Called to Love Carl Anderson,Jose Granados,2009-04-14 A thoughtful, accessible work on the beauty of love and the splendor of the body, inspired by Pope John Paul II. Christianity has long been regarded as viewing the body as a threat to a person's spiritual nature and of denying its sexual dimension. In 1979, Pope John Paul II departed from this traditional dichotomy and offered an integrated vision of the human body and soul. In a series of talks that came to be known as "the theology of the body," he explained the divine meaning of human sexuality and why the body provides answers to fundamental questions about our lives. In Called to Love, Carl Anderson, chairman of the world's largest catholic service organization, and Fr. Jose Granados discuss the philosophical and religious significance of "the theology of the body" in language at once poetic and profound. As they explain, the body speaks of God, it reveals His goodness, and it also speaks of men and women and their vocation to love. Called to Love brings to life the tremendous gift John Paul II bestowed on humanity and gives readers a new understanding of the Christian way of love and how to embrace it fully in their lives.

Expressionism Ashley Bassie,2023-12-28 Max Beckmann, Otto Dix, George Grosz, Emil Nolde, E.L. Kirchner, Paul Klee, Franz Marc as well as the Austrians Oskar Kokoschka and Egon Schiele were among the generation of highly individual artists who contributed to the vivid and often controversial new movement in early twentieth-century Germany and Austria: Expressionism. This publication introduces these artists and their work. The author, art historian Ashley Bassie, explains how Expressionist art led the way to a new, intense, evocative treatment of psychological, emotional and social themes in the early twentieth century. The book examines the developments of Expressionism and its key works, highlighting the often intensely subjective imagery and the aspirations and conflicts from which it emerged while focusing precisely on the artists of the movement.

The Metamorphoses of the City of God Etienne Gilson,Remi Brague,2020-10-16 Étienne Gilson (1884-1978) was a French philosopher and historian of philosophy, as well as a scholar of medieval philosophy. In 1946 he attained the distinction of being elected an Immortal (member) of the Académie française. He was nominated for the Nobel Prize in Literature in 1959 and 1964. The appearance of Gilson's *Metamorphosis of the City of God*, which were originally delivered as lectures at the University of Louvain, Belgium, in the Spring of 1952, coincided with the first steps toward what would become the European Union. The appearance of this English translation coincides with the upheaval of Brexit. Gilson traces the various attempts of thinkers through the centuries to describe Europe's soul and delimit its parts. The Scots, Catalonians, Flemings, and probably others may nod in agreement in Gilson's observation on how odd would be a Europe composed of the political entities that existed two and a half centuries ago. Those who think the European Union has lost its soul may not be comforted by the difficulty thinkers have had over the centuries in defining that soul. Indeed the difficulties that have thus far prevented integrating Turkey into the EU confirm Gilson's description of the conundrum involved even in distinguishing Europe's material components. And yet, the endeavor has succeeded, so that the problem of shared ideals remain inescapable. One wonders which of the thinkers in the succession studied by Gilson might grasp assent and illuminate the EU's path.

Western Plainchant David Hiley,1995 Plainchant is the oldest substantial body of music that has been preserved in any shape or form. It was first written down in Western Europe in the eighth to ninth centuries. Many thousands of chants have been sung at different times or places in a multitude of forms and styles, responding to the differing needs of the church through the ages. This book provides a clear and concise introduction, designed both for those to whom the subject is new and those who require a reference work for advanced study. It begins with an explanation of the liturgies that plainchant was

designed to serve. It describes all the chief genres of chant, different types of liturgical book, and plainchant notations. After an exposition of early medieval theoretical writing on plainchant, Hiley provides a historical survey that traces the constantly changing nature of the repertory. He also discusses important musicians and centers of composition. Copiously illustrated with over 200 musical examples, this book highlights the diversity of practice and richness of the chant repertory in the Middle Ages. It will be an indispensable introduction and reference source on this important music for many years to come.

Truth is Symphonic Hans Urs von Balthasar, 1987-01-01 Von Balthasar shows the tension between the necessary unity in Christianity and the diversity that should and must exist. Today when most people talk about pluralism and really mean dissent and rebellion, von Balthasar shows how genuine variety is both possible and desirable within Catholic unity.

Love in the Dark Barbara Cartland, 2018-09-01 Although her vast inheritance seemed a blessing, it has become a curse now that Susanna Laven's mother is determined to marry her against her will to the impoverished Duke of Southampton. What's worse that as her mother repeatedly and cruelly tells her, she is the family's "ugly duckling" her only attraction is her fortune! Desperate to escape a loveless marriage, she responds to an advertisement for a reader in French and Italian for a temporarily blind gentleman. Meeting the gentleman, a Mr. Dunblane, who is swathed head to toe in bandages after a terrible motor car accident, she finds him rude and short-tempered, but still accepts and soon finds herself on a luxury train speeding across France on its journey to Florence. There Susanna's eyes are opened to the glories of Florence - and love! to She had prayed to God to give her love, and in the blossoming relationship with her blind employer, who himself seems entranced by her, she may have found it. But it's an agony, not a joy - for surely it will end the moment Mr Dunblane's eyes are healed and he sees that she is not the beauty of his mind's eye's vision! *Love in the Dark* is the story of two people being blind in different ways - and of how love turns an ugly duckling into a swan with her evening knowing!

Echoes of the Word Enzo Bianchi, Jonathan Wilson-Hartgrove, 2013 Discussion around the bestseller *The Benedict Option* by Rod Dreher has led many people to want to know more about monastic principles. This book by the modern monastic prior Enzo Bianchi (of the Bose Community in Switzerland) gives insight to the monastic life lived by the desert fathers and mothers. Abba, give me a word! So young monks and visitors to desert monasteries would address an elder at the beginning of the 4th century. These seekers believed that a word originating outside oneself would descend into the heart and give

direction to one's inner life. Enzo Bianchi has tried to let himself be guided by this tradition. These words are not listed alphabetically or by theme. They are arranged to take you on a journey. Through the use of allusions and cross-references, one term evokes another, explains it in part, and sets aside some elements of its definition to be taken up further on. At the heart of the book is the conviction that life has meaning: it is not our task to invent or determine that meaning but simply to discover it - present and active - in and around us.
