This book chronicles how this helped to strengthen Franco's regime and economic and political standing.

A Guide to the Latin American Art Song Repertoire Stela M. Brandão, 2010-04-29 A reference guide to the vast array of art song literature and composers from Latin America, this book introduces the music of Latin America from a singer's perspective and provides a basis for research into the songs of this richly musical area of the world. The book is divided by country into 22 chapters, with each chapter containing an introductory essay on the music of the region, a catalog of art songs for that country, and a list of publishers. Some chapters include information on additional sources. Singers and teachers may use descriptive annotations (language, poet) or pedagogical annotations (range, tessitura) to determine which pieces are appropriate for their voices or programming needs, or those of their students. The guide will be a valuable resource for vocalists and researchers, however familiar they may be with this glorious repertoire.

The Dance Bands Brian Rust, 1972 This volume by an author who began his interest in dance bands as a youngster in 1927, details the rise and progress of the essentially twentieth-century popular art form in the United States and Europe during the inter-war years, helped by quotes from contemporary magazines, record catalogues, memories of several of the musicians themselves, and illustrations.

Live Fast, Love Hard Diane Diekman, 2011-05-18 As one of the best-known honky tonkers to appear in the wake of Hank Williams's death, Faron Young was a popular presence on Nashville's music scene for more than four decades. The Singing Sheriff produced a string of Top Ten hits, placed over eighty songs on the country music charts, and founded the long-running country music periodical *Music City News* in 1963. Flamboyant, impulsive, and generous, he helped and encouraged a new generation of talented songwriter-performers that included Willie Nelson and Bill Anderson. In 2000, four years after his untimely death, Faron was inducted into the Country Music Hall of Fame. Presenting the first detailed portrayal of this lively and unpredictable country music star, Diane Diekman masterfully draws on extensive interviews with Young's family, band members, and colleagues. Impeccably researched, Diekman's narrative also weaves anecdotes from Louisiana Hayride and other old radio shows with ones from Young's business associates, including Ralph Emery. Her unique insider's look into Young's career adds to an understanding of the burgeoning country music entertainment industry during the key years from

1950 to 1980, when the music expanded beyond its original rural roots and blossomed into a national (ultimately, international) enterprise. Echoing Young's characteristic ability to entertain and surprise fans, Diekman combines an account of his public career with a revealing, intimate portrait of his personal life.

The Jazz Age Arnold Shaw, 1989 F. Scott Fitzgerald named it, Louis Armstrong launched it, Paul Whiteman and Fletcher Henderson orchestrated it, and now Arnold Shaw chronicles this fabulous era in *The Jazz Age*. Spicing his account with lively anecdotes and inside stories, he describes the astonishing outpouring of significant musical innovations that emerged during the Roaring Twenties--including blues, jazz, band music, torch ballads, operettas and musicals--and sets them against the background of the Prohibition world of the Flapper.

Barrio Rhythm Steven Joseph Loza, 1993 The hit movie *La Bamba* (based on the life of Richie Valens), the versatile singer Linda Ronstadt, and the popular rock group Los Lobos all have roots in the dynamic music of the Mexican-American community in East Los Angeles. With the recent Eastside Renaissance in the area, barrio music has taken on symbolic power throughout the Southwest, yet its story has remained undocumented and virtually untold. In *Barrio Rhythm*, Steven Loza brings this hidden history to life, demonstrating the music's essential role in the cultural development of East Los Angeles and its influence on mainstream popular culture. Drawing from oral histories and other primary sources, as well as from appropriate representative songs, Loza provides a historical overview of the music from the nineteenth century to the present and offers in-depth profiles of nine Mexican-American artists, groups, and entrepreneurs in Southern California from the post-World War II era to the present. His interviews with many of today's most influential barrio musicians, including members of Los Lobos, Eddie Cano, Lalo Guerrero, and Willie chronicle the cultural forces active in this complex urban community.

The Arhoolie Foundation's Strachwitz Frontera Collection of Mexican and Mexican American Recordings Agustin Gurza, 2012 The Strachwitz Frontera Collection is the largest repository of commercially produced Mexican and Mexican American vernacular recordings in existence. It contains more than 130,000 individual recordings. Many are rare, and some are one of a kind. Although border music is the focus of the collection, it also includes notable recordings of other Latin forms, including salsa, mambo, sones, and rancheras. More than 40,000 of the recordings, all from the first half of the twentieth century, have been digitized with the help of the UCLA Chicano Studies Research Center and are available online through the University of California's Digital Library Program. Agustin Gurza explores the Frontera Collection from different viewpoints, discussing genre, themes, and some of the thousands of composers and performers whose work is contained in the archive. Throughout he discusses the cultural significance of the recordings and relates the stories of those who have had a vital role in their production and preservation. Rounding out the volume are chapters by Jonathan Clark, who surveys the

recordings of mariachi ensembles, and Chris Strachwitz, the founder of the Arhoolie Foundation, who reflects on his six decades of collecting the music that makes up the Frontera Collection.--Publisher description.

The Blues Tony Russell,1997 The Blues traces the roots of this indigenous American music from its origins in the South through its great popularity throughout the U.S. and around the world. Includes an A-Z directory of blues musicians, photos on nearly every page, and a four-page timeline, covering 1912 to 1992.

Stan Kenton Michael Sparke,2010 An expert on Stan Kenton, Sparke delivers a comprehensive history of Kenton's activities as a bandleader and creative force in jazz. Based largely on interviews with Kenton and members of the various incarnations of his orchestra, the book shows how the Kenton sound evolved over four decades, focusing on the role that Kenton himself played in that development. While Sparke's style is sometimes a bit florid, his vast knowledge and enthusiasm for his subject is evident throughout the book. Likely to become the standard history of Kenton's orchestra, this book will be enjoyed by any reader interested in the history of big-band jazz. A Little House Fondation Le Corbusier,2020-03-09 Villa le Lac, which was designated a World Heritage in 2016, was designed and built by Le Corbusier as Geneva lakeside home for his parents in 1925. Because of its spare arrangement of spaces, he referred to it as a "dwelling machine." Even today it remains the modern prototype of the "small house" that fulfills all of the functions of a residence with a minimum of floor area and seamless transitions between spaces. For the first time, this book is appearing in three separate language editions, following the original edition in which Le Corbusier documented the history of the building: with photographs, sketches and a poetic text. Access to the original photographs allowed the quality of the illustrations in this edition to be improved significantly.

Spain's Golden Fleece Carla Rahn Phillips,William D. Phillips,1997 In Spain's Golden Fleece, Carla Rahn Phillips and William D. Phillips, Jr., offer the first authoritative history of Spain's vital wool industry. They show how wool was crucial both to Spain's domestic income and to the flourishing European textile industries that depended on the incomparable wool of Spanish Merino sheep. The authors begin by offering a broad and longterm look at the growth, dominance, and decline of the herding economy. They explain the components of wool production, from herding to shearing to preparing the wool for market. And they examine the evolution of the woolen textile industry in Spain and the export trade in raw wool.
