Summary of Ann Rule's Green River, Running Red Everest Media,2022-05-26T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Pac HiWay was a highway that connected Seattle to Tacoma, and it has changed constantly over the years. It began as Highway 99, and then it was Old 99 when the I-5 Freeway opened. Some spots are called Pacific Highway South, except where it passes the Seattle-Tacoma International Airport, where it has become International Parkway. #2 The strip became a local roadway, full of businesses that catered to those who flew in or lived and worked nearby. The Little Church by the Side of the Road was still there, and so was The Pancake Chef and the Lewis and Clark Theater. #3 On August 12, 1982, another woman's body was found in the Green River, south of Seattle. It was difficult to determine where she had gone into the river, but her corpse had been trapped in a net of tree branches and logs. #4 The woman in the river was identified as Debra Bonner, a prostitute who had recently made a precarious living on Pacific Highway South. She had been arrested twice for offering sex for money. She had told her friends that she was freelancing, working the circuit from Portland to Tacoma to Seattle to Yakima and Spokane.

Running Cara Hoffman,2017-02-21 From the critically acclaimed author of Be Safe I Love You comes a haunting novel of love, friendship, and survival set in the red light district of Athens in the 1980s that New York magazine calls “a gauzy

portrait of youthful longing, sticky romance, and regret.” Running follows the lives of three friends and lovers: queer English poet Milo Rollack, prep school dropout Jasper Lethe, and seventeen-year-old Bridey Sullivan, an American with a fascination for fire. Barely out of childhood, squatting in a crumbling hotel on the outskirts of Athens in the late 1980s, the three slip in and out of homelessness, heavy drinking, and underground jobs. While working as runners for the hotel—convincing tourists to stay there for a commission and free board—they are befriended by an IRA fugitive and become inextricably linked to an act of terrorism that will mark each of them for life. Bridey, the consummate survivor, abandons Jasper and Milo, planning to return when the dust has settled. But no one has fared well in her absence. And then a mysterious death drives her to seek an impossible absolution that will take her from the streets of the red-light district to the remote island cliff houses of the southern Mediterranean. Twenty-five years later, Milo, now a successful writer and professor in Manhattan, struggles to live ethically in a world he knows is corrupt, coping with a secret that makes him a stranger to those closest to him. “Beautiful and atmospheric...original and deeply sad” (Kirkus Reviews), Running is a sweeping and fearless story of friendship and survival from Cara Hoffman, an author who “writes like a dream—a disturbing, emotionally charged dream” (The Wall Street Journal).

Red Rising Pierce Brown, 2014-01-28 NEW YORK TIMES BESTSELLER • Pierce Brown's relentlessly entertaining debut channels the excitement of The Hunger Games by Suzanne Collins and Ender's Game by Orson Scott Card. “Red Rising ascends above a crowded dystopian field.”—USA Today ONE OF THE BEST BOOKS OF THE YEAR—Entertainment Weekly, BuzzFeed, Shelf Awareness “I live for the dream that my children will be born free,” she says. “That they will be what they like. That they will own the land their father gave them.” “I live for you,” I say sadly. Eo kisses my cheek. “Then you must live for more.” Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet he toils willingly, trusting that his blood and sweat will one day result in a better world for his children. But Darrow and his kind have been betrayed. Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet. Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to infiltrate the legendary Institute, a proving ground for the dominant Gold caste, where the next generation of humanity's overlords struggle for power. He will be forced to compete for his life and the very future of civilization against the best and most brutal of Society's ruling class. There, he

will stop at nothing to bring down his enemies . . . even if it means he has to become one of them to do so. Praise for Red Rising “[A] spectacular adventure . . . one heart-pounding ride . . . If He Had Been with Me Laura Nowlin, 2013-04-02 If he had been with me everything would have been different... I wasn't with Finn on that August night. But I should've been. It was raining, of course. And he and Sylvie were arguing as he drove down the slick road. No one ever says what they were arguing about. Other people think it's not important. They do not know there is another story. The story that lurks between the facts. What they do not know—the cause of the argument—is crucial. So let me tell you...

Black Leopard, Red Wolf Marlon James, 2019-02-05 One of TIME’s 100 Best Fantasy Books of All Time Winner of the L.A. Times Ray Bradbury Prize Finalist for the 2019 National Book Award The New York Times Bestseller Named a Best Book of 2019 by The Wall Street Journal, TIME, NPR, GQ, Vogue, and The Washington Post A fantasy world as well-realized as anything Tolkien made. --Neil Gaiman Gripping, action-packed....The literary equivalent of a Marvel Comics universe. --Michiko Kakutani, The New York Times The epic novel from the Man Booker Prize-winning author of A Brief History of Seven Killings In the stunning first novel in Marlon James's Dark Star trilogy, myth, fantasy, and history come together to explore what happens when a mercenary is hired to find a missing child. Tracker is known far and wide for his skills as a hunter: He has a nose, people say. Engaged to track down a mysterious boy who disappeared three years earlier, Tracker breaks his own rule of always working alone when he finds himself part of a group that comes together to search for the boy. The band is a

hodgepodge, full of unusual characters with secrets of their own, including a shape-shifting man-animal known as Leopard. As Tracker follows the boy's scent--from one ancient city to another; into dense forests and across deep rivers--he and the band are set upon by creatures intent on destroying them. As he struggles to survive, Tracker starts to wonder: Who, really, is this boy? Why has he been missing for so long? Why do so many people want to keep Tracker from finding him? And perhaps the most important questions of all: Who is telling the truth, and who is lying? Drawing from African history and mythology and his own rich imagination, Marlon James has written a novel unlike anything that's come before it: a saga of breathtaking adventure that's also an ambitious, involving read. Defying categorization and full of unforgettable characters, *Black Leopard, Red Wolf* is both surprising and profound as it explores the fundamentals of truth, the limits of power, and our need to understand them both.

Behave Robert M. Sapolsky, 2017-05-02 Why do we do the things we do? Over a decade in the making, this game-changing book is Robert Sapolsky's genre-shattering attempt to answer that question as fully as perhaps only he could, looking at it from every angle. Sapolsky's storytelling concept is delightful but it also has a powerful intrinsic logic: he starts by looking at the factors that bear on a person's reaction in the precise moment a behavior occurs, and then hops back in time from there, in stages, ultimately ending up at the deep history of our species and its genetic inheritance. And so the first category of explanation is the neurobiological one. What goes on in a person's brain a second before the behavior happens? Then he pulls out to a slightly larger field of vision, a little earlier in time: What sight, sound, or smell triggers the nervous system to produce that behavior? And then, what hormones act hours to days earlier to change how responsive that individual is to the stimuli which trigger the nervous system? By now, he has increased our field of vision so that we are thinking about neurobiology and the sensory world of our environment and endocrinology in trying to explain what happened. Sapolsky keeps going--next to what features of the environment affected that person's brain, and then back to the childhood of the individual, and then to their genetic makeup. Finally, he expands the view to encompass factors larger than that one individual. How culture has shaped that individual's group, what ecological factors helped shape that culture, and on and on, back to evolutionary factors thousands and even millions of years old. The result is one of the most dazzling tours de horizon of the science of human behavior ever attempted, a majestic synthesis that harvests cutting-edge research across a

range of disciplines to provide a subtle and nuanced perspective on why we ultimately do the things we do...for good and for ill. Sapolsky builds on this understanding to wrestle with some of our deepest and thorniest questions relating to tribalism and xenophobia, hierarchy and competition, morality and free will, and war and peace. Wise, humane, often very funny, Behave is a towering achievement, powerfully humanizing, and downright heroic in its own right.

One summer. Two rivals. A plot twist they didn't see coming... Nora Stephens' life is books—she's read them all—and she is not that type of heroine. Not the plucky one, not the laidback dream girl, and especially not the sweetheart. In fact, the only people Nora is a heroine for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they've met many times and it's never

been cute. If Nora knows she's not an ideal heroine, Charlie knows he's nobody's hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they've written about themselves.

Meanwhile, Lincoln O'Neill can't believe this is his job now—reading other people's e-mail. When Lincoln comes across Beth's and Jennifer's messages, he knows he should turn them in. He can't help being entertained, and captivated, by their stories. But by the time Lincoln realizes he's falling for Beth, it's way too late to introduce himself. What would he even say...?
