Judeophobia Peter Schäfer,2009-06-01 Taking a fresh look at what the Greeks and Romans thought about Jews and Judaism, Peter Schäfer locates the origin of anti-Semitism in the ancient world. Judeophobia firmly establishes Hellenistic Egypt as the generating source of anti-Semitism, with roots extending back into Egypt's pre-Hellenistic history. A pattern of ingrained hostility toward an alien culture emerges when Schäfer surveys an illuminating spectrum of comments on Jews and their religion in Greek and Roman writings, focusing on the topics that most interested the pagan classical world: the exodus

or, as it was widely interpreted, expulsion from Egypt; the nature of the Jewish god; food restrictions, in particular abstinence from pork; laws relating to the sabbath; the practice of circumcision; and Jewish proselytism. He then probes key incidents, two fierce outbursts of hostility in Egypt: the destruction of a Jewish temple in Elephantine in 410 B.C.E. and the riots in Alexandria in 38 C.E. Asking what fueled these attacks on Jewish communities, the author discovers deep-seated ethnic resentments. It was from Egypt that hatred of Jews, based on allegations of impiety, xenophobia, and misanthropy, was transported first to Syria-Palestine and then to Rome, where it acquired a new element: fear of this small but distinctive community. To the hatred and fear, ingredients of Christian theology were soon added--a mix all too familiar in Western history.

Crusade and Mission Benjamin Z. Kedar,2014-07-14 This wide-ranging study of medieval Europe's response to the challenge of Islam examines the relationship between ideas of crusade and mission, between European projects for military conquest and those for the conversion of Muslims to Christianity. Covering the years from the emergence of Islam to the fourteenth century, Benjamin Z. Kedar discusses not only the crusades and the Crusading Kingdom of Jerusalem but also the confrontation of Catholics and Muslims in Sicily and Spain. Originally published in 1984. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. Patterns of Commoning David Bollier,Silke Helfrich,2015-11-06 What accounts for the persistence and spread of commoning, the irrepressible desire of people to collaborate and share to meet everyday needs? How are the more successful projects governed? And why are so many people embracing the commons as a powerful strategy for building a fair, humane and Earth-respecting social order? In more than fifty original essays, *Patterns of Commoning* addresses these questions and probes the inner complexities of this timeless social paradigm. The book surveys some of the most notable, inspiring commons around the world, from alternative currencies and open design and manufacturing, to centuries-old community

forests and co-learning commons - and dozens of others. David Bollier (www.bollier.org) is an American author, activist and independent scholar who has studied the commons for nearly twenty years. Silke Helfrich (commonsblog.wordpress.com) is a German author and independent activist of the commons who blogs at www.commonsblog.de, and cofounder of the Commons-Institut in Germany. With Michel Bauwens, Bollier and Helfrich are cofounders of the Common Strategies Group. For more information, go to the book's website, Patterns of Commoning (www.patternsofcommoning.org)

Collectanea Alexandrina Hugh Lloyd-Jones, Heinz-Günther Nesselrath, 1983 The series publishes important new editions of and commentaries on texts from Greco-Roman antiquity, especially annotated editions of texts surviving only in fragments. Letters of a Peruvian Woman Françoise de Graffigny, 2009-01-08 'It has taken me a long time, my dearest Aza, to fathom the cause of that contempt in which women are held in this country ...' Zilia, an Inca Virgin of the Sun, is captured by the Spanish conquistadores and brutally separated from her lover, Aza. She is rescued and taken to France by Déterville, a nobleman, who is soon captivated by her. One of the most popular novels of the eighteenth century, the Letters of a Peruvian Woman recounts Zilia's feelings on her separation from both her lover and her culture, and her experience of a new and alien society. Françoise de Graffigny's bold and innovative novel clearly appealed to the contemporary taste for the exotic and the timeless appetite for love stories. But by fusing sentimental fiction and social commentary, she also created a new kind of heroine, defined by her intellect as much as her feelings. The novel's controversial ending calls into question traditional assumptions about the role of women both in fiction and society, and about what constitutes 'civilization'. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.
