**All is Well** Louise Hay,Mona Lisa Schulz, MD, PHD,2014-05-06 Whenever there is a problem, repeat over and over: All is well. Everything is working out for my highest good. Out of this situation only good will come. I am safe. In this healing tour de force, best-selling authors Louise L. Hay and Dr. Mona Lisa Schulz have teamed up for an exciting reexamination of the quintessential teachings from *Heal Your Body*. *All Is Well* brings together Louise's proven affirmation system with Mona Lisa's knowledge of both medical science and the body's intuition to create an easy-to-follow guide for health and well-being. And, for the first time ever, they present scientific evidence showing the undeniable link between the mind and body that makes these healing methods work. Bringing focus and clarity to the effects of emotions on the body, *All Is Well* separates the body into seven distinct groups of organs—or emotional centers—that are connected by their relationship to certain emotions. Structured around these emotional centers, the authors outline common imbalances and probable mental causes

for physical illness. They also include case studies that show a complete program for healing that draws from all disciplines, including both traditional and alternative medicine, affirmations, nutritional changes, and so much more. Using the self-assessment quiz, the holistic health advice, and an expanded version of Louise's original affirmation chart, you can learn how to heal your mind and body with affirmations and intuition and live a balanced, healthy life.

**Heal Your Mind** Mona Lisa Schulz, MD, PHD, 2017-10-10 A much-needed guidebook . . . a treasure chest of insights. — Caroline Myss, M.D. [A] brilliant new work . . . profound healing advice. — Brian L. Weiss, M.D. Many of us grapple with how to stay happy, calm, and focused in a world that seems to get more complex by the minute. How do we keep our wits about us, our mood stable, and our memory intact when our brains and bodies are bombarded with information and influences from every side? This one-of-a-kind resource combines cutting-edge science with compassion and wisdom to offer answers we can really use. *Heal Your Mind* continues the three-pronged healing approach that Dr. Mona Lisa Schulz and Louise Hay pioneered together in *All Is Well: Heal Your Body with Medicine, Affirmations, and Intuition*. Here, it's applied to aspects of the mind ranging from depression, anxiety, and addiction to memory, learning, and even mystical states. You'll learn what's going on in your brain and body when you feel sad, angry, or panicked; you have trouble focusing, reading, or remembering; a past trauma is clouding your mind in the present; and more. And in each chapter, you'll get a virtual healing experience through case studies in the All Is Well Clinic, where Dr. Mona Lisa uses medical intuition to pinpoint issues in a wide range of prototypical client histories and she and Louise offer solutions and affirmations to help restore well-being. Today, we tend to think our minds and bodies need an endless array of expensive, ever-changing pharmaceutical interventions. In truth, medicines are just one approach to healing the mind; nutritional supplements also support mind-body health; and affirmations restore us to balance by changing the way we think. *Heal Your Mind* puts all these tools at your disposal to help you choose your own path.

**I Can Do It** Louise Hay, 2021-08-17 In this concise yet information-packed book—which you can listen to on the included audio download or read at your leisure—bestselling author LOUISE HAY shows you that you can do it—that is, change and improve virtually every aspect of your life—by understanding and using affirmations correctly. Louise explains that every thought you think and every word you speak is an affirmation. Even your self-talk, your internal dialogue, is a stream of affirmations. You're affirming and creating your life experiences with every word and thought. Your beliefs are merely habitual thinking patterns that you learned as a child, and many of them work very well for you. But other beliefs may be limiting your ability to create the very things you say you want. You need to pay attention to your thoughts so that you can begin to eliminate the ones creating experiences that you don't want. As Louise discusses topics such as health, forgiveness, prosperity, creativity, relationships, job success, and self-esteem, you'll see that affirmations are solutions that will replace whatever problem you might have in a particular area. By the end of this book, you'll be able to say I can do it with

confidence, knowing that you're on your way to the wonderful, joy-filled life you deserve.

Trust Life Louise Hay, 2018-10-02 From Trust Life: Life loves you was Louise's signature affirmation. It's the heart thought that best represents her life and work. At her book signings, with queues of hundreds of people, Louise would

diligently sign each book with Life loves you. She signed off her emails with Life loves you. She ended phone calls and Skype sessions with Life loves you. It was always Life with a capital 'L' - referring to the One Infinite Intelligence at work behind all things. Life loves you is more than just an affirmation, though. It points to a philosophy of basic trust that encourages us to trust that Life - with a capital 'L' - wants our highest good, and that the more we love Life, the more Life can love us. The first step on this path of trust is to be willing to let love in. By loving ourselves more, we can truly love one another more. This is how we become a loving presence in the world - someone who affirms wholeheartedly I love Life, and Life loves me. - Robert Holden, co-author with Louise Hay of *Life Loves You Queen of the New Age...* A founder of the self-help movement... The closest thing to a living saint... Louise Hay was called all this and more, and her work inspired millions worldwide, but she never set herself up as a guru with all the answers. She urged every attendee at her workshops and conferences, every reader of her dozens of books, to remember that it is you who has the power to heal your life. She was here only to guide you on the path of remembering the truth of who you are: powerful, loving and lovable. In honour of Louise's life, you now hold in your hands this compilation of her most inspiring teachings from her greatest works. Our hope is that the 366 entries within this book allow you to carry the wisdom of Louise with you each and every day, and inspire you to trust the process of Life. As Louise described it: 'Very simply, I believe that what we give out, we get back; we all contribute to, and are responsible for, the events that take place in our lives - both the good and the so-called bad. We create our experiences based on the words we say and the thoughts we think. When we create peace and harmony in our minds and think positive thoughts, we will attract positive experiences and like-minded people to us. In essence, what I'm saying is that what we believe about ourselves and about Life becomes true for us.'
