## Jay Parini

Lincoln Gore Vidal, 2011-04-13 Lincoln is the cornerstone of Gore Vidal's fictional American chronicle, which includes Burr, 1876, Washington, D.C., Empire, and Hollywood. It opens early on a frozen winter morning in 1861, when President-elect Abraham Lincoln slips into Washington, flanked by two bodyguards. The future president is in disguise, for there is talk of a plot to murder him. During the next four years there will be numerous plots to murder this man who has sworn to unite a disintegrating nation. Isolated in a ramshackle White House in the center of a proslavery city, Lincoln presides over a fragmenting government as Lee's armies beat at the gates. In this profoundly moving novel, a work of epic proportions and intense human sympathy, Lincoln is observed by his loved ones and his rivals. The cast of characters is almost Dickensian: politicians, generals, White House aides, newspapermen, Northern and Southern conspirators, amiably evil bankers, and a wife slowly going mad. Vidal's portrait of the president is at once intimate and monumental, stark and complex, drawn with the wit, grace, and authority of one of the great historical novelists. With a new Introduction by the author.

Burr Gore Vidal, 2011-08-31 For readers who can't get enough of the hit Broadway musical Hamilton, Gore Vidal's stunning novel about Aaron Burr, the man who killed Alexander Hamilton in a duel—and who served as a successful, if often feared, statesman of our fledgling nation. Here is an extraordinary portrait of one of the most complicated—and misunderstood—figures among the Founding Fathers. In 1804, while serving as vice president, Aaron Burr fought a duel with his political nemesis, Alexander Hamilton, and killed him. In 1807, he was arrested, tried, and acquitted of treason. In 1833, Burr is newly married, an aging statesman considered a monster by many. But he is determined to tell his own story, and he chooses to confide in a young New York City journalist named Charles Schermerhorn Schuyler. Together, they explore both Burr's past—and the continuing civic drama of their young nation. Burr is the first novel in Gore Vidal's Narratives of Empire series, which spans the history of the United States from the Revolution to post-World War II. With their broad canvas and sprawling cast of fictional and historical characters, these novels present a panorama of American politics and imperialism, as interpreted by one of our most incisive and ironic observers.

Creation Gore Vidal, 2018-08-22 Once again the incomparable Gore Vidal interprets and animates history -- this time in a panoramic tour of the 5th century B.C. -- and embellishes it with his own ironic humor, brilliant insights, and piercing observations. We meet a vast array of historical figures in a staggering novel of love, war, philosophy, and adventure . . .

There isn't a page of CREATION that doesn't inform and very few pages that do not delight. -- John Leonard, The New York Times

**1876** Gore Vidal, 2018-08-22 The third volume of Gore Vidal's magnificent series of historical novels aimed at demythologizing the American past, 1876 chronicles the political scandals and dark intrigues that rocked the United States in its centennial year. -----Charles Schermerhorn Schuyler, Aaron Burr's unacknowledged son, returns to a flamboyant America after his long, self-imposed European exile. The narrator of Burr has come home to recoup a lost fortune by arranging a suitable marriage for his beautiful daughter, the widowed Princess d'Agrigente, and by ingratiating himself with Samuel Tilden, the favored presidential candidate in the centennial year. With these ambitions and with their own abundant charms, Schuyler and his daughter soon find themselves at the centers of American social and political power at a time when the fading ideals of the young republic were being replaced by the excitement of empire. -----A glorious piece of writing, said Jimmy Breslin in Harper's. Vidal can take history and make it powerful and astonishing. Time concurred: Vidal has no peers at breathing movement and laughter into the historical past. -----With a new Introduction by the author.

Hollywood Gore Vidal, 2011-03-23 Hollywood marks the fifth episode in Gore Vidal's Narratives of Empire, his celebrated series of six historical novels that form his extended biography of the United States. It is 1917, and President Woodrow Wilson is about to lead the country into the Great War in Europe. In California, a new industry is born that will irreversibly transform America. Caroline Sanford, the alluring heroine of Empire, discovers the power of moving pictures to manipulate reality as she vaults to screen stardom under the name of Emma Traxler. Just as Caroline must balance her two lives--West Coast movie star and East Coast newspaper publisher and senator's mistress--so too must America balance its two power centers: Hollywood and Washington. Here is history as only Gore Vidal can re-create it: brimming with intrigue and scandal, peopled by the greats of the silver screen and American politics. Hollywood shimmers with the illusion of politics and the politics of illusion, wrote the Chicago Sun-Times. A wonderfully literate and consistently impressive work of fiction that clearly belongs on a shelf with Vidal's best, said The New York Times Book Review. With a new Introduction by the author.

**Live from Golgotha** Gore Vidal, 1993-10-01 Timothy (later St. Timothy) is in his study in Thessalonika, where he is bishop of Macedonia. It is A.D. 96, and Timothy is under terrific pressure to record his version of the Sacred Story, since, far in the future, a cyberpunk (the Hacker) has been systematically destroying the tapes that describe the Good News, and Timothy's Gospel is the only one immune to the Hacker's deadly virus. Meanwhile, thanks to a breakthrough in computer software, an NBC crew is racing into the past to capture—live from the suburb of Golgotha—the Crucifixion, for a TV special guaranteed to boost the network's ratings in the fall sweeps. As a stream of visitors from twentieth-century America channel in to the first-century Holy Land—Mary Baker Eddy, Shirley MacLaine, Oral Roberts and family—Timothy struggles to complete his story. But is Timothy's text really Hacker-proof? And how will he deal with the truth about Jesus' eating

disorder? Above all, will he get the anchor slot for the Big Show at Golgotha without representation by a major agency, like CAA 1,896 years in the future? Tune in.

**The Golden Age** Gore Vidal,2001 THE GOLDEN AGE is the final, eponymous novel that brings to an end what Gabriel García Márquez has called 'Gore Vidal's magnificent series of historical novels or novelised histories', NARRATIVES OF EMPIRE. Like a latter day Anthony Trollope, Vidal masterfully balances the personal with the political, the invented with the historical fact. His heroine from Hollywood, Caroline Sanford, reappears in Washington as President Roosevelt schemes to get the USA into the war by provoking the Japanese. In the novel's ten year span America is master of the globe, with Japan and Europe as colony and dependency under her empire. Against this backdrop there is a glittering explosion in the arts (we see the likes of Lowell, Bernstein and Tennessee Williams and witness the opening night of A STREETCAR NAMED DESIRE). But by 1950 and the coming of the Korean War, the Golden Age is over. For the reader who wants to be informed as well as vastly entertained about the last two hundred years of American history there could be no better place to start than with Vidal's NARRATIVES.

**Gore Vidal** Fred Kaplan,2012-11-05 Novelist, culture critic, essayist, historian, comic satirist, image maker, actor, homosexual, bisexual, controversial, confrontational - finding words to describe Gore Vidal is never difficult. And yet, an accurate picture of this multifaceted chameleon has eluded us until now. This book provides a biography of a literary icon.

**Empire** Gore Vidal,2011-02-23 Empire, the fourth novel in Gore Vidal's monumental six-volume chronicle of the American past, is his prodigiously detailed portrait of the United States at the dawn of the twentieth century as it begins to emerge as a world power. -----While America struggles to define its destiny, beautiful and ambitious Caroline Sanford fights to control her own fate. One of Vidal's most in-spired creations, she is an embodiment of the complex, vigorous young nation. From the back offices of her Washington newspaper, Caroline confronts the two men who threaten to thwart her ambition: William Randolph Hearst and his protégé, Blaise Sanford, Caroline's half brother. In their struggles for power the lives of brother and sister become intertwined with those of Presidents McKinley and Roosevelt, as well as Astors, Vanderbilts, and Whitneys--all incarnations of America's Gilded Age. -----Mr. Vidal demonstrates a political imagination and insider's sagacity equaled by no other practicing fiction writer, said The New York Times Book Review. Like the earlier novels in his historical cycle, Empire is a wonderfully vivid documentary drama. -----With a new Introduction by the author.

*Inventing a Nation* Gore Vidal,2008-10-01 This New York Times bestseller offers “an unblinking view of our national heroes by one who cherishes them, warts and all” (New York Review of Books). In *Inventing a Nation*, National Book Award winner Gore Vidal transports the reader into the minds, the living rooms (and bedrooms), the convention halls, and the salons of George Washington, Thomas Jefferson, John Adams, and others. We come to know these men, through Vidal’s splendid prose, in ways we have not up to now—their opinions of each other, their worries about money, their concerns about creating

a viable democracy. Vidal brings them to life at the key moments of decision in the birthing of our nation. He also illuminates the force and weight of the documents they wrote, the speeches they delivered, and the institutions of government by which we still live. More than two centuries later, America is still largely governed by the ideas championed by this triumvirate. The author of *Burr* and *Lincoln*, one of the master stylists of American literature and most acute observers of American life, turns his immense literary and historiographic talent to a portrait of these formidable men

**Julian** Gore Vidal, 2018-08-22 Julian the Apostate was the nephew of Emperor Constantine the Great. Julian ascended to the throne in A.D. 361, at the age of twenty-nine, and was murdered four years later after an unsuccessful attempt to rebuke Christianity and restore the worship of the old gods. Now this historical tapestry is brought to vibrant life by the dazzling talent of Gore Vidal.

**Washington, D.C.** Gore Vidal, 2018-08-22 May well be the finest of contemporary novels about the capital. *THE NEW YORKER* From the New Deal to the McCarthy era, follow the lives of Blaise Sanford, the ruthless Washington newspaper tycoon...his son, Peter, a brilliant liberal editor both fascinated and repelled by the imperial city...Peter's beautiful and self-destructive sister, Enid...her husband, Clay Overbury, a charismatic and ambitious politician...and James Burden Day, the powerful conservative senator. In WASHINGTON, D.C., the incomparable Vidal presents the life of politics and society in the nation's capital in the final stages of the last empire on Earth.

**Duluth** Gore Vidal, 1998 A satiric look at the state of the union centers on a relocated Duluth and its assorted politicians, policemen and women, terrestrial and extraterrestrial aliens, Hispanics, feminists, mobsters, and other minorities

**Kalki** Gore Vidal, 1998 Bestselling author Gore Vidal joins the ranks of Penguin Classics. To satisfy a public that longs for a savior, Vidal's eponymous hero of *KALKI*, born and bred in America's Midwest, establishes himself in Nepal, puts out the word that he is the last incarnation of the god Vishnu, and predicts an imminent apocalypse meant to cleanse the planet.

*Empire of Self* Jay Parini, 2016-09-20 An intimate, authorized yet totally frank biography of Gore Vidal (1925-2012), one of the most accomplished, visible, and controversial American novelists and cultural figures of the past century The product of thirty years of friendship and conversation, Jay Parini's *Empire of Self* digs behind the glittering surface of Gore Vidal's colorful career to reveal the complex emotional and sexual truths underlying his celebrity-strewn life. But there is plenty of glittering surface as well—a virtual Who's Who of the twentieth century, from Eleanor Roosevelt and Amelia Earhart through the Kennedys, Johnny Carson, Leonard Bernstein, and the crème de la crème of Hollywood. Also a generous helping of feuds with the likes of William F. Buckley, Norman Mailer, Truman Capote, and *The New York Times*, among other adversaries. The life of Gore Vidal teemed with notable incidents, famous people, and lasting achievements that call out for careful evocation and examination. Jay Parini crafts Vidal's life into an accessible, entertaining story that puts the experience of one of the great American figures of the postwar era into context, introduces the author and his works to a generation who may

not know him, and looks behind the scenes at the man and his work in ways never possible before his death. Provided with unique access to Vidal's life and his papers, Parini excavates many buried skeletons yet never loses sight of his deep respect for Vidal and his astounding gifts. This is the biography Gore Vidal—novelist, essayist, dramatist, screenwriter, historian, wit, provocateur, and pioneer of gay rights—has long needed.

**Point to Point Navigation** Gore Vidal, 2007-10-09 In a witty and elegant autobiography that takes up where his bestselling *Palimpsest* left off, the celebrated novelist, essayist, critic, and controversialist Gore Vidal reflects on his remarkable life. Writing from his desks in Ravello and the Hollywood Hills, Vidal travels in memory through the arenas of literature, television, film, theatre, politics, and international society where he has cut a wide swath, recounting achievements and defeats, friends and enemies made (and sometimes lost). From encounters with, amongst others, Jack and Jacqueline Kennedy, Tennessee Williams, Eleanor Roosevelt, Orson Welles, Johnny Carson, Francis Ford Coppola to the mournful passing of his longtime partner, Howard Auster, Vidal always steers his narrative with grace and flair. Entertaining, provocative, and often moving, *Point to Point Navigation* wonderfully captures the life of one of twentieth-century America's most important writers.

*Selected Essays* Gore Vidal, 2007 This new selection brings together the best of Gore Vidal's essays, comment and criticism from his fifty-year writing career. With mercurial intelligence and often courageous - and outrageous! - forthrightness, Vidal explores his keystone subjects: primarily the worlds of literature and US politics; but also showbiz, sexuality and modern manners. His gaze ranges from the fiction of Calvino and Updike to the politics of pornography to the Clinton and Bush administrations, America post-September 11 and contemporary imperial ambitions. These essays are a witty and brilliant assessment of our times from the most memorable of American literary masters.

*The Last Empire* Gore Vidal, 2002-08-13 Like his National Book Award—winning *United States*, Gore Vidal's scintillating ninth collection, *The Last Empire*, affirms his reputation as our most provocative critic and observer of the modern American scene. In the essays collected here, Vidal brings his keen intellect, experience, and razor-edged wit to bear on an astonishing range of subjects. From his celebrated profiles of Clare Boothe Luce and Charles Lindbergh and his controversial essay about the Bill of Rights—which sparked an extended correspondence with convicted Oklahoma City Bomber Timothy McVeigh—to his provocative analyses of literary icons such as John Updike and Mark Twain and his trenchant observations about terrorism, civil liberties, the CIA, Al Gore, Tony Blair, and the Clintons, Vidal weaves a rich tapestry of personal anecdote, critical insight, and historical detail. Written between the first presidential campaign of Bill Clinton and the electoral crisis of 2000, *The Last Empire* is a sweeping coda to the last century's conflicted vision of the American dream.

*Thieves Fall Out* Gore Vidal, 2015-04-07 An American smuggler in Egypt finds himself at the mercy of killers, femme fatales, and an escalating revolution—a lost pulp crime novel from one of the legends of the genre Lost for more than 60

years and overflowing with political and sexual intrigue, *Thieves Fall Out* provides a delicious glimpse into the mind of legendary writer Gore Vidal in his formative years. By turns mischievous and deadly serious, Vidal tells the story of a man caught up in events bigger than he is, a down-on-his-luck American hired to smuggle an ancient relic out of Cairo at a time when revolution is brewing and heads are about to roll. One part Casablanca and one part torn-from-the-headlines tabloid reportage, this novel also offers a startling glimpse of Egypt in turmoil—written over half a century ago, but as current as the news streaming from the streets of Cairo today. Gore Vidal was one of America’s greatest and most controversial writers. The author of twenty-three novels, five plays, three memoirs, numerous screenplays and short stories, and well over two hundred essays, he received the National Book Award in 1993. In 1953, Vidal had already begun writing the works that would launch him to the top ranks of American authors and intellectuals. But in the wake of criticism for the scandalous content of his third novel, *The City and the Pillar*, Vidal turned to writing crime fiction under pseudonyms: three books as “Edgar Box” and one as “Cameron Kay.” The Edgar Box novels were subsequently republished under his real name. The Cameron Kay never was.

**Reflections Upon a Sinking Ship** Gore Vidal, 1969 Mainly reviews of novels written by such authors as Susan Sontag, John O’Hara, John Hersey, and Henry Miller.

The book delves into Best Gore Vidal Books. Best Gore Vidal Books is a vital topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Best Gore Vidal Books, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
  - Chapter 1: Introduction to Best Gore Vidal Books
  - Chapter 2: Essential Elements of Best Gore Vidal Books
  - Chapter 3: Best Gore Vidal Books in Everyday Life
  - Chapter 4: Best Gore Vidal Books in Specific Contexts
  - Chapter 5: Conclusion
2. In chapter 1, this book will provide an overview of Best Gore Vidal Books. This chapter will explore what Best Gore Vidal Books is, why Best Gore Vidal Books is vital, and how to effectively learn about Best Gore Vidal Books.
3. In chapter 2, this book will delve into the foundational concepts of Best Gore Vidal Books. The second chapter will elucidate the essential principles that must be understood to grasp Best Gore Vidal Books in its entirety.
4. In chapter 3, the author will examine the practical applications of Best Gore Vidal Books in daily life. This chapter will

showcase real-world examples of how Best Gore Vidal Books can be effectively utilized in everyday scenarios.

5. In chapter 4, the author will scrutinize the relevance of Best Gore Vidal Books in specific contexts. This chapter will explore how Best Gore Vidal Books is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Best Gore Vidal Books. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Best Gore Vidal Books.

## Best Gore Vidal Books Introduction

In today's digital age, the availability of Best Gore Vidal Books books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Best Gore Vidal Books books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Best Gore Vidal Books books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Best Gore Vidal Books versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Best Gore Vidal Books books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their

formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Best Gore Vidal Books books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Best Gore Vidal Books books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a

vast collection of digitized books and historical documents. In conclusion, Best Gore Vidal Books books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Best Gore Vidal Books books and manuals for download and embark on your journey of knowledge?

### FAQs About Best Gore Vidal Books Books

1. Where can I buy Best Gore Vidal Books books?  
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available?  
Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books

- available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
