book is at once intellectually provocative and deeply personal.

Composition Theory for the Postmodern Classroom Gary A. Olson, Sidney I. Dobrin, 1994-01-01 *Composition Theory for the Postmodern Classroom* is a collection of the most outstanding articles published in the *Journal of Advanced Composition* over the last decade. Together these essays represent the breadth and strength of composition scholarship that has fruitfully engaged with critical theory in its many manifestations. In drawing on the critical discourses of philosophers, feminists, literary theorists, African Americanists, cultural theorists, and others, these compositionists have enriched discourse in the field, broadened intellectual conceptions of the multiple roles and functions of discourse, and opened up an infinite number of questions and new possibilities for composition theory and pedagogy.

The Cambridge Companion to the Literature of Los Angeles Kevin R. McNamara, 2010-05-06 Diverse, vibrant, and challenging as the city itself, this Companion is the definitive guide to LA in literature.

Poetry Los Angeles Laurence Goldstein, 2014-03-12 A look at the poetry of one of America's most populous and fascinating cities, with poems spanning from 1942 to 2012

Why I Write George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre.

After Henry Joan Didion, 2017-05-09 Incisive essays on Patty Hearst and Reagan, the Central Park jogger and the Santa Ana winds, from the New York Times-bestselling author of *South and West*. In these eleven essays covering the national scene from Washington, DC; California; and New York, the acclaimed author of *Slouching Towards Bethlehem* and *The White Album* "capture[s] the mood of America" and confirms her reputation as one of our sharpest and most trustworthy cultural observers (*The New York Times*). Whether dissecting the 1988 presidential campaign, exploring the commercialization of a Hollywood murder, or reporting on the "sideshow" of foreign wars, Joan Didion proves that she is one of the premier essayists of the twentieth century, "an articulate witness to the most stubborn and intractable truths of our time" (Joyce Carol Oates, *The New York Times Book Review*). Highlights include "In the Realm of the Fisher King," a portrait of the White House under the stewardship of Ronald and Nancy Reagan, two "actors on location;" and "Girl of the Golden West," a meditation on the Patty Hearst case that draws an unexpected and insightful parallel between the kidnapped heiress and the emigrants who settled California. "Sentimental Journeys" is a deeply felt study of New York media coverage of the brutal rape of a white investment banker in Central Park, a notorious crime that exposed the city's racial and class fault lines. Dedicated to Henry Robbins, Didion's friend and editor from 1966 until his death in 1979, *After Henry* is an indispensable collection of "superior reporting and criticism" from a writer on whom we have relied for more than fifty years "to get the story straight" (*Los Angeles Times*).

Telling Stories Joan Didion, 1978 Three short stories, reprinted from various periodicals, with an introductory essay.

The Big Goodbye Sam Wasson, 2020-02-04 From the New York Times bestselling author of *Fifth Avenue, Five A.M.* and *Fosse* comes the revelatory account of the making of a modern American masterpiece *Chinatown* is the Holy Grail of 1970s cinema. Its twist ending is the most notorious in American film and its closing line of dialogue the most haunting. Here for the first time is the incredible true story of its making. In Sam Wasson's telling, it becomes the defining story of the most colorful characters in the most colorful period of Hollywood history. Here is Jack Nicholson at the height of his powers, as compelling a movie star as there has ever been, embarking on his great, doomed love affair with Anjelica Huston. Here is director Roman Polanski, both predator and prey, haunted by the savage death of his wife, returning to Los Angeles, the scene of the crime, where the seeds of his own self-destruction are quickly planted. Here is the fevered dealmaking of The Kid Robert Evans, the most consummate of producers. Here too is Robert Towne's fabled script, widely considered the greatest original screenplay ever written. Wasson for the first time peels off layers of myth to provide the true account of its creation. Looming over the story of this classic movie is the imminent eclipse of the '70s filmmaker-friendly studios as they gave way to the corporate Hollywood we know today. In telling that larger story, *The Big Goodbye* will take its place alongside classics like *Easy Riders, Raging Bulls* and *The Devil's Candy* as one of the great movie-world books ever written. Praise for Sam Wasson: Wasson is a canny chronicler of old Hollywood and its outsize personalities...More than that, he understands that style matters, and, like his subjects, he has a flair for it. - *The New Yorker* Sam Wasson is a fabulous social historian because he finds meaning in situations and stories that would otherwise be forgotten if he didn't sleuth them out, lovingly. - Hilton Als

The Lost Art of Reading David L. Ulin, 2011-01 Reading is a revolutionary act, an act of engagement in a culture that wants us to disengage. In *The Lost Art of Reading*, David L. Ulin asks a number of timely questions - why is literature important? What does it offer, especially now? Blending commentary with memoir, Ulin addresses the importance of the simple act of reading in an increasingly digital culture. Reading a book, flipping through hard pages, or shuffling them on screen - it doesn't matter. The key is the act of reading, the seriousness and depth. Ulin emphasizes the importance of reflection and pause allowed by stopping to read a book, and the focus required to let the mind run free in a world that is not one's own. Far from preaching to the choir, *The Lost Art of Reading* is a call to arms, or rather, pages.

Immerse yourself in the artistry of words with *Crafted by is expressive creation, Joan Didion Los Angeles Notebook*. This ebook, presented in a PDF format (*), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge. Download now to let the beauty of literature and artistry envelop your mind in a unique and expressive way.
