**The Hunt** Andy McNab, 2022-09-15 From master storyteller Andy McNab, this is the opening book in an adventure-filled and action-packed new series telling, for the first time ever, the true stories of Special Forces missions. 'McNab's first major non-autobiographical work of non-fiction ... The operation is told like a novel [...] and it is as refreshingly informal and compellingly immediate as his other books' Daily Express 'Part history lesson, part military manual, part fixed-bayonets thriller. A must for Special Forces fans' The Sun It is the early 2000s and 9/11 is fresh in the world's memory. The Taliban

have taken over Afghanistan, and armed militants and explosive devices are terrorising the people. And now a new threat is emerging in the country: suicide bombings, ordered by military commander of the Taliban, Mullah Dadullah. Special Forces are sent in to stop him. The Hunt is the thrilling story of the secret mission to catch Dadullah, one of the most dangerous men alive. Using classified sources and his unique insight into the way the SAS works, Andy McNab gives a page-turning account of what it took the Special Forces to find their target and what they would have to do to take him down. An explosive story of hostage negotiations, undercover missions and a final, epic assault on Dadullah's compound that could leave only one side alive, The Hunt is a powerful retelling of a real-life Special Forces mission.

**Cyclopean Deeps Volume 1 - Swords & Wizardry** Matt Finch, 2018-05 Deep beneath the ground, in those regions where the echoes of mankind's feet are seldom heard, where even firelight is a bizarre intruder from a long-forgotten place, the foes of mankind breed and multiply. It is a realm of dark chaos - for these creatures of the echoing deeps count each other as rivals and enemies. It is a place without peace, a place without virtues, a place where every countenance of evil is to be found in sluggish torpor, stirring restlessly in dreams of cruelty and hatred. These dark and deadly provinces are known as the Under Realms. Most named regions in the Under Realms are quite distinct from each other, whether by geological formation or by the types of inhabitants that have established themselves in strategically important areas. Characters who enter this area expecting to find drowic elves, deep gnomes, and other normal features of the Under Realms will swiftly discover the error of their thinking. The Vaults of the Sunless Sea, located to the north of the Cyclopean Deeps, might fit that description, but the Cyclopean Deeps are a different and decidedly more unpleasant area into which the denizens of the Vaults seldom venture. This series of adventures forms a mini-campaign in the depths of the earth, suitable for a party of 4+ characters with an average level of 10-12, or 8+ characters with an average level around 7. For Swords & Wizardry.

Field, Flower, Vase Chelsea Fuss, 2021-03-02 Floral expert Chelsea Fuss shows you how to make beautiful, natural arrangements with foraged and seasonal greenery, branches, and flowers in Field, Flower, Vase. Based on her extraordinarily popular flower-arranging workshops, Chelsea Fuss's first book combines an alluring sense of place with everything readers need to know to forage, gather, and arrange fresh and dried botanicals. Each arrangement is addictively easy to make, and the featured centerpieces, wreaths, garlands, and bouquets are designed to bring the perfect amount of scent, color, and atmosphere to a room. Field, Flower, Vase features 28 eco-friendly floral projects, all using natural materials in lieu of floral foam and wire. Each arrangement is accompanied by foraging tips that can be applied to different locales. Photographed in the author's small village in Portugal, the book overflows with atmospheric images of flowers and foliage in the landscape to inspire readers to walk local trails (even if that just means the stalls of a city market) and gather ingredients in a pastime that is as much self-care and meditation as it is a practical pursuit.

The Quest for Character Massimo Pigliucci, 2022-09-27 The author of How to Be a Stoic asks what might be philosophy's

ultimate question: can we learn to be better people? Is good character something that can be taught? In 430 BCE, Socrates set out to teach the vain, power-seeking Athenian statesman Alcibiades how to be a good person—and failed spectacularly. Alcibiades went on to beguile his city into a hopeless war with Syracuse, and all of Athens paid the price. In *The Quest for Character*, philosophy professor Massimo Pigliucci tells this famous story and asks what we can learn from it. He blends ancient sources with modern interpretations to give a full picture of the philosophy and cultivation of character, virtue, and personal excellence—what the Greeks called arete. At heart, *The Quest for Character* isn't simply about what makes a good leader. Drawing on Socrates as well as his followers among the Stoics, this book gives us lessons perhaps even more crucial: how we can each lead an excellent life.

*Future War* Christopher Coker, 2015-11-12 Will tomorrow's wars be dominated by autonomous drones, land robots and warriors wired into a cybernetic network which can read their thoughts? Will war be fought with greater or lesser humanity? Will it be played out in cyberspace and further afield in Low Earth Orbit? Or will it be fought more intensely still in the sprawling cities of the developing world, the grim black holes of social exclusion on our increasingly unequal planet? Will the Great Powers reinvent conflict between themselves or is war destined to become much 'smaller' both in terms of its actors and the beliefs for which they will be willing to kill? In this illuminating new book Christopher Coker takes us on an incredible journey into the future of warfare. Focusing on contemporary trends that are changing the nature and dynamics of armed conflict, he shows how conflict will continue to evolve in ways that are unlikely to render our century any less bloody than the last. With insights from philosophy, cutting-edge scientific research and popular culture, *Future War* is a compelling and thought-provoking meditation on the shape of war to come.

**Between and Beyond the Walls** George Jobey, Roger Miket, Colin Burgess, 1984

*Feng Shui 2* Robin D. Laws, 2015 Ancient sorcerers. Slick conspirators. Control freak monks. Cyborg apes. Armed with the secrets of Feng Shui, all aim to conquer the past, present, and future. It's back in all its explodey, chi-blasting glory - 'Feng Shui,' the classic game of Hong Kong-inspired cinematic action - refurbished with a fresh bag full of ammo for a new roleplaying generation! Original designer Robin D. Laws rushes your way on a bullet-riddled gurney to serve up the thrills fans remember, fiercer and faster than ever. **The Backyard Adventurer** Beau Miles, 2021-05-05 After years of adventuring around the globe - running, kayaking, hitchhiking, exploring - Beau Miles came back to his block in country Victoria. Staying put for the first time in years, Beau developed a new kind of lifestyle as the Backyard Adventurer. Whether it was walking 90km to work with no provisions, building a canoe paddle out of scavenged scrap or running a disused railway line through properties, blackberry thickets and past inquiring police officers, Beau has been finding ways to satisfy his adventurous spirit close to home. This book is about

conscious experimentation with adventure, making meaning and inspiration out of tins of beans, bits of rubbish and elbow grease. Beau's Backyard exploits are funny, authentic, insightful and being copied all over the world by everyday people. YouTuber, new dad, and self-described oddball who needs to shower more, Beau is what happens when you cross Bear Grylls with Bush Tucker Man. With a PhD in Outdoor Education, a string of successful short films under his belt and a boundless passion for discovery, Beau is the real deal.

**Hex Crawl Chronicles 1** John M Stater, Ken Spencer, 2018-06 Valley of the Hawks is named after the giant hawks that hunt the area in the spring. In the past, it has been inhabited by giants, elves and goblins. In recent times, the valley has become home to dusky-skinned miners in the north and fur traders in the south. For Swords & Wizardry.

The Writing of Where Charles N. Lesh, 2022-09-26 In *The Writing of Where*, Charles Lesh examines how graffiti writers in Boston remake various spaces within and across the city. The spaces readers will encounter in this book are not just meaningful venues of writing, but also outcomes of writing itself: social spaces not just where writing happens but created because writing happens. Lesh contends that these graffiti spaces reinvent the writing landscape of the city and its public relationship with writing. Each chapter introduces readers to different writing spaces: from bold and broadly visible spots along the highway to bridge underpasses seldom seen by non-writers; from inconspicuous notebooks writers call bibles to freight yards and model trains; from abandoned factories to benches where writers view trains. Between each chapter, readers will find community interludes, responses to the preceding chapters from some of the graffiti writers who worked on this project. By working closely with writers engaged in the production of these spaces, as well as drawing on work invested in questions of geography, publics, and writing, Lesh identifies new models of community engagement and articulates a framework for the spatiality of the public work of writing and writing studies.

Scenic Dunnsmouth Lamentations of the Flame Princess, 2017-07 Dunnsmouth is diseased and rotten to the core. Beset by malefactors supernatural and mundane, Dunnsmouth slowly dies in the swamp. But within the rot are mysteries to be solved, evil to be fought, and the Weird to be encountered. Scenic Dunnsmouth features an innovative village generation system using dice and playing cards to ensure that every expedition to Dunnsmouth is unique; the adventure never plays the same way twice. The threats, their intensity, which villagers are present, which alliances they hold, and even the village map, are all randomly determined before play. Scenic Dunnsmouth is an adventure for characters of levels 2-5 for use with *Lamentations of the Flame Princess* Weird Fantasy Role-Playing and other traditional role-playing games.

*Wellington's Worst Scrape* Carole Divall, 2013-01-19 The disastrous retreat and near disintegration of Sir John Moore's army on the road to Corunna in 1809 is traditionally regarded as the low point in the history of the British intervention in the Peninsular War. Yet under the Duke of Wellington, the British and their allies suffered defeats and retreats that tend to be overshadowed by the series of victories that eventually drove the French from Portugal and Spain. None of these setbacks

was graver than the retreat that followed the disastrous failure of the siege of Burgos in 1812. It is this, less than glorious, phase of the Peninsular campaign that is the subject of Carole Divalls latest study of the British army of the Napoleonic Wars. By reconstructing events in close detail, and by bringing together [many] primary sources, she gives a vivid account of what happened and why. Wellington himself recognized the mistakes and miscalculations that led to the potentially catastrophic situation in which he placed his men. He described it as his worst scrape. Yet most of the letters, journals and memoirs that have survived praise the skill with which he saved Britain's only army from disaster. Carole Divall weaves together Wellingtons dispatches with the eyewitness testimony left by British and Portuguese officers and men, by civilians, and by the French. A fascinating, multi-layered impression emerges of the siege of Burgos itself and the sequence of maneuvers that preceded it. She describes in authentic detail the tense decision-making and the misjudgments that were made on the allied side and the headlong retreat that followed as the British fled from two French armies that threatened to trap and destroy them. Carole Divalls in-depth study of a pivotal and neglected episode in the Peninsular War gives a fascinating insight into the character of the fighting, at every level, and into the strengths and weaknesses of Wellingtons command.

**Raising Hare** Chloe Dalton, 2024-09-26 THE INSTANT SUNDAY TIMES BESTSELLER SHORTLISTED FOR WATERSTONES BOOK OF THE YEAR 2024 A BOOK OF THE YEAR FOR THE HAY FESTIVAL, SUNDAY TIMES, THE TIMES, FINANCIAL TIMES, SPECTATOR AND iNEWS 'A beautiful book' - ANGELINA JOLIE 'I will be recommending this to everyone' - MATT HAIG 'Quietly profound, beautifully written, Hare is now lodged in my heart' - TRACY CHEVALIER  
Imagine you could hold a baby hare and bottle-feed it. Imagine that it lived under your roof and lolloped around your bedroom at night, drumming on the duvet cover when it wanted your attention. Imagine that, over two years later, it still ran in from the fields when you called it and snoozed in your house for hours on end. This happened to me. When lockdown led busy professional Chloe to leave the city and return to the countryside of her childhood, she never expected to find herself custodian of a newly born hare. Yet when she finds the creature, endangered, alone and no bigger than her palm, she is compelled to give it a chance at survival. Raising Hare chronicles their journey together and the challenges of caring for the leveret and preparing for its return to the wild. We witness an extraordinary relationship between human and animal, rekindling our sense of awe towards nature and wildlife. This improbable bond of trust serves to remind us that the most remarkable experiences, inspiring the most hope, often arise when we least expect them.

**Alternate Histories** Stephen Baxter, 2013-11-21 Here, collected for the first time in eBook form, are seven of Stephen Baxter's most remarkable and enjoyable novels, all dealing with alternate histories. In the TIME'S TAPESTRY series - containing the novels EMPEROR, CONQUEROR, NAVIGATOR and WEAVER - we see a series of different versions of our own world's history, constantly changing and being altered. Covering the time from the Roman occupation of Britain through to

the German invasion of 1940, this series explains why our history is the way it is, and what might have happened differently. In the **NORThLAND** trilogy (**STONE SPRING**, **BRONZE SUMMER**, **IRON WINTER**), Baxter explores an alternative creation of the British landscape, following a stone-age tribe from the now-flooded land-bridge that once connected Great Britain and Europe. In their frantic attempts to hold back the rising seas, the people of Northland will discover new techniques and technologies - discoveries that will change the course of human civilisation.

**Solemn Reverence** Randall Balmer, 2021-02-02 The First Amendment to the US Constitution codified the principle that the government should play no role in favoring or supporting any religion, while allowing free exercise of all religions (including unbelief). More than two centuries later, the results from this experiment are overwhelming: The separation of church and state has shielded the government from religious factionalism, and the United States boasts a diverse religious culture unmatched anywhere in the world. In **Solemn Reverence**, Randall Balmer, one of the premier historians of religion in America, reviews both the history of the separation of church and state as well as the various attempts to undermine that wall of separation. Despite the fact that the First Amendment and the separation of church and state has served the nation remarkably well, he argues, its future is by no means assured.

**For Freedom and Perfection** Mercia MacDermott, 1988

**Heaven Has Eyes** Philip Holden, 2016 A teacher and his wife get caught up in the drama of election politics and a Channel 8 soap opera. An invalid house-sits for his sister and has to care for his nephew's pampered pet pig. A daughter travels overseas to convince her elderly father to move home with her. An academic must navigate an opaque bureaucracy to renew his Re-Entry Permit. A young Lee Kuan Yew finds camaraderie with a future Canadian Prime Minister in England, and relentless tenacity from a British student in Canada desperate for an interview. **Heaven Has Eyes** dramatises these small moments of transcendence in everyday life, and more.

**Seeing Like a State** James C. Scott, 2020-03-17 "One of the most profound and illuminating studies of this century to have been published in recent decades."—John Gray, *New York Times* Book Review Hailed as "a magisterial critique of top-down social planning" by the *New York Times*, this essential work analyzes disasters from Russia to Tanzania to uncover why states so often fail—sometimes catastrophically—in grand efforts to engineer their society or their environment, and uncovers the conditions common to all such planning disasters. "Beautifully written, this book calls into sharp relief the nature of the world we now inhabit."—*New Yorker* "A tour de force."— Charles Tilly, Columbia University
